Number 12

## UNIVERSITY MEN TEACHING AMONG FOREIGN ELEMENT

Volunteers for Community Service Asked to Apply to Y. W. Office in Union.

## NOVEL EXPERIENCES FURNISHED BY WORK

Leaders to Make Talks With Motion Pictures—Stereopticon Needed.

"Community service in Minneapolis and St. Paul offers a field for personal service by university men which is unparalleled, for the amount of interest and experience which can be derived for just a few hours' time each week," says Dr. A. E. Koenig, Americanization secretary of Minneapolis, and formerly professor in the German department of the University.

Volunteers for this community service are getting full information concerning this work at the Y. M. C. A. office in the Minnesota Union. Several men have already been assigned certain groups with which to work and certain meetings to direct. Harry Arp has volunteered to lead the singing at the Union City Mission in conjunction with the lecture given by Mr. Webster Tallant. The Union City Mission group often numbers more than 500.

Dr. Koenig Speaks.

Dr. Koenig, in relating what foreigners think of University men as instructors, quotes one woman as saying, "My man and me take school from nice American girl. My man like girl. Better this year, no geer—nece university man." He says however, that in many cases where both men and women students have acted as instructors, the best results have been attained.

A score of leaders are needed in both Minneapolis and St. Paul to give simple talks illustrated by motion pictures or stereopticon views on history and civics. The demand for teachers of English, civics, geography for smaller groups in homes, clubs, and churches is almost unlimited. The times for these meetings are noon, afternoons, and evenings on any day of the week.

(Continued from Page 1)

Personal investigators are needed, who will handle tactfully and intelligently the minor difficulties which confront the foreigner. The never ending variety of experiences which a person has in this type of community service work, makes it especially attractive.

(Continued on Page 3)

## W.S.G.A. to Launch Membership Drive

Beginning Oct. 14 Association Will Conduct Campaign to Increase Numbers.

The campaign for membership in the Women's Self Government Association will take place the last three days of this week. All University women are eligible and are urged to affiliate themselves with the organization.

Sunlight, big sisters, and vocational conferences are three of the big undertakings of the association. Last year 5650 students attended sunlight dances on the campus. Nearly 400 upperclass girls piloted freshmen girls over the first few weeks of college life. Vocational advice was given to a large number of students thru lectures and conferences.

The campaign which is to be a silent one with personal solicitations, is being led by Bergliot Nissen. Tables in charge of Faith Nixon will be placed in Shevlin and in the post office, where girls may turn in their membership cards and pay the annual dues of fifty cents.

## Husband and Wife in Same Department

Husband and wife were appointed in the same department by special action taken by the University Board of Regents in their meeting yesterday. The Board broke a precedent by appointing Joseph Gillet, assistant professor in the Romance language department and making Mrs. Gillet an instructor in the same department.

HAVE YOU YOUR CONCERT TICKET?

## Engineers Banquet At Union Tonight

Drive for Engineers' Association Membership To Be Launched.

The Engineers association will start its drive for a 100 per cent membership with a banquet at the Minnesota Union hall room at 6 p. m. tonight. Students in charge of the drive are confident that the goal will be reached. "Every indication is for a 100 per cent membership," declared Dick Hennesy, who has charge of the drive. "We have perfected an organization which will make it possible to solicit the membership of each student personally. The freshmen are already manifesting 'engineering spirit,' which means that they will be in on anything big that the college is doing."

Details of the membership campaign will be explained by those in charge. Dean Leland is expected to be present and address the gathering on the subject of the drive and other matters concerning the activities of the engineers.

An association membership fee of \$2 is charged which includes a year's subscription to the "Minnesota Technologist," an engineering publication.

Plans for the annual freshmen-sophomore fight will also be discussed at this banquet.

## Eden Prairie Boys on Stock Judging Team

State Contest at "U" Farm November 17—Winning Three Get Trip to Chicago.

Two Hennepin County boys, Victor Anderson and Walter Nesbitt, both of Eden Prairie, and James Welch of Norwood, are representing Minnesota at the big National Dairy Show in Chicago.

These boys won their spurs in the annual dairy cattle judging contest for club members at the University Farm. Their expenses are being paid by the Minnesota Livestock Breeders association, which is co-operating with the agricultural extension division in carrying forward this work.

Roy Bodin, Cannon Falls, was fourth in the University Farm contest; Orvin Bale, Albert Lea, fifth; Clifton Smith, Cannon Falls, sixth; Elmore Morrison, Copas, seventh; and Lester Coyle, Thief River Falls, eighth.

The all around state livestock judging contest for boy and girl club workers will be held at the University Farm on November 17, in connection with the Junior Livestock Show at South St. Paul, November 17-19.

Boys and girls from 22 counties, 44 juniors in all, will take part in the judging of cattle, hogs, sheep and horses at this contest. The winning three will have their expenses paid to the International Livestock Exposition at Chicago, November 27 to December 4.

