## AGGRICS WAX ENTHUSIASTIC OVER COMING ELECTION

Exciting Mass Meeting Held at Park—Many New Features Develop in Race for Board Positions

As an expression of their determination to be represented on the Athletic Board of Control, the "Aggrics" held a wildly enthusiastic mass meeting yesterday. Dean Woods presided and showed himself to be acutely interested in student affairs by coming out strongly in favor of the "Aggrics" plea for representation.

### 150 Pledged to Attend Election.

The state of feeling among the students of the Farm College is shown by the almost unanimous attendance on their part at the mass meeting. Over three hundred were present in addition to many of the faculty. One hundred and fifty pledged themselves to attend the election tonight in a body, prepared to support to their best ability, the measure granting them their rights.

### Campaigns for Adherents.

An active campaign to gain adherents also, to their cause, is being carried on by the "Aggrics". Everyone this morning found in their post office box a communication from the Agricultural students stating their side of the question and soliciting support. Opinions were obtained from Governor Eberhardt, several faculty members and numerous prominent students, all speaking favorably of the Hoffman amendment.

Several of the races for places on the Board are developing into pretty fights. The engineering candidates encountered another rival yesterday when Theodore Swenson, '11, of the electrical department was announced as being desirous of a position on the Board.

### George Schain Withdraws.

A new feature came up yesterday when it was stated upon good authority that George Schain had withdrawn, thus leaving a clear field for Earl from the race for the vice-presidency. It is too late now for any one to appear against him and have a ghost of a chance, so that Schain's defection has indubitably cinched the place for "Pick."

## ENGINEER GIVES ADVICE

Addresses Society on Practical Points of Adjustment in Work After Graduation.

James B. Gilman, chief engineer of the Minneapolis Steel and Machinery Co., and a graduate civil engineer of '94, gave a most practical and helpful talk, last night, to the Engineers' Society. His talk was not so much technical as it was practical in its advice to the graduating engineers upon their future occupation; what their employer would expect of them and how they should act toward their employer. He considers that the first two years out of college are a sort of post-graduate course in which the graduate is making an adjustment between life as he knew it in school and college and life as he finds it in the competitive world.

## NEWSPAPER HUMORIST CAPTIVATES STUDENTS

H. E. Warner Gives Short Practical Talk on the School of Journalism.

With a delightful intermingling of humor and practical newspaper talk, Henry Edward Warner, of the St. Paul Dispatch, spoke to the University students during third hour yesterday.

Mr. Warner expressed his opinion on schools of journalism in general, and his interest in the recently established course in newspaper writing at Minnesota in particular. "Colleges of Journalism are the outgrowth of the general desire to write for publication," said he, "and the most popular market is the newspaper office."

### "Papers do not Employ Journalists"

"It will be as easy to turn out journalists from a college of journalism, as to make poets in the new Missouri college of poetry. They will never get jobs on papers, for papers do not employ journalists." He gave some good advice to reporters. "All the room in the newspaper business is at the top," he said, "but start in at the bottom and work up, not at the top and work down. Learn to use good English, that is, the kind of English the masses will understand. The average man's vocabulary is of twenty seven words."

After this more practical talk, Mr. Warner entertained the students with some humorous verse of his own composition, and with an amusing resume of his early youth and poetical productions, showing himself a good comedian as well as a humorist.

He showed himself not lacking in musical ability, also, when he portrayed the village choir.

Mr. Warner will talk at the St. Paul Y. M. C. A. next Tuesday night. He promises that none of the jokes he told today will be repeated.

## BOUGHNER TO ADDRESS ASPIRING JOURNALISTS.

"How to write a News Story," is the subject Mr. LeRoy Boughner, city editor of the Minneapolis Tribune, will talk on in the Daily office, this afternoon at 4 o'clock.

There is perhaps no man in the twin cities better qualified to speak on the practical, news value side of the newspaper story, nor to tell the best way in which to write up the facts. Mr. Boughner has had unlimited experience in this phase of journalistic work.

## CASTE FOR NORWEGIAN PRODUCTION ANNOUNCED

Ibsen's "Pillars of Society" to be Presented by Students in Princess Theatre, Feb. 25.

The Scandinavian club of the University will present Henrik Ibsen's "Pillars of Society," in the Princess Theatre, Friday evening, Feb. 25. John Dahle, veteran actor in the theaters of Norway, who is a prominent musician in St. Paul, has charge of the drilling of the play.

