Representatives Of OPA Office To Speak At U

First Discussion Set For Thursday Meet

Professor Keith Tyler of Ohio State university and James W. Evans, director of research of the Board of Education at St Joseph, Missouri, arrived at the University Tuesday representing the Office of Price Administration.

They are sent here by the educational branch, consumers' division of the OPA to explain the government's program of price control, rationing and conservation.

First open meetings at which these men will appear will be held Thursday and Friday. The meetings will be open to persons on and off campus.

The OPA arranged with Dean Wesley E. Peik of the College of Education for the appearance of Professor Tyler and Mr Evans before classes, groups and forums. Dean Peik appointed a committee of Professors Nelson L. Bossing, chairman, Edgar B. Wesley and G. Lester Anderson, principal of University High School, to coordinate the efforts of the speakers.

The OPA men will be available to any civic groups or luncheon clubs in the state during their stay from June 23 to July 10. Any groups who wish to have these men speak at their meetings may make arrangements through Professor Bossing.

Phi Delt Luncheon

The first Phi Delta Kappa luncheon of the summer session will be held at 12:15 p. m. today in the Union.

Naval Ensigns Begin Course at University

Seventy-eight naval ensigns have begun a 12 week course in aeronautical engineering at the University under John Ackermann, head of the aeronautical engineering department.

Most of the trainees are either graduates in aeronautical engineering or have completed their junior year.

The ensigns from out-of-town are housed at Pioneer hall. Their class hours are from 8 a. m. to 5 p. m. each school day.

In addition to their training in aeronautical engineering, the ensigns will be given bi-weekly lectures in naval indoctrination by the naval ROTC staff.

Commander Joseph Baer, commandant of the naval ROTC corps, is the officer in charge of the group, assisted by Lieut-Com Everett Pettie as executive officer.

Newsreel

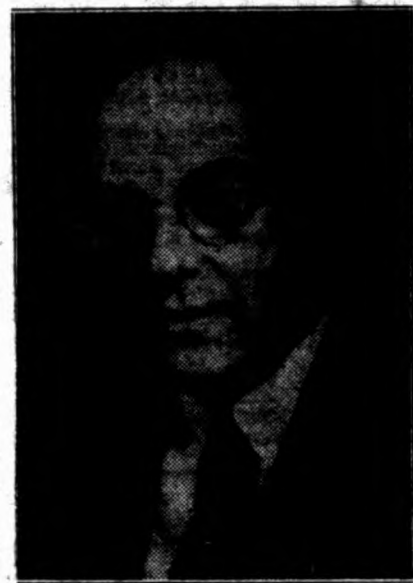

- Homes for Defense
- Donald Duck

War Parade, a short on homes for defense, and a cartoon, "Donald's Snow Fight" are on the Newsreel program at 1 and 2 p. m. today in the Union ballroom.

President Roosevelt's appeal to the nation for scrap rubber, Molotov's secret visit to the United States and Elmer Davis, in his new job as head of the office of war information, will also be shown.

Admission is by fee statement.

Sigmund Spaeth To Be Speaker At U Convocation

Sigmund Spaeth
Second convocation speaker

You, too, will probably be the life of the party after listening to Sigmund Spaeth, distinguished music critic and author, speak on "Music for Fun" at the second convocation at 11 a. m. tomorrow in Northrop auditorium.

Mr Spaeth, who has been music editor of Life, McCall's magazine, Esquire and the Literary Digest, as well as a contributor on music to the Encyclopedia Britannica, will talk on the recreational side of music, how to participate in music regardless of talent or experience. He will demonstrate on the piano games and tricks for music-lovers at parties in the home.

Mr Spaeth, considered "America's most popular speaker on musical topics," is well known as the "Tune Detective." He earned this title by tracing familiar melodies back to origin.

U Scrap Rubber To Be Collected For Government

Scrap rubber hiding around the University will soon find its way to Uncle Sam's war effort.

President W. C. Coffey has requested deans, directors and department heads to search their departments for any scrap rubber which the University may contribute as its part in the present salvage campaign. The rubber prospecting was suggested by the University defense committee.

