VOL. XIII. NUMBER 53. THE UNIVERSITY OF MINNESOTA, WEDNESDAY, DECEMBER 6, 1911. FIVE CENTS THE COPY

DEBATE TEAMS READY FOR ANNUAL LEAGUE CONTEST

Four Old Men Will Represent Minnesota On Platform Friday Night—Nebraska Comes Here.

Minnesota will meet Nebraska in the first inter-collegiate debate of the season at 8 o'clock Friday evening. At the same time another team representing the Maroon and Gold will be battling for league honors at Madison. The team which represents Minnesota against Nebraska will support the affirmative and is composed of Stanley Gillam, Theodore Utne and M. N. Olson. The team which debates the negative at Wisconsin is composed of Theodore Thomson, Edgar Zelle and Eloi Bauers. The question to be debated is "Resolved, That the United States should adopt ship subsidies.

The team which comes from Nebraska is reported to be exceptionally strong and promises to keep our own team in hot water until the debate is over. It would not be amiss to remark here that Nebraska won both of her debates last year.

This year's Minnesota teams are composed of four of last year's men, Gillam, Olson, Thomson, and Bauers. With these men as a nucleus Professors Rarig and Gislason have worked up two splendid teams. On account of the presence of four old men, the Gophers should give a good account of themselves. The coaches are well pleased with the progress which the teams have made.

MANY CLASSES EXCUSED

Students In Social Science Departments May Attend Meetings of Academy.

Many of the classes in the Social Science departments have been excused Friday in order that the students may attend the meetings of the Minnesota Academy of Social Sciences.

In the morning the general subject will be "The Relation of the State to the Cities." Discussion of commission government will have an important part in the program. The members of the charter commissions of Minneapolis, St. Paul, and Anoka, which are working on new charters, have been invited to attend the meeting and take part in the discussion.

The afternoon session will take up "The State and Some Engineering Problems." Dean Sheneon will speak on "The State and the Municipal Engineering Problems."

Administrative problems are to be the subject under discussion to-morrow night, and "State-wide Industrial and Commercial Co-operation" will be on the program Friday night.

The meetings will all be held in the auditorium of the Law building, and everyone is invited.

There are twenty-two tribes of Indians represented in the Carlisle football squad this year.

Cecile Morarity, who will play Popham, in "The Magistrate."

ALUMNI WILL ADVERTISE

Prepare Lantern Slides Depicting Campus Scenes to be Shown in State High Schools.

Twenty-four lantern slides, showing many Minnesota scenes, have been prepared by the General Alumni Association and will be exhibited in the various state high schools. They have been prepared at the request of Dr. Granrud, of the Department of Latin, and they will be shown with a set of slides which the Department has made to be loaned to the high schools for use in teaching Latin.

Among the views which the slides show are the University campus, the Pillsbury Memorial gateway, the Pillsbury statue, Shevlin Hall, Sanford Hall, the Dorr fountain, the Armory, the Y. M. C. A. building, the Library and a general view of the department of Agriculture. There are also portraits of President Vincent, Dr. Northrop, Dr. Folwell, President and Mrs. Vincent, the May fete, the cadet corps, the University band, the Engineering faculty, and the senior academic class of 1910.

HADFIELD VISITS CAMPUS

Henry J. Hadfield, who was in a large measure responsible for the impressive beauty of the May fete last spring, was on the campus yesterday. He came to Minneapolis under the auspices of the Womans' Club to give a Kipling recital.

PRAISE FOR DR. SMITH

Critics Welcome Recent Contribution to Literature By Head of Department.

Dr. Samuel G. Smith, head of the department of Sociology, has written a book, entitled "Social Pathology," which was recently issued by the Macmillan Company. The volume will be used as a text to supplement Dr. Smith's lectures in his course in "Social Pathology."

In his work, Dr. Smith has presented the problems that are facing modern society, and his discussion results in several daring conclusions. In a lengthy review last Sunday, the Pioneer Press has this to say of the publication: "The volume has an unique value to students of social and economic ailments, and is, in fact, the first pretentious attempt at a study, with resultant conclusions, of the problems that confront every home and every citizen."

"Social Pathology has a special interest for St. Paul people, because Dr. Smith has gathered so much of his material and has worked out so many of his theories of social service right here amongst us. He was the founder, and for many years the president of the St. Paul Associated Charities, and has also been president of the State Board of Visitors. Furthermore, Dr. Smith has studied European institutions, as well as those in America, so his contribution to the literature of sociology is not entirely indigenous."

