ANOTHER HARD ONE

Minnesota's Old Foe, Luther College, Will Play Today

The strong team hailing from Decorah, Iowa, will play Minnesota this afternoon on Northrop Field at 3 o'clock. Luther college has the reputation of defeating Minnesota twice last year, and has come here today with the firm determination to maintain her former standing.

Minnesota, on the other hand, is as fully determined to retrieve the defeats she has suffered at the hands of the Iowa college. As a consequence the game will be one of more than ordinary interest. It has been learned that some supporters of the "blue and gold" will accompany the team with the expectation of seeing last year's performance enacted again. This means that Minnesota must turn out in full array and put the enemy to rout.

The game will be well worth the money and doubtless will be largely attended.

THE "MAG"

The May number of the Minnesota Magazine is out and fully maintains the high standard which the board has set for its self throughout the year.

The opening poem, "River at Night," by A. H. Cressy, is a delightful bit of verse. This is followed by an essay by Irene McKeehan, "Nook of Dreams." This is one of the happiest pieces of work which has appeared in the Mag this year. It is a kind of reverie and contains considerable philosophy treated in a very artistic way. "A Basket Ball Wager," by S. A. Hatch, who has contributed several creditable things this year, is a very interesting story, in which the interest is well maintained by the local color which he has introduced.

Next comes the concluding chapters "Sword of God," Joseph Warner, who of M. Leroy Arnold's prose poem, the "Sword of God," Joseph Warren Beach, who will return to the Rhetoric department next year, contributed a poem, "The Bad Dream," which should be classed with the best things which this publication has had during the year.

The longest article in the issue is a story, "How Mrs. Slocum Went to the Circus," by Miss Florence Snook. The story is full of humor and holds the attention of the reader throughout.

Prudence Pratt is the author of a clever sonnet to Chaucer which is the last of the special features.

The issue closes with four pages of lively editorial matter. The issue as a whole is an excellent one and the board deserves much credit for the steady improvement which has marked the successive numbers of the Magazine this year.

WOMEN'S LEAGUE

The adjourned meeting of the Women's League for the purpose of electing officers will be held on Saturday at the fourth hour. All girls should be present.

A SQUARE MEAL

To be Served in the Armory Tomorrow Noon by the Y. W. C. A.

Everybody should attend the Y. W. C. A. luncheon to be given tomorrow in the Armory. Elaborate preparations are being made and the event promises to be one of unusual interest. There will be twenty five tables.

Each table will seat 24 persons. These tables will each be symbolic of some University organization. Every class is to have two, every sorority, one. While St. Paul, Minneapolis, the Faculty, the Medics, the Woman's League, the Art Club, Athletics, and by appropriately decorated tables. The grub will be good, the service excellent, and the price cheap. A good square meal only costing 15 cents. Second orders from any but the athletic table will not be tolerated. This event will be an innovation here and should be liberally patronized. The proceeds are to go to defray the expenses of the Y. W. C. A. delegates to the Geneva conference.

UNION OF LITERARY SOCIETIES

Next Monday, May 19th, at 7:30 P. M., there will be a meeting in Prof. McVey's lecture room of the three representatives from each of the literary societies to consider the proposed plan for a federated union of all the literary societies of the University.

Briefly stated, the proposed plan provides for a union of all the Literary Societies, such union to be so formed that it will not interfere with the meetings or destroy the individuality of the present organization. Once every five or six weeks during the year the individual societies are to unite in a joint meeting at which a program is to be rendered, those appearing on the program to be so chosen by the program committee that one society will not be pitted against another and thus destroy the union which is the object of the plan.

The plan is favorably received, a constitution embodying the main features will be drawn up and presented to the various societies for ratification. The plan is not a radical one. It will not overthrow or interfere with the present system, but will add to it the many advantages of a union.

MUST DIG UP

Registrar Johnson has signified his intention of refusing diplomas to all Seniors who have not paid up all their college indebtedness. All subscriptions to University publications and all bills of whatever nature that remain unpaid will have to be settled before diplomas will be issued to the offending parties. The clever Senior who has been planning upon leaving a few creditors, as well as the University, to mourn his loss, would do well to look into this matter.