## 2200 Men Enlist in R.O.T.C. Organization

Approximately 2200 new men are enlisted in the R. O. T. C. this year, according to the military department. This number includes the quota from the Farm campus. There are enough men on the main campus units to form 8 companies ranging in strength from 175 to 300 men. Announcement of permanent cadet officer appointments will be made next week.

An R. O. T. C. band is beyond the "prospect" stage, for already 70 pieces have been listed and more are signing up every day.

## Athenians to Stage Apron-Overall Fest

There will be an "apron-overall" party held under the auspices of the Athenian Literary society of the Ag campus, at 7:30, Thursday evening, in the Home Economics building. Blanche Swanson is in charge of arrangements. Chaperons will be Prof. and Mrs. G. A. Lundquist and Mr. and Mrs. W. L. White.

Everyone is requested to appear in typical Ag costumes, overalls or aprons, in order to receive refreshments, which will include all-day suckers, crackerjack and ice-cream cones. Entertaining stunts and dancing will be the features of the evening.

## "Come on Indiana" is Slogan Adopted By Rooters' Club

Organization Is Determined That Saturday's Game With Hoosiers Shall Result in Victory for Maroon and Gold.

"Come on, Indiana," is the slogan adopted by the Rooters Club in preparation for the game with the Hoosiers Saturday afternoon on Northrop field.

Spurred on by the realization that the Hoosier game must be a Gopher victory if the Minnesota eleven is to stay in the upper part of the conference percentage column, the members of the club are making every effort to organize the cheering and demonstrations in such a way that the team will know that there is an enthusiastic, confident student body waiting for the required number of touchdowns.

It is agreed in all athletic circles that a defeat Saturday would be disastrous to our chances and with the memory of last Saturday's upset still fresh, indications point to a record crowd with record optimism to watch the Gophers stage their expected comeback.

Friday night the Rooters will pile into huge trucks and led by the band, will ride through the university district and through downtown Minneapolis as well. If the Indiana team arrives at the right time, it is planned to meet and escort it to the hotel.

Saturday, immediately before the game and between halves, the Rooters will perform on the field with the band in the lead, and when the game begins will occupy their reserved section in the stands.

According to the officers of the club, there still are a few caps left for sale, and a few vacancies in the membership.

## Harding-Preus Club Will Meet Tonight

Harding-Preus Club, an organization supporting the republican candidate for president and governor, will hold its meeting at 7:00 p. m. tonight in the University Hall on 14th Ave. S. E.

This body, an outgrowth of last spring's "Preus for Governor" club, is being sponsored on the campus by men of the Law School, just as that one. Leo P. McNally, who is temporary chairman of the Harding-Preus Club, states that a special effort is being made to induce women to attend the meeting inasmuch as political affairs are now vital matters to them as they are to men.

## Menorah Society to Hold Open Meeting

Menorah Society will hold its first open meeting in room 301, Folwell Hall at 8:00 o'clock tonight. Joshua E. Brill of Minneapolis will be the speaker of the evening. The society extends a general invitation to all students and faculty members to attend.

Mr. Brill is one of the prominent attorneys of the city and a graduate of the Minnesota Law School. A sound message worthy of a large attendance is predicted by officers of the organization.

## Men Wash Dishes While Fair Sex Seeks "Position"

Mr. Anderson of the University Employment Agency has abandoned his policy of sending girls to do housework for southeast Minneapolis housewives. He now sends men instead.

In years past, girls have depended upon housework to aid them in working their way through school while men have done the office work. Positions are reversed today. Girls who apply for employment want work in an office. They are tired of washing dishes and dusting. On the other hand, the men who need work have the attitude, "We're ready to try anything once, even polishing the parlor table."

"The psychology of men and that of women are different things," said Mr. Anderson yesterday. "It hurts a girl's spirit for her to go to a home to work. However fine her treatment may be, it is only in rare cases that she may be made to feel that she is one of the family. With a man it is different. He is used to working and used to keeping his independence though he takes orders."

## Homecoming Plans Discussed at Union

All-University Concert Planned for Eve of Festival—Band and Glee Club, to Participate.

Homecoming plans were discussed yesterday noon at a luncheon in the Minnesota Union by forty leaders of university activities. E. B. Price, general secretary of the general alumni association, called the meeting. Plans for sending the band to either the Illinois or Iowa game were also proposed. Mr. Anders Carlson, '16, presented the plans.

It was definitely decided to hold an all-university concert Nov. 19, the night before Homecoming Day in the armory. The university band and the Glee Club volunteered to give a recital program for the occasion. Between selections, the governor-elect, President Coffman, and possibly President Burton, who is expected for the game next day will speak.

The plan is to charge admission to the concert. The proceeds will be used to defray the expenses of sending the band to the Iowa or Illinois game and to defray the expenses of Homecoming Day. It is hoped to get a reserve fund for the all-university council, formerly financed by the Homecoming proceeds, and for the proposed Glee Club trip to the Pacific coast. After the concert all will adjourn to the parade ground for a pep-fest and bonfire. In the meanwhile the armory will be cleared of chairs for dancing.

The regular Homecoming program will take place the following day.

## Meetings Arranged for Arts Students

Freshmen and Sophomore Academics to Hear Series of Lectures.

