## WITH DOLLS FROM ABROAD

### Girls Will Amuse Themselves at Valentine Party in a Novel Manner

The social committee of the Y. W. C. A. announces that the Valentine's party which is to be given this afternoon will be held in the Y. M. C. A. rooms instead of the Armory building as the invitations read. The men of the Y. M. C. A. have consented to leave a clear field for the young women, as it is to be especially understood that men are not wanted on this occasion. The arrangements for the party are as yet somewhat shrouded in mystery but as social committees are seen working and planning together at off hours in the Y. W. C. A. rooms the event is sure to come up to the expectations of the guests. There are rumors of a "Queen of Hearts" who is to be present to dispense favors and of an auction of household articles in addition to those which the girls expect to bring. This auction is probably given for the benefit of the Senior girls. Another part of the program for the evening's entertainment has been announced and is to be an exhibit of dolls. Miss Frances Jaquess who owns the dolls has a very unique and interesting collection gathered from every part of the world. The latest acquisition to her collection is a most beautiful specimen from Palestine. In spite of the grown-upness and dignified character of University girls they will doubtless greatly enjoy this part of the entertainment.

### Dr. Willet Coming

A delightful program has been arranged at the Portland Avenue Church of Christ for next Monday evening. Dr. Willett of Chicago University has been secured for a lecture and Mrs. Maud Ulmer Jones will render selections from Tannhauser. This is Dr. Willett's first appearance in Minneapolis as a popular lecturer and the Portland Avenue church is to be congratulated on its enterprise in bringing such a treat to the lecture-going people of the city.

### A Scholarly Address

Chas F. Beach spoke to a good sized audience on recent and pending trust legislation and litigation in the U. S. yesterday. Mr. Beach is an entertaining talker. His scholar presentation had the close attention of all present. He at once came boldly out in defense of the trust. He proved that trusts were the only solution of the present economic conditions; that the age of small combinations was past and that no one could expect any business to be run without a reasonable profit.

He pointed out that most of the evils of trusts were visionary and showed that public opinion and competition must prevent any reasonable monopoly. He condemned the present anti-trust legislation as archaic. He showed that the Sherman law was practically a dead letter and declared that all such statutes would be the same because the trust problem was economic, not legislative. He showed that in the twelve years since the Sherman law had been passed the number of trusts had increased from 15 to 150 and that during that time less than sixty cases had been brought under the Sherman law. He asked when

will we see the humor of trying to block the wheels of business by a statute. He concluded by an eloquent appeal to the students to drop prejudice and face the issues of the twentieth century squarely. Not to try to measure them by standards that had been outgrown.

The audience testified to their appreciation of the speaker by hearty and long continued applause.

### The Value of X

A regular meeting of the University Liberal Association will be held to-night in the Y. W. C. A. room at 8 o'clock. The speakers are Misses Judson and Camp, and their topic will be "The Value of X." This meeting is to be a closed one, to which members only are invited.

## ANOTHER STRONG ADDRESS

### Questions of Practical Importance to the University Will Be Discussed

Every seat in chapel hall should be filled by a University man to-morrow at 3 o'clock. The speaker, Walter M. Parsons, a co-worker with Mr. Fred B. Smith as International secretary of the Y. M. C. A. will discuss vital themes under the subject "Master or Slave, Which?" Mr. Parsons speaks with directness and power forcing home upon the reason and conscience of men some of the vital truths which are too often overlooked. Without question this will be one of the greatest addresses of the year and one which no university student can afford to miss. It is urged especially that students in the Law, Medical, and Engineering departments shall be present. It is expected that the male quartet and other musicians will furnish special numbers. The address is for men.

