THE UNIVERSITY OF MINNESOTA, WEDNESDAY, OCTOBER 12, 1910

FIVE CENTS THE COPY

## DEAN COMSTOCK PRAISES FIRST MAGAZINE NUMBER

**Says It Is the Best First Number  
Ever Issued—Filled Full of  
Good Reading.**

The first issue of the Minnesota Magazine for 1910-1911 is, to my mind, the best first number this publication has yet put out. Long before the reader arrives at the editorial announcement he has grasped the idea; he has felt the presence of a plan. In subject-matter these editors will seek the timely, the thing of immediate and local (but not merely local) interest and the style they will prefer is simplicity and directness.

One may question the advisability of adding new departments to so small a magazine and may fear the perfunctoriness which sometimes results from a prearranged scheme; but no one doubts the value of a clear working idea. A board of editors who know what kind of thing they wish to print and who have a reasonable basis for their choice, cannot fail to give the University an interesting magazine.

This number opens with work by authors whose names are known far beyond this institution. The poem by Arthur Upson and the review by Oscar W. Firkins would afford a worthy opening for a magazine of much greater pretension. The reader wonders whether Madame Nazmova's acting has before received an analysis so keen, so clever, and so sympathetic.

Stories by Jean Russell and Elizabeth Carey, a sonnet by R. H. Borst, a comment on the college man's reading by Herbert Brande, a word of wit and wisdom from the professor's green bag, passed on to us by one who chooses to be nameless (but I know him and so do you)—these with briefer contributions and the editorial announcements make up a considerable body of what a friend of mine used to call "good readin'."

A college magazine thoughtfully edited is worth much more than the subscription price; and for my own part, I shall pay my dollar for the coming year in full confidence that I am driving an excellent bargain.

Ada L. Comstock.

## GIRLS LIKE TO SWIM

**Thirty-Seven Used the Armory Pool  
This Week—Want It Now for  
Two Days.**

Girls are taking a greater interest in the swimming pool this year than ever before. As usual they have the use of it on Mondays, but they are now trying to get the use of it two days a week.

Last week there were twenty-eight girls there and this week the number increased to thirty-seven. The girls who are enthusiastic about swimming hope that the number of girls who use it will continue to increase to prove to the men that more than one day in a week is necessary.

Coach Dick Grant will address the Forum Literary society tonight on the introduction of lacrosse as a part of University games. Meeting at 204 Folwell Hall at 8 o'clock.

## NINE STUDENTS START NIGHT FRENCH CLASSES

**Subject Runs Four Hours a Week  
and Credit Is Expected—Next  
Session Monday.**

French night classes were started last Monday evening under the charge of Auguste Bonquet, instructor in the French department. As this meeting was not advertised, only nine men were present, but Mr. Bonquet expects between twenty and twenty-five next Monday evening.

Several men have been trying for some time to have a night course in French added to the regular program and finally decided that the best way to get the course was to start a class and then ask for regular credit. This has been done but no credit has yet been granted.

The course is two hours, two nights a week and covers both beginning and advanced French. Hours are from 7 to 9 p. m. The class is open to all students and Mr. Bonquet announces that the next session will be held on Monday evening.

## FIRESIDE HOUR AT 3 P. M.

**Mrs. Ladd Will Continue Reading  
"My Lady of the Decoration"—  
Shevlin Hall.**

Mrs. Ladd will continue the reading of "The Lady of the Decoration" at the fireside hour in Shevlin Hall at 3 o'clock today. Those who wish to may bring their sewing and some of the more proficient in different kinds of needlework will teach the others. Last Thursday sixteen girls were present, some sewing, some crocheting and some just listening. This time even more are expected. Mrs. Ladd is having two dozen large cushions made so that the girls may sit comfortably on the floor around the fireplace when the settees are all filled.

Refreshments will be served toward the end of the hour.

## TO HAVE A CONSTITUTION

**Good Government Club Appoints a  
Committee to Draft Rules—  
Next Meeting Tuesday.**

Gregg Sinclair and William Bethke were appointed yesterday to draw up a constitution for the Good Government club. This will be submitted at the next meeting. The club will have regular monthly meetings. In addition to talks by outside speakers the members of the club will deliver short talks on legislative and current events. At the next three meetings a special study will be made of the interesting questions of the present campaign. The next meeting will be held Tuesday, October 18th in Chapel at 4 o'clock.

