

APATHETIC ABOUT THE WAR?

Nixon wants you to be!!!!!!!!!! But if the daily killing of 300 Indochinese by U.S. bombers concerns you, then consider this: Nixon will be watching the national antiwar demonstrations scheduled for Atlanta and 16 other cities on November 6th. He hopes the demonstrations will be small. He wants to be able to say that the people support the bombing-or that they're indifferent. Don't be indifferent to the mass murder of the Indochinese and the continued killing of American GIs. If you are opposed to the war, your place is in the streets on November 6th. You will be missed if you are not there. **IF YOU CARE, YOU WILL MARCH ON NOVEMBER 6TH!**