A series of meetings has been arranged for all the new freshmen and sophomores of the college of Science, Literature, and Arts. The object of these meetings is to explain clearly the standards of scholarship of the College and the system of faculty advisers for students. The speakers are J. B. Johnston, dean of the academic college, W. H. Bussey and R. R. Shumway, assistant deans. These assemblies will be held in the auditorium of the Christian Bible College.

All freshmen in the pre-business course met at 4:30 yesterday for the first lecture. Dean G. W. Dowie of the School of Business also gave a special message to this group.

The speakers explained the marking system, and the importance of gaining honor points in the freshman year. The students were urged to develop their own responsibility by studying the college bulletin, the handbook of faculty regulations, and by giving keen attention to the Official Daily Bulletin. They were asked to bear in mind that the function of the faculty adviser is not so much to get a student out of trouble as to keep him from getting into it. The schedule for the remaining meetings is:

All freshmen men, except in pre-business course, 4:30 p. m.  
All new freshmen women not in the pre-business course, 4:30 p. m. today.  
All new sophomores, 4:30 p. m.

## Biochemistry Class Will Meet Today

The seminar in Agricultural Biochemistry will meet at 4:30 today in Room 201, Chemistry building, University Farm. This course is required of all graduate students majoring in the division, and of all minorers for the Ph. D. degree. Professors Dutcher, Morrow, and Gartner will report on the biochemical papers presented at the Chicago meeting of the American Chemical Society.

## Junior Medics Elect Class Officers

Junior Medics selected their class officers for the year at a meeting Tuesday noon, electing Owen H. Wangenstein president, Harriet Bower vice-president, and Robert McGandy, secretary and treasurer.

While they last—Football schedules at the "Y."

## Pierce to Speak at Sophomore Luncheon

E. B. Pierce, secretary of the Minnesota General Alumni Association and former Registrar of the University, will speak at the first All-Sophomore luncheon, Thursday, at 2:30 p. m. at the Minnesota Union. This is the first of a series of bi-weekly sophomore lunches to be continued thruout the school year, under the auspices of the '23 club.

"This is an all-sophomore affair, and we want the support of the entire class," declared Ray Tremaine, president of the '23 club.

Tickets are fifty cents and are on sale at the Y. M. C. A. office in the Union and by members of the '23 club.

## Forum to Discuss Amendment No. 1

Arguments in favor of the first amendment will be advanced at the all-University Forum convocation Thursday morning at the armory. Dean Roscoe Thatcher of the College of Agriculture will preside.

The amendment proposes that the state take over seven thousand miles of traveled roads and maintain them with the revenue from motor vehicle taxes.

The University has three students engaged in promoting this amendment, Bryan Gilkinson, R. R. Gibson, of the last year debating team, and Miss Thelma Peterson, '21, of the Hennepin County Highway Commission.

Mr. Gilkinson will speak at the Ag campus this noon.

## Mrs. Ladd to Speak at "Ag" Y. W. Meeting

Jessie S. Ladd, dean of women, will be the speaker of the first meeting of the Ag Campus Y. W. C. A. Oct. 14, at 4:30, Thursday, in the Fireplace room of the Home Economics building.

All girls are urged to come.

## Masquers Continue Membership Trials

Large Number of Candidates Turn Out for First Trials.

Masquers dramatic club trials will be continued today. Because of the number of candidates who made their appearance yesterday afternoon the trials will again hold forth in the Masquers room on the fourth floor of Folwell hall. They will start at 4:30 and continue till all aspirants to membership have been heard.

Among the candidates who were present at the trials were Roman Bohannan, and Norris Darrel of the play "A Night at an Inn" by Dunsany. Margaret Meighan of the Holt school and Shubert stock company, and several other professional dramatists.

The trials today will be held with a view toward securing a few more types for the coming plays that will be produced by the Masquers this year.

## Upperclassmen Will Postpone Meeting

Because of the greater convenience to members of a later date, the dinner and business meeting of the Academic Upperclassmen's Association, scheduled for Thursday, October 14, has been postponed until Wednesday, October 20, 6 to 8 p. m., in the Minnesota Union, upstairs.

Election of officers, outline of the policies of the organization for the coming year, and other important business will be taken up. Necessarily only those upperclassmen who have signed up and paid their dues before that date will attend the dinner and meeting.

All members of the executive commission will meet in executive session at 2:30 Thursday afternoon in the Y. M. C. A. parlors at the Men's Union.

## COSMOPOLITAN CLUB INVITES FOREIGN STUDENTS

All foreign students, especially those who are new on the campus, are invited to the first "get-together" at the Cosmopolitan club at 8 p. m. Saturday in Shevlin hall.

## REGENTS URGE NEW BRANCH HOSPITAL FOR UNIVERSITY

Dean Lyon Recommends Establishment of Psychopathic Department.

WOULD HAVE CAPACITY FOR 70 PATIENTS

Military Normal Short Course To Be Given in April.