Louis Riegel was elected president and Leo Owens secretary and treasurer of the Gyroscope club yesterday at a meeting of the senior engineers. A committee was selected to arrange for the social events of the club.

The Gyroscope club is a social organization to which all senior engineers are eligible.

## LARGE LUNCH ROOM TO BE PROVIDED FOR MEN

**Regents and Y. M. C. A. Furnish  
Suitable Eating Quarters—Lo-  
cated in Association Building.**

One of the larger rooms on the lower floor of the Y. M. C. A. is to be fitted up, redecorated and arranged for the convenience of all students of the University who bring their daily lunch and have no place in which to eat it. It is the aim of the Y. M. C. A. not to accommodate its own members alone but to hold it open to all.

Through the efforts of Harold Hull, President Cyrus Northrop took the matter in hand and at a recent meeting of the executive board of the regents he brought the matter before them and succeeded in getting a liberal donation from them for the purpose.

Heretofore the students who brought their lunch have been rather up against it for a place in which to eat. At first some of them tried using the Armory as an eating place but were quickly ousted. Study rooms, halls and locker rooms have all been used and some students have even tried eating while walking about the campus, but in the winter months this was found to be very inconvenient. The janitors of the different buildings, especially Folwell, have spent many hours cleaning up the rooms and halls after lunch.

The room will be fitted up with three tables, a drinking fountain, waste baskets and about thirty chairs. The convenience and comfort of the students will receive the most attention.

## NEW Y. M. C. A. COURSES

**Bible and Mission Study to Be Con-  
ducted This Winter—Cover  
Many Problems.**

The Y. M. C. A. is offering a course in Bible and mission study this winter which includes a comprehensive study of modern religious, social and economic problems in the relation to the teaching of the Bible.

Classes will meet weekly in the Association building and will be conducted by prominent clergymen of the city and by several University professors. If any group of students desires to take up a single line of study Mr. Graham will arrange a class for them. The courses to be given are as follows: "The Life of Jesus Christ," "Studies in the Acts of the Apostles," "The Psalms," "Studies in the Minor Prophets," "Religious Truths in Biblical Setting," "The Will of God and a Man's Life Work," "Christianity and the Social Crisis," "Changing China."

## WHO MADE MOST MONEY?

A prize of \$10 will be given to the man or woman student who made the most money this summer vacation, clear above all expenses. A signed statement of the amount made and how it was made must be dropped in the box in the Daily office or in post-office box 798 on or before October 15th.

**MAGAZINE OUT TODAY.**

## MASS MEETING COMES AT TEAM'S CRUCIAL PERIOD

**More Enthusiasm Must Be Evident  
at the Nebraska Game Than  
at Early Contests.**

Friday afternoon at 4 o'clock in Chapel, the football mass meeting of the year will be held. The Nebraska game is regarded by those who know as a crucial period in the season's play, and in order to incite enthusiasm the mass meeting is to be staged the day before the game.

The Rooters' club will be out with their leather lungs and Rathbun will give them their hardest workout of the year. The band will also be out with all their harmony paraphernalia, and will play the football songs. Every one is expected to learn the songs and yells at this meeting, so that the rooting will be of the A-1 variety during the game.

Dick Grant, E. B. Pierce, Dean Shenehon, Professor Thomas and Professor Nicholson will make red-hot addresses. Enthusiasm will fairly ooze from the throng, if present indications mean anything.

After the mass meeting the throng will zig zag behind the band to Northrop Field, where a raucous demonstration will be held.

It is the common consensus of opinion that the reason for the poor rooting this year has been due to lack of ante-battle enthusiasm. This mass meeting is intended to remedy this condition.

## ADVISORS FOR FRESHMEN

**First-Year Students May Now Have  
Experts to Diagnose Their  
Many Troubles.**

Faculty advisors have been appointed for the freshmen and will commence their work next week. Each advisor has been given a group of freshmen made up, as far as possible, according to the wishes of either the student or the advisor.

Each advisor will call a meeting of his individual group early in the week and explain the system to it. After that each student is expected to confer with his advisor on any subject which may trouble him.

