FUSSERS' NIGHT AGAIN.

Dancing and Fudge a la Chafing-Dish Will Be on List of Amusements.

Shelvin Hall will be open to the girls of the University and their friends tonight.

Dancing will be in order during the evening. A number of the girls will take chafing-dishes over and make fudge in the lunch room.

Several of the men have never seen the inside of Alice Shelvin and are very anxious to have an opportunity.

A bill has been introduced into the Wisconsin legislature to keep Badger students out of politics and to put an end to student political machines.

BAND TAKES A SHORT TRIP

Duluth and Superior Are Only Towns Visited—Musicians Will Leave Today.

About fifty of the band boys, under the leadership of B. A. Rose and Elmer Bunce, leave this morning at 9 o'clock for a short trip to the head of the lakes. They will leave on the Great Northern.

Duluth and Superior are the only towns to be visited, as but a short time can be devoted to the spring trip. They will give a concert in Duluth tonight, in Superior tomorrow night, and return home Thursday morning.

The concert given by the band at the armory last night was well attended and many remained after to enjoy the informal dancing.

TWO LECTURES WILL BE GIVEN BY GERMAN SCHOLAR

He Accepts Terms Offered by Dr. Schaper and Will Be Here for Two Nights April 12 and 13.

Arrangements have been made by the departments of Political Science and German whereby Dr. Otto Hoetzsch will give two lectures at the University.

The first lecture will be given in English on the German constitution and government; the second, which will be given in German, will be upon the Germany of 1870 and of the present day.

The first lecture will occur Friday evening, April 12, and the second on the following Saturday evening. A rate of 25 cents will be made to students, admitting them to one or both lectures. All others will be charged 25 cents for each lecture.

A telegram was received by Dr. Schaper stating that Dr. Hoetzsch had accepted his terms and would be at the University for two days.

Dr. Hoetzsch comes here from Madison, where he will lecture at the University.

Minnesota is the farthest point west that he will reach, and after lecturing here he will return to Milwaukee.

Letters from the East indicate that Dr. Hoetzsch's lectures are being received with enthusiasm by American audiences.

He is lecturing in Washington during the first part of this week, and from there he proceeds to Pittsburgh.

HERO OF GRIDIRON GETS INTO LEGAL DIFFICULTY

"Billie" Doane Sued for \$50,000 in Moot Court, But Gets Off With Judgment for \$25,000.

Just because he said that a fellow classmate was a bomb-thrower, an anarchist, and that maybe he had bombs in his pockets at the time, "Billie" Doane was subjected to \$25,000 damages in Moot court Thursday afternoon.

Otto Baudler, alias Otto Alkali Herman, was the plaintiff, and thru his attorney Fred Snyder claimed he was damaged to the extent of \$50,000 as a result of a general breakdown occasioned by the story being noised about the campus, and his name stricken from the calling list of Alice Shevlin Hall.

The defendant, thru his attorney, Clayton Cooper, set up in mitigation of damages the strong socialistic tendencies of the plaintiff. "Expert testimony" played a strong part. One of the largest crowds that ever turned out for a moot court case was present and interest ran high.

STUDY RAILROADS.

Junior Civils Divided Into Sections, Investigate Relocations East of Minneapolis.

Juniors of the civil engineering department, studying railroad work, have been divided into two sections. Each section under the supervision of a chief engineer, makes a complete and independent survey for the relocation of a piece of railroad. The classes elected C. W. Mowery and H. Knowlton as chief engineers.

These parties are spending every Friday on a relocation study, two miles east of the city.

DEMAND FOR MORE COURTS

Tennis Enthusiasts Send Out Slips to Get Large Number of Signers for Petition.

Tennis enthusiasts have opened a vigorous campaign for the extra two courts promised by the board of control if sufficient interest was shown. Robert Muir, president of the Tennis Club, early yesterday placed slips in every box, asking all who own rackets and intend to play on the campus courts to return the signed slips, in order to impress the board with the inadequacy of the four courts to provide for the tennis hosts and to get some idea of the number of those interested. Girls are expected to sign as well as the men.

Nearly 150 names were returned yesterday, and by noon today at least 300 are expected to answer. All names must be handed in by noon today, so that a report may be made to the board of control this afternoon. Blank slips will be found in the medic, engineering and law buildings and the postoffice.

Quick action is necessary, because it will take nearly three weeks to build a court of the nature demanded by University players, and June is not so far away, either.

HUBBARD IS IN RACE FOR THE MANAGING EDITORSHIP

Oldest of Associate Editors Enters Field—James Swan Out for Business Manager.

Another candidate for the office of managing editor of the Daily has appeared in the person of Will Hubbard.

He has been associate editor on the Daily for three years, being the oldest associate as regards service.

Hubbard is a senior academic this year, but will return next year to take law.

James Swan, who has been connected with the business end of the Daily previously, is, as yet, the only candidate for business manager.

FOUR TRACK MEETS.

