Tough Break 15-Year-Old Artist

Barefoot Girl Has Foot Trouble in U Theater

Sometimes acting upon the stage can be classified as a dangerous business.

At least it's true for Lois Witte, Arts sophomore. Playing barefoot girls as part of her theatrical training is paying off in broken bones.

Last year while in the cast of the University Theater play, "The Devil's Disciple," Miss Witte broke her foot.

Last week while rehearsing a part in the current presentation of "Trojan Women" she missed her step when climbing a flight of steps.

You guessed it—she broke a toe.

Sweden Shown In Color Films

Country Described As Healthy, Prosperous

Pictures of a European country not devastated by the war were shown to the Convocation audience yesterday.

It was a color movie of Sweden, whose health and prosperity was described as at its highest level in years.

The film was shown by Dr. Gustav Grahn, lecturer and traveler, who made the films in a recent tour of the northern European country.

"In Sweden, people are swimming in money," said Dr. Grahn. "They are well dressed; there is no poverty and no slums."

Although they have plenty of money, the Swedes cannot buy everything they need, as evidenced by Dr. Grahn's shots of women and children wearing wooden-soled shoes.

"In Sweden," said Dr. Grahn, "the government pays each expectant mother \$100 for expenses. The government also pays for vacations for mothers and their children, providing the husbands do not go along."

Many scenes of the movie were taken along Sweden's electrified railroads, and the new government houses and housing projects that are being built along the rights of way.

Dr. Grahn took shots of all areas of the country from the grasslands and meadows of the south to the forests and mountains of the north. Many scenes pictured operations in and around the famous iron ore mines at Kiruna.

"If a third world war comes," predicted Dr. Grahn, "these rich iron ore deposits will be one of the scenes of conflict."

Dr. Grahn also covered a typical country wedding with his camera.

"The young married couple hope to have four children in a short time so the government will build them a home," he remarked. "This home is theirs free for four years. Then they pay a nominal sum for 20 years to gain ownership of it."

Other scenes shown by Dr. Grahn included sales lots filled with new American and British automobiles, cooperative fairs and exhibitions, crowded beaches, and shots of composer Jan Sibelius and his wife in their government-provided villa.

Prof to Teach at Hawaii

Dr. Frank H. MacDougall, professor of physical chemistry, will leave Monday for Hawaii where he will act as visiting professor of chemistry at the University of Hawaii the coming academic year.

He has been given a year's leave of absence.

Piano Recital Monday

Claudette Sorel, 15-year-old pianist who last May became the youngest student ever to graduate from the Juilliard school of music, New York, will give a recital at 8:15 p.m. Monday in Northrop auditorium.

She will be introduced by her teacher, Olga Samaroff Stokowski, concert pianist and piano teacher at the Juilliard school of music, who is serving on the staff of the music department during second summer session.

Miss Sorel, who was born in Paris of French and Hungarian parentage, was awarded the first scholarship ever held in the class of Mme. Stokowski at the Juilliard school by a student under the required age limit of 16. For the past four years the scholarship has been renewed each season.

In 1943, Miss Sorel gave her first New York recital at Town hall. She was soloist with the New York Philharmonic orchestra at Carnegie hall in 1944. Her next New York recital will take place at Town hall on Oct. 25.

Mme. Stokowski, who turned her attention to educational work and teaching young American musicians after her concert career was interrupted by an accident to her left arm, will give a brief talk on "What the Concerts Mean to You," either before or after intermission.

Miss Sorel's recital will be open to the public without charge.

Fact-Finders Not Yet Named by Governor

The three-man fact-finding committee which will investigate the University labor situation has not been appointed yet.

Paul Albrecht, Gov. Luther W. Youngdahl's secretary, said yesterday that the state would first have to look around to find out what qualified men would be able to serve.

The governor has five days in which to appoint the men, one of whom will represent labor, one the University and one the public.

Following the appointments there will be a 30-day waiting period to allow the committee time to investigate.

Vet Chan. 'Major' Must Consult VA

Veterans who want to change colleges or their major objectives at the end of the session should see a bureau of veterans affairs counselor immediately.

That was the advice yesterday of Stanley J. Wenberg, director of the bureau.

"A veterans administration ruling requires that all changes in objective must be properly cleared by the bureau, no matter if the change involves a transfer of college," Wenberg said.

Veterans under the GI bill who have finished three or more quarters of school since their return from service may be required to get additional certification from the student counseling bureau, he said.

Rehabilitation students are all required to have certification from the VA guidance offices, according to Wenberg.

Veterans who have not yet reinstated their GI insurance ought to begin thinking about it, he said.

The deadline for reinstatement without physical examination is Jan. 1, 1948.

