

Duluth -- ~~Five~~ students from Chisholm junior and senior high schools received premium awards last weekend at the annual Northeastern Minnesota Regional Science Fair held at UMD.

One of the students, Noah Lindemann, a senior at Chisholm Senior High, received a \$25 scholarship from Minnesota Power and Light Co., when his project was named third highest out of the 125 projects entered. His project was entitled "What is Man?"

Other students receiving premium awards and their projects are Roxanne Sundquist, eighth grade, "Fish Sensations;" Alan Hnatko, ninth grade, "The Heart and its Stimuli;" Jim Madich, ninth grade, "Air Pressure;" Mary Namienik, ninth grade, "The Learning Ability of Planaria;"

In all, 14 students received premium awards, enabling them to exhibit their projects at the State Science Fair to be held in St. Paul next weekend.