Minnesota Will Encounter Four Other Colleges—Two Meets Here; Two Away.

The board of control has announced that Minnesota is to participate in four track meets.

Iowa at Minnesota, May 4; Nebraska at Minnesota, May 11; Minnesota at Madison, May 18; Minnesota at Conference (Chicago), June 1.

THESPIANS ENTERTAINED.

Miss Peck entertained "The Knight of the Burning Pestle" company at a spread in her office yesterday afternoon.

Wisconsin still is after that \$2,000 for her crew. Different students called upon the various alumni during the spring vacation, but have not as yet reported.

SIGN IT!

At the postmaster's window is a paper which should be signed by every one who cares to have sport in all its various forms flourish at Minnesota. This paper is a petition to the board of control that they have more tennis courts laid out for the benefit of wielders of the racket. Previously there has always been the cry of anguish arising because there were never enough courts for all.

Accordingly, last year the board authorized the court on Northrop field, which, we believe, was suitable and satisfactory in every way.

Some time ago at a meeting of the board the subject of more tennis courts was brot up and it was decided that if sufficient enthusiasm warranted the expenditure, more courts would be constructed.

The petition is there for you to sign, girls as well as men can attach their signatures thereunto, and it won't take more than a minute's time. If you want to see Minnesota win at tennis as she wins at football and basketball, and you cannot deny that more courts mean better facilities, and better facilities mean a better tennis team—sign the petition.

CUP CHANGES HANDS.

Forums Unable to Retain Trophy Permanently.

When the Forums lost to the Law Literary society in the semi-final inter-society debate last Wednesday evening, once again the Jacob's trophy cup was cast forth on the sea of uncertainty. The Forum society had been twice winners of the cup, and

seemed about to win it as a permanent trophy. After a close and hotly contested debate, two of the three judges cast their vote for the Law Literarys. The winning team immediately gave vent to their joy by holding a banquet at the Varsity lunch room. The losers had a consolation feed at the same place.

The Minervas and Law Literarys will meet soon in a final contest for the inter-society championship and the possession of the cup for the coming year. The question for discussion has not yet been decided.

THE TALE OF PERFECT TIME IN A WATCH
 From Mainspring to Hairspring—Between them lies the secret

The mainspring is the power which it transmits to the active parts of the watch. The hairspring has the control and regulates the motion. The fitting is most delicate. Imagine a hundredth part of a hair—impossible, isn't it? Yet it is enough to interfere in its performance, so wonderful is the adjustment. The friction from accumulating dirt, lack of oil, etc., destroy these perfect fittings. Do not let your watch run to ruin from neglect. Remember our business is the care of watches and our opinion costs nothing.

ALTERATIONS NEARLY DONE

Shevlin Hall Will Soon Be Ready for Better Accommodation of the Co-eds.

Alterations in Alice Shevlin Hall are about completed and luncheon will be served again Wednesday. The eight tiers of lockers in the central row have been removed to give room for eight or ten additional tables. It is hoped this will settle the question of sufficient accommodation at lunch.

The kitchen has also been enlarged by moving the serving counter farther into the dining room. This is to give them more room in the kitchen and so secure better and more rapid service.

"Miss _____, will you be so kind as to call at the office today, April 7, at 4:30." This was the Waterloo to several seniors' dignity yesterday afternoon.

But, alack, alas, neither Dr. James, Mr. Rankin nor Mr. Holt knew who the villain was who had not forgotten that 'twas April Fool's Day.

RAH! RAH!! RAH!!!
In commenting upon the recent rapid growth of the larger American Universities, the statement is made that while the population of the country increased from 1895 to 1905 by about 22 per cent, the growth of these institutions of higher learning was above three times this rate, or 69 per cent.

The University of Minnesota is no doubt getting her share of this wonderful increase, and the College Toggery is keeping pace by increasing their stock, especially in their shoe department. Our line of Oxfords are now in 13 different styles to select from, which includes the famous Florsheim shoe in college styles. Come in and look over our stock and be convinced that we have as snappy a line of shoes as you will find in the city.

BIG ATTENDANCE EXPECTED
Y. M. C. A. Annual Banquet Will Be Devoted to Discussing Plans for New Building.

At the annual Y. M. C. A. banquet, which occurs a week from tonight, April 9, it is expected that several hundred men will be present. It is more important this year for the men to attend on account of the building campaign.

Several prominent business men, who are more or less interested in a new building, will speak. These men will judge how much the men want a building by the crowd present.

Election of officers will be held the same evening at 8 o'clock in chapel. In previous years the election has been held in the association building, but on account of the interest shown this year it will be necessary to hold it in the chapel.

After the election the men will go in a body to the banquet at Dayton's tea rooms.

E. B. Pierce will act as toastmaster. The list of toasts is as follows:

Thomas H. Uzzell, "Association Men;" Professor Hutchinson, "Old Times;" State Senator Peck, "Good Fellowship;" Walter C. Robb, "The Best in College;" J. S. Sinclair, "Future Prospects."