Other deadlines that Wenberg reminded campus veterans of are as follows:

Application for terminal leave must be signed before Sept. 1, 1948.

If the vet had no insurance in the service, he can apply for GI insurance before Jan. 1, 1950.

All education and training under the GI bill and Public Law 16 must be completed by July 25, 1956.

Village Election Campaign Hot

The hottest campaign in University village political history hit a fever pitch yesterday when mayoralty candidates took "fearless" stands on Village controversies.

To get at the roots of Village issues, The Daily asked each candidate pertinent questions.

Each candidate answered in full.

The questions were:

- Do you intend to kiss all babies in the Village?
- What do you intend to do for the Village if elected?

Candidate James M. O'Hara answered:

"I'm game for giving them anything they like."

• A program for adequate playground space for these kids has been neglected. By contacting the city park board for equipment and development of play areas, it will be possible to eliminate the dangers now present when the children play in the streets.

Answered candidate Charles Wiersch:

• As aspirant for the job, I am willing and able to kiss the 800 wives, but 1,200 babies are too much.

• I favor strengthening the Village council by having more active aldermen—aldermen who know the people in their block and will present their problems. After all, a strong tie between aldermen and citizens is the backbone of any government.

Replied candidate James Rynning:

• One of the requirements for living in a quonset or metal barracks is having a family. The end result is more babies per square foot than any other community I know of. A baby kissing campaign would just bog down.

• I want to do everything I can to make the Village a safe and sanitary place and to make the government more representative.

The Monday Village Bulletin will carry ballots plus biographies of all candidates for all posts. Villagers will vote Monday and results will be announced Tuesday.

Seasoned political observers foresee a record vote.

Homer to Replace Castell on KUOM

Paul Homer, instructor in philosophy, will take over the University of the Air series, "Invitation to Reading," at 7 p.m. today and for the following two Fridays.

This is the program usually conducted by Alburey Castell, philosophy professor, who will be absent for three weeks.

High School Coaches Go Outdoors

Baseball and football demonstrations will highlight today's sessions of the Minnesota state high school coaches clinic now being held on the campus.

Dick Siebert, recently named Minnesota baseball coach and former major leaguer, will conduct a two-hour long baseball session at 10 a.m. Several members of the Minneapolis and St. Paul baseball teams will participate in the exhibition.

Wes Westrum, Bobby Rhawn, Johnny McCarthy and Bama Ray of the Minneapolis Millers are scheduled to be among the group of professionals who'll play.

Football line play will be demonstrated at 2:30 p.m. by several members of the Minnesota varsity squad under the direction of John Roning and George Svendsen of the Gopher coaching staff.

Everett Shelton, University of Wyoming basketball coach, will present his concluding discussion on basketball in Cooke hall this morning.

Track and field events will receive expert treatment today from Al Halley, Minneapolis Southwest coach, and Ralph Engbreton, track coach at St. Paul Murray.

Wrestling, hockey and boxing sections on today's program will be presided over by Dave Bartelma, Doc Romnes and Ed Haislet, respectively.

Saturday's activities will be headed by what may turn out to be a hot stove league discussion. Rosy Ryan and Tom Sheehan of the Minneapolis baseball club will address the coaches at 10:30 a.m. in the Union main ballroom.

No Locks for Temporary Buildings

The University cannot officially take over the temporary buildings on campus until cylinder locks are found for each building—and no one knows just where they can be found.

This was revealed yesterday by William F. Holman, supervising engineer of the physical plant department.

"No one is manufacturing these locks today," he said. "And the buildings will remain the property of the government until the locks are found."

Some buildings have been unofficially occupied by various University departments, but the physical plant department has warned them that they can't expect complete protection from the lockless doors, according to Holman.

Until the University takes complete control of the temporaries, no work can be done on them by the physical plant department. That includes landscaping around the buildings.

"We want to do some grading, seeding and planting around the temporaries," said Holman, "but we will not be able to do it until we take over, and that won't happen until the locks are found."

Cosmopolitan Club Cancels Evening Social

The evening social planned today by the Cosmopolitan club has been cancelled.

"Members interested in signing up to man the group's Welcome Week booth should do so by next week," Kasper Njus, president, said yesterday.

U Face-Washing Under Way But Cleanup May Not Be Done by Fall

PART OF THE CAMPUS CLEANUP work yesterday was the going-over given the metal on the entrances of the Union. On top is John Pidany, Technology freshman. The other worker is Irving Palm Jr., buildings and grounds employee.

The annual campus cleanup was in full force yesterday, but it may not be completed by the time fall comes around.

That was the word yesterday from William F. Holman, supervising engineer of the physical plant department.

"In ordinary years we can spend the whole summer fixing up the campus for the next school year," he said, "but this year the heavy summer enrollment has held us back."