Arnold Lien who played the title role in "Den Stundeslose" is the leading man as "Consul Bernick"; Millie Larson former instructor in elocution in St. Olaf College, Northfield, a special student in the University, plays "Miss Hessel," the part of leading lady.

The "Pillars of Society" is one of Ibsen's first social plays. It is a satirical tragedy but is "healthier" than his later plays and one of the best social plays of the day.

### Last Year's Play a Success.

The club gave a performance last year which showed unusual appreciation of their parts and freedom from the faults of amateurs. Many of the same people play again this year. They were asked to repeat "Den Stundeslose" in "Mozart Hall" St. Paul for this winter, but have not decided definitely.

### The cast stands as follows:

- Consul Bernick ..... Arnold Lien
- Mrs. Bernick ..... Dikka Reque
- Olaf ..... Amlj Sjolass
- Miss Bernick ..... Myrtle Guttersen
- Jolian Tonnesen ..... H. O. Kjomme
- Mr. Rorlund, schoolmaster ..... P. A. Sveeggen

## ONE GIRL TO COMPETE

Seven Chosen in Preliminaries to Take Part in Underclass Oratorical Contest.

The preliminaries in the Freshman-Sophomore Oratorical contest were held yesterday afternoon in Folwell Hall. There were about sixteen contestants out of which number, seven were chosen to enter the final contest which takes place in about two weeks. The successful ones were:—C. D. Simpson, "An Industrial Problem"; J. L. Wolunby, "Robert E. Lee"; Miss Tillie Will, "Worship of False Gods"; H. J. Burgstahler, "Francisco Ferrer, The Martyr of Spain"; R. C. Baumgardner, "Mazzini the Italian Martyr"; G. H. Gamble, "American Sensationalism" and Will Hodson, "The Social Awakening." Mr. Rarig, Mr. Gislason and Charles Rodeen were the judges of the contest.

In to-night's election there should be but one motive guiding the voter—competency of the candidate. Athletic records should be given consideration but in themselves they are insufficient.

That a man has been an all star athlete is no criterion of his efficiency as a manager of athletics. Positive, good judgment is of far more importance than physical prowess.

A man's athletic record surely should not work to his detriment, however. We would hardly be justified in arguing that physical prowess is an indication of mental weakness.

Character shown on the "field" augurs well for character elsewhere. In our haste to condemn a purely athletic standard for judging candidates, we should not become over enthusiastic.

In this issue we carry the notice of George Schain's withdrawal in favor of E. S. Pickering. This must carry with it the taint of a "frame up." As such it is bad, and harmful to Minnesota's politics. Occurrences of this sort are really responsible for the occasional disrepute into which student control of athletics frequently falls.

### WHAT THE AGRICULTURAL COLLEGE WANTS AND WHY.

To the Editor of the Daily:

It is conceded by all that the Agricultural College should have some representation on the Board of Athletic Control. Representation on that board may be had, first, by considering the Agricultural college in with some other college. The Agricultural college is isolated. This makes it impossible for one man to adequately represent it in connection with one or more of the other colleges. Such an arrangement would not be at all satisfactory or conducive to the best results. If representation on the board in connection with one or more of the other colleges would not bring about desirable results, there remains but one course that will be satisfactory, and that is to pass the proposed amendment to the amendment to the constitution which gives the Agricultural college a member on the board. The enrollment at the Agricultural college is not as large as the other colleges, that have a representative on the board, but its attendance is increasing at a very rapid rate.

The college offers a fund of material for Varsity athletics.

We do not want a separate athletic association. We do not want separate coaches and teams. We want a chance to participate in Varsity athletics.

Signed,  
An Agricultural Student.

### A COMMUNICATION.

If ever common "horse" sense ought to guide the students of Minnesota, it should do so in the matter of electing representatives to the Athletic Board of Control. That board makes the rules regulating every branch of athletics in the University, and should be composed of fair, broad-minded men who will assume an attitude, not colored by personal prejudice or favoritism, but one that is comprehensive and far-sighted in all matters concerning our college sport.

How under heavens can a board consisting of five football men legislate honestly and fairly for all concerned. Why is it that these football men have all seen fit to run for offices on the board of control?

Manifestly they must have some object in view for such a condition has never existed before in our athletic elections. Is it the question of a coach for next season? Very likely that is the answer to the puzzle.

We honor our football heroes, as such, but we don't want them all on the Board of Control.

Will Hodson.