### Cecil Rhodes Scholarship

Next Monday afternoon the agent, in charge of the Cecil Rhodes scholarship bequest, will be at the university for the purpose of meeting with representatives of colleges of the northwest, to arrange plans to carry out the provisions of that bequest. All of the colleges located in Minnesota, and the state universities of Wisconsin, Iowa, North Dakota, South Dakota and Nebraska have been invited to send representatives; and the state universities have been authorized to invite representatives of the colleges located in their respective states, so that there is likely to be a large number of colleges represented. The convention is called to meet at three o'clock in the office of President Northrop.

Miss Louisa Boutelle, '05, is sick with the gripe.

## BOWLERS COMPLETE ARRANGEMENTS

### Final Preparations Made for the Season's Bowling Tournament

There was business of all kinds transacted at the meeting of the bowling league yesterday morning, and everything is now in readiness to start a successful season. Fourteen fraternities have announced finally that they will enter and this will be a very good number for the proper arrangement of a good schedule. The rules will be more strict than last year in regard to eligibility and no one but a registered student can compete. Any team playing a man who is not a registered student loses the game in which it so offends.

Considerable added interest will be aroused this year on account of the very beautiful prizes offered. Jacobs Bros. and Johantje and Kohl have each offered a cup and Rentz Bros. will be in line with a magnificent medal. It was decided that one cup should go to the winner of the tournament, and the other to the team making the highest score, while the medal will become the property of the man making the highest individual score. To keep track of this correctly a committee consisting of Messrs. Keyes, Haney and Frisbee was appointed to keep the records. Mr. Barney of Kappa Sigma was elected secretary and treasurer in place of Mr. Collins, resigned.

The games will be pulled off in the Co-operative Alleys unless both teams prefer another place.

The teams have been divided into three sections and will meet all the other teams in it and then the two leading teams from each section will play a round robin. The two leading teams in this semi-final will then play for the championship.

In case of a tie for second place, the team with the highest total score has the preference.

The schedule follows; it is expected that the game will be bowled during the week assigned. If a team fails to appear by the following Monday, it must forfeit the game.

### SECTION I.

First Week.—Sigma Chi vs. Phi Psi; Delta Tau Delta vs. Delta Kappa Epsilon; Sigma Chi vs. Delta Upsilon.

Second Week.—Delta Tau Delta vs. Sigma Chi; Phi Psi vs. Delta Kappa Epsilon; Delta Upsilon vs. Phi Psi.

Second Week.—Alpha Tau Omega vs. Alpha Delta Phi; Phi Delta Theta vs. Beta Theta Pi.

Third Week.—Phi Delta Theta vs. Alpha Delta Phi.

### Occidental No More

Hereafter students will no longer go to the well-known and popular "Occidental," but will take their meals at the "College Inn."

The management has seen fit to change the name for various reasons. The old name "Occidental" was probably a little too metropolitan, the new name being more appropriate for the place, situated as it is in the very heart of the circle of students scattered about the University.

## ANOKA-MINNESOTA

### Up-Country Basket Ball Team Defeated by Second Team Quintet

Captain Deering took the second basket ball team to the famous and renowned village of Anoka, Thursday to play the Murfin High School Wonders. Several mascots also accompanied the party. The aggregation was met at the train by Mr. Murfin who conducted them to their hotel. The game was played in the armory and drew a large and enthusiastic crowd who liberally applauded every good play.

The floor was a large one but its smoothness hindered fast play.

The second team put up a strong game and showed that they are all comers. Every man did his best and the Anoka boys were completely outclassed. The noted Murfin who acts in the capacity of coach for the Anoka youth, entered the game in the second half and distinguished himself by playing a spectacular game which drew great applause from the galleries. The final score was 37 to 4 in favor of the Varsity. The fact that 18 baskets were thrown speaks well for the ability of the boys. The line up was as follows: Guards, Ely and Helon Leach; Forwards, Murrell, Redmond and McRae; Center, Collins. Referee, Deering and Murfin; Umpire, Ireland.

