PRIZE FOOTBALL SONGS FOR CHICAGO GAME

* * * * *
* Students! The team will be at
* the Pow-wow Friday night.
* They will drive on the parade
* grounds in a tally-ho after the
* banquet. Every student should
* be there and show the team
* that the whole University is
* back of it.
* Go-fer Chicago!

Ray Van Cleve is winner of the first prize. Winners of other prizes will be announced tomorrow.
Over seventy songs were looked over by the judges last evening and it was decided that the prizes would be awarded to the writer of the following songs. These songs will be sung at the mass meeting Thursday at 4 o'clock. It is the duty of every student to be there and learn these songs. They will be printed and passed around Thursday, 4 p. m.

FIRST PRIZE.

Tune: "When Johnny Comes Marching Home."

Of Minnesota's name and fame you've heard of yore,
And by the time we've won this game, if not before.
You'll learn a lot no words can tell,
And take to the woods when you hear us yell

FOR MINN—E—SO—TAY
(Shouted, not sung.)
Wait 'till we count the score.
(Count score.)

NO SONGS ARE LIKE THE OLD SONGS—MASTER DICK

"Most of the songs sung today in our parlors, make one feel, if he hears many of them, as if he had sachet powder on his soul."

This is the substance of a criticism of modern musical conceptions made by Prof. Richard Burton in a conversation recently with Prof. Potter. Mrs. Potter told her class in Milton about it yesterday.

Mrs. Potter says that Prof. Burton, Miss Peck and herself were discussing the songs in literature, and that Prof. Burton was especially enthusiastic about the song in "Twelfth Night," which runs, "O mistress mine, where are you going?"

The song was sung by Walter Mallory in the Dramatic Club's presentation of "Twelfth Night," last spring.

It was a comparison of this song with other songs which causes Prof. Burton's remark about the sachet powder.

Donald Holmes got lost in a swamp out at Hamlin Monday evening. A searching party was sent out to find him.

Clara O'Neill, ex-'10, was visiting on the campus Tuesday.

WHEN GREEK MEETS GREEK, THEN COMES THE TUG-OF-WAR

Chicago Game Almost Eclipsed by Annually Beta-Chi Psi Game Scheduled for Friday—New Play Called the "Backward Pass" Will Be Sprung.

Dekes vs. Alpha Deltas.
Betas vs. Chi Psis.

Much interest is centered in the football game between the Betas and the Chi Psis which is to be played Friday. A \$50 loving cup is the prize for the victorious Greeks.

Both fraternities have men who starred on strong high school teams, both in and out of the twin cities.

Altho the Chicago game comes the day following the contest, it is not generally thought that the two great games coming together will greatly lessen the attendance at the Chicago game.

No definite date is set for the annual Alpha Delta-Deke game.

The Phi Psi's have been skirmishing about the vacant lots and they are anxious to have their strength tried. While they have not yet issued a formal challenge, they are prepared to clinch the first one that comes their way.

Alice Stratton, Ex-'07, was seen on the Campus last Saturday.

GO BACK TO FIVE DAY PLAN, IS CRY OF PROFESSORS

Many Faculty Men Think We Should Revert to the Old System—Question Will Be Brought Up in Faculty Meeting.

Mr. Gislason, instructor in debate, thinks that the six-day system of recitations is a man killer.

"Good students are those who overwork," was the statement made by H. B. Gislason yesterday morning in Sophomore debating class. "I think it is almost the universal sentiment at present," he said, "that we should revert to the five-day system."

This observation on the part of Mr. Gislason is only indicative of the sentiment in the faculty. It is understood that at the next meeting of the Board of Regents certain members of the faculty will urge a reversion to the old system.

Dean Downey said this morning that he favored the old system as did also President Northrop. "Students carry too many subjects at present," he said. "We agitated this question last year, but found student sentiment against it. Under the old system students carried but four subjects and those four times a week. Monday was devoted almost entirely to laboratory work. It is really up to the students to settle this question by expressing their opinion."

DISPENSING HOT AIR

Something About the Generating of This Popular Fluid at the University.

Cold nights make Engineer Kelly and his men of the university heating plant work. Engineer Kelly says, "We have a snap now. Just wait until we are burning forty tons every day." Every building on the campus is heated from the heating plant. The work requires six men, two being on each shift, there being three shifts.

Folwell Hall is heated from the central heating plant. The engineers in the basement of Folwell Hall run the hot air fans and are not connected with the heating system as is generally supposed.

FACULTY TO RECEIVE.

The Folwell Hall faculty members will give in Folwell Hall next Saturday evening a reception to the other members of the faculty of the College of science, Literature and the Arts and to the deans of all the schools and colleges. The novices are included and a pleasant social evening is assured. The lower floor only will be lighted during the receiving, but later the whole building will be illuminated and thrown open.

Fred Harding lost a dancing pump at the Daily party Monday evening. Will the fair Cinderella who found it please own up?

WOLF REPORTS FROM THE CAMP OF STAGG'S PONIES

LATEST DOPE FROM CHICAGO SAYS THAT MAROONS ARE "SCARED."

