VOL. XII, NUMBER 87

THE UNIVERSITY OF MINNESOTA, FRIDAY, FEBRUARY 10, 1911

FIVE CENTS THE COPY

MINNESOTA TO MEET IOWA IN FIRST GAME TONIGHT

Absence of Wanless and Lawler Will Weaken Minnesota—Unined Rooting.

At eight o'clock tonight, the husky aggregation from Iowa will clash with the Gophers in what promises to be one of the best struggles of the year. In Iowa's one tryout this year they defeated the fast bunch from Northwestern by a score of 20 to 14. Northwestern has the reputation of having one of the best quints in the league and the defeat places her well in the ranks.

Last year Minnesota defeated Iowa twice in hard played matches, winning by only a few points. This year the Gophers have an even chance with the Hawk-eye players.

The absence of Wanless will hurt the team's chances to a great extent. Either Dartt Lyford or Len Frank will take care of his position. Lawler is also under the weather and it is seriously doubted whether the Gopher's little scoring machine will be able to play. His position will be filled by Frank, Lyford or Grimes. Although the substitutes are men of excellent ability, the team work will be greatly hampered and the scoring will probably cut down.

"Bunny" Rathbun will lead the rooters in cheering the team on. The rooters will take seats on the floor and in the gallery near the band in order to concentrate their noise as much as possible. In other colleges the basketball is like the football rooting and it is hoped that this will be the result of the efforts to receive good cheering.

Wanless will be out of the game. The game will start promptly at eight o'clock and will be followed by informal dancing. The University band will furnish the music for the evening.

GIRLS DISCUSS CANDIDATES

Merits of Office-Seekers on Board of Athletic Control Freely Talked Over.

About twenty girls met yesterday noon in Shevlin Hall to discuss the coming Board of Athletic Control election in which the girls of the university will be allowed to vote.

The meeting, though small, was representative. There was no chairman since the meeting was merely a very informal and vigorous discussion concerning the merits—or, demerits—of the respective candidates.

As this is the first time that the women of the University have been allowed a voice in the election of the Board of Athletic Control, the girls feel deeply the importance of taking a definite and straight forward position. It was decided that the girls endeavor to support the candidate for office who most clearly and sincerely stood for clean politics and true principle, and who would do all in his power to further the interests of Woman's Athletics at the University of Minnesota.

NOTICE RIFLE TEAM.

All members of the rifle team must be on hand at 4 o'clock today.

BRYN MAWR FELLOWSHIPS OPEN TO MINNESOTA GIRLS

Dean Downey Announces Offer from Eastern College—Applications Must be in Early.

Dean Downey yesterday received a communication announcing that Bryn Mawr college offers annually one Resident Fellowship of the value of \$750, twelve Resident Fellowships of the value of \$525, a Graduate Scholarship in Political Theory of the value of \$250, and eighteen Graduate Scholarships of the value of \$200.

These scholarships and fellowships are open for competition to graduates of Bryn Mawr college, or if any other college of good standing. In awarding them, the recommendations of Professors with whom candidates have studied and any indications the candidates have given of future success in academic work, are considered.

The twelve Resident Scholarships, of the value of \$525, are awarded in Greek, Latin, English, German, and Teutonic Philology, Romance Languages, History Economics and Politics, Philosophy, Mathematics, Physics, Chemistry and Biology, and Archaeology. They all require one year of graduate work after the first degree has been obtained.

Application for a resident fellowship or scholarship should be made to the president of the college, not later than April 15th, preceding the academic year for which the fellowship or scholarship is desired.

Any women students who may desire a fellowship or scholarship may obtain additional information at President Northrop's office, or from the President of Bryn Mawr college.

INTER-FRATERNITY COUNCIL TO BANQUET DR. VINCENT

Dinner to Better Acquaintance and Interest Men in College Activities—Rushing Discussed.

At a meeting of the Inter-Fraternity Council held Wednesday evening at the Chi Psi lodge, it was decided to hold an informal dinner at the Minneapolis Commercial Club with President Northrop, former President Folwell, President-Elect Vincent, the Board of Regents and the deans of the various colleges as guests.

The object will be to promote acquaintance between the faculty, regents and fraternities. An effort will be made to interest the men in college activities other than social.

Plans were also discussed in regard to enforcing the rules in regard to high school pledging and rushing. A committee was appointed to confer with high school principals on this matter.

Sophomores Attention.

THREE CANDIDATES SPEAK AT AGRICULTURAL COLLEGE

Cant, Bromley and Sawyer Talk to Meeting "Aggies" on Election Topics.

