## Regents Settle Many Questions in Meeting

**PUT FATE OF JOURNALISM COURSE IN HANDS OF COMMITTEE.**

### CHANGE MEDICAL COURSE

**Work in Homeopathy to be Taken As Branch of Regular Medical Course.**

At the meeting of the Board of regents yesterday afternoon, the course in Journalism, for which local students have long been striving, met the same fate as in previous years. It was referred to a committee consisting of Messrs. Butler, Wilson and Schulz, who may report at the next meeting, Sat. May 15, but who will in all probability postpone action until June.

The woman's dormitory was located at the corner of 11th and University Aves. S. E.

This is in the same block with the Botanical department's Green house, and is only a stone's throw from the campus.

### No Homeopath Building.

There will be no new building for the students in homeopathic medicine, and the school will be abolished. The appropriation of \$50,000, which the legislature made for this purpose, will not be touched. However, Homeopathy will not be abolished entirely, instruction being furnished to all who desire it. The faculty will be reduced from twenty-six to three.

### Butts to Succeed Sigerfoos.

Captain E. L. Butts was elected instructor in military science to succeed Capt. Sigerfoos, whose leave of absence expires next October.

The buildings and ground committee were requested to recommend a location for the heating and lighting plant and report to the board at the next meeting. Late in the afternoon Cass Gilbert, the famous architect, was admitted to the meeting and went over the plans for the new buildings to be erected. The sites will be announced at the next meeting.

Professor Constant, professor in drawing in the engineering department, was given a leave of absence for a year on half pay.

Prof. Scott, of the musical department, was raised; and \$1,500 was donated to the Alumni association, for which E. B. Johnson, secretary, is to render all services which the board may demand.

(Continued on third page.)

### TYPEWRITER THIEF CAUGHT.

Yesterday, the police caught the thief who broke into the chemistry building and took Dr. Frankforter's typewriter some time ago. The man is a professional crook and so no blame is attached to University students.

Dr. Frankforter recognized the man as one who had interviewed him, a few days before the theft, about a course in chemical engineering.

Several hundred dollars worth of silver plate were found at the burglar's home.

## BOARD OF GOVERNORS PLAN FOR BUSY YEAR

**Harvest Carnival in November, Musical Comedy in February, and Assembly in April.**

The Minnesota Union is to undertake next fall one of the biggest campus tasks ever attempted at Minnesota. A gigantic Harvest Carnival is to be held in the Armory the 19th and 20th of November, the day before and the day of the Michigan game. The Carnival is to be much on the order of the great triennial County Fairs of the Michigan Union, including a spectacular street parade, a forty-booth fair within the Armory and a continuous vaudeville with all the attendant stunts calculated to make people spend money.

Wednesday the Board of Governors at their regular May meeting voted the carnival thru and appointed Allan J. Wash, '10, general chairman to manage the undertaking. His staff will be announced within the next few days with the attendant committees, and early next week, a meeting will be called of delegates from each campus organization, fraternities, both academic and professional, literary societies and clubs, to talk over the general arrangements and to get a definite report ready for their organization so that the general details may be well under way before college closes for the summer.

Besides the Carnival, the Board also voted to put on a musical comedy in February and to repeat the "Get-together" of this spring in April.

### "THE PRICE OF A SOUL"

**To be Given by William Jennings Bryan in the Armory Tuesday Evening.**

"The Price of a Soul" is the subject of the speech which William Jennings Bryan will give to the students of the University next Tuesday in the Armory. This is a subject especially suited to Mr. Bryan. In all his career as an editor and politician he has been earnestly striving toward lofty ideals.

This lecture will be given under the auspices of the Daily and the Y. M. C. A. Mr. Bryan, as an orator is assured and need not be mentioned. He has lectured all over the country and is always enthusiastically received. This is his second visit to the University.

### TO STAY IN Y. M. C. A. WORK.

John F. Sinclair who recently resigned as secretary of the local Y. M. C. A. is not going to Panama, as was recently reported in a town paper.

"I have seven or eight offers," said Mr. Sinclair yesterday, "and among them was the Panama one. But I am not considering the latter seriously. The central branches in New York, Boston, Minneapolis, and Duluth have all offered me positions and it is difficult for me to decide definitely where to locate."

Mr. Sinclair was also offered a partnership in a big law firm in Louisville, Ky., but Y. M. C. A. work has such a hold on him that he expects to pursue it the rest of his life.

## ENGINEERS SAY FAREWELL TO DEAN JONES TONIGHT

**Students and Faculty to Gather at Donaldson's in Honor of Chief—Prexy to Preside.**

President Northrop will preside at the farewell banquet to be tendered Dean Jones by the engineering students and faculty Friday evening in Donaldson's tea rooms.