"Pinafore" girls held their election for a new president yesterday noon. Josephine Crary's resignation was accepted with a great deal of regret

The Psi U's, on Tuesday night, won the championship of the inter-fraternity bowling league by taking every game of their match from the Dekes. The match was a play-off of a tie, each team having five matches to its credit. The Dekes were bowling their best, for by winning they would secure the cup for keeps as they have already held it for two years, but the steady bowling of the Psi U team and especially of Farnum, outdid them. The Psi U not only won this cup, a beautiful silver goblet, presented by the Northwestern Book Store, but also a silver cup from the Arcade Bowling Alley. The Psi U's only lost three games in the whole tournament. Farnum won the prize given by Weld & Co. for individual high average.

**FRESHMEN TO RECEIVE.**

On Feb. 26, the freshman members of the Women's League will give a reception in Alice Shevlin Hall for the upperclass members. Everyone is eagerly waiting to see what novel stunts the freshmen will introduce as this is the first chance they have had to show their talents.

**TRACK TEAM MAY TRAVEL**

**Invitation Received From Marquette to Enter Championship Meet at Milwaukee.**

Dick Grant today received an invitation to enter a team in the Indoor Track and Field Championships held under the auspices of the Marquette University Athletic Association and with the sanction of the Central A. A. U. at Milwaukee, March 12th. Many Wisconsin colleges are to compete in this meet and a classy exhibition will probably result.

The events consist of a sixty-yard dash, sixty-yard high and low hurdles, quarter, half, mile and two-mile runs, shotput, pole vault, high jump, and a mile relay race.

A handsome shield will be given to the winning team, regular A. A. U. medals to winners of firsts, seconds, and thirds, and a shield to the winning relay team. Entrants do not have to be eligible in their respective colleges, but merely have to be duly registered in the A. A. U.

It is a problem whether the Athletic Board of Control will care to stand the expense involved by the trip to and from the "Suds" City. However, the experience which the men would gain by competing on the strange course might warrant the expense involved. The present Board will not settle this question; but the members of the coming board will decide or the issue.

**FOOTBALL MENU MADE UP**

**Seven Game Schedule Nearly Complete—Chicago and Michigan on the List.**

Altho Manager Helon Leach is rather diffident about giving out an incomplete schedule or football games for next fall, he says that the dates and contracts are nearly filled and signed, and only a short time will elapse before students will know who, when, and where their team is to play the coming season.

Notwithstanding that, as yet, no definite information can be obtained as to games to be played, it is highly probable that our opponents will consist of Lawrence, Ames, Nebraska, Chicago, Wisconsin, and Michigan, with one other addition. From all reports, no game will be scheduled with the Hawkeyes, our down state rivals. Some strong southern schools would jump at the chance to make the trip to clash with the Gophers, and it is problematical whether a date will be made with a southern institution or some neighboring college like North Dakota. The Flickertails can furnish an exhibition of high class, on the gridiron and, as the game would be decidedly more than a practice one, there is a strong probability that they will fill the vacant date.

times gets too thick for comfort. The only other business taken up by the outgoing board, was the passing of the second budget providing for current expenses and the hiring of an expert accountant to go over the treasurer's accounts of the past year.

**CRUCIAL GAME FACES BASKET BALL QUINT**

**Varsity Team to Meet Chicago Saturday—Winners to be Favorites in Championship Race.**

With the coming of the Maroons to-morrow night the varsity ball-bouncers face the most crucial contest of their basketball season. Chicago still leads the list of conference teams with a clean slate, and Minnesota is a close second having lost only one game. The winner of to-morrow night's game will undoubtedly be the favorite in the championship race, and both quints will fight desperately to get the long end of the score.

Chicago showed an unexpected strength Tuesday by handily defeating the Illinois team on its own floor. The Maroons have succeeded in forming another great quint from the remnants of last year's champions. Hoffman and Page, last season's defensive combination, are still on the job, and Sauer and Kelly are experienced running mates in the forward positions. Hubble and Edwards have been alternating inside the toss-up circle, and this is the weakest point in the Midway team.

For Minnesota, Capt. Hansen and Lawler will play forwards; Walker, center; and Rosenwald and Wanless, guards. This combination seems to be the best that Dr. Cooke can find, and this line-up will start the game. Dr. Cooke and the players feel confident that with the advantage of playing on home territory, they have better than an even chance to win.

The game will be called at 8 o'clock. The band will be there and dancing will follow the contest. Admission fifty and seventy-five cents.