Accepted bids for immediate construction of wing to Chemistry building.  
Appointed committee to investigate building of Psychopathic hospital.  
Approved establishment of normal military training school.  
Arranged for proportionate raise of salaries in library department.  
Appointed 115 new members of the faculty and accepted 10 resignations.

The construction of an addition to the Chemistry building will begin at once, following the acceptance of the bids of J. and W. A. Elliott Co., general contractors, M. J. O'Neill Co., St. Paul, mechanical contractors, and W. O. Hartig, Minneapolis, electrical contractors, by the Board of Regents in the office of the president yesterday. The maximum cost will be \$397,000.

A psychopathic hospital, to be maintained by the State Board of Control in conjunction with University Board of Regents will be established by the Board of Control if the recommendation of the Board of Regents at a meeting yesterday, is acted upon. The institution would become a part of the University hospital and its medical, nursing, and laboratory staffs would be supplied by the University.

Lyon Recommends Project.

E. P. Lyon, dean of the medical explained this plan and recommended that it be adopted. An investigating committee composed of the following was appointed: President Lotus D. Coffman, Charles Sommers, George H. Partridge, and Dr. Charles Mayo.

The proposed hospital would be able to accommodate 70 patients and would offer these patients a hospital as is not now available. In addition it would offer students in the Medical College to make a thorough study of psychopathic cases.

Establish Normal School.

The Board of Regents also asked for the establishment of a "military normal school," which would give courses for students who wished to qualify as instructors in military science. The project was approved and such courses will be offered in April.

## First Formal Meet of Forum Tonight

Literary Society to Discuss League of Nations at Weekly Session Tonight.

The first formal meeting of the Forum Literary Society this evening in the recreation room at the Minnesota Union at 8:00 p. m. The program will be as follows:

Reading—C. Bender.  
Free Speech vs. Injunction—Lewis Lohman.  
Harding and His Policies—R. L. Swore.

The Sound Government League—Ackerson.

The Round Table Discussion will be on the question to be used as the Inter-collegiate debate try-out proposition. Resolved, that the United States enter the League of Nations.

If the members present they may take issue with any of the contentions advanced in the main speeches of the evening.

Victor Rotnem will be critic for the program.

## SOPHOMORE PHARMACISTS INITIATE 50 FRESHMEN

Green freshmen, roped together and trailing an automobile truck, containing their captors, sophomore students in the college of Pharmacy, paraded through downtown Minneapolis yesterday. Approximately 50 freshmen, lavishly daubed with green paint, and wearing the traditional green cap, were in the procession.

## FACULTY SALARIES.

The action of the Board of Regents yesterday on faculty salaries should meet with the endorsement of both the faculty and the taxpayers of the state.

When the plan is put into operation it will no longer be necessary for a professor or instructor to secure an increase in salary by the coercion of a better offer from another institution. Merit will receive its reward without the slighting of equally meritorious individuals. President Coffman will be relieved of the strain of personally handling every salary adjustment on the present basis of "How can I keep this man here with the limited budget and still treat other men of equal ability with all fairness?"

The group plan adopted should give every member of the faculty the feeling that the University of Minnesota is interested in his welfare and desires to have him remain at Minnesota all the time and not only when a better offer is received elsewhere. It should add to the esprit de corps of the faculty which is now high.

The taxpayers of the state in turn will know that their institution is being conducted on a fair business basis and that the emphasis is being placed on maintaining a unified and loyal staff.

## THE UNDERGRADUATE READING ROOM.

The zealous spirit of research which pervades the main library this year is commendable. Such studies as History, Sociology, Economics and Money and Banking require voluminous reading. The library facilities, however, are totally inadequate.

On account of the large number of students, there are an insufficient number of reference books to supply the constant demand. Students must wait for their books. A continual movement to and from the loan desk ensues and a long line is kept waiting. For anyone to study under these conditions is almost impossible. Even to read the funny papers, one student said, requires the application of a genius. The nervous strain wears on one more than any amount of real study.

These conditions must be corrected, as no doubt they will be when the new library becomes a fact. Until that time it is for the students to make best use of what they have. Less shuffling of feet and less talking will remove the noise. More systematizing of work, and avoidance of eleventh hour preparations, ought to relieve the shortage of books. A few considerations of this kind on the part of students will make the library more as it should be.—R. O. H.

The "no smoking on the campus" tradition is fading from our midst even faster than the grass is being worn away from the campus. We wonder just how long the university will be known as a beauty spot under the present rate of destruction.

Now that the north stands are up at Northrop field Dr. Williams ought to have an "open" practice day so we can look over the "Frost" eleven. We doubt, however, whether Sig Harris has the vocabulary to make the exhibition as snappy as in the days of Fitzgerald.

College of Education  
Seniors to Organize

Election of Officers Will Take Place  
At Meetings Wednesday—  
Winter Plans Outlined.

Election of officers of the senior class of the College of Education will be the chief business of the first class meeting of the year to be held Wednesday at 12:20 in the Little Theatre.

Plans for the winter will be discussed and committees will be appointed. The policy of last year in which a number of successful social events were held is expected to be followed again this winter.