MASQUERS TO PRESENT PINERO'S FUNNIEST FARCE

CRITICS PREDICT GREAT SUCCESS FOR DRAMA CLUB PRODUCTION.

PLAY ON CHAPEL STAGE

Cast Filled By Students Well Known In University Dramatics—Seat Sale Heavy.

Pinero's funniest farce, "The Magistrate," will be produced in chapel by the Masquers Club tomorrow night, and the event gives promise of being an important one in the history of University dramatics.

The cast, under the direction of Charles M. Holt, has been laboring constantly, and hard, and it is said by local critics that the presentation of the farce will be highly creditable to the dramatic society.

Bob Wilson will be seen again in the leading male role and his work is fully up to the standard of his characterization of "Shylock" in the "Merchant of Venice," last spring. Harrison Fuller, who, it will be remembered, so successfully carried his part in "Trelawney," last year, will again portray a young English army officer, and it is claimed that this humorous role is eminently well filled.

Frank Harris and Myrl Wheeler are two other well known Thespians whose work has received favorable comment by the critics, that will ap-

Daphne Sardeson, who will play Agatha Poskit in "The Magistrate."

pear in tomorrow evening's performance.

The other parts are also appropriately well filled, and the whole production should be well balanced, and should attain the success that has been predicted for it.

The ticket sale has been heavy during the last few days and a record crowd is expected to attend the initial performance of the University dramatic year.

"Magistrate" Chapel Thursday 8:15 p.m.

We Launder Your Underwear Better.

Send your underwear and hosiery to us with your shirts and collars each week. It will prove a very satisfactory arrangement. We wash your underwear cleaner than is done elsewhere, we do it without shrinking them and without unnecessary wear. Your garments look and smell clean and fresh when we return them.

This week brings us some of the results of the labors of our fellows here at the University. We are to be treated Thursday night

to an exhibition of the Other Student histrionic abilities of the Activities Masquer stars in Pinero's "The Magistrate." One night later the forensic talent of the University will compete against Nebraska and Wisconsin in their annual contests.

The cast of "The Magistrate" has been at work nearly all the fall training for Thursday's play. The debaters who take part in the contests Friday night have been under a steady strain for several months. In view of these facts, it seems as though some of this hero worship, for which the university student is supposed to have extraordinary capacity, might be reserved for the members of the Masquers' cast and the debating teams. Neither are in need of sympathy or pity. They have worked hard, but their activities are the kind that benefit them as few other student activities do. What they need, however, is some kind of interest, and the favor of the student body.

The Masquers have returned to the practice in vogue some time ago, of producing their plays on the campus. The chapel falls short of being an adequate stage, but it is pleasing to find them giving their productions near home. The students ought to regard the Dramatic Club plays and the debates which are given on the campus as part of their interests, just as they do athletics. They ought to feel interest in a college production, as they do in the professional productions overtown.

LAW FACULTY ENLARGED

The faculty of the University College of Law has been recently increased by the addition of several prominent Twin City attorneys to the teaching corps.

Mr. W. M. Jerome of the Minneapolis bar, will conduct the course of common law pleading; Mr. Charles L. Maxler of the State Board of Examiners, will conduct the course of code pleading in the night class; Mr. Cassius M. Ferguson of the Minneapolis bar, with Judge Hickman, will have charge of the college court, which will convene next week.

FRUIT INSPECTORS REPORT

Committee Appointed By Regents Gives Favorable Report On State Fruit Farm.

Some time ago the Board of Regents appointed a committee composed of E. Yanish, St. Paul, and E. A. Smith, Lake City, Minn., to inspect the State Fruit Breeding Farm. This committee visited the farm October 16th and has just rendered its report. In this report the committee states that this is one of the best investments the state has ever made. But the crying need just now is more land. Unless this is procured the present projected experiments must be delayed.

It is the opinion of the committee that the experiments in plums should be decreased, and those in apples increased, in number, for apples are more important to the state. This state last year lead the fruit growing states of the United States, with a percentage of ninety. A judicial expenditure for further experiments would be of incalculable value.

PICTURE THEFT REPORTED

Management Hides Posters To Prevent Mutilation By Souvenir Hunters—Tickets On Sale.