At a political meeting held yesterday in the Agricultural college, several of the men in line for offices on the Athletic Board, spoke on the present situation of athletics and the responsibility of the Board in the University. All men dwelt the proposed amendments and expressed the hope that they would all be passed.

Jules Hoffman present "Aggie" representative on the Athletic Board opened the meeting and introduced Prof. E. G. Cheney who presided. George Bromley, Harold Cant, and "Cy" Sawyer were called upon and addressed the meeting. George Bromley praised the agriculturalists their activity and cited Paul Young as a great "Aggie" athlete. Harold Cant urged the amendment vote and "Cy" Sawyer spoke in favor of the representation of the agricultural college in the Board, amendment for which was passed a year ago.

After the meeting M. G. Thompson, Paul Tobin and Frank B. Lees were nominated for representatives in the Board. Each man responded with a short talk.

THURSDAY DANCE CROWDED

Seniors Attended in Body—Canvas Pronounced A Success.

A large enthusiastic crowd attended the regular Thursday dance last evening in the Armory. The canvas which covered the whole basketball floor was used and proved to be an invaluable help to the dancers. The entire band furnished popular music which was received well as the encores.

These encores seemed to prove that the weekly dances have come to stay.

The seniors trooped over from their banquet in Shevlin in a body, quickly joined the merry throng. On account of the seniors the dance lasted for some time longer than is customary.

Professor and Mrs. Edward Van Dyke Robinson, of the Economics department, and Professor and Mrs. Reep, of the Sociology department, chaperoned the dance. The track men again acted as hosts and hustled around filling programs to overflowing.

DR. VINCENT LECTURES HERE.

While Dr. Vincent is in Minneapolis to attend the Alumni Dinner February fifteenth he will lecture on "Plato's Republic" at the First Congregational Church, 8th avenue and 5th street southeast. The lecture will be at three o'clock, Thursday, February the sixteenth.

HONORED SENIORS APPEAR IN CAP AND GOWN PARADE

Two Hundred Dignified UpperClassmen Hear Prexy's Last "Senior Day" Address—New Song.

Two hundred seniors in caps and gowns listened to the last address President Northrop will deliver on Senior Day. There were tears in the eyes and lumps in the throats of every auditor as they heard their beloved "Prexy" give the seniors his parting advice.

"The senior class is marked by the great number of fine women," he said, "and by the energy and maturity of the men. What the country needs is not so many 'brigadier-generals' but more men to fill the ranks. The men and women can do more, by filling a modest place in the world, faithfully and well, than they can by meteor-like brilliance."

President Northrop read a letter he had received from the class which graduated from Yale in '77, showing him their appreciation and love. The letter told the success the ninety survivors of the class are making of life. President Northrop cited this as an example of what the University student can do whether he has marked brilliance or not.

In closing his address he said that he hoped the seniors would not consider the fact that he is graduating with them a disgrace, as he considers it an honor to him.

Miss Gertrude Hull played for the seniors to march. The university quartette sang for the first time the new senior "cap and gowns day song" and the exercises closed with the singing of "Minnesota."

HOOP SKIRTS FOR LADIES IN "TRELAWNEY OF WELLS"

Much Practice Necessary to Master the Myteries of Old Time Dress.

About fifteen hoop skirts have been provided for the ladies of "Trelawney of the Wells" all of whom have several changes of costume. Several of the leading ladies have been practicing with the crinailnes and have showed ability in their management.

Wednesday night the cast rehearsed from about three o'clock until eleven. Mr. and Mrs. Holt alternated in coaching and the actors could hardly wend their way homeward. These long rehearsals will be held until next Wednesday night when the play will be put on.

The gallery seats are selling much faster than was expected. Almost half of these being sold. There remains one box, a scattering seats down stairs and most of the balcony.

JUNIOR SORORITY GIRLS WILL DANCE IN SHEVLIN.

Sedarmoc, the Junior Girl's Inter-Sorority Club, will give their annual dancing party in Shevlin, Monday, February 27. All members who will be able to come are asked to pay Marjorie Babock before Monday, February 13, as a large number is expected and arrangements are to be made a week ahead.

University of Minnesota students have been exceedingly fortunate during the past year and will be equally as fortunate in the missing coming months in the Opportunities number of lectures that have been given on the campus by distinguished men of science and literature. However, they have been favored, it is equally as true that the good fortune has not been taken advantage of by the students.

The lectures are given by men that are leaders in their chosen fields of work. They have a real message of instruction to live to an audience and an hour spent with their spoken thoughts is worth as many more spent in the average class room. A popular member of the faculty recently remarked, "If a certain lecturer now at the University could go back to his Eastern University and report that his talk was heard by an overflowing audience in chapel it would do more for the University than the winning of the Western championship in football."