An effort to interest 100 per cent of the class in this meeting is being made, for the purpose of launching the most intensive program ever undertaken by the Educational College, according to the sponsors of the meeting.

## TIS THE SWEET GIRLS

"Why did you come to Ohio State University?" asked the instructor in the class in English for foreign students.

Each member of the class responded, the object being mainly to aid in the use of conversational English. Some of them said they came because they had heard of the fame of the

course in mechanical engineering. Others had heard of the other colleges and the opportunities they offered. Then came a student whose home is in South America.

"I came here because I heard about the sweet girls," he said. Then smilingly he added, "And I am not disappointed."

OPINIONS OF  
CONTEMPORARIES

Should the Freshmen Wear Green  
Trimnings?

Bryce E. Lehman, upperclassman: "They shouldn't if the sophs can't make them!"

Ruth Miller: "With the leaves falling and the other signs of fall at hand, it would be splendid to see a few green 'things' around again."

Clinton Brooke, soph engineer: "Sure they should. I had to wear the costume. At those '21' festivities don't obey, there is no telling what will happen."

Helen Hamfield, froshette: "I really think that the freshmen men and women are green enough in appearance without donning ties and other decorations."

Ed "Duke" Bergquist: "If all the freshmen would wear green ties during the period specified, it would be an easy matter for them to find out who the fellows in their class are."

As a starter, we suggest that to settle the matter of class insignia the Frosh wear hand-painted sideburns after the fashion started by the Dents last Saturday.

This is just a suggestion—Sophs. But we want front seats when the decorating comes off.

He put his arms around her neck. All the color left her cheek. And it showed upon his overcoat. For just about a week.

Iva Beard.

## NOT IN MOURNING

You're wrong, Ethelbert; girls don't blacken their eyebrows to signify that their brains are dead.

## WOMEN

A woman is queer, there's no doubt about that. She hates to be thin, and she hates to be fat.

One minute it's laughter, the next it's a cry. You can't understand her, however you try.

But there's one thing about her which everyone knows—A woman's not dressed till she powders her nose.

IN SEINE.

Ag-Freshmen to  
Wear Green Ties

Decree to Take Effect Wednesday,  
October 13. A. B. C. Elects  
Officers.

Ag. College freshmen must wear large bright green ties beginning Wednesday morning, Oct. 13, according to verdant posters on the Ag. campus.

The commanding voice of the A. B. C. is heard thus, once a year. Ag. disciplinary measures for enforcing the wearing of the green are well known. Every year strenuous action is taken to introduce the Ag. spirit to the newly acquired students.

The club decided upon this "outward show" for frosh at the first meeting of the year.

The following officers were elected for the coming year: President, Roger Harris; vice president, Franklin Fobes; secretary and treasurer, Lawrence Gove.

Truth Seekers Club  
Hears Martin Obern

Enthusiasm ran high last night at the first open meeting of the Truth Seekers. Martin Obern gave a brief talk on "Trades Unions and the Open Shop." A period of general discussion followed the talk. The discussion turned naturally to the present controversy in Minneapolis over the open and closed shop. Both sides of the question were thoroughly discussed.

Next Monday evening the subject for discussion will be "Syndicalism in Italy." These meetings are open to all students and those interested in problems of modern social reform are urged to attend.

CHECKS FOR FEDERAL  
BOARD STUDENTS

Checks will be issued to Federal Board students who are already on the payroll on Thursday next, October 14, from 11:00 a. m. to 1:00 p. m. in room 245½ Chemistry building.

J. C. House,

University of Minnesota.

SOPH ENGINEERS  
DECIDE TO STAGE  
ORGANIZED FIGHT

Second Year Men Oppose Mob  
Combat for Annual Tussle  
With Freshmen—Vote to Sub-  
stitute Green Ties for Caps.

The plan for an organized class fight won out over that for an organized combat at the sophomore engineers' meeting yesterday noon. The arguments for each side were presented by two members of the class.

Mr. Lindsay, president of the Association of Engineering Students, gave an impartial upperclassmen's viewpoint. The proponents of organization pointed out that there can be as much as rough a tussle in an organized as in an unorganized one. The opponents of this plan used the old argument for a "real fight," as compared to a "pink tea affair." But the former carried their point, by a comfortable majority.

The class also decided to adopt the plan proposed by the Students' Council in the matter of substituting green ties for verdant caps. This was amended to provide for the painting of a yellow "24" on each tie to distinguish the engineers from other colleges. The ties are to be worn Saturday.

Friday, Oct. 22 was set as the date of the freshman-sophomore fight.

WOMEN SPECIALLY INVITED

SWIMMING EXHIBITION  
INDEFINITELY POSTPONED

The swimming exhibition which the Aquatic league announced Tuesday for Monday, Oct. 18, has been indefinitely postponed because of the unsafe condition of the springboard. Inasmuch as fancy diving was to have been one of the main features of the exhibition, the league has decided to wait until the board has been repaired before putting on their meet. A tentative date of Monday, Oct. 25, has been set, but this may have to be

changed later. Further announcements will be made.

