Pollinator Gardens Designed by Students for Hallock, Minn.

By Elizabeth Tollefson on Wednesday, May 2, 2018

Students in Associate Professor Eric Castle's landscape design class presented their designs for pollinator gardens for the City of Hallock, Minn. Each student took a different area of the city to design gardens that would enhance the area and attract pollinators.

Linda Kingery (left) from the Northwest Sustainable Development Partnership, was joined by Kristin Eggerling and Angela Grafstrom from Hallock for the presentations by students MacKenzie Cochran, Jace Rau, Heidi Shol, and Sabrina Leuer, who are in Castle's landscape design class.

The University of Minnesota Crookston now delivers 35 bachelor's degree programs, 23 minors, and 40 areas of emphasis on campus as well as 16 degree programs entirely online. These degrees are offered in the areas of agriculture and natural resources; business; liberal arts and education; and math, science and technology. With an enrollment of 1,800 undergraduates from more than 20 countries and 40 states, the Crookston campus offers a supportive, close-knit atmosphere that leads to a prestigious University of Minnesota degree.