Rubber collected in the departments should be turned over to the building janitor, who will turn it over to the department of buildings and grounds.

Tolstoy Book Review

"War and Peace," written during Civil War days by Tolstoy, will be reviewed by Miss Helen Acker at 3 p. m. on Thursday in the Museum of Natural History auditorium.

U Summer Enrollment Reaches All-Time High

Campus community activity will hum with new enthusiasm this summer as enrollment hit an all-time high.

Final summer session registration figures have boosted the total enrollment to 5,350 students, 23.7 per cent more than last year, T. E. Pettengill, director of admissions, said yesterday.

Rear Admiral Visits U Naval Units Today

Medical facilities at the University serving naval personnel on the campus will be inspected today by Rear Admiral Edward C. White, senior medical officer of the ninth naval district.

Rear Admiral White's inspection tour will begin at Wold Chamberlain airport at 9 a. m. He will arrive on the campus at noon for lunch as guest of the University, and will then begin a tour of the University's medical facilities.

He will inspect the floor in University hospital set aside exclusively for the use of the navy and the first aid station established on the Ag campus for navy machinist mates. More than 2,000 navy men on the campus are served by these medical units.

The inspecting party, headed by Rear Admiral White, will include Lieutenant C. P. Dean, U.S. navy medical corps, Commander Joseph Baer, commandant of the Naval ROTC corps, Lieutenant Charles Williams, executive officer of the University's naval electrician mates school, Lieut-Com C. J. Hutchinson, senior medical officer of the naval recruiting office in Minneapolis.

Beach To Lecture

The third lecture on living ideals in National Literatures will be presented at 3 p. m. today in the Museum of Natural History auditorium. Joseph W. Beach, professor of English, will speak on the subject, "The Individual and the Group with Special Reference to Nineteenth Century Writers: Byron, Shelley, Carlyle, Arnold."

Public 'Fiesta' Will Be Held at U

By Peggy Sjoeselius

Things South American, whether the Spanish language or such torrid dances as the tango and rumba, have their disadvantages.

Aching legs and backs, the results of mak-

ing the "dip" in the tango too enthusiastically, are the latest worries of the 22 "South Americans" enrolled in the Institute of South American studies.

South American dancing, tangos, rumbas and congas, are coming in for their full share of attention this week, with Senores Emilio Le Fort and James Cuneo as dance instructors. Senor Cuneo is institute director.

The Mexican hat dance, shown in the picture, is typical of South American swing numbers being taught to members of the Institute of South American studies. More common dances are the tango, rumba and conga.

First public "fiesta" of the institute will be given at 7:30 p. m. Thursday, when moving pictures in English will show life in Brazil and Columbia. The movies, open to the public, will be shown in Sanford hall.

After the pictures the Spanish chorus, "Las Rancheritas," under the direction of Senorita Margarita Castro and Senor Emcio Le Fort, will sing "Adios Mi Chaparrita," "Alla en el Rancho Grande," "Cielito Lindo," "Aurora" and "Cancion Mixteca." Senorita Castro will sing "Siboney."

"Engleesh" is rapidly becoming an extinct language in the institute, and the students all have been given Spanish names.

Technolog Moves To New Quarters In Murphy Hall

Technolog, the Institute of Technology magazine, has just completed moving from the Electrical Engineering building to 17 Murphy hall.

The navy has taken over Technolog's former office and purchased the office equipment.

Editor Jack Rockwell announced recently that the annual Technolog cover contest will be continued until Monday, July 6. The winner of the contest will get \$10.

Regulations for the contest follow:

Designs should be made on a stiff board 9 by 11 inches or larger in colors of black and white, one additional color and one shade of that added color. The words "Minnesota" and "Technolog" must be used. The cover should contain provision for a photograph not to exceed 25 square inches.

Entries should be turned in to 17 Murphy hall. Further information may be obtained from the Technolog office.

Largest enrollment increase was in the Arts college with 1,187 students enrolled compared with 962 last year.

Enrollment jumped sharply in such colleges as medicine, dentistry and pharmacy, where acceleration of courses was made compulsory.