It is doubtful if the majority of the students would concur with this statement, but they would do no harm by supporting the many lectures that are given at the University one-half as well as they do the football games.

COMMUNICATIONS

The Daily takes no responsibility for any sentiments expressed in printed communications. Names of writers must accompany the letters.

To the Editor:
In the storm of discussion aroused by the withdrawal of Mr. Allen's new opera, "The Girl in the Moon," most people seem to have lost sight of the fact that a man attending a university is in reality two persons: a student, and as such amenable to the discipline of his institution; and, on the other hand, a free citizen whose outside action the faculty can have no control.

Probably in the present case the faculty considers it only consistent to see to it that the rule barring a football hero likewise bar a college opera star. But, from the standpoint of citizens why should we weep over titles? What is the practical difference between "The Girl in the Moon" under the Auspices of the Men's Union and "The Girl in the Moon" to Have Been under the Auspices of the Men's Union?

Let Mr. Allen scrape off the university label; let the company present his opera, not as students of The University of Minnesota, but as free American citizens. Everybody will go to hear it; the composer's past record would assure that, even without the present free advertising on the part of the faculty to help it along. For is it not a college axiom that it only takes faculty opposition to make a thing popular. Nay, fur-

ther, Mr. Allen in his munificence might be prevailed upon to admit those of the faculty who could prove their own citizenship.

The proceeds of the "Citizen Opera" could be "donated" to the Men's Union, and if the faculty objected to this on the grounds that the money "tainted" the said taint could be utilized in some other way; for example, in endowing a chair of faculty humor. Meanwhile, the rest of us would be satisfied; for we surely would have been safe in trusting Mr. Allen to give us a pleasant evening's entertainment.

An Upperclassman.

Y. W. C. A. BULLETINS NOW OUT.

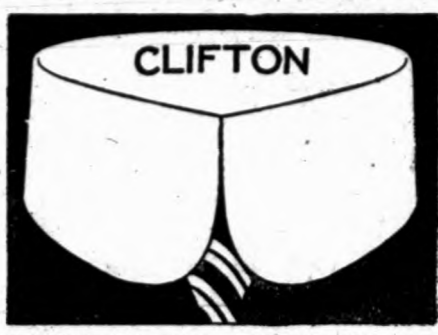

Neat printed cards, listing the courses which the Y. W. C. A. offers for this semester in Bible study, have been distributed. Additional copies may be secured in the Association office. The program is the best the Association has ever offered. Over fifty girls have already signed up.

One change has been necessary. Mr. Richardson's course in "Social teachings of Jesus" has been changed to the 5th hour on Thursday.

The University of Wisconsin has a club for the study of the historical development of woman.

Michigan is to have no varsity basket-ball this year. The faculty contend that, coming at the close of one semester, and the beginning of the next; it takes the students' attention just when they should devote their entire time to their studies.

The freshmen and sophomore at Columbia University go through a period of training for their annual cane rush.

BLUE SLIPS SADDEN CAMPUS

Many Receive Tokens of Scholarship For First Time—Novelty To Freshmen.

Many of our deligent students received their eagerly anticipated blue slips, Wednesday afternoon. The news of their appearance spread rapidly and soon the post-office was filled with anxious looking students.

These tokens of scholarship were accepted by the freshmen as a novelty, but by the upper classmen with a varied degree of indifference.

Some took them as a matter of course, because it was not the first time they had been reminded of their brightness; while others were aided to their rooms. One of the brightest girls of the Junior class was seen with tears in her eyes, telling her friend that it was the first blue slip she had received during her entire educational career.

CONSTITUTION AMENDMENTS

Following are amendments proposed to the Board of Athletic Control Constitution to be voted on Saturday.

1. That Article V be stricken out entirely, and subsequent articles renumbered as shall be necessary by the striking out of Article V.

2. That Article VIII be amended by adding:

Sec. 8. No member shall receive any compensation for his services as a member of the board, except two tickets for each contest or exhibition, either held under the auspices of the board, or in which a Minnesota team participates, at which such member shall be in personal attendance.

3. That Article X be amended to read:

There shall be two general meetings of this association during the college year.

(a) A meeting to be held the first Saturday after the midyear examination week for the election of officers and members of the board, and for such other business as may properly be brought before the association.

(b) A meeting to be held the second Saturday after the fall registration week to fill any vacancies in the board occurring by reason of a failure to register before that date, or for any other reason, and for such other business as may properly be brought before the association.

Each member of the band at Wisconsin is presented with a fob bearing the inscription "University of Wisconsin's Regmetal Band," and the recipient's name. Gold fobs are given to those who have played four years, and silver to the three-year men, and copper to the two-year men.

