

THE MINNESOTA DAILY

VOL. XI. NUMBER 3. THE UNIVERSITY OF MINNESOTA, FRIDAY, SEPTEMBER 17, 1909. FIVE CENTS THE COPY

Y.M. and Y.W.C.A. Plan Big Student Receptions

Men Entertain in the Association Building—Paul Johnson Has Charge of Stunts.

Saturday night, the Y. M. C. A. will welcome all men in an informal stag social in the association rooms. This affair has become an annual party and last year the rooms were crowded with 400 hundred men.

Paul Johnson, chairman of the social committee, has direct charge of the program and has promised an interesting one. Musical numbers and addresses by members of the advisory committee and cabinets will be separated by "red owls," "hat bands," blanket tossing and similar lively stunts.

It is rumored that the new general secretary, Thomas Graham, will be formally initiated into Minnesota life by the goat method. As the committee may be unable to borrow a "Billy," every man is requested to bring a shingle.

At the close of the program, light refreshments of apples, peanuts and marshmallows will be distributed by the basketful. Everybody welcome!

DEPARTMENT OF ECONOMICS ENLARGES FIELD OF WORK.

New Evening Courses Planned and a Series of Good Lectures Offered.

Five evening business courses will be offered this year by the department of Economics and Political Science for the benefit of business men and women in the Twin Cities. Principles of Political Economy, Currency and Banking, American Government, Commercial Law, Banking Practice, and Transportation are the subjects offered. In addition to this there will be given more general courses of lectures, usually of six lectures to a course, to organize clubs throughout the state.

In order to take care of this work and to strengthen the department, Dr. T. W. Mitchell of the University of Pennsylvania, formerly secretary of the School of Commerce of New York University, has been secured as assistant professor of Business Administration to succeed Dr. Rastall, resigned. Dr. Ralph H. Hess of the University of Wisconsin and Professor J. S. Young, Ph. D. of the Mankato Normal School have also been secured as assistant professors.

LOCAL MUSICIANS WIN FAME.

"Norton's Chautauqua Orchestra," composed of ten University of Minnesota men, and under the leadership of William W. Norton, '09, have just concluded a successful tour of the middle western states.

Mr. Norton has conducted this orchestra for four successful years, and their program includes orchestra and band selections, and horn, string, and vocal quartette numbers. They have already signed up for ten straight weeks of next summer.

Marjorie Knappen Arranges Program for Amusement of Girls. Vaudeville Show on the Boards.

"Stunts," funny and otherwise, will be the attraction at the party to be given Saturday afternoon of this week when the upper class girls of the Y. W. C. A. entertain at their annual affair for freshmen.

Although no definite details of the nature of the "stunts" can be learned, the names are suggestive, such as "Some funny orchestra, led by Emil Hopover, an "Irish Monologue," by Lucia Barclay," and "A Quartette, a Circus in Four Rings."

No special invitations will be given out, but every college girl is counted as an expected guest. Each one is to bring as a ticket of admission and card of introduction a badge with her name pinned upon her sleeve.

GILLIES AT Y. M. C. A.

Subject of First Address Will Be "The Unreasonableness of Christ."

Rev. Andrew Gillies, pastor of the Hennepin Avenue Methodist Church, will be the speaker at the noon meeting of the Y. M. C. A. today. Subject—The Unreasonableness of Christ.

This is the first meeting of the association and all men are invited. Rev. Gillies is one of the most interesting speakers in the city and is sure to give something worth while.

BIG PREPARATIONS.

The cabinets of the Y. W. C. A. and Y. M. C. A. have appointed Marjorie Knappen, Alice Anderson, Paul A. Johnson, and Howard R. Hush, as the joint committee to make preparations for the big joint reception to students given in the Armory Saturday, Sept. 25th.

ENTRANCE CONS REMOVED.

The Y. M. C. A. will conduct classes for the removal of entrance conditions this year as in the past. The classes will run during the first semester at a cost that will just meet expenses. Applications for admission should be given to Secretary Graham at once.

REGISTRAR

I love the Farm, but Oh you Registrar!

OCTOBER 22 AND 23 SET AS DATE FOR CARNIVAL

Northrop Field to be Scene of Big Affair—Committees Meet Today.

Friday and Saturday, October 22 and 23, has been picked by the executive committee for the Union Carnival, as the official date for the First Great Carnival of the Minnesota Union.

Saturday, October 23, is the only open date in the football seasons and as Northrop Field is to be used for the various organization booths and stands, the two dates were the only one available early enough to assure prospects of good weather.

The executive committee meets today at chapel hour in Folwell 26, and early in the week a meeting of the various representatives of the fraternities and societies to show, will be held.