Institute of Technology enrollment was up 208.4 per cent from 275 students to 848. Medical school registration was 452 compared with 121 last year.

Enrollment gains were largely in undergraduate students who either are accelerating their courses to get their degrees before army induction or are taking mathematics and science courses to prepare for the armed services.

Education enrollment is down 23.2 per cent, from 1,200 students to 922, while the Graduate school showed a proportionate drop, from 1,225 to 882.

Piper to Conduct Art Institute Tour

Ralph Piper, director of summer session activities, will conduct the fourth University tour to the Minneapolis Institute of Arts today.

The group will leave the Seventeenth avenue entrance to the Administration building at 2 p. m. for the museum which is famous for its exhibits of well-known paintings, period furniture, jade, tapestries and coin collections.

The folk dance session in the Union main ballroom Thursday was attended by more than 100 students. Second session will be held from 3 to 5 p. m. tomorrow.

Other activities today are listed under What's Doing.

Christian League Talks Begin Today

By Lionel Horwitz
Church Editor of The Daily

The second summer of Christian Fellowship league lectures by outstanding speakers of various denominations will begin today with a meeting from noon to 12:40 p. m. in 344 Union.

Today's speaker is Dr Paul S. Rees, pastor of the Covenant Tabernacle church in Minneapolis.

The meeting will be held each Wednesday with all the talks centering on the topic, "Will the Church Survive the Crisis of 1942?"

Dr Rees is a graduate of the University of Southern California and an honorary alumnus of Asbury college where he received his doctor of divinity degree.

Previous to his present position, Dr Rees was an evangelist traveling throughout the United States and Europe. He is the author of several books and pamphlets.

Maurice Carlson and Earl Loomis are co-chairmen of the summer session programs.

Dr Paul S. Rees

For Better Speech

Clinic Aids Draftees

Young men stutters who wish to improve their speech so that they may enter military service will be among more than 20 outpatients beginning the eight-week speech clinic summer session in 411 Folwell.

Dr Bryng Bryngelson, director, said recently that 15 stutters, five articulatory and three cleft palate patients, have registered for the session. They are from Illinois, Colorado, the Dakotas and Minnesota.

Military regulations bar stutters from combatant service. Stutters this summer will study six hours a day in the clinic.

Faculty for the session will be Dr Bryngelson, Mrs Myfanwy Chapman, supervisor of speech correction in the Minneapolis public schools, Marian Shinn, speech clinician, and Boyd Sheets, clinical fellow.

Tech Acceleration Is Not Necessary For U Deferment

Acceleration of courses will not be a requirement for students seeking University draft deferment petitions in the Institute of Technology, Dean S. C. Lind said Monday.

More than 800 technology students, 47 per cent of the regular enrollment, are registered for the accelerated program, Dean Lind said.

The petition circulating in the Institute of Technology to lower summer session fees has been dropped.

Dorothy Bennett Leaves On Two-Week Trip

Dorothy A. Bennett, Sales and Promotion manager of the University Press, left Monday to begin a two-week schedule of business engagements.

At the National American Library association meeting in Milwaukee, Wis., she will represent all the university presses in the country. Miss Bennett will then go to Charlotte, Mich., where she will speak at the workshop, a project run by the University of Chicago, the University of Michigan and the Kellogg foundation, as a training school for teachers.

Naval Machinists To Train Here

At least 500 naval machinists mates will be trained here, Rear Admiral John Downes of the Great Lakes naval training station and commander of the ninth naval district has informed the University.

The machinists will come to the campus at the rate of 125 a month starting September 28, for a 16 week course.

Trainees will be housed on the Ag campus and take most of their work in the Agricultural Engineering building.

Civilian Radio Course

The electrical engineering department Monday began training 25 civilians in the principles of radio under the direction of the army, John M. Bryant, head of the department, said Monday. The course will last 16 weeks.

50 U Naval ROTC Students To Embark on River Cruise

University Naval ROTC students who are in the Twin Cities next week-end will be able to attend the Naval ROTC river cruise to Lake Pepin, Lieut-Com J. A. Flynn said Monday.