All Wool Plaid Skirts

\$10.75

The Same Quality  
Recently Sold at \$16.50

We've been watching closely for just such big values—values that mean the downfall of high prices. Here is a brand new merchandise—new in style, new in material—at prices that are very much less than what you paid a few weeks ago.

All plaid skirts—plaisted, of course, side plaits, cluster plaits and box plaits—shown in all the wanted color combinations that include plenty of blues and browns.

They are of splendid all wool materials that will give excellent service for all general wear—ideal practical skirts that you cannot duplicate at this price today.

Skirt Section—Second Floor

# UNIVERSITY MEN TEACH FOREIGNERS Workers Meet Groups.

The obligation assumed by volunteer workers in community service is not a burden. They meet with their group for a few hours each week, for five weeks. They teach the foreigner and are themselves broadened in experience by working with a different type of people. The professions of many university men will necessitate that they mix with various kinds of people, including the foreigner, when they leave the university. Through community service work the student can get a great deal of first hand information regarding their problems while still in school. There are always a number of Americans in the community groups who are striving to educate themselves, so the student volunteer does not instruct foreigners only.

Full information regarding community service work can be secured from Lloyd E. Musberger, Americanization secretary for the University of Minnesota, and from Cyrus B. Barnum, secretary of the Y. M. C. A. in the Minnesota Union.

## What's Happening On The Campus

Wednesday, Oct. 13, 1920

12:20 p. m. Le Cercle Francaise meets in room 227, Folwell.  
12:30 Meeting of Commerce Club Executive Committee in room 213, Mechanic Arts.  
1:00-4:30 p. m. Sale for Student Athletic Tickets reopens in Armory.  
3:30-4:30 p. m. Mrs. Ladd's reading hour in the living room, Shevlin Hall.  
4:30 p. m. Seminar in Agricultural Biochemistry meets in room 201, Chemistry Building.  
4:30 p. m. Lecture on Danish Popular Ballads in room 301, Folwell Hall.  
7:30 p. m. Forum Literary Society meets.  
7:50 p. m. University Symphony Orchestra rehearsal in Armory.

## Classified Wants

All classified ads must be in to the stenographer in the Daily office before 5:00 on the day preceding.

WANTED—A tutor in Higher Algebra. Notify P. O. 6277.

SHOULD like to tutor students in French or Spanish. P. O. 2959.

WANTED student barber. Work short hours. 810 S. E. Washington.

FOR RENT—Large double room at 625 8th Ave. S. E. Call Dinsmore 3134.

LOST, Friday in Chemistry Bldg., small loose leaf note book, owner's name inside. Return to Box 5742.

LOST—Small black bankbook containing money, between Jim's corner and Seventh St. Notify P. O. 797.

WANTED—Student living on West side, who drives an auto, to bring the Minnesota Daily from the printing office every morning. Apply at The Colwell Press, Inc., 415 Third Ave. N.

MEN wanted to usher at the Auditorium for Symphony concerts, etc., during the coming season. Those having dress suits preferred. Apply by letter to the Cable Piano Co. ticket office or in person at the Auditorium at 7:00 p. m. Oct. 19.

LOST—A gentleman's Waltham watch with Keystone gold case and "M" fob. Was lost Sat. Oct. 9 between 5:15 and 6:00 p. m. either on the campus or between the campus and 27th St. and Nicollet. Finder please notify P. O. 1589 and claim reward.

# A Great Sale Will Begin Thursday

*In Which Dayton's Anticipates,  
Temporarily, Future Price Reductions*

PRICE reductions, as you know from reading the daily papers, have been announced by the mills on many commodities.

On certain lines where the process from raw material to consumer is quick, we have been able to pass along these reductions to the public immediately.

Announcement by Dayton's of some of the more important reductions effective at once have been made during the past week.

Other cutting of the cost of living will be announced by us from time to time as conditions make it possible.

Re-marking of prices to reflect reductions of cost has been going on every day, in some cases even where we had to take a loss.

But there are still many lines of merchandise that requires time to be made up or where the makers have stocks of materials on hand on which the gradual or even abrupt changes of cost now cannot be passed along, normally, until mid-winter or spring.

Nevertheless, to maintain our leadership and, frankly, to increase our volume by falling in line with the expectation of lower prices—even at a loss to ourselves on stocks we own at the higher prices—we have planned

## A Sale That Will Give You the Benefit at Once of Price Lowering Not Due for Months

A large part of our stocks will be put before you, for a limited time, at prices anticipating reductions that will not be general until late winter or early spring.

Some lines will be reduced for this sale, on which there has not been a sign or a whisper of probable reductions as yet.

Garments are already feeling the effect of a lower market—more than \$100,000 worth, bought within the past few days at new price levels, will be a leading feature of the Sale.

On some kinds of Hosiery, we will not have to take a loss to offer them at reduced prices—on other Hosiery, and on Underwear, we have had no reductions, and must bear the price concessions of this Sale ourselves.

You will be getting the benefit of cost prices that will not be offered us for several weeks or months.

