PAN-UNIVERSITY

A Concert by the Musical Clubs and Dramatic Club to be Given in April

There will be a grand concert in the Armory sometime in April. This will be under the supervision of the music committee of the university, and they are at present diligently at work arranging a program which will be as excellent as any yet presented at the university.

It was by the conscientious endeavors of the music committee that a new grand piano was obtained for the chapel. This instrument had been needed a long time, and the students all appreciate the change from the little upright piano out of which it was impossible to have sweet strains of music peal.

It is the intention to give this concert for the purpose of paying for this instrument.

A program consisting of numbers by the various musical organizations in the University, together with the Dramatic Club and some of the best musical talent in the city is being prepared.

This musical program will be followed by an informal and the event promises to be an attraction in all respects.

ALMOST FATAL

Florence MacLain, '05, was nearly asphyxiated Wednesday night. When the students who room at the same house were about to start for the University yesterday morning, they discovered that Miss MacLain had not yet arisen. After pounding on the door for some time, two of the boys climbed up and got in at the open window. She was unconscious and the rescuers arrived just in time to save her. The gas was on full and if the window had not been wide open, the result would have been fatal.

NO SPECIAL MUSIC TODAY

There will be no special music in chapel at the third hour today as announced. The music committee attempted to get the Schubert club of St. Paul, to perform, but this organization will not be able to appear until a week or so later.

Lee of Corea

There are few countries more keenly of interest than Corea. Mr. Graham Lee who has spent several years in that country will speak in the Y. M. C. A. building Sunday at 3 o'clock, and all University men are invited to hear him.

BOWLING LEAGUE

Phi Delta Theta defeated D. K. E. in two straight games. The scores were 781-644; 715-688. Chase bowled the high score, 190.

BASKET BALL

The Girls from West Superior Normal to Meet the 'Varsity Girls Tonight

Tonight in the Armory the girls' basket ball team will play the first open game of the season when they meet the team from West Superior Normal School.

This is the only chance for the general public to see the Varsity girls play and all lovers of the game should not fail to attend this game which promises to be one of the hardest of the season.

THERE WILL BE

INFORMAL DANCING

tonight after the

BASKET BALL GAME,

U. M. GIRLS v. W. S. N. S.

The Superior arrives this morning over the Great Northern. They are to be entertained at the homes of the different girls.

The Superior team arrives this morning over the G't Northern. They are to be entertained at the homes of the different girls.

The Superior team arrives this morning over the G't Northern. They are to be entertained at the homes of the different girls.

The game Friday night will be followed by informal dancing so that a general good time is promised to all who attend.

SOMETHING DOING

There was a rumor about the university yesterday that the Junior class was devolving some dark mystery. Small groups of Juniors were seen here and there about the grounds, speaking in hushed whispers and immediately subsiding into silence when a man of another class appeared.

It was learned on good authority that the men of the class are intending to follow in the path of the senior brethren in adopting some class garb. What this will be will be decided at a meeting of the male members of the class tomorrow who will at all events try to outdo the originators of the custom. There is also some talk among the senior laws on the same subject.

FARGO GAME OFF

The basket ball game with Fargo college, scheduled for tomorrow night, has been declared off and the team has broken training. The girls' contest tonight with West Superior will be the last chance afforded to see the game this year.

Harold J. Richardson, '00, was a visitor at the university yesterday.

PHYSICAL CULTURE

Two Entertainments by Physical Culture Classes. One Each in April and May

The parents of the co-eds who are taking physical culture work under Miss Butner will be given a chance to see how the young ladies of the University are trained and physically developed at college. Miss Butner has announced that there will be a drill and calisthenic exercise of a high character on the evening of April 1st. The performance will take place in the Armory and the doors will be open to the parents, only, of the ladies who perform.

Miss Butner also announced that on May 1st, the classes will give a party, the young ladies will indulge in some fancy dancing, appearing in custom. They will go through the "Oxford Minuet" and several other artistic dances.

The program has not yet been completed. After the concert, dancing will complete the evening's entertainment.

