## CONFERENCE TO TRAIN Y. W. C. A. CABINET MEMBERS

Program Open to Limited Number of Girls Starts This Morning.

### DR. CECILE GRIEL IS THE CHIEF SPEAKER

Dr. Griel to Speak at Regular Meeting Monday on "Americanization."

The Young Women's Christian Association is planning a conference for training cabinet members to be held today and Sunday. Dr. Cecile Griel is to be the chief speaker on the program. She is at present on the War Work Staff, secretary for Italians in work for foreign born women. She was in Italy previous to the war studying medicine. When that country entered the war, she helped to establish a hospital there, and founded the American Red Cross. After two years of this work, she started back to America for a rest on the ship Anconia, which was bringing Italian women and children refugees to this country. The vessel was torpedoed, and Dr. Griel was the only American woman surviving; she was rescued after being in the water seven hours. Following this, she had to testify in fifteen European courts that the Anconia was not carrying munitions. Dr. Griel believes she was saved so that she could do this work of Americanization among the Italian women, the women she understands, and so has set her life to interpreting them to America and interpreting America to them.

As only a limited number of girls can be admitted to the conference, the Y. W. C. A. secretary has obtained Dr. Griel for the speaker at the regular meeting, Monday afternoon at 4:30.

## J. B. COMMITTEES COMPLETE PLANS

Reserve Tickets Must Be Ordered By Wednesday, Say The Promoters.

Three more days remain in which to buy or reserve tickets for the Junior Ball, according to Charles Cautley in charge of sales. "This is not to shut out men who can't buy their tickets before Wednesday," he explained, "but simply to insure every girl who goes to the party a program with her name stenciled on."

"If there are any tickets left after Wednesday they will be sold, but programs cannot be provided unless a reservation, at least, is in by that time."

The various committees on arrangements have nearly completed their work for the party a week from next Friday. The chaperons and patrons and patronesses will be announced Monday. The committees on decorations and on the supper announce that their work is completed. According to Alano Pierce, president of the J. B., it will be the most elaborate ball in the history of school and a complete return to the days of pre-war festivities.

### PHARMACISTS TO DANCE.

The College of Pharmacy will be entertained by the senior class at an informal party in the Minnesota Union ballroom, May 9, 1919.

## Many Attend "Better Minnesota" Rouser

"Engage in the quest for quality," was the advice of President M. L. Burton to a gathering of sophomore academic men yesterday noon at their rouser. "Quality is peculiar, it is distinctive, and a thing of characteristic excellence."

The meeting, which was attended by 80% of the sophomore men, is only the first of a series which will be run next week. Speakers from the faculty, and prominent business men in both cities will be asked to give short addresses at these "mixers."

In his address President Burton said, "Our first duty is to get the university back to normal and then to go

forward. Many people think that because a thing is big it is mediocre. But you can combine quality with quantity." Using the British Navy as an example he demonstrated the perfect efficiency possible in the largest navy in the world.

That the sophomore men have a very definite part in the building up of a campus "morale" was brought home to the listeners. "Ask yourselves as sophomores what is to be done, what is to be changed, and then go ahead and do it. We could remake this university in 24 hours if we set out to. Choose, select, eliminate and concentrate on the things you

want to do."

"The universities of America are going to be the balance wheel of the reconstruction period. College men have a big job ahead of them. Our job is to make the University of Minnesota the kind of an institution we all know it should be."

The meeting was in the form of a luncheon. It was presided over by Cecil Branham, temporary chairman of the Sophomore Better Minnesota Movement. Burton Forster as a founder of the movement, gave a short talk explaining the aims of the rouser and offered some suggestions as a basis to work on.

## LITERARY SOCIETIES OF BOTH CAMPUSES COMPETE FOR TITLE

Government Ownership of Railroads, Subject of Contest.

FIRST DEBATE TO BE HELD ON APRIL 25

Five Societies Try for Championship Title of Forensic League.

As in previous years, the literary societies of both the main and branch campuses will compete for the championship title of the Forensic League. The debate subject chosen is, "Resolved, that the United States should own and operate all interstate railroads." The societies entered are The Forum, the Shakopean, the Tri-Lit, the Webster, the Kappa Rho.

The debates scheduled are as follows:

April 25.—Forum vs. Tri-Lit.  
May 2.—Shakopean or Webster vs. Kappa Rho.  
May 16.—Finals.

It is expected by the officers of the League that a sufficient fund can be raised thru paid admission to these debates to adopt a war orphan.

There has always been great interest in these debates. The judges will be announced later. Each society will have tryouts for places on the debating teams. After some discussion the title of government ownership of railroads was chosen because of the great national interest in that present day problem.

Kappa Rho won the last debate.

## MASQUERS PLAY TO FULL HOUSE

Cast Appeared in Costumes and Make-Up at Dance in Union.

Masquers played in "Plots and Playwrights" and "The Dust of the Road" last night to an enthusiastic and thickly populated house. By noon yesterday, it was announced that all seats for the first performance were sold. Tickets for tonight's presentation are still on sale at the Co-op. A criticism of both productions will appear in the Daily Tuesday.