The following members of the faculty have been appointed: Professors Hutchinson, Clark, Nachtrieb, Leavenworth, Sigerfoos, Anderson, Jenks, Schaper, Bauer, Clements, Gray, Robinson, W. S. Davis, Thomas, Savage, A. Zeleny, Swift, Craig, Rosendahl, Allin, Beach, Bellows, E. A. Cooke, Ford, Roland, Haynes, Lehnerts, Miner, Notstein, Paine, Swenson, Underhill, Wilkin and Young.

## MISS WILBUR AT Y. W. C. A.

Miss Wilbur is to speak at the noon meeting of the Y. W. C. A. today at 1:15. The subject is the "Fruits of the Spirit." Miss Wilbur was one of the leaders at the Geneva conference in the summer, and all the Geneva girls are glad that we college girls have a chance to hear her.

Captain Barnhart of the Indiana basketball team has been denied his letter, because he broke training rules by attending a dance.

This Issue Edited by  
Anna McCawley

At the mass meeting Friday the new football song will be learned. The singing Saturday was very poor. No one seemed to know the words. The Daily prints the entire song today. New Song. and suggests that it be cut out and learned before Friday afternoon.

### VERSE.

\* Come seniors wise whom we revere,  
\* Come freshmen innocent.  
\* Come medic, law and engineer  
\* On victory intent.  
\* Forget professors who annoy  
\* With riddles that they spin,  
\* And every power now employ  
\* To help the team to win.

### CHORUS.

\* For we've got to win, and we're going to win;  
\* And we'll win just as we've always won before.  
\* We are with the team from the time they begin  
\* Till they have enough of rolling up the score.  
\* We will go, go, go, and we'll go for the game,  
\* Watch the other fellow tremble at our Rah! Rah! Rah!  
\* For his fate will be sealed  
\* As we rush down the field,  
\* And we'll win the victory for Ski-U-Mah!

The first issue of the Minnesota Magazine appears on the campus today. A review of it says much in favor of the literary quality of the publication. An

The Magazine, educational institution of the rank of Minnesota should have a literary magazine of a high stamp and that should be made possible by the support and encouragement of the entire student body. The Magazine is the indicator of the culture and mental development of the University and its standard should be kept as high as possible, not only by financial support, but by the contribution of articles whereby the publication must be constructed.

The Young Men's Christian association is filling a long-felt want by establishing a lunch room for the men of the University.

A Necessity among students for years has been that of eating in the study room, in the corridors, and other rooms of the various buildings. The fault has not been with the students but with the authorities in that no other place has been furnished. Lack of space may be pleaded as an excuse, but the fact remains that a lunch room has been sorely needed.

It now remains for the men to take advantage of the room provided by the association and not continue to litter other places around the University with the refuse that naturally results from indiscriminate lunching in public places.

### CALENDAR.

The Minnesota Magazine will be on sale this morning.

Wednesday, October 12.

7:00 p. m.—Intercollegiate debate try-outs.

8:30 p. m.—Tau Shonka meeting, Kaiserhof.

Thursday, October 13.

## LAST DAY FOR REFUND.

All students wishing to get a refund on football tickets not used for the Ames game do so before 3 o'clock today. Accountant Bren announces that after this week no season tickets will be sold. Students who want to attend the Wisconsin game only can get the ticket for \$1 by getting it this week. This includes the fifty cents refunded for the return of the stubs.

Y. W. C. A. upperclass girls are requested to go to the association table at noon hours during this week and cross off the names of the freshmen girls whom they wish to invite to the banquet.

## MODERN SLANG FEATURED IN LAUGHABLE PRODUCTION

A marked feature of James Forbes' comedy success "The Traveling Salesman" which comes to the Metropolitan next week under the management of Henry B. Harris is the large number of laughable slang expressions entirely new to those who find much to interest them in the works of the celebrated slang authors of the day. As a creator of risible expressions, Mr. Forbes sprang into prominence by reason of "The Chorus Lady" and has more than duplicated his first success with "The Traveling Salesman."

