Is a happy cow the key to a strong economy?

- U of M extension animal scientist and associate professor Marcia Endres and her students are researching cow comfort. They work with local farmers to improve bedding and housing, which add to a cow's well-being. More comfort means more milk production for the state's \$2 billion dairy industry. Turns out, a comfortable cow is a cash cow. So the search continues.

Faculty or staff member: The staff section of this directory lists academic personnel, full-time civil service personnel, part-time civil service personnel, and retired academic personnel on all campuses of the University. To request that your home address or phone number be excluded from the directory, go to onestop.umn.edu. If you are not listed or information listed is not accurate, and you are on the University payroll or are a retired academic, alert your departmental human resource/payroll contact. If you are not a University employee, contact an Office of Information Technology representative by e-mail at accounts@umn.edu.

CAMPUS MAIL

To ensure accurate and timely delivery through Campus Mail on the Twin Cities campus, it is recommended that the addressee's four-digit delivery code be included on the envelope. Many listings in the department section of this directory have a delivery code below the listing title (e.g., del code 3061). If a department listing lacks a delivery code, the code for an individual staff or faculty member can be found under the individual's listing in the staff section of this directory.

Video Relay Service

Video Relay Service (VRS) allows persons who are deaf or hard of hearing to communicate with hearing persons through the telephone system.

A deaf or hard of hearing caller initiates a VRS call by using a television or a computer with a video camera and a high-speed Internet connection and contacting a VRS interpreter, who then places a telephone call and relays the conversation back and forth between the parties—in sign language with the VRS user and by voice with the hearing party. A hearing caller initiates a VRS call by calling a VRS center (see instructions below).

VRS is subsidized by the FCC and is free. Only the signing party is visible to the VRS interpreter. The interpreter is at a separate location from both parties.

Instructions for Using VRS From a Voice Telephone

1. Call the toll-free number
1-866-327-8877 or 1-800-538-9881
2. Have ready the contact information of the deaf or hard of hearing individual
Name of the person
Videophone number or IP address
3. Remain on hold until the call is answered by the next available interpreter

Vendors for VRS provide free video phones. In Minnesota, the two most commonly used VRS providers are Sorenson VRS, 1-866-327-8877, www.sorensonvrs.com, and Communication Services for the Deaf, 1-800-538-9881, www.csdvrs.com.

TTY/TDD Calls

Phones equipped with TTY/TDD (TeleTYpewriter/Telecommunications Device for the Deaf) are available by calling the University of Minnesota Technical Assistance Center at 301-4357 (301-HELP). Individuals or departments without access to a TTY/TDD can call the Minnesota Relay Service (MRS) at 711 or 800-627-3529 to communicate with TTY/TDD callers. Calls can be originated by either TTY/TDD users or voice phone users.

Phone Information & Instructions

Campus and Local Calls

Phones allowing free on-campus calls are located throughout the Twin Cities campus. You cannot reach numbers outside the University system from these phones. Pay phones are available in some University buildings.

Long-Distance Calls

For faculty and staff, the quickest and least expensive methods for placing University business calls from campus phones are dialing direct or using a University Personal Authorization Code (UPAC), available from Networking and Telecommunications at 626-2000 or oitbilling@umn.edu.

Calling cards for placing University business-related calls from off-campus phones are available from Networking and Telecommunications. To order calling cards, contact 626-2000 or oitbilling@umn.edu.

Personal long-distance calls must be charged to a home telephone or personal calling card. Charging personal calls to a University telephone is a violation of University policy and constitutes avoidance of state and federal taxes.

For students, long-distance calling is available using a U Card account. For more information, call the U Card office at 626-9900 or visit www.umn.edu/ucard.

Telephone Assistance

To ask general questions or report problems with telephone (or network) services, call the University of Minnesota Technical Assistance Center at 612-301-4357 (612-301-HELP), available 24 hours a day.

For more information or assistance, visit www.umn.edu/nts.

Emergencies

Outdoor telephone kiosks (with blue light on top) are for emergency use only. These phones will connect you directly to the University police, who provide emergency assistance to the Twin Cities campus.

Dialing 9-1-1 from any University telephone will connect you to the University police.

Department Directory

The department directory contains listings for all colleges and administrative departments and the units, programs, and centers that report to them. The Twin Cities campus listings are first, followed by department listings for the Duluth, Morris, Crookston, and Rochester campuses. This information is also on the Web at www.umn.edu/twincities/directory.html.

Due to space limitations, department listings are limited to functions and services directory users are most likely to need. Therefore, you will not find every staff person listed in this section. For individuals who are not listed, please see the alphabetical staff and faculty listing in the center section.

Many listings in this section have a delivery code for use in addressing campus mail. The code appears below the listing title (e.g., del code 3061). If a department listing lacks a delivery code, the code for an individual staff or faculty member can be found under the individual's listing in the staff section.

Abbreviations and addresses listed in this section are for **campus mail use only**. Refer to pages 15, 16, and 17 for an index of building abbreviations, full names of buildings, and US mail addresses. The building list is also keyed for building accessibility information.