The Sale will begin Thursday. Detailed announcements of hundreds of representative items will appear in tomorrow's papers. Other lists will follow.

# GOPHER SPORTS

## CLAN OF HARRIS EXHIBITS CLASS IN DAILY GRIND

Dwight P. Lyman

"Sig" Harris drives a gang of yearlings before him every night, whose actions have the marks of a coming Gopher squad. Their chief ambitions are to get a crack at the Varsity. They go through their practice every night as if the Conference championship depended on their outcome. This year's laurels do not, but the foundation of Minnesota's team for the next few seasons is in the making every night.

Followers of 'prep' football throughout the state will recognize a number of prominent names in the lineup.

### Three Good Ends.

Three good men have shown up for the end positions. "Don" Wallace, with two years' experience at Hamline, Benson, who was all state end at Carleton, and Joe McGovern, are all playing a good brand of football. Joe McGovern can boast of 'Johnnie' McGovern as his brother. Lewis, who hails from Macalaster and from Hibbing, High shows promise of good tackle material. "Clint" Merrill with two years' experience at West High, and Moyle, who has had two years at Pomona College and Santa Anna, both in California, should be serious contenders for next year's squad. R. Olson and Gay are taking care of the guard positions in a very creditable manner. Oliver Aase at center shows some promising untried material for next year. His offensive work is first team calibre, and shows the necessary ability to stonewall on the defense.

Some other good line material exists in Mattice from West High, O. C. McCreery who has had two years' experience at Iowa State Teachers College, and Cedar Falls High School, and Sears who played on the Iowa freshman squad.

### Wealth of Backs.

There is a wealth of backfield material, and the keen competition is developing some useful proteges for "Doc" Williams. C. S. Olson and Louis Althilisch have been running the team at quarter. Both men have exhibited marked ability at generalship. Olson is from Central High, and Althilisch was quarter at Shattuck for three years.

At halves Johnson, Brown, Geo. B. Wiggins, W. W. Wiggins, Robinson, Gross, Hall, Oster, and Kiefman are dashing into imaginary "Big Ten" teams with real enthusiasm. H. A. Johnson has one year's experience on the Princeton freshman team back of him, and has been displaying a good brand of football. Geo. B. and W. W. Wiggins have been finding some big holes in the varsity line which they have been using for good gains. Both have had two years' experience in college football. Gross is from Central High. C. H. Kiefman hails from Hibbing. Oster and Johnson have been working at full in addition to their work at half. Strong from Hamline and Anderson are also working at half.

### KISSLESS UNIVERSITY.

The students of Southwestern University, Georgetown, Texas, are in an uproar over the passing of the most drastic sporting ordinance in America by Mayor Sharpe of Georgetown. The ordinance in brief is: That any man who by winking, signs, or any other means shall encourage acquaintance with any woman to whom he has not been properly introduced, shall be subject to a fine of from \$50 to \$300. That any man and woman, not man and wife or engaged or related to each other, who are found kissing or holding hands shall be subject to a fine of not less than \$50 and not exceeding \$300. Needless to say the sheriff looks forward to a busy year.

### OHIO U OFFERS CLASS IN PORTUGUESE

One of the new things around Ohio University this year is the Portuguese class taught by Nelson Calheirinhos de Graça from Rio de Janeiro. This is the first time that Portuguese has ever been taught in Ohio University. Many people wanting to go to Brazil study the Spanish language, never stopping to think that Portuguese and not Spanish, is the language which is spoken there. Coming direct from the native country of Brazil, de Graça is well fitted to give any direct information about the customs and language of that country.

## 1921 B. B. Schedule

Jan. 15—Iowa at Minnesota.  
Jan. 21—Indiana at Minnesota.  
Jan. 24—Illinois at Minnesota.  
Jan. 29—Wisconsin at Minnesota.  
Feb. 5—Chicago at Chicago.  
Feb. 7—Iowa at Iowa.  
Feb. 12—Illinois at Illinois.  
Feb. 14—Northwestern at Northwestern.  
Feb. 22—Chicago at Minnesota.  
Mar. 5—Wisconsin at Wisconsin.  
Mar. 7—Indiana at Indiana.  
Mar. 12—Northwestern at Minnesota.

## Gopher Basketball Schedule Drawn Up

Season Opens on January 15 With Hawkeyes as Minnesota's Opponents

Minnesota's basketball schedule will open on January 15, when the Gophers meet Iowa on the home Armory floor. Two months later, Northwestern will be Minnesota's opponent also at home, when the curtain is dropped on the 1921 Conference race.

The Gophers will play twelve games in all against Conference quints, six at home and six on the road. The first four tussles are carded for Minneapolis. After the opener with Iowa, Minnesota will take on the Hoosier, Illini and Badger quints in order.

Two short road trips follow during the first weeks of February. The team will go to Chicago on February 5 and will match up with the Hawkeyes at Iowa City two days later. The second road jaunt includes games with Illinois and Northwestern.

Chicago comes to Minneapolis on February 22 and then the Gophers board the train for their two final invasions. Wisconsin and Indiana will furnish the opposition. The season closes on March 12 when the Northwestern Purples show their wares on the Armory floor.