About 50 Naval students, accompanied by their officers, will embark Friday night on river

craft of the coast guard auxiliary at St Paul, Minneapolis and Stillwater. Owners of these boats, who will accompany the University men on the week-end cruise are members of flotilla No. 2 of the coast guard auxiliary.

After spending Saturday morning in instruction in practical seamanship, the Naval students will proceed to Red Wing, where they will attend a luncheon as guests of the Red Wing coast guard auxiliary. Following that they will go

out again for further practice in formation maneuvers until Sunday afternoon.

Practice maneuvers have been worked out to simulate actual fleet conditions, and signalling among the units will be by semaphore in the daytime and Morse code blinker at night.

On the flagship of the fleet will be Commander Joseph Baer, professor of naval science and tactics.

There are still a few vacancies on some of the boats, and Naval ROTC students wishing to participate in the cruise may do so by signing up at the NROTC office before Wednesday noon.

Coed Fitness Binge

Phy Ed Program Offered

"Fitness binge" is the way Miss Gertrude Baker, head of the women's physical education department, expressed the work the staff is doing this summer.

"If a person can't buy bonds or stamps it is his duty to put himself into good physical condition," she said. "It is a person's moral obligation to be fit."

Miss Baker stressed the advantage of taking a complete inexpensive physical examination at the Health service. She also considered sufficient rest important for participants in active sports.

For relaxation periods a siesta room in Norris Gym has been designed where coeds may rest at any time.

Rifle, Pistol Shooting To Begin This Week

The University rifle range in the Armory will be open to students the fourth, fifth and sixth hours Monday through Friday during the summer, Sergeant Carl Cihos announced yesterday.

Participation in rifle shooting is open to any student and pistol shooting will be available to those who have their own pistols. In each case participants will have to provide their own ammunition.

9 U Librarians Attend National Association Meet

Nine University librarians are attending the sixty-fourth annual American Library association conference in Milwaukee this week.

Frank K. Walters, University librarian, is serving as chairman of the bibliography committee; Harold Russell, reference librarian, is head of the college and research library group; and Raymond H. Shove, head of the order and binding department, is chairman of the serials committee. Mr Walters is also director of the Association of Research Libraries.

Wave L. Noggle, visiting lecturer from Virginia junior college, Virginia, Minn., is leaving today for the meeting. He is secretary of the junior college library division.

Mary L. Friedrich, Shirley Larson, Elsa Hammari, Jessie L. Arms and LeRoy Linder will also represent the University library.

Pollen Situation

Hay Fever Is Common Summer Ailment At U

Hay fever is a common ailment among summer session students. The University Health service reports that every day 30 or more students take shots for chronic sneezing. Blame is attributed to the excess of pollen in the air this year.

Despite the prevalence of hay fever, there are only ten general patients in the hospital. Most of these patients are hold-overs from the regular session. This in an unusually low number considering the increased summer enrollment.

The dispensary will be open during summer session with the regular staff. Students are encouraged to take physical examinations for which a charge of \$4 is made.

Baseball Practice To Begin Today

Athletic Director Lou Keller will use five or six varsity men as the nucleus of his team when he opens the first summer baseball practice at 3 p. m. today on Northrop field.

A new Big Ten ruling passed this spring makes it possible for Minnesota players to practice and compete as representatives of the school without losing any eligibility.

Staff members and students will also be eligible for the team that will schedule night games with Twin City organizations. Candidates should report to Keller in Cooke hall sometime today and get their equipment.

2 U Men Serve In Aquatennial

Two University staff members are taking an active part in the preparations for the "On-to-Victory" Minneapolis Aquatennial, July 18 to 26.

Les Schroeder, ticket manager and also wing commander in the state civil air patrol, is an executive committee chairman in charge of aviation events, and Jim Kelly, track coach, is assisting with plans for the Aquatennial field day, July 25, at Memorial stadium.

The whole celebration this year stresses preparedness and physical fitness, with events ranging from the nine-day Paul Bunyan canoe derby to a Boy Scout emergency service encampment on the city Parade Grounds.