Chicago critics are beginning to take back some of their "tall talk" of last week and are circulating the usual run of hard luck stories. Reports from the Maroon camp are full of accounts of the poor physical condition of the players. Anderson and James are both said to be laid up with injuries and the line up for Saturday is still unsettled.

The freshmen team, which the coaches have drilled at Minnesota formations, has gone on a strike as the 'varsity has worn them out completely by their fierce defensive playing.

Stagg and Speik are both giving out strong tales of the strength of the Gopher offense and the chief work of the week is said to be the strengthening of the line from tackle to tackle. The Maroon backfield is expected to more than hold its own and the defense is the sole worry of the Chicago coaches.

Wednesday evening is to be the date of the great Chicago pow-wow to inspire the team with the proper spirit for the great game. Speeches are to be made by the coaches and players and the rooters are to be trained by the yell leaders so that they can do their part on Saturday.

Rev. Robert Pratt, a former '05 debator, was visiting on the campus Tuesday.

GIRLS' ROOTER BRIGADE WON'T REVIVE; IT'S DEAD

The girls remember what "prexy" said to them last year about a "Girls' Rooter Club." He condemned rooting by the co-eds as undignified and unladylike.

The "Girls' Rooter Club," which had been organized at that time, had committed to memory several "perfectly all right" songs, and some "perfectly grand" yells, as Bess Hofflin would say, and as her sister, Florence actually did say. Then came Prexy's speech and the poor "Girls' Rooter Brigade" just withered away and died.

So now comes the announcement from over co-ed way that the girls will not attempt to revive the brigade this year.

Instead they will spend their surplus energy in making the "Purity" banquet a gala affair.

But still some think that the "Girls' Rooter Brigade," like truth, tho' crushed to earth will rise again.

At the meeting of the Woman's League Council yesterday, it was decided to hold the election for vice-president next Wednesday in Shevlin Hall. The time limit for nominations will be Saturday evening.

CO-EDS, PLAY YOUR PART.

University girls and university
women can do their part to win the
game Saturday. A large number
have shown a most commendable
spirit in volunteering to decorate the
armory for the "purity" banquet. **Let
all the girls take it up.**

Let all the girls go to the "pow-
wow" after the banquet and join in
the festivities. It is not necessary for
them to be rough, boisterous or un-
ladylike at occasions like these. But
be enthusiastic, and lend complete-
ness to the function by being there.

It is not necessary to tell the girls
to support the team at the game Sat-
urday. They will, naturally, and it
will help immensely to win the con-
test.

For just this week and this game at
least let every girl at the university
lay aside all her petty grudges and
social prejudices and work together
with the others to make the occasion
a memorable one. If you do this you
will never forget this game. It will
stay with you as long as you live. It
will come back to you often and send
a thrill of warmth to your heart.

Just among themselves let the
girls do all they can to make old Min-
nesota invincible, to spread her name
and fame, to make the land of Ski-
u-mah dearer to us; more than a mere
place of recitations and "society,"
more than a place of preparation for
a better existence and better service
to our friends; but a place that we
will love: love deeper and stronger as
the years go by; with a love and
veneration which only a united, un-
selfish loyalty can arouse.

But to return to the game. Let the
co-eds do their part. Minnesota can
win, will win, if they do.

**JUNIORS! STOP, LOOK,
LISTEN, THEN PONDER**

For the benefit of those who don't
understand, let us explain the situa-
tion of the Gopher Board regarding
the pictures for the Junior Album.

Each member of the junior class
must be photographed individually
and from these pictures copper en-
gravings are made, uniform in size.

 and quality. Now there engravings are not made by the photographer and furthermore they cost money. Since there are some six hundred of these photographs to be handled, it is manifestly impossible for the members of the board to collect them from each member of the class; nor can they assess the same students the price of the engraving.

There is only one way out of this difficulty, the plan that must be used by all succeeding boards: An official

25 per cent Discount
 on University Die Stamped Stationery—the finest you ever saw. 15 per cent on all other stationery.
HARRY R. BROWN, 1321 4th St. S. E.

photographer and engraver (whom careful investigation shows to be the best) are selected by competitive bids. Contracts are drawn up to the effect that a specified photograph shall be made for a certain price, which, in consideration for the large amount of work handled, is at a very great reduction; the photographer agrees to make a special print for the engraver and to pay for the engraving; the board agrees to let the photographer handle all class pictures and to give the engraver uniform prints to make the engravings from.

It is seen from this that the board has put itself under a legal obligation to have all the junior pictures taken at one studio: under any other arrangement the price and quality of work offered would be absolutely impossible.

Now perhaps you don't like the man or the price of the photographer selected. But if you stop to think or investigate, you will see that we have done the best for all concerned, that your individual taste cannot be catered to, that it is a serious thing to ask the board to break their contract with the photographer, and discriminate against the other members in your favor. It isn't just the square thing to ask your classmates to pay for the privilege of having your picture in your own book. If you think that you are being fairly dealt with, make a slight concession—there are others.

We use this strong language because our classmates are beginning to ask us if they cannot have their pictures taken at a studio that knows nothing about our plans. To such requests we must always answer "No." It cannot be done. If you don't think you can be treated fairly, talk to us. We expect the co-operation of our classmates, the ones who elected us.

The place, Lee Bros, both cities; the time, as soon as possible, the sooner the better.