The schedule looks good. A four game start on their home floor should give the Maroon and Gold a good send-off, while the strong Chicago team is not slated till late enough in the season for the Gopher machine to hit their stride.

The Gophers will meet the same opponents this winter that they faced in 1920 with the exception of Michigan. The Indiana Hoosiers have been substituted for the Wolverines. The other Big Ten contenders who do not tackle the Norsemen are Ohio State and Purdue.

At a recent meeting in Chicago, the representatives of the Conference universities made plans and transacted the necessary business for the coming basketball season. Aside from drawing up the schedule for 1921, the managers adopted a rule allowing a player to be taken out of a game and returned once at any time.

Dr. E. W. Meanwell of Wisconsin was elected chairman of the Western Conference Basketball association and Dr. L. J. Cooke of Minnesota was re-elected secretary. These two men, acting with L. W. St. John of Ohio State, were named as a committee to choose the officials for the coming season's games.

### IT ISN'T YOUR SCHOOL, IT'S YOU

If you want to work in the kind of a school  
Like the kind of a school you like.  
You needn't slip your clothes in a grip  
And start on a long, long hike.  
You'll only find what you left behind.  
For there's nothing that's really new.  
It's a knock at yourself when you knock your school;  
It isn't your school, it's you.

Real schools aren't made by those who desire  
By somebody else to be led;  
When everybody works and nobody shirks  
You can put your school at the head—Exchange.

### It Applies Here, Too

There are men on the campus who are hurried enough to push women off the sidewalk—Hill.

## INDIANS ANNEX WORLD CROWN AS COVELESKIE WINS

Cleveland Defeats Brooklyn in Fourth Consecutive Victory.

DODGERS BAFFLED BY POLE'S OFFERINGS

Scoring Ends in Seventh Inning—World Series Now History.

It's all over. Tris Speaker spoke real words when he said upon leaving Brooklyn, "There will be just four more games. We'll win them all and will not have to journey back to Brooklyn for an extra contest."

Cleveland defeated Brooklyn yesterday at League Park for their fourth consecutive win by a score of 3 to 0 and became undisputed baseball champions of the world. It was a fitting ending for the big series, a rare pitching duel between the leading hurlers of the two contenders, Grimes for Brooklyn and Coveleskie for Cleveland.

Stanley Coveleskie, thrice victor, has nings the Dodger batters have made the Dodgers attempted to solve the young Pole's offerings, and three times has the Polish athlete sent them back to their dugout, decisively licked. In three games or twenty-seven innings the Dodger batters have made just two runs off Coveleskie's delivery. A dozen paltry hits have given the Dodgers' swat average a decidedly crippled appearance.

If there was any doubt whether Poland deserved a place on the map of the earth's surface needs a good president or czar, or something, we nominate Stanley Coveleskie. He's earned the job and nobody in Cleveland will dispute his right.

Speaker's Indians raced onto the field yesterday confident of victory. Three straight triumphs had raised the morale of the team to a pitch where they were unbeatable. The Robins entered the arena at a little slower pace. There was a grim look on their faces. They appeared weary and though the infield showed its usual snap in fielding practice, they did not look like a pennant winning combination.

Their faces grew a little more serious when Umpire Klem announced that Coveleskie would pitch for Cleveland. The world series was over right then and there, for the young Pole had their goat, bound and gagged firmly in his strong right wing.

The Indians scored first in the fourth. Smith went out on an easy roller to Kanetchy. Gardner slapped a single into left. On a hit and run, Johnston patted a safety to right and Gardner perched himself on the hot corner. Sewell fled to Wheat. On a delayed steal in which Grimes heaved the pill into center field, Gardner scored and Johnston took second. O'Neill lifted to Griffith and the inning was over.

After Coveleskie had whiffed in the sixth, Jamieson beat out an infield hit and swiped second after Wamby had hoisted to Wheat. Speaker drove a screeching triple to the scoreboard and Jamieson romped home.

One more counter in the seventh ended the scoring for the day and a few minutes later the 1920 world series became history.

The official box score follows:  
Brooklyn  
Olson, ss 4 0 0 1 1 0  
Sheehan, 3b 4 0 1 2 1 1  
Griffith, rf 2 0 0 3 0 0

# Society Brand Clothes

FOR YOUNG MEN AND MEN WHO STAY YOUNG

## Marked Style Changes in Men's Clothes for Fall

Style changes for Fall as correctly interpreted by Society Brand Clothes will be heartily welcomed by undergraduates who pay particular heed to their appearance.

The long vent in the coat has gone. Vents in modish suits this Fall will be noticeably shorter.

Body contours have changed. The high waist line and the pinched-in effect have gone.

Coats hang with greater fullness from the shoulder. The result is a pleasing effect of unusual ease and smartness.

These are the distinctive style features that mark this season's models in Society Brand Clothes.

WITH THE VARIED GRADES OF CLOTHING FLOODING THE MARKET, LOOK FOR THE LABEL AS YOUR GUIDE
