

WOOD TO SPEAK

"The U. S. Aid Program in Korea" is the topic on which Chester W. Wood, director, UMD office of student personnel services, will speak at 11 a.m. Thursday (Aug. 1) in the Science auditorium.

For 2½ years chief of educational rehabilitation in Korea under various U. N. and U. S. agencies, Dr. Wood has had extensive experience in educational rehabilitation through work in Peru as well as Korea.

He received Korean university and government citations for his contributions to Korea's school rebuilding and reprogramming efforts. Dr. Wood's talk will be open to the public free of charge.