Dr. Anna Phelan and Mr. and Mrs. Burton Forster were the guests of honor at the dance in the Minnesota Union ballroom, after the plays, when both casts appeared in costume and full make-up, with the Tramp and a Policeman in their midst. The tramp, however, showed no signs of I. W. W. agitation, nor did the policeman misbehave; he was merely a good Minneapolis policeman.

Carleton Miles has written a criticism of the productions which will appear in the Minneapolis Journal tonight, or in the special Sunday edition.

## CONTRACT LET FOR SENIOR PICTURES

Miller's Studio Receives The Picture Contract For Cap And Gown Day.

The Senior Picture Committee has let the contract of Cap and Gown pictures to Miller's Studio, 608 Hennepin Ave. Through their efforts, the seniors will be able to obtain pictures of a higher grade at a much cheaper cost. The pictures will be seven by eleven inches and will sell for \$5.00 a dozen. Samples are on display in the post office. The group pictures of the professional colleges will be \$2.00 a piece. The number of sittings is unlimited, and it is the wish of the committee that all professional men will have their sittings before May 15, so that the professional group pictures will be completed. The academic students should have their sittings completed by June 1. Appointments may be made at any time at Miller's Studio.

Newton Holland is chairman of the committee. The other members are: Annette Reynaud, academic; Harriet Todd, agriculture and home economics; George Duncan, engineering; Afra Myron, education; George Wessier, dentistry; Howard Gross, pharmacy; J. O. Horsted, mines; K. E. Brunsdale, law.

## PERHAPS EVEN A BRIAR CLUB!

To the Editor:

The attention of the University has been more or less attracted to the efforts on the part of the members of the Junior and Senior classes of the University to organize a "Better Minnesota" Movement. Thus far the movement has met with unusual success in arousing interest, and several large meetings have been held for furthering the proposition. The movement has gathered such momentum and assumed such proportions that it would be regrettable to let it culminate in the series of talks to be given by President Burton.

A recent issue of the Daily contained a feature story regarding the formation of a smokers' club, to be called the "Briar Club." The purpose of the society, as described in the Daily, would be to provide an organization promoting discussion, ultimately beneficial for the University. As I understand from the sponsors of the story that nothing was seriously contemplated in the way of actual organization, and that it is unlikely anything will be done in that connection, the field for such a society still remains open.

Why would it not be well to apply the suggestion offered by the Briar Club story and take advantage of the enthusiasm displayed by the Juniors and Seniors. The originators of the Better Minnesota Movement idea expressed their belief that such a movement would have a more thorough-going appeal if it were conducted informally and with the unconventionality attendant at the so-called "smokers." Obviously the name "Briar Club" is unsuitable for an organization which would include a large proportion of non-smokers, but the embodiment of the principles of unconventionality which a smoker offers into an organization keeping alive the Better Minnesota Movement would seem plausible, if not desirable.

## The Fifth Liberty Loan

Of the First Loan, the Ninth District took \$75,926,250.

Of the Second Loan, the Ninth District took \$132,942,350.

Of the Third Loan, the Ninth District took \$180,920,450.

Of the Fourth Loan, the Ninth District took \$242,046,050.

"It is going to be harder to sell the coming Liberty Loan, though," is a remark commonly heard.

Why should it be?

The Ninth District's bank resources have increased practically \$400,000,000 since April, 1917.

Our savings have increased from \$72.88 per capita in 1914 to \$126.88 per capita in 1918 and are still increasing.

The war isn't over.

The boys are not home.

The job isn't finished.

Therefore, there should be no let-up or let-down.

On the other hand, world peace is assured.

By our bravery and our extensive

preparations we saved at least a hundred thousand American lives. Is that unshed blood worth the price?

We can see the end of our tremendous expenditures.

They have already begun to shrink almost as rapidly as they increased.

The fifth undoubtedly will be the last Liberty Loan.

Therefore, don't let this idea that it is going to be harder to sell the Victory Liberty Loan spread. It isn't right, it isn't patriotic, it isn't true. Let's just tighten up our belts, turn the corners of our mouths up instead of down and set the "thought waves" of thankful optimism working for us and for the "Victorious Fifth."

We're not quitters. We are going to take our share of the Victory Liberty Loan with less fuss and less prodding than were required for the Fourth. Let's start thinking and talking along that line and make it easier.

"Broken eggs can not be mended."—(Lincoln.) Neither can "cashed-in" War-Savings Stamps grow to their maturity value.

## DEDICATED TO THE U. of M. "DENTS."

When my head gets hot and my feet get cold,  
I'm getting the "flu" I've often been told,  
Then, '19 M. D.'s you can act your part,  
But give me a Dent for a broken heart.

For a promenade 'cross the campus tonite,  
An S. L. and A. or Chem I might take, for variety, perchance,  
But give me a Dent for that dance.

When my marks in Trig fall near to the depths, maybe  
Engineers, I might, in trouble call on thee,  
But for a movie tonite it's a Dent for me.

For a chatty chat and some gossip, too,  
Ye Pharmacist—sometimes you'll do,  
But my candy and smiles, Dent, must be for you.