The company which will be seen here is the original New York and Chicago organization and includes such well known people as Frank J. McIntyre, Gertrude Coghlan, William Beach, Percival T. Moore, Sarah McVicker, James O'Neill, Jr., H. D. Blakemore, Nicholas Burnham and others. The production is the same that was used in both New York and Chicago. It is a typical Henry B. Harris production, which is sufficient

guarantee that it will be complete in detail and correct in atmosphere.

E. R. Shayer an old Yale football player is at the head of the show.

## FORUMS.

We have a very important meeting tonight, and it is essential that every member be present. An excellent program has been prepared and visitors are especially requested to be with us in room 204 Folwell at 7:45 tonight.

### WILLIAMS AND SHEVLIN BUSY WITH THE LINE MEN

Spend Time in Teaching Them the Game—Freshmen Easily Defeat East High Squad.

Scrimmage marked by some good work on the part of the back field and not such good work on the part of the line was the program for Dr. Williams' pupils yesterday. Much time was used in drilling the men in their various formations and plays. As the Nebraska game is greatly feared by the Gophers, great care is being taken to instruct the men in the elements of the game.

The back field lined up as it did in last Saturday's game and did some exceptional work. The line, however, was the main object of attack and a good part of the afternoon was spent by Shevlin and others of Dr. Williams' able helpers in teaching the proper game. The line is in good shape but needs to get together. Bromley and Robinson are holding down the guards nicely while Walker and Young at the tackles have seen the game before.

The men have all come through last Saturday's game with Ames in good condition and no complaints are being heard on that score.

The freshmen lined up against East High school in a practice game for about an hour. The freshmen easily outweighed the boys from East and certainly had the better of the argument. Boyle again showed up well for the freshmen at various stages of the game.

The East High squad lacked team work and so did not put up the kind of a game that they will have to deliver later in the year.

### MISS COHEN BURNED.

Miss Cohen, instructor in chemistry, escaped a serious accident by a very small margin yesterday. She was lecturing to the freshman class and was experimenting with hydrogen when a Bunsen burner, which she had left burning, flamed up and set fire to her sleeve.

Miss Cohen's arm was badly blistered, but she was able to finish the lecture.

### ADDRESS BY MRS. SCOVILLE.

Mrs. B. L. Scoville, state secretary of Young Women's Christian Temperance unions, will talk to the girls interested in temperance this afternoon at 3 o'clock in Shevlin assembly room. All girls are urged to come.

### EXCHANGES.

Says an exchange: "The engineering students of the University of Minnesota are constructing an elevated railroad three miles long." First we have heard of it, but no doubt we shall have one soon.

The fraternities at Wisconsin University have passed a resolution which cuts down the number of fraternity representatives in the student conference, as they considered the present number unfair in proportion to the number of non-fraternity men.

Tillikum meeting Thursday evening at Theta Delta Chi house. Meeting which was postponed from last week.

Carl Jones of Frazee has pledged Phi Sigma Kappa.

Frank Burlew and Edgar Rehnke returned Tuesday from a visit to Iowa State college at Ames.

### GRANT NEEDS MORE MEN FOR CROSS COUNTRY TEAM

Competition to Be Keener This Year but Minnesota Must Retain the Championship.

Dick Grant took an extra large number of men out for the regular cross-country run last evening. The new ones met him in the band room before taking the jog and he told them he was glad they had come out.

Coach Grant says that although many good runners are working every day, the team is far from picked and there is plenty of room for new men. "Any man can become a good runner if he will only try."

Minnesota won the cross-country championship last fall, but Coach Grant says that the competition this year will be keener than ever. Good men are needed and the coach wants a good squad out every night.

The run is made from the Armory to the bridge and back. The squad starts at 4 o'clock.

### NEW ACANTHUS MEMBERS.

New members of the Acanthus Literary society who were elected Monday are: Marjorie Spaulding, Lucia Lauritzen, Evelyn Foster, Emily Simmons, Mary Harronne, Lillian Strelow, Ethel Linnell.

A new collection of books brought from Europe by Dr. Lee are being looked over at the Library. This collection consists mostly of valuable interesting reprints and treatises on the early history of anatomy.

Registrar Pierce calls the attention of the faculty and students to the fact that, according to the faculty regulations; all "incompletes" must be made up not later than October 15th. Incompletes not made up on that day become failures and must be taken over again in class.