NOT A SCORE

That is What the St. Thomas Boys Did to the University

Minnesota was whitewashed for the first time this year by the team from St. Thomas College. The St. Thomas pitchers were altogether too much for the Minnesota batters and made them pummel the air most unmercifully, while the St. Thomas men made hits in nearly every inning and fielded and ran bases like professionals. Brigham was called in to catch and Jordan took his place in the box.

The game was lost in the fourth inning when Hugh Leech was up for the second time and was unable to break his thumb.

Up to this time neither side had scored and Brigham was holding the accident demoralized the team and six scores were piled up in the next inning. Brigham was called in to catch and Jordan took his place on the slab but the confidence of the team was gone. Dobie did good work on third and Varco put up a good game, hauling in one fly that looked good for a safe hit. The team did good work in the field except in the fifth inning when they all went into the air. On the St. Thomas team Griffin was the star batter, getting four hits in four times at bat. In the field, the work was done almost entirely by the battery, so there were no special stars.

NOTICE TO DELINQUENTS:

There are 126 students who receive their Dailies each morning who have not yet paid one cent on their subscriptions. The delinquents are requested to come in and pay up at once. Notices have been sent to each of them and it is expected that they will pay up and avoid a personal interview in regard to the matter.

A Notable Lecture

The Daily wishes to call special attention to the lecture to be delivered by Prof. Woodbridge before the University Liberal Association on Saturday night. Many of us may never again have an opportunity to hear Prof. Woodbridge again. In losing Prof. Woodbridge we lose a man who is not alone a scholar of the highest merit, and a teacher par excellence, but who is a man of affairs as well and his ability as a lecturer is known throughout the country. No student should miss nor can afford to miss Prof. Woodbridge's talk.

INTERDEPARTMENT STANDING

The standing of the inter-department teams up to date is as follows:

Team	Won	Lost	Pct.
Law	1	0	1.000
Medics	2	1	.666
Engineers	2	2	.500
Dents	0	2	.000

Two games are not counted in the above list, the first Medic-Dent game resulted in a tie, 6-6, and the decision of the umpire has not yet been made on the Law-Eng. game.

U. C. A. PICNIC

The members of the U. C. A. will hold their annual picnic at Como Park next Saturday afternoon. Various committees are at work and a good time is assured all who may attend. The crowd will meet at the park early in the afternoon. Picnic sports will be the order of the day. Supper will be served at 5 o'clock. After all have partaken of food and drink, the more adventuresome will row upon the lake, while the timid ones are sauntering through leafy bowers of nature. Every member is urged to be present. Also bring your dearest friend.

Yesterday afternoon Dr. Todd of the Medical department delivered a very interesting lecture upon the Hygiene of the eye and ear. The lecture was illustrated by stereoptican views, and given especially for Dr. Kiehl's classes in Pedagogy.

GRAD'S MEET

The meeting of the Graduate Club Tuesday night was one of the most interesting of the year. Prof. McClumpha's talk on graduate work in our own University was especially appreciated by those present, for he gave much of interest from his experiences in European universities and pointed out how the methods in use there might be applied in American schools. It is hoped that Prof. McClumpha can be persuaded to repeat his lecture at the beginning of the next school year when there will be a larger attendance of the new graduate students. A song and recitation by Mr. J. S. Garnes were enjoyed by all, and the program closed with a song by the Krammar quartette. Before the social part of the evening officers were elected for next year. The result of the election was as follows:

President, Bert Russell; Vice-President, Miss Cynthia Adams; Secretary, Miss Helen Camp; Treasurer, R. M. Pederson; Members of the Executive Committee, Mr. Erickson, Mr. Hemingway, Miss Catherine Hillesheim.

ENGINEERING ITEMS

French and Spence of the Engineering department read a paper before the Northwestern Railway Club on their recent tests of the lighting systems of the Burlington and Great Western railways.

Mr. A. L. Abbott, E. E. '07, talked informally yesterday morning to the Junior and Senior Electricals. His subject was the various methods used in inside wiring. He referred those interested to the new Physics building, which is now being wired, as an example of modern conduit wiring. This system he considered superior to any other.

F. C. Hughes conducted the Junior Mechanicals through the Soo shops last Monday afternoon. The trip was in connection with the work in locomotive valve gears.

The Electrical department has now in its library a complete bound file consisting of one hundred large volumes of the "Official Gazette" issued by the U. S. Patent office. It contains the complete specifications of all patents that have been granted since 1872.