The program of toasts is as follows: "First Impressions"....Kirk Hillman, '13  
"The Isometric View".....  
.....Will Cottingham, '11  
"Out of the Frying Pan Into the Fire".....W. E. Conley, '10  
"The Aftermath"....G. M. Shepard, '09  
Music.  
"The Engineers' Society".....  
.....Malcolm B. Moyer, '09  
"What Has He Done?".....  
.....Professor A. E. Haynes  
"Prospect and Retrospect"....Dean Jones  
A large number of plates have already been reserved, and although it will be informal, a good feed will be furnished.

## FINALS TO START MAY 28

**And Continue to June 5—Regular Schedule Announced by the Registrar.**

Final examinations in the college of science, literature and the arts for this semester will commence Friday afternoon, May 28, and continue until Saturday, June 5, according to the schedule which has just been issued by Registrar E. B. Pierce.

Those senior academics who have received no conditions or failures since the close of their freshman year and whose work and attendance are satisfactory to their advisors will be rewarded as usual by not having to take any of the final examinations. All other senior academics will be treated the same as the underclassmen.

The following is the schedule:  
Friday May 28—7th and 8th hour classes.

Saturday May 29—1st hour classes.  
Tuesday June 1—2nd hour classes.  
Wednesday June 2—3rd hour classes.  
Thursday June 3—4th hour classes.  
Friday June 4—5th hour classes.  
Saturday June 5—6th hour classes.

M. W. F. classes will be examined at 9 a. m.

T. Th. S. classes will be examined at 2 p. m.

M. T. W. Th. F. classes will be examined at 9 a. m.

T. W. Th. F. S. classes will be examined at 2 p. m.

There are no special final examinations for academic seniors.

### BYRON WINS FOB.

Corporal Edward S. Byron was the winner of the competitive drill down held by F company. As a prize he receives a watch fob which has been furnished by the officers of the company. Captains Diamond, King and Crandall were the judges.

According to Captain Mooney, the drill was successful and closely contested. Each man was allowed three mistakes before going down. Two men, Corporal Byron and Private Brody, both freshmen, stayed up the longest. The two were then paired off with the above result.

## CORNHUSKERS AND GOPHERS IN FIRST OF SERIES TODAY

**Crack Nebraska Team Anxious to Down Gophers as they Forfeited Last Year's Game.**

This afternoon the varsity tackles a hard proposition on Northrop Field in the form of the Nebraska base ball team. The game is the first of a series of two, the final game to be played Saturday afternoon.

Last year Nebraska forfeited the game in the eleventh inning, the score being 4 to 4. This season, reports of a most encouraging character have been given out to the Cornhusker supporters and great things are expected. They succeeded in winning three out of four games with the crack Missouri team and are showing great form.

The line up will probably be as follows:

Nebraska—Cooke, c. f.; Buck 3b.; Carroll c.; Chaloupka 1.f.; Clarke 1b.; Metcalf s.s.; Sturtznegger, r.f.; Dridgeon 2b.; Mathers p.

Minnesota—Hughes c.f.; McGovern 3b.; Stockland c.; Perkins 1.f.; Pettijohn 1b.; Ernst s.s.; Johnston r.f.; McCarthy 2b.; Victor or Phillips p.

The game will be called at 3:30 and the admission will be 25 cents.

## SOPHS VS. FRESHIES

**Each Class to Try and Outrun the Other in the annual Track Meet on May 26.**

Wednesday, May 26th, is the day set for the annual freshmen-sophomore track meet which will be held on Northrop Field.

The sophomores intend to win as they did last year, and the freshmen also declare that they will be there to give a good account of themselves.

All freshmen who wish to uphold the honor of the freshman class should give their names to Chas. Melvin or leave them in box 1193.

## CADET CORPS INSPECTION

**To be by Capt. F. W. Lockbridge—Last Drill for Corps, But Will March, May 31.**

The government inspection of the Minnesota corps of cadets under the supervision of Captain F. W. Lockbridge, of the general staff of the U. S. army, on May 24, will mark the final drill of the year. By order of the faculty, however, the cadets will march in the Decoration Day parade.

There was considerable complaining last year by students in regard to this, but the faculty has refused to revoke the order. It is argued that if the cadets showed so little patriotism as to refuse to march the University would be held up to ridicule all over the state. Consequently, those cadets not on hand May 31 will be flunked for the year in drill.

