WINTER QUARTER COMMENCEMENT

The Administrative Committee of the Senate at their meeting Wednesday, March 7, voted to have degrees conferred and diplomas issued to students completing their work at the close of the current quarter at a dinner which has been arranged by the University Committee on Functions for Thursday evening, March 22.

Copies of a tentative list of candidates for degrees in March have been sent to the head of each department, where they may be obtained by members of the teaching staff.

Students whose names appear on this list are entitled to the privilege of an early examination in order that their names may appear on the commencement program, if all of their work for the current quarter is satisfactorily completed.

Final grades for the work of the current quarter for all students on the list, in accordance with the action of the University Senate, are due in the office of the Registrar not later than Thursday, March 15. Instructors are requested to make every effort to comply with this regulation to insure that no student entitled to receive his degree at this time is omitted on account of failure to receive reports on final grades.

R. M. West, Registrar

NOTICE TO WINTER QUARTER CANDIDATES FOR DEGREES

The Committee on University Functions is arranging for a dinner on March 22nd at which degrees will be conferred on those who complete their work at the close of the current quarter and who wish to receive their degrees at this time. All such students should make arrangements at once with their instructors for final examinations, as final reports are due in the Registrar's Office on March 15.

Students wishing to defer the receipt of their degrees until June may do so, and such students will report for final examinations at the regularly scheduled time at the close of the quarter.

R. M. West, Registrar

NOTICE TO DEPARTMENTS

Hereafter kindly submit to the President, one original and two duplicates of all requests for transfer of funds. The original will be kept on file in the President's Office, and if the request is approved, the two duplicates will be forwarded to the Comptroller.

SPRING QUARTER FEES

1. Spring Quarter fee statements have been mailed to all students now registered at the University. March 24 is the last date on which payment will be accepted without penalty. The penalty for late payment is \$2.00 until April 4, and on that date increases at the rate of \$1.00 per day until fees are

paid. Students who must write home for money or make loans are urged to complete such arrangements within the specified time.

2. Fees may be paid in person at the Bursar's Window, or by mail. If by mail, the return envelope received with fee statement should be used. The Bursar's Office is open each week day from 8:30 a.m. to 12 m. and 1:00 to 5:00 p.m., except Saturdays. On Saturdays the office closes at noon. Remittances made after Saturday noon, March 24, should be by mail.

3. All checks, drafts and money orders should be made payable to The University of Minnesota, and should be accompanied by all three sections of the fee statement.

4. Remittances must be for the exact amount of the fee statement. The Bursar cannot accept checks, drafts or money orders for amounts in excess of the fee statement. Insufficient remittances will be returned to the student at his own risk. The student's registration will remain incomplete until his fees are paid in full.

5. Failure to receive a fee statement cannot be accepted as sufficient reason for late payment or non-payment of fees. Any student who does not receive a fee statement in his University post-office box within a reasonable time may secure a duplicate fee statement at the Registrar's Office. Students whose work takes them from the campus must inform the Registrar's Office promptly of change of address.

6. Students using "War Service" tuition, trainees of the U. S. Veterans' Bureau, of the State Division of Re-Education, Foreign Government students, and beneficiaries of the scholarship funds of miscellaneous war-time agencies must secure the written approval of the Assistant Registrar on their fee statements and present them to the Bursar within the above time limit in order to avoid penalty for late payment.