The game scheduled between the Gopher and the Daily has been postponed and will probably take place Saturday, providing the Gopher Board is able to get its team together.

Lost \$3.50 Shoes?**

Because it wont stand dissection.

The Regal is the only shoe at \$3.50 which courts the knife.

"Regal" dissection reveals a sole of genuine LIVE OAK leather—tough as wire, light as fibre, and flexible as the foot.

Such soles add a dollar to the wear of shoes, and ten or 15 cents to their cost.

This extra cost means over \$400 per day in the Regal factory.

Observe—\$400 per day to use LIVE OAK soles in every Regal Shoe instead of the brittle "Hemlock" or "Red" leather used in the soles of other \$3.50 shoes.

The Sophomore Medics have their final examinations in Materia Medica today.

D. K. E. gave a dancing party last evening at the home of Chas. Freeman, St. Paul.

The semi-annual business meeting of the Castalian Literary Society will be held this evening.

The Shaks and Law Lits will meet on the diamond Saturday at 1 P. M. The game promises to be exciting and spectacular.

Prof. McDermott leaves tomorrow for River Falls where he is to act as judge in the District declamatory contest held at that place.

B. O. Phinney, class of '02, has left college to accept a position with the Adland Storage and Implement Co. He will return for the examinations.

Zeta Psi will give a tally-ho party next Friday, driving to the Minnetonka Ice Yacht Club where supper will be served and the evening spent in dancing.

PEACE AGAIN REIGNS

The beautiful daughters of Minerva royally entertained the tribes of Shakoop and the Forumites last night in the Amory. The purpose of the meeting was to make peace between the two warring tribes. The young ladies rendered a delightful program, and the event

was a very enjoyable one to those present. Much effect was produced by the fantastic costumes worn by the young ladies. After refreshments were served, a peace was concluded which will probably last until "cold" cream is again in season.

SOPHOMORES AHEAD

At the Intra-Soph. debate, Tuesday evening, the attendance accredited to the Sophomores was 56. The attendance due to the efforts of the Freshmen was 38. Professor Sanford will present a beautiful banner to the class having the largest total attendance at both the Intra-Soph and the Fresh-Soph debates. So far the Sophomores are ahead in the race for the banner and the Freshies will have to hurry if they do not wish to be beaten.

LOST—Three chemistry note-books and two German readers. Please leave at the Daily office.

Notices

There will be a business meeting of the Castalian Literary Society next Friday evening at eight o'clock. The semi-annual election of officers will take place.

Band practice this week will be Thursday evening, instead of Wednesday.

There will be a meeting of the Daily Board of Directors tomorrow at 3 P. M. in Prof. Anderson's room.

the team. One of the players put it tersely when he said that Leach was half the team. The question is now what are we going to do for the remainder of the year? Brigham is a first class man but his retention at this position would seriously weaken the pitching staff and only temporarily relieve matters as he will leave school before the team takes the trip. It is a very regrettable fact that only one man has been developed for this position but this is not the time to cry over spilled milk and the only thing to do now is to get busy developing a couple of new men.

FRESHIES VS. SOPHS

Friday night will occur the Fresh-contest of the season, and no doubt it will be one of the most interesting events of the year as the hereditary enmity between these two classes is sure to show itself on this occasion. The members of both teams are competent men and were chosen by ballot from the members of their respective debating classes.

The Freshmen stand a much better show to win than ever before in the history of this event and the contest should be close. Prof. Sanford has offered a banner to the class having the largest representation present.

TENNANT-ADAMS NUPTIALS

Last night a very pretty wedding ceremony was performed at the Olivet Baptist church, cor. 4th St., and 13th Ave., S. E. The groom is a young attorney of Duluth, in the firm of Miller & Adams. After the ceremony a reception was held at the home of the bride's parents on 6th Street S. E. The DAILY extends congratulations.

NOTES ON THE GAME

Varco's running catch was the prettiest play of the game. "Lily's" phenomenal one hand play brought down the grand stand. The absence of all rowdyish rooting was a feature of the clean work. The batting of St. Thomas revealed the weakness of our own team. McDermott and Fleming seemed to hypnotize even Don and Varco. Every one seemed to say "A Brin, a Brin, a kingdom for a Brin."