Laws and Acs and all the rest,  
You're all very good—almost the best,  
But it's only that you lack one part—  
For it takes a Dent to capture my heart.

For varieties' sake I rattled off this absolutely hopeless U. of M. verse for the seldom mentioned U. of M. dentists. Being the Daily accepts lots of this sort of "stuff," please print this and I'll write more—better verses if I get encouragement. I believe if the departments were given more space the Daily would be of greater interest to those outside of the S. L. and A. College.

## GIRLS' BASEBALL.

Girls, do you know that the baseball season has started? That practices are being held every Monday, Tuesday, Wednesday and Thursday at 4:40 in the games room of the woman's gym? It takes a lot of hard and steady practice to become an expert in handling the ball and bat. The competition for places on the teams is made all the keener by the unusually large number of girls trying out for the teams. Every girl interested is urged to hustle up and come out as often as possible in support of her class team. Your class needs your cooperation. Don't forget the tournament at the end of the season and the cup in question.

## State "G. W." Cabinets In Conference Here

Dean Beggs to Give Welcome At Opening of Session Saturday.

The new Y. W. C. A. cabinets of all of the colleges and normal schools of Minnesota will meet at Shevlin hall Saturday and Sunday, April 11 and 12, for their conference.

The session will open at 9:30 A. M., Saturday, with Mrs. Normal Wilde presiding. Devotions will be led by Miss Maude Briggs, and Miss Gertrude Beggs, Dean of women, will give an address of welcome.

The feature of the morning will be an address on "Americanization" at 10:30 A. M. by Dr. Cecile Griel of the National Headquarters staff of the Y. W. C. A. Americanization department in New York. Dr. Griel organized the American Red Cross work in Italy and was the sole woman survivor of the boat on which she made her return trip when it was torpedoed. For this reason, she has decided to devote her life to helping the Italian people through the work done by the Americanization department.

Miss Anna Owers, executive secretary of the north central field staff, will give a talk on "City Association Work," and Miss Doris Cruran will speak on "Publications."

The afternoon from 2 until 4 will be taken up with discussions lead by Miss Frances Greenough on "The Purpose of the Y. W. C. A.," and committee group discussions.

Tea will be served at the home of President and Mrs. Marion L. Burton from 4 until 6, and dinner at 6:30 P. M. Several girls will give short talks during dinner and at 7:30 P. M. President Burton will give an address on "World Citizenship."

On Sunday, the delegates will attend local churches in the morning and in the afternoon from 2 to 4 there will be group discussion and reports with Mrs. Marion Burton presiding.

At the enthusiastic meeting of the Freshmen Academic men, held yesterday in the Minnesota Union, it was decided that a general meeting of all Freshmen Academic men be held Tuesday noon to foster and promote the "Better Minnesota" movement. R. Swanson was elected temporary chairman. Because the Freshmen class realizes that as much is expected from it as from upper classes, the temporary commission, formed at yesterday's luncheon, plans to arouse sufficient interest in this movement as to place this class among the foremost in the movement.

Reservations for Tuesday's luncheon will be limited to eighty.

Final elections for W. S. G. A. will be held in the Women's P. O. on Monday, from 8:30 to 12:20. Preliminary elections have resulted as follows:

## COMMUNICATIONS

To the Editor of the Daily:

In a burst of allegedly righteous indignation, an Academic Junior somewhat irritatingly demands that the Sophomore Academic class give an account of itself, or its excuse for existing.

In reply to the cheerful harangue as to the Bolshevistic attitude to be taken by the Class 1921 in counteracting faculty opposition, I would like to state (and believe that such is the opinion of the sophomore class) that had this junior "communicationist," before embarking on his flight of fancy, delved a little deeper in this matter, he would have one complaint less in his system.

Under compulsory measures, such as forced Clemenceau to state his stand, the sophomore class most humbly offers a few excuses for its right to exist:

1. Contemplation of a musical comedy.
2. Plans for a class dance.
3. Arrangements for a Field Day.
4. Plans for adorning Freshmen and making them more aesthetic.
5. Organization of class (the first) to foster the "Better Minnesota" movement.

In regard to the courageous stand taken by the junior class last year, by not allowing "a plea of abstinence because of faculty opposition" to intervene, due credit might be given—by those favoring such a policy.

We realize that the sophomore class can never strike the heights of daredevilishness reached by our junior brethren; neither can we nonchalantly adopt a policy in which existing order has no place. With all due respect to our critic, we would like to suggest in accents dulcet, "Put your OWN house in order."—M. Kodas.

## Prize for Thesis

Seniors in Medical College to Write Theses on Surgery.

The Department of Surgery of the Medical College has just given out information regarding the Rollin E. Cutt's prize which is awarded annually in the form of a gold medal to the member of the senior class who presents the best thesis on a surgical subject.

Originality is the main point in the work, and owing to a lack of that quality in the theses submitted last year, no prize was given. Several months of work are necessary in preparing the theses, and in the past some very valuable pieces of work have been presented.

This year all theses must be in by April 25. Announcement of the winner will be made on Cap and Gown Day.