"We will have to try to do most of the work during September. We don't know just how much we can finish, though," he added.

The annual repair work includes alterations and general repair on classrooms and offices. Outdoor work includes the repair of side walks, lampposts, painting and lawns and shrub patchup.

Major work is being done at present on Nicholson hall in an attempt to ready it for fall quarter.

"The campus has not had a thorough renovating since the war," said Wallace V. Blomquist, assistant supervising engineer.

NOTICE TO DEANS, DIRECTORS AND DEPARTMENT HEADS

Electronic Materials

A shipment of electronic materials, which has been made available to the University by the Federal Works Agency, Bureau of Community Facilities, has been received and will be available for inspection Thursday, August 21, at Building 101A, Rosemount Research Center, Rosemount, Minn. Attendants will be on duty from 9:00 a.m. to 4:30 p.m. on

Thursday, August 21, to assist in the inspection of this material. Departmental representatives may take the Rosemount Hospital bus which leaves the Elliott entrance of the University of Minnesota Hospitals at 8:00 a.m. and 10:00 a.m. Arrangements for bus transportation must be made in advance in Mr. W. K. Klein's office in the University Hospital.

This shipment referred to includes radio and radar equipment, such as tubes, transmitters, receivers, telephones, test sets, and various items that have been in short supply.

Allocation of this material will be made at a general meeting to be held on Friday, August 22, at 9:00 a.m. on the fourth floor of the Administration building, room 412. Departments which do not send representatives will not be given con-

sideration in the division of the materials. For further information call Mr. Harry O. Bye, Extension 6382.

M. L. R. Lundén,
Comptroller.

TO DEPARTMENT HEADS AND EMPLOYEES

The Board of Regents has approved an increase in the number of Regents' Scholarships for the fiscal year 1947-48. Beginning with the fall quarter, 1947, 20 scholarships will be offered each quarter, making a total of 60 scholarships available each year.

To qualify for these scholarships, applicants must be full-time civil service employees of the University and must make application for classes which are not of-

fered in the University Extension Division and which do not carry more than six credits or meet more than six hours a week.

Where the number of applicants exceeds the number of scholarships to be offered, selection will be based on the length of the employee's service record and the relation of courses requested to the employee's present position. Those employees receiving the scholarships will be given time off from their jobs and will not be required to pay any tuition. Scholarships will not be awarded to any one employee for more than three consecutive quarters.

Applications for Regents' Scholarships may be secured in the personnel office, room 16 Administration building, and must be returned to that office completely filled in by employees with the necessary approval by department head and dean or administrative officer by Sept. 5 so that selection may be made by the civil service committee before fall quarter begins.

Hedwin C. Anderson, Director,
Civil Service Personnel.

Candidates for Degrees, August 28

Seniors who expected to receive their degrees at the Commencement Exercises, Thursday, August 28, are asked to note carefully the following items of information.

ACADEMIC COSTUME—Candidates for degrees will appear in Cap and Gown as usual. Those who have not purchased gowns may rent them at the Perine Book Company, the Minnesota Co-op, the Union Book Store, and Crane Office & School Supply Company, for \$1.75 and up. Veterans may request abatement of fee for rental of cap and gown by reporting to the Adjustment Desk in Shevlin Hall. They should have a copy of their receipted graduation fee statement with them when they apply.

It is recommended that the women wear uniform white collars, dark hose, and dark shoes; the men, white collars, dark ties, and dark shoes.

Corsages must not be worn. Cap and Gown etiquette provides that nothing may be attached to academic dress except emblems of scholastic honors.

REHEARSAL—On Thursday, August 28, at 4:00 o'clock, candidates meet in Northrop Memorial Auditorium to rehearse the formalities of the occasion and to receive final instructions. Important.

PROCESSION—At 7:30 all candidates in Cap and Gown will assemble in Band

Rooms 4 and 5, Northrop Memorial Auditorium, and will march from there to their places in the main hall.

TICKETS AND INVITATIONS—Admission to the exercises will be by ticket, except in the case of candidates for degrees. Candidates will receive tickets and invitations by calling at their college windows, Office of Admissions and Records.

DETAIL OF PROGRAM—

4:00—Rehearsal of Commencement details, Northrop Memorial Auditorium.
7:30—Assembling of candidates in Band Rooms 4 and 5 in the Auditorium.
7:50—Procession to seats in main hall.
8:00—Program begins.

Seven U Grads to Teach In Germany Next Year

Seven teachers who have either graduated or will graduate from the University this fall will be making their homes in Germany for the next year.

The teachers are participating in a program being carried out by the Department School service, an organization set up to see that the children of American service people learn their reading, 'ritin' and 'rithmetic.

The program was started a year ago, with the export of 100 teachers from seven parts of the country. This year, only 50 persons are going to replace the ones who came home.