Last night Sigurd Peterson left to represent Minnesota in the Northern Oratorical League. His exodus was quiet, not marked by the blast of a horn nor the echo of a "tiger," yet the support of every Gopher went with him. We're an undemonstrative lot, we Minnesotans, but our sympathies and interests are sincere and intense. We wish Peterson success both for himself and for Alma Mater.

Communication.

As I have always respected the Minneapolis Journal as one of the best papers in this country, my disappointment was great when I found a very irresponsible article in yesterday evening's paper. The article "Japanese Invited," is the most misleading one. As I have once stated positively, we, the Japanese student body, never had any sort of objection to the presentation of the Mikado play. We are too broad minded to do such a thing. Consequently there is no reason why the Woman's League should invite us to the play in such purpose as was stated in Journal. One of the members of the council of the Woman's League said: "We invite you, the Japanese students in the University, to the play because it is a Japanese play." Invitation is meant for honor and nothing else.

Yoshio Tanikawa.

**NORWEGIAN PLAY REVIEWED**

Tuesday evening marked an epoch in literary study at the University. For the first time our Norwegian students have undertaken to present in the original, one of the dramatic classics in which their literature is so rich. Holberg's "Den Stuedlose," showing the influence of Moliere, is a better play than those in which the English dramatists of the Restoration tried so hard to imitate the French manner. The central character of Vielgeschrey, the scatter brained busybody, who insists on marrying his daughter to a book-keeper is conceived in the finest comic spirit; and the tricks by which the maid Pernille deceives him and gets her mistress married to a gentleman after all, furnish most amusing intrigue.

The acting and stage disposition showed intelligent direction, and were unusually free from amateurish awkwardness.

All the actors showed keen appreciation of their parts, and the piece was performed with spirit. Mr. Lien, as Vielgeschrey, and Miss Ringsrud, as Pernille, were perhaps most remarkable for originality and resourcefulness. Mr. J. E. Anderson made an engaging, handsome lover, and admirable character work was done by Miss. Hoyum as housekeeper; Mr. Munck as barber, and Mr. Kjomme as practical joker. The speech is said to have been rendered with surprising fidelity by students who are mostly of the second or third generations of America.

This was well worth doing.

**PINAFORE GIRLS WAX MERRY**

"Uncle Tom's Cabin," boiled down, was the heart-rending feature of the sophomore girls' vaudeville show last night. From the triumphant entrance of the entire cast in the specialty song and dance to the glorious ascent of little Eva up the ladder into heaven, it was all one howling success.

"The Ladies' Home Journal Quartette" made a decided hit in their "terribly refined" singing, and the pantomime of "The Ballad of the Pig" brought down the house.

The spread was the best attended one of the year, and the feed, decorations, and toasts were excellent. It was the last spread Pinafore will give.

#### RAFFAELLI PICTURES HERE.

After being held nearly a month at the custom house in Minneapolis, the Raffaelli pictures were delivered yesterday afternoon at the University. At the exhibition on Saturday evening the guests will be received by ex-governor and Mrs. John Lind, Dean and Mrs. Downey, Dean Comstock, and Miss Clopath.

#### INSTRUMENTS STOLEN.

Instruments to the value of \$65 were stolen from the lockers of Arthur S. Seifert and Wallace Altermetz, fresh-

men dents, Tuesday night. Evidence points to the fact that the instruments were stolen by students familiar with the place where the instruments were kept at night.

#### BASKET BALL "Ms" GRANTED.

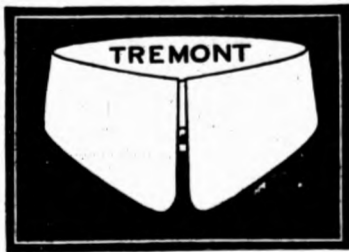

Basketball "Ms" were granted to Hansen, Anderson, Blanchette, Grimes, Rosenwald, Patterson, Walker, and Krushke at a meeting of the board of athletic control last Wednesday afternoon. The matter of Gym "Ms" was referred to the M committee. The letters granted will be the size, seven by seven.

#### LAST SENIOR INFORMAL.

Notwithstanding the incessant whirl of fraternity parties which has been going on lately, the senior informal committee have decided to pull off another dance. Their past successes and the fact that many seniors are clamoring for a last informal get-together prompted them to do this.

Chairman Leuthold says, "This will be the best ever. We are out for a good party and won't spare any expense." Bob Foulke is looking after the programs, per custom, but hasn't decided yet upon the design.

Donna Lycan and Helen Riheldaffer are managing the refreshments, so the crowd will surely be well provided for. Time—Thursday, May 13th. Place—Wilson's large hall. Girl—Up to you.