This affair promises to be a great social event. Several of the prominent women of Minneapolis have offered their aid to Miss Butner, and every detail will be arranged with care. The proceeds will be devoted towards buying more apparatus for the ladies gymnasium. The patronesses will be announced later.

GRADUATE CLUB MEETS

A second and most highly successful meeting of the Graduate Club was held last evening in the Y. W. C. A. rooms. Mr. W. S. Brown sang a solo, which was appreciated by all. Dr. Bliss, who spoke on "The University of Chicago," giving an interesting talk on the equipment of the institution, and the graduate work being done there.

He was followed by Prof. Nachtrieb, who spoke entertainingly of his school days at Johns Hopkins, and drew an interesting comparison between the commercialism which lay behind the development of the Chicago university, and the more deliberate attitude in evidence at the former institution.

Prof. Nachtrieb held that while money was a very desirable factor in the development of a university, there was an intellectual atmosphere prevailing at Johns Hopkins which could not be found in but a few other seats of learning.

The remainder of the evening was spent in social chat, and in disposing of the refreshments.

It is hoped that all graduate students who have not identified themselves with this organization, will do so at once.

Young Men

All young men are especially invited to hear W. E. J. Gratz of Princeton at the prayer meeting in the Y. M. C. A. rooms

Department Base Ball

The various department managers of the baseball teams have completed the preliminary arrangements for the coming season's work. These games were such a success last year that there is no reason to believe that the ones played this year will be even more enjoyable (to the spectators).

All that is necessary now to be done is to arrange the season's schedule. After this is done, the games will be ready to be played.

The matches are sure to be well supported and much enthusiasm will be shown. We suggest that every department organize a "megaphone brigade" and make these games the scene of organized rooting.

We await the games in anxious suspense.

The Summer School

The DAILY outlined yesterday the work which is to be taken up this year by the summer school. This session of the University is increasing in popularity yearly as the attendance testifies. The courses of study will prove invaluable to all who can attend the school this summer. Added to the ordinary advantages of this session will be the meeting of the National Educational Association which is to be held here the week before the school opens.

Dr. Kiehle has constructed a schedule of work which will be quite an improvement on those of former years, and with the N. E. A. as a special attraction, the registration for next summer should not fall short of 1800, if past experience is to be depended upon.

STRENGTH RECORD BROKEN

The following clipping from the Harvard Crimson may prove of interest to the men of the university.

"W. A. Tyng '04, who recently broke the strength record, made a total of 2229 kilograms. Last year Tyng was next to the strongest man at Harvard, and stood third in the intercollegiate tests."

INTERSOCIETY DEBATES

The society debaters are now hard at work getting ready for the semi-finals which are close at hand. The four winners in the preliminary contest: the Castalians, Laws, Minervas and Shakopeans are pitted against each other. The Laws and Minervas will join issue next Thursday evening, March 20th. The question for this debate is, "Resolved, That it is, at the Present Time for the Best Interests of Society that Women be Granted the Suffrage on Equal Terms with Men." The Laws, represented by Stanford, Sperry and Grannis will uphold the affirmative, and the young women will be obliged to show the unfitness of their sex for the ballot. The Minerva debaters are the Misses Baker, Maley and McKechnan.

The Castalian proposed to the Shakopeans the same question which they debated with the Minervas last year, "Resolved, That Immigration Should be Further Restricted by an Educational Test, Consisting of the Ability to Read and Write some Language, Provided that this Restriction be not Interpreted to Exclude Aged Parents, and Married Women Coming to Join their Families, and Children under Sixteen Years of Age." The Shakopean debaters, Chase, Dills and Gislason have chosen the negative and the Castalians will debate the affirmative as they did last year. Their team is composed of Wildy, W. Williams and Smythe. The Shakopean-Castalian debate will take place Monday, March 24.

DRAMATIC CLUB

At the meeting of the Dramatic club yesterday, the treasurer's report showed that there was \$142.32 on hand, \$126 of this being turned over to the club by Mr. Webster as proceeds of the play. The expenses of the performance were about \$500. Plans for a party were discussed and the president was instructed to appoint a committee which should have all arrangements in its hands.