Two prizes have been awarded for two designs out of a hundred and fifty which were submitted for a new seal for Cornell University. The committee is still dissatisfied, however, and the search for a more suitable design will be continued.

"ATTENTION" IS SUBJECT OF LECTURE BY DR. TITCHNER.

Doctor Edward Titchner, delivered the first of his two addresses, "Attention" before a gathering made up of students and faculty members in the lecture room of physics laboratory yesterday at 4 p. m.

Attention is vividuous—a mere attribute of sensation and not an emotion," was Dr. Titchner's theme. The lecture was decidedly technical dealing with discrimination between sensations, emotions, and kinesthetic sensation.

"Attention is all of the same type of consciousness," he said "Action attention is a voluntary attention, passive attention is involuntary. Action attention to a subject or project gradually changes into passive attention. The tasks that required voluntary attention by continual repetition we will become involuntarily attentive to.

"All work is a waste of time," he contioned "but a necessary waste of time. The more one works the less he has to work. By constant attention the work that was at first against the grain becomes ingrained and turns to play."

Professor E. B. Tichener will give the biennial Sigma Xi address in chapel tonight at 8 p. m. The subject will be "Types of Mind," and the public is cordially invited.

U. L. A. ENTERTAINS.

The annual reception of the University Liberal Association was held Wednesday evening at Shevlin Hall. A large number of guests were present and had an enjoyabl time. Nora H. McEwen send as chairman of invitation and reception committee, and Frau Barr as chairman of refreshment and program committee. The chaperons were, Mr. and Mrs. Raymond Phelan, Mr. and Mrs. W. S. Richardson, and Mr. and Mrs. Wilson Backus.

The University of Washington adopted the honor system just before mid-year exams.

The University of Michigan is offering a course in "gold bricks," to guide graduates against fraudulent investments when they leave college.

A "farmer's ball" was recently given at the University of California. The formal evening dress consisted of boots and overalls. The music and decorations were along rural lines.

Virginia offers medals for excellence of work and physical development in the gymnasium.

ALUMNI TRACK COACHING CALLED MINUS QUANTITY

"Babe" Loomis and Captain Emeritus Harold Hull Are Only Alumni Coaches.

In regard to the letter in yesterday's Daily Coach Grant said that the Alumni could be of great assistance to the team in rounding them into shape, as well as getting new material out, but as he was a stranger to the school, as well as this section of the country he hardly felt he could appeal to the Alumni himself.

Coach Grant mentioned "Babe" Loomis as being about the only Alumni to come out and said that he was of great assistance in coaching the weight men and acting as judge in the meets. Only a few others of the old grads have come out and it looks as if it were going to be a hard job to get the men into shape for the conference meet.

In speaking of the conference, Dr. Grant said, that what we need is two or three new men in each event and that some of them would have good chances of making the team while the rest would help out by furnishing competition and making the better men work for places. Minnesota seems to be especially weak in the hurdles.

Captain Emeritus Hull is almost daily helping the team. This is about the only alumni aid offered just now.

FENCING MEET POSSIBLE.

The University of Illinois has asked Minnesota for a dual meet in fencing and wrestling, to be held at Minnesota this spring. Dr. Cooke believes that Minnesota will consent to the meet. Such matches as this are common in the East. The men are given training for the large inter-collegiate meets in this way.

Minnesota is at present carrying on negotiations with Indiana for such a contest and expects to hear of their decision in a few days.

NINE CANDIDATES TRY OUT FOR CRACK SQUAD VACANCIES

The three vacancies in the crack squad are being tried out for by nine men. These men have been given instructions each day this week, and the three will be chosen Saturday. No more men will be allowed to try out.

GIRLS DISCUSS GYMNASIUM

Attempt to Be Made to Secure Approval of Regents and Athletic Board.

Those behind the movement for a girl's gymnasium report that their project is almost a certainty.

The gymnasium tentatively planned is to be behind Shevlin Hall and is to have a large open court for tennis enthusiasts. There will also be a small track in this court for the benefit of those interested in track work.

Miss Butner and her assistants aided by local alumni are working daily to secure the approval of the Athletic Board and Board of Regents. Miss Comstock is very much in favor of the movement and hopes that the girls will eventually receive what she says that they ought to have had long ago.

FIFTEEN MEDALS RECEIVED.

Dick Grant Thursday received the fifteen medals which were won by Minnesota men in the St. Paul Y. M. C. A. meet last Friday night. These medals will be exhibited today in the Northwestern Book Store and will be presented to the men who won them tomorrow.