#### POLITICIANS ORGANIZE.

At the meeting of the "clean politics" organization Wednesday afternoon the following officers were elected: president, Harold Hull; vice president, Norman Houck; secretary, Wm. Erwin; treasurer, Fred R. Johnson.

The name "Good Government Club of the University of Minnesota" was substituted for the "clean politics" organization, and a constitution adopted. The first regular meeting will occur next Monday evening when a prominent speaker will address the body. All men are invited to attend.

#### FORFEITS IN FRAT BASEBALL.

On account of the inclement weather conditions of last week, the schedule committee of the inter-fraternity baseball league was allowed an extension of the time limit of one week in playing off games which would otherwise be up for forfeiture.

Games must be played off immediately, however, or action will be taken. The Committee.

#### BAKALYAR AND MUIR WIN.

Bakalyar and Muir won from Canterbury and Shaw in the handball semifinals yesterday. The finals will be played Saturday.

#### NOTICE

#### REGENTS HOLD MEETING.

(Continued from 1st page)

The resignation of Dean Jones was accepted and the following resolution adopted:

**Resolved:** That the Board of Regents of the University of Minnesota accepts with great regret the resignation of F. W. Jones as Dean of the College of Engineering and professor of Physics in the College of Science, Literature and the Arts. The Board thanks Dean Jones for the faithful and efficient service he has given the University for so many years and wishes him success in the work he is to undertake as Dean at Yale college.

Among other things the salary of It was voted that Prof. John Zeleny be made head professor of physics on the retirement of Dean Jones. Dean Henry F. Eddy of the graduate school was appointed temporary dean of the Engineering department.

#### New Professor Appointed.

Dr. A. L. Underhill, Ph. D., instructor in mathematics at the U. of Wisconsin, was recommended by Dean Downey for the position of assistant professor in the department of mathematics.

Prof. Joseph N. Thomas will succeed Prof. Maria Sanford as head of the rhetoric department as was predicted in yesterday's Daily. Miss Sanford will be placed on the pension list.

#### Changes at Agricultural College.

Prof. Wm. Boss, professor of engineering at the agricultural college, has formally resigned and will adopt a commercial career as soon as a successor is secured.

Henry Snyder, prof. of soils at the agricultural college, will be made a professor in chemistry. This course is a new addition to the curriculum at the college. The matter of the college extension is being considered and will be acted upon at the next meeting of the board.

**THE RIGHT KIND OF SPECIALIZATION.**

The day for preconceived prejudices against the big stores as suppliers of personal needs has gone.

Today the larger the store the greater the recognition of its increased purchasing ability, the more potent its value to the community and the stronger its magnetism for the careful thoughtful buyer.

All of which has been brought about through specialization.

This store, for instance, specializes male apparel, "and nothing else." One of our friends criticized us the other day for saying in our advertisements, "Good Clothes and nothing else." He thought it didn't state the facts fairly. He said, "Of course, you do give a man good clothes, but you give him something else;—thoughtful interest for his welfare and assurance in satisfaction that's worth more than the price of the clothes."

All of which is true, and naturally pleasant, and moreover, a proof of the success of our specialization. If we didn't confine ourselves to men's and boys' wear, if we did scatter our shot we probably wouldn't be as fond of the idea of personal contact that marks all our dealing with individuals as individuals rather than as a clientele collectively.

As it is, nothing would give us greater satisfaction than to meet and speak with every student who enters our doors. But it can't be done, so we get as near to it as possible by imbuing our people with the spirit of helpfulness and assistance, asking them to sell you the clothes you ought to have, rather than the clothes we want to sell.

Our only worry is that you may sometime be induced to take something against your judgment. If ever you are, we should like you to bring it back. We're sowing every day the seeds of service in the minds of everybody in the employ of this concern. In some cases it may take time for the concept to sprout and your assistance in the cultivation of our garden would be appreciated, not alone for our sake but for yours, so that you may know the satisfaction as well as the value to be had from making this store your store in everything you wear.

We're satisfying a lot of fellows with the smart styles of suits and overcoats made by Hart, Schaffner & Marx this spring; they're better than ever, \$18 to \$50. Crofut & Knapp and John B. Stetson have developed themselves to the student idea more than heretofore, you will notice that at once; Stetson hats, \$3.50 up; Crofut & Knapp hats beginning at \$3. The oxblood "has it neck-and-neck" with the tan shoe this spring; let us show you Palace "Crest" shoes, \$4. And haberdashery here to your heart's content, Manhattan shirts, \$1.50 up. Every other good specialized article that you can put on your person.