MUELLER WILL COACH

George F. Mueller, the former Varsity right guard, has been secured by the management of the South Side High to coach their team for next year. It is understood that Mueller will return to continue his work in the University next fall but will not be a member of the Varsity team. The members of the South Side team are justly gratified over securing Mueller's services and expect to land the pennant next fall.

MANAGERS MEET

The manager of the department base
ball teams met in the DAILY office yester-
day morning and agreed to some funda-
mental rules. C. L. Cole, Dent. '03;
S. E. Williams, Medic '04, and W. J.
Ellwood, Law, '02 were the committee.
The engineering department sent no
representative. Another chance will be
given them, and if they fail to be pre-
sent at the next meeting, the academics
will be invited to join the league. Mr.
Elwood was made chairman. The com-
mittee adopted the following rules:

I.

All persons not eligible to play
on the first team are barred from
playing on inter-department teams.

II.

The number of innings to be
played shall be determined by the
managers. No game shall be less
than five innings.

III.

The umpires of each game shall
be chosen by the managers of the
contesting teams.

IV.

The balls shall be paid for by the
contesting teams.
No schedule was arranged on account
of the absence of the Engineering man-
ager. The meeting adjourned to meet
again Tuesday, March 18th, at 9:30 in
the DAILY office.

BY THE WAY.

Miss Esther McFadden is quite ill with the grip.

John M. Bidlake, who has recovered from his illness, was at College yesterday.

President Northrop was unable to go to Waseca yesterday where he was to have delivered an address. Dean Pattee lectured there in his stead.

Northwestern university is to have a new athletic park, and \$20,000 is to be spent in making it one of the largest and most perfectly equipped fields for athletics of any college in the west.

The Gopher Hole is a busy place these days, now is the time that the members of the board learn the value of being allowed a few skips. The price of the Gopher will be raised to all those who have not their subscription in by Saturday night.

GREEK CLUB MEETING

The Greek Club met yesterday morning in Dr. Brook's room. Mr. McConn gave a translation of a passage from Plato's Apology. Miss Boutelle read a paper on "Educational Advantages of Greek Athletics." The time for meeting was discussed for some time, but nothing definite was decided upon.

Freshmen—Notice

Since the Freshmen have decided to have a representation in the Gopher, it is very desirable that as many of them as possible subscribe for the above mentioned publication, which promises to be a winner. Subscriptions may be left with any member of the Gopher Board.

NOTICE.

All those who ordered pictures of the football team can get them now at the post office desk.

INCREASE LEAD

Sophomores Now Lead in Inter-Class Strength Contest by 148 Kilos

The last two weeks have showed many remarkable games in the inter-class strong men's contest and the totals for the freshmen and sophomore teams alone is now nearly 55000 kilos. The sophomore lead has been very materially increased and '04 is now 1481.9 kilos ahead of its competitors. G. W. Harsh who is at present the Varsity strong man with a record of 1667.5 points, has 171 points more than A. P. Asher who holds 2nd place. L. S. Alden has very considerably added to his record and he gives great promise of surprising the leaders in the next few weeks Mr. Alden will hereafter have charge of the sophomore team as Mr. Francis will take charge of the entire contest. A. Kuhlman still remains at the top of the freshman team. His record is 1422.5 kilos.

The totals for the two teams to date are: sophomores, 27,925.4 kilos; freshmen, 26,443.5 kilos.

FROM OTHER COLLEGES

Wisconsin was defeated by Ripon in basket ball last Saturday.

The University of Pennsylvania has adopted the elective system.

An anonymous benefactor has given \$100,000 for a new recitation hall at Harvard.

John D. Rockefeller has given the Harvard medical school \$1,000,000 on conditions that \$500,000 be raised.

William Murphy, a graduate of Yale and the coach at Leland Stanford University last year, has been engaged by Columbia as base ball coach.

Annapolis has challenged Harvard to an eight oared race to be rowed on the Severn in May. The Harvard authorities are favorable to the proposal and if arrangement can be made the race will take place.

Plans have been completed for a new library and gymnasium at Leland Stanford. The library will have ample capacity for the next fifty years at least and is modeled after the Congressional Library at Washington.

\$50 to California and Return.