### Basket Ball

This afternoon the University five will play its second game with Fargo College. The line-up will be Varco and Deering, forwards, Tuck, center; Leach and Kiefer, Guards. For Fargo college: Tanner and Tadborg (capt.) forwards; centre, Kenne; Guards, Sargent, Taylor. At four o'clock the co-eds. will play the St. Paul Central and a fast game may be expected. Admission has been placed at fifteen cents.

### "To-Morrow"

Prof. Sanford delivered an address Thursday at a convention of St. Paul Club women which was very interesting and highly spoken of by all those present. She spoke along educational lines responding to the toast "To-morrow," and her insistence on proper care of the young women and the necessity of themselves being careful was warmly applauded by the 650 club women present.

Professor Sanford's strong belief in co-education, broad and liberal and the strong and inspiring words she always has for women, young and old, has made her very popular at meetings of this sort.

University men should plan to hear the address to-morrow at three o'clock in chapel by Mr. Walter M. Parsons. The theme is an interesting one and the treatment which it will receive at the hands of Mr. Parsons will without a doubt be superior to anything which the Varsity men have had an opportunity of hearing for some time. Men at the University are too prone to let addresses of this sort pass by without a second thought, not realizing the great good to be obtained from such lectures by men who have been in contact with conditions at other Universities and who are fully competent to furnish inspiration and real help to those who attend.

**What Willmar Thought**

The University of Minnesota Band concert at the Willmar Opera House Tuesday evening was well-attended and the band and its assistants thoroughly pleased a large audience. The band is a particularly well balanced organization and its renditions of the most difficult music were fully up to the standard expected. Pleasing features of the program were the violin solo by B. A. Rose and the vocal selections by Miss Fisher, soprano. The band travels in its special car and arrived in this city Tuesday noon from Litchfield where it had a very successful concert Monday evening. The alumni of the state university in this city entertained the band at supper at the Merchants' Hotel Tuesday evening and after the program they were tendered a reception at the Bonde Hall. The band orchestra furnished excellent music and several hours were pleasantly spent in dancing.—*Willmar Weekly.*

**Engineers Fight Stubbornly**

A unique system of wire-pulling and much rhetoric characterized the freshman class meeting at the third hour yesterday. The constitution which a committee had prepared was read and adopted and the election of officers followed. President, Prof. Vice-President Bell. The engineers were well represented on the ticket and fought stubbornly to carry off the honors. The chief object of the academics and engineers seemed to be to win the vote of the girls. Miss Genevieve Jackson was nominated for secretary, an engineer rising to state that the engineers would support Miss Jackson, and in return, expected

the vote of the girls for their candidates. Miss Jackson was elected secretary. Several eloquent speeches were then made in favor of candidates for treasurer. Mr. Keily addressed the girls in behalf of Paul Stratton stating that he was an academic and knew all about finances, having worked four years in a bank. Mr. Stratton was elected and John Gleason was chosen sergeant-at-arms. The academics carried the entire ticket. The traditional spirit of merriment and unconventionality pervaded the meeting.

**More Attractions**

And still the University Circus and Menagerie grows and waxes stronger. Manager Sweitzer has been rustling around harder than ever for the past few days and announces some more attractions which will add materially to the great performance to be given on February 28th.

The latest feature to be added is an original one by the Junior miners. It is a stage coach which has seen active service between Denver and Cripple Creek and has figured in several hold-ups. The miners promise to use it in a hair-raising, spectacular performance which will frighten everyone present into "shelling out" all their money without further notice.

The other attractions are being worked up in first class shape. The Clown band meets every other day and already is bringing out strains that would make Sousa look like a two spot in a pack of picture cards.

The slack wire performers are hard at work and the pyramids are growing higher every day. The acrobats can not think of anything else but the coming circus and spend half their time between heaven and earth. The Zenos will arrive at the Armory in extremely modern and original style. They appear in an automobile and give evidence of coming out of the earth for this performance alone. One thing is certain, this is their first appearance in America and they are strictly first class and high-priced.

The big affair grows bigger every day. Watch the Daily for further announcements and be prepared to go to the Armory on February 28th for the greatest circus of the year.