The jobs are run on a one year contract basis, with travel pay, living quarters and food furnished by DSS.

The teachers, Anne Smeland, Luella Keithahn, Linnea Peterson, Marion Koester, Betty Smith, Gertrude Reinicke and Martha Schwarz, were recruited by Dr. Clifford P. Archer, associate professor of education. "There is no trouble getting people to fill the positions," he says.

UWF to Poll Sauk Center

United World Federalists will try today to find out what "Main Street" thinks of world government.

Members of the campus group will be in Sauk Center today to sound out public opinion.

The project is being undertaken by the communities for world government committee of the UWF. Bill Holbrook is summer chairman.

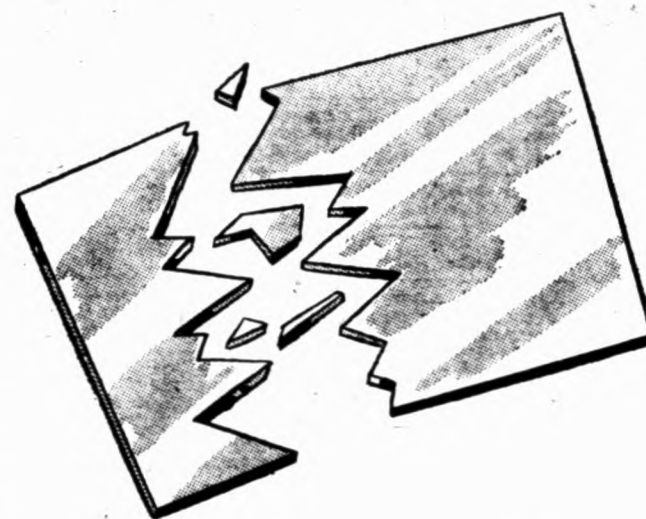

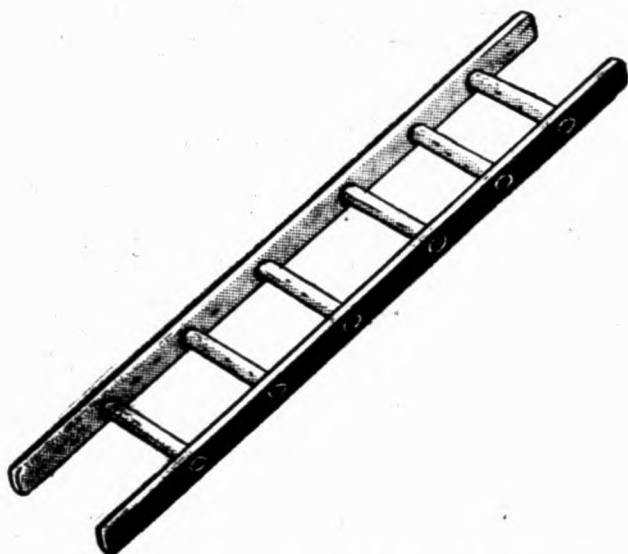

Veterans' groups in Sauk Center will be surveyed by George Ballis, while Frank Brandenburg will cover high schools and Leeds Bauman, civic groups. Religious groups will be contacted by Bill Feller.

Meanwhile, Holbrook has asked interested members who will man the organization's booth at the State fair to phone Ruth Gill, chairman, at WA. 2456.

A reorganization will be in progress and plans for the state convention in October will be formulated.

Anticipating an active membership of 175, United World Federalists plans a welcome hour for new students at 3 p.m., Oct. 2 in 326 Union, when the work and purposes of the organization will be explained and refreshments will be served.

You don't need these to be unlucky!

EVEN IF a black cat never crosses your path...

And you never walk under a ladder...

Or break a mirror, or sit 13 at dinner...

Unexpected misfortune may come your way in the future.

And, since misfortune nearly always involves money, it's a very, very good idea to prepare for it by building up a financial backlog for yourself.

As a matter of fact, even if you're unusually lucky in keeping out of misfortune's way, a good financial backlog is a wonderful and important thing to have. It may mean a home... travel... education for the children. Yet it's something few people attain with-

out a plan for regular, systematic saving.

There is no better, easier, surer way to save for the future than by buying U. S. Savings Bonds—either on a Payroll Savings Plan, or (if you're not on a payroll) on the Bond-A-Month Plan at your bank.

Millions of Americans are benefiting from this easy, automatic way to save money for the needs and wants of the future. It pays well, too... for at maturity you get back \$100 for every \$75 you put into these safe, sound Bonds.

Buy U. S. Savings Bonds regularly. Hold on to them. If you do, you needn't worry much about a black cat or two.

Save the easy, automatic way—with U.S. Savings Bonds