COME AND WARBLE.

Trials for Euterpean Club to Be Held Thursday.

Trials for the Euterpean Club will be held by Professor Scott next Thursday afternoon from 4 to 6 o'clock. There will be about fifteen new members chosen and several other candidates will be placed on the waiting list, to fill vacancies which may occur later. Any girl who wishes to try out should bring with her a song with which she is familiar.

REGISTRATION LARGE.

NOT AFFECTED BY CHANGE IN HEAD OR EXTENDED COURSE.

Instead of a registration of twelve in the College of Engineering, as erroneously announced in yesterday's Daily, the number is now 115 and, pending cases of delayed examinations, promises to count up to within five or six of last year's registration.

ROBINSON AT CENTENNIAL.

Professor Robinson of the Department of Economics and Political Science represented the University at the Darwin Centennial at the University of Cambridge, England, and the celebration of the five hundredth anniversary of the founding of the University of Leipzig, Germany.

According to Professor Robinson the American universities were well represented, but he believes that Germany still holds supremacy in educational matters.

Jessie Mattson, instructor in the gymnasium, spent the summer at Lake Itasca.

EXTENSION MOVEMENT BEGUN BY COLLEGE OF EDUCATION

Correspondence Courses to be Given to Teachers Throughout State. Full Credit Given.

University extension is the work of the department of education at present. The purpose of the movement is to enable teachers and others who cannot attend the University to take a course by mail which will entitle them, at the completion of the course to the regular three credits.

Courses in history, mathematics, psychology, rhetoric, English and the sciences will be offered. Special courses in education will, however, be the chief object of the new plan of study. Twenty-four lessons which are sent to the student in groups of three, complete the course.

The lessons consist of outlines of the subject to be pursued and reference readings, the texts which must be secured at the student's expense at the completion of the course. An examination will be given by a responsible person in the town where the student resides.

Prof. E. G. Quigley of the Moorhead Normal School, who is now with the University, is devoting his time to the arranging of the courses.

By the new plan a student is enabled to complete his studies by correspondence and in the summer schools, but one year's residence at the University is required for a degree.

The result of the courses will be the raising of the standard of teaching throughout the state and marks the beginning of the time when the University is brought in close relation to the people and is of use to the public at large.

W. L. FALLS INTO LINE

Big Time for Freshmen Girls in Armory Saturday. Dean Comstock to Talk.

Dancing and merriment will scare away all thoughts of homesickness and blues at the annual Woman's League party for freshman girls, on Saturday afternoon, Sept. 25, at the Armory. Each year the League attempts to give the new girls a chance to become acquainted, and this year the plans are more extensive than ever. Beside the program of dances, Dean Comstock will give a short address. Frappe will be served during the afternoon.

The League hopes that all new girls, whether members of the league or not, will attend.

JUNIOR FORESTERS BACK.

To Have Month's Vacation Before Taking Up Duties.

The junior class in forestry returned from their summer quarters at Itasca Park two weeks ago. Four months of very successful work was accomplished by the men besides having an excellent time on the side. The members of the class will not commence their senior work until about October first, giving them a month's vacation.

Eleanor Sheldon, '04, formerly assistant to Dr. Burton, will study English at Bryn Mawr. Alta Churchill, '09, will take her position.

Harold Baker, Business Manager.
Office Hours—11:30 to 12:30.

This edition edited by
Hanford Cox.
Mary Vaill Tisdale.

Any notice, faculty or
student, must be handed in
of Notices at the desk of the Manag-
ing Editor before 12:30
p. m. of the day previous to its ap-
pearance. In case the above rule is
complied with, we guarantee that all
notices will be run and given promi-
nence according to their interest and im-
portance.

To take good notes
On Note means to pass good ex-
Taking aminations and derive the
greatest good from your
college course. In note taking lies
the secret of mastering detail and en-
forcing main facts. The first of the
year is the critical time in which
the important facts upon which the
entire year's work is to be based,
are given out in lectures. To miss
this means to be crippled through the
course.

In taking notes, 1. write complete
sentences; 2. Try and digest out com-
plete thoughts and get them down in
your own words; 3. Don't try to take
every word said; get the meat; 5.
Take your notes in ink in a bound or
first class loose leaf book; 6. Never
go to class without a note book.

**TUBERCULOSIS COMMITTEE
FOUNDS NEW FELLOWSHIP.**

The Minneapolis Tuberculosis
Committee has founded a fellowship
in the economics department to which
Chester R. Adams, Ex-'09, has been
appointed for the year. With the
help of Dr. Gray, who is chairman of
the committee on statistics, he will
attempt to make a thorough digest of
the data obtainable in the city and
state health offices. He will present
his results to the Tuberculosis Com-
mittee, who will add it to their ex-
hibit.