Because almost ten pictures of Miles McNally have been cut from as many of the "Girl in the Moon" posters with which the campus has been adorned, Manager Tom Crocker yesterday ordered them removed. Although he has refused to speak for publication, it is known that the manager attributes the souvenir-hunting to girls enamoured of the handsome opera hero. Some of the placards showed scissor marks, not those of a penknife wielded by a masculine hand.

It was remarked by the postoffice janitor that all the Dailies in the girls' waste basket were strangely cut, and on investigation by a Daily reporter, it was discovered that only those dailies from which the pictures of Harold Van Dusee, the leading lady, has been cut, were thrown away as useless. When Mr. Crocker was informed of this he arranged to have pictures taken of other members of the cast, which will be published in a few days.

He is further considering passing out pictures of the most popular members of the cast to those who present stubs of the tickets, which will be placed on sale today. They may be obtained at the bookstores, and from Waldorf Ganssle, who will also take orders of organizations for blocks of seats.

RIFLE SQUAD TRYOUTS.

All candidates for places on the University Rifle Squad report for practice and tryouts between the hours of four and six, and seven and nine P. M. today and Thursday. The squad will consist of twenty men, and its members will be excused from regular drill except on Saturdays. Contestants will report to the officer in charge of the range.

Varsity Athletics

**FIRST PRACTICE RESULTS
IN FAST HARD SCRIMMAGE**

Thirty Candidates Report For First Workout—Freshman Five Unusually Strong.

Yesterday afternoon about thirty men turned out for the first basketball practice of the year. Many of the promising candidates from last year's sub and second teams were not present. The only regular who did not turn out was Leonard Frank, the crack guard.

The first scrimmage started with Captain Lawler, Robilliard and Whipperman, all last year's men, in the lineup. "Rosie" was on the opposing side and is reported to have made things lively for the Varsity.

This year's material is not so plentiful as that of the last season. The best men seem to be on Foster's freshman bunch, which is composed of Stevenson of Carleton, McKay of Shattuck, Lawrence Lawler and Dries of St. Thomas, and many other strong men. This looks like the strongest thing in freshman "fives" that has been seen here for many years. Stevenson, of Carleton, is particularly fast, and has already been compared with "Rosie."

The biggest trouble this year will be to find some man to replace Wanless. Wanless was able to "feed" Lawler to perfection last year, and he will be hard to replace.

Practice will be held every afternoon at 5 o'clock from now on.

ELECT CAPTAIN TONIGHT.

Tonight the St. Paul alumni and business men will banquet the "Champions of the West" at the Ryan hotel. This event, instituted last year, is to be an annual affair, and in view of the fact that the team has postponed the election of the 1912 captain, considerable interest is attached to the banquet tonight.

President Vincent, Governor Eberhart and Mayor Keller have been invited to speak while Director Rose and his band will take care of the musical end of the entertainment.

**CHICAGO ALUMNUS PICKS
TWO FOR ALL-WESTERN**

Malcolm Maclean, '03, sporting editor of the Chicago Evening Post, has selected the following as his all-western team: Rosenwald, Minnesota, fullback; Sauer, Chicago, halfback; Craig, Michigan, half back; Moll, Wisconsin, quarterback; Wells, Michigan, end; Capron, Minnesota, end; Rademacher, Chicago, tackle; Buser, Wisconsin, tackle; Scruby, Chicago, guard; Shonka, Nebraska, guard; O'Brien, Iowa, center.

In his all-conference eleven the name of Tobin as end, displaces Wells of Michigan.

In a recent edition of the New York Evening Journal, Ralph Capron was given the position of quarterback. He was chosen for his wonderful open-field running which, the paper said, was unequalled in the country. Capron was the only Western man chosen for either the first or second team, and he was heralded as a coming rival of Eckersall and Stefens for national fame.

GIRLS WILL PLAY HOCKEY.

Petition Board to Flood Northrop Field for Skating Rink.

That all girls who are interested in the formation of a girl's Hockey team may make themselves known, a list has been placed in the Post office. This list is headed by a Petition to the Board of Control to sanction the flooding of Northrop field again this year. Last year a rink was flooded in one corner of the field, and although the ice was not always in the best condition, a great number of students enjoyed the opportunity for skating.

The plans this year call for a larger flooded space, one part of which will be set aside for a hockey rink. There is enough material among the girls for several teams, and it is possible that one will be formed from each

class. All girls who are interested are being urged to sign the petition at once.

Anti-typhoid vaccination is being practiced at Iowa.
