Dear Faculty Member:

On Tuesday, January 11, 1966, the UMD Student Association and the Student Affairs Committee are co-sponsoring a seminar on student rights and responsibilities. The sponsors feel that it is an opportune time for an examination and discussion of students' rights and their corresponding responsibilities. It is hoped that through this seminar the participants will gain a greater understanding of what students' rights and responsibilities are and how they are to be employed on this campus.

You, as a member of the faculty, are invited and encouraged to attend and participate in the seminar. Enclosed is the seminar schedule. If you would like pre-seminar reading material (AAUP Committee S Report, ACLU Academic Freedom for Students) please call or stop at the Kirby Information Desk.