DRAWING DEPARTMENT QUARTERED ON WASH. AVE.

Moved From Folwell to More Spacious Quarters, Mlle. Clopath Delighted.

The drawing department will be located this year at 300 Washington Ave. S. E., in the old Delta Sigma Delta house instead of in Folwell Hall. The new quarters will provide for studios, sketch rooms and offices, and the third floor will be fitted up for a lecture room with electric fixtures for stereoptican views. The house will be ready the first of next week. Mlle. Clopath is enthusiastic about the new arrangements and will introduce many new lines of work made possible by the better equipment.

To allow some one else to read your Daily means that you are assisting in depriving yourself of the best value for money invested. By keeping your Daily means that you are assisting in depriving yourself of the best value for money invested. By keeping your Daily to yourself you are not acting selfishly but altruistically in that you are helping to raise the standard of the paper for the greater enjoyment of the entire University.

Rev. R. T. Wetbank will lecture at 12 o'clock every Sunday concerning the origin and nature of various books in the Bible, at Olivet Baptist Church, 4th St. and 13th Ave. S. E.

Notice:—All men wishing to try out for the Crack Squad report at the Armory next Tuesday, Sept. 21, at 1:10 p. m.

Have you subscribed for the Daily yet?

GOOD PLAYS IN VIEW.

The opening engagement of the Neill Stock company at the Princess Theater, Fourth St. and Central Ave. N. E. this coming Monday for the fall and winter season deserves more than passing mention, as it is an ambitious effort to make this new place of amusement the permanent home for high class stock company productions in Minneapolis. The Neill Company is an organization that ranks with the best of its kind, Mr. Neill, the leading man, being an actor of distinction and Miss Edyth Chapman, the leading woman, an actress of fine emotional ability. Their supporting company is a strong one. Further than that, the plays to be produced are recent successes, for which high royalties are to be paid, and they are to be staged with the same scenic effects and costuming of their original production. The prices asked are only one-fourth of those which the public have been paying to see the same plays given by traveling companies.

The play for the opening week is, "The Warrens of Virginia," the dramatization of the De Mille novel by Belasco, whose staging of the play will be carefully followed. Following this will come, "The Walls of Jericho," and then such road successes as "His House in order," "Her Own Way," "The Education of Mr. Pipp," "If I were King," "Second in Command."

The Princess Theater is as handsomely furnished and conveniently appointed as any in the city, being also fire-proof. Seats are now on sale at the theater or at Thompson's Drug Store, Fourth St. and Nicollet Ave. at popular prices. Matnees will be given Sunday, Thursday and Sunday.

John S. Muir, a former student here and a leading southeast merchant, was drowned this summer while bathing in Lake Minnetonka. Muir was swimming a 30-foot channel when he was suddenly taken with cramps.

Herbert Hodgman, who was at Minnesota two years ago, was killed by an explosion of acetylene gas in St. Paul on the first of August. Hodgman was working on a new patent and expected to start a new company in a few days.

MAG BOARD ALREADY ACTIVE

The September number of the Minnesota Magazine will come out week after next. This promises to be the best year the magazine ever had. The present board, of which James Dorsey is managing editor, and Arthur Barke the business manager, is conducting a well-organized campaign for subscriptions without which a college publication can have little effect, no matter how good the contents.

In order to increase the subscription list, the board is offering the magazine free to every student who brings in ten bona fide subscriptions with the money for them by the last of September. Subscription blanks may be obtained at the magazine office at the left of the post office.

The literary editor, Dorothy R. Hudson, reports a fair amount of material on hand. The intention is to make a feature issue each month. This means that contributions pertaining to the subject featured for any particular month must be handed in several weeks ahead of publication. A list of such features can be obtained from any of the editors or by calling at the office. General literary matter, stories, articles, paragraphs on anything you happen to be interested in, are desired immediately for the September number. These should be in not later than the middle of next week. Special attention is called to the fact that no unsigned material is ever accepted and that manuscripts must have the number of words attached at the end.

The editors are especially desirous that freshmen and hitherto unappreciated literary aspirants come forward and make their work known. The magazine promises to reflect the most interesting literary activity this year which Minnesota has ever known.

Obituary

Word comes to the Daily of the death of Wilbur K. Bates of Lake City, class of 1912, academic. Mr. Bates was taken with diphtheria while in Yellowstone Park this summer.

While only here one year, Mr. Bates proved that he was a true scholar. He took extra work in the Latin and Greek departments and was said to be the best Greek student enrolled in several years. He was loved by all who knew him and his death will leave a vacancy in many hearts.

LYRIC.
