

## **Duluth Journal of Undergraduate Research**

### **About DJUR**

The *Duluth Journal of Undergraduate Research* (DJUR) is an annual scholarly publication. It publishes quality research papers from the Undergraduate Research Opportunities Program (UROP), administered by the University of Minnesota Duluth (UMD).

The mission of this journal is to stimulate undergraduate research in all disciplines and showcase the quality of education at UMD.

This publication is a collaboration of the Kathryn A. Martin Library, UROP Program, and all colleges and schools at UMD.

Starting from 2015, associate deans of each college or school are responsible for selecting UROP papers to be published in DJUR.