**Advance Sale**

The advance sale of boxes and logs for the Dramatic Club performance will open this morning. Those wishing to secure either boxes or logs should make arrangements with Robert Keyes, business manager of the club.

Out of 1,000 pairs of other \$3.50 shoes cut open, only 62 had genuine Oak Soles, the balance had soles of "Yankee Oak," Bleached Hemlock, and Union leather. The new test in our stores shows up all parts of the shoe. The new seal, **Window of the Sole**, which is on every shoe, proves conclusively that we are using Oak Bark Tanned sole leather.

### BY THE WAY

Dr. Wilde has not been able to meet his classes since last Tuesday because of illness.

Frank Hughes and Jack Schumaker have been granted a leave of a week's absence. They will test the coal deposits that lie around Bismarck.

Miss Alvina Siegman '02 was at the University yesterday. She was compelled to give up her position in the Wheaton high school because of illness.

W. H. Frisbee holds the "U" bowling record. E. A. Purdy, was given the prominence in yesterday's Daily. His score of 241 has been beaten by five points. Frisbee's record is 246.

Yesterday's late mail was unusually heavy and the limited size of the boxes made it hard to distribute. Judging from the reasonable designs of many of the envelopes the lace and tissue valentine should be much in evidence this morning.

Mrs. Perry O. Hanson gave a very helpful talk on daily Bible study and its practical value to college girls, at the regular meeting of the Y. W. C. A. Friday. Three members were admitted to the Association, Miss Tucks, Miss Munson and Miss Newell.

Tommy Swem is directing a fancy dance which is to be given in the play about to be presented by the Dramatic Club. Twelve of the young ladies in the club take part in the dance and it promises to be the most attractive and enjoyable features of the performance.

**"Mike" Did It**

Considerable excitement was aroused yesterday afternoon among the students on their way home from sixth hour classes by a pair of organ grinders who had imbibed too freely of down town spirits. They drove up University avenue dispensing bad music until they got to Fourteenth avenue where they fell asleep and their old white horse missing the inspiration of the music, got tired and stopped to think it over. He decided to rest and as the drunken organ grinders made no objection, he closed one eye, settled down on three legs and began to "sit it out." His masters snored, blissfully and dreaming of the time when they could drink old Italian wine and play organs of a million keys without dropping the flagon. They had just gotten to the eighty-ninth key when "Mike" the "U" policeman discovered the bunch and, figuring out that it was a little too much for him to tackle alone, sent in a call for the patrol wagon. It soon came and as Mike dropped the two drunks on the bottom of the wagon, the sergeant asked him "Your name?" "Mike Ryan." "The charge?" "Drunk, very drunk" said Mike with a grin as the patrol wagon started down town and the big policeman started the vagrant horse around the corner to a livery barn, as the students who had collected, gave a hearty "Hurrah! for Mike!"

**About Wagner**

In commemoration of the 20th anniversary of Richard Wagner's death (Feb. 13th) Mr. Simmons will give a

special discourse tomorrow at the First Unitarian church on "The Religious Thought in Wagner's Music-Dramas,—Redemption Through Love." This will deal with Wagner as a man and dramatist, aside from his added music. The musical part of the program will consist of the Lohengrin Prelude on the organ, Walter's Prize song on the violin, and the King's Prayer from Lohengrin will be sung.

Our Michigan exchange now comes under the title of "The U. of M. Daily." This was the name of the paper from the time of its founding, thirteen years ago until the time of the compromise with a rival sheet, the "Varsity News," in the fall of 1901. At that time the name of the paper changed to the "Michigan-Daily-News." Since that time the factional feeling which demanded the compound name has died out and the management has seized the opportunity to return to the time-honored title.

Stanford has a Press Club whose members are drawn from those who do newspaper work about the University.

Base ball practice has begun at Illinois with about thirty men out to receive Coach Holt's instruction.
