

Be prepared...

The **Private College Leadership Certificate** is a series of four 8-week courses designed for professionals pursuing leadership roles in the private college sector. Your classmates will be the future leaders of dynamic private colleges. Your instructors will be seasoned scholar-practitioners who have extensive experience in private colleges.

Private College Leadership Coursework:

OLPD 5002: Private Colleges as Formal Organizations

OLPD 5902: Leading Change in Private Colleges

OLPD 5332: Personal Leadership and the Private College

OLPD 5845: The Entrepreneurial Private College

“The private college leadership courses have pushed me to explore higher education outside my discipline. The intentional focus on private colleges has given me the tools to pursue positions in upper leadership in higher education ... The faculty are experienced in private college leadership and offer experience from their positions.” -Krista Hoekstra, Associate Professor and Program Director — Nursing, Bethel University

UNIVERSITY OF MINNESOTA

...prepared to lead

Program options

For-credit graduate certificate: This four-course sequence can be completed online in one year. Participants will receive a transcribed graduate certificate from the University of Minnesota.

Non-credit certificate: This non-credit certificate is for professionals who desire the same experience as offered in the for-credit certificate, but at a more affordable rate without a transcribed credential.

A la carte: See a course you like? Enroll in any of the courses to enhance your learning about leadership in private colleges.

Bethel University EdD program: The 12-credit graduate certificate is fully articulated into Bethel University's EdD program in higher education. Earn a graduate certificate from the University of Minnesota while simultaneously completing your EdD from Bethel University.
