NEW MINNESOTA SONG BOOK APPEARS ON THE CAMPUS

1911 Class Memorial Arrives And Is Now On Sale—Review Of Contents.

Minnesota's new Song Book has arrived two days ahead of time and can now be had in the Magazine office.

The book is handsomely bound in cloth. The cover is in maroon and gold and on a background of maroon, appears the title "Minnesota Songs 1911," in gold lettering. Conventionalized moccasin flowers surround the title, and, as the emblem of the state, make a fitting setting for the title.

Inside the book, there is a frontispiece of President Northrop with a toast to him written by Mariam Clark Potter, '09. A foreword from "Prexy" is also to be found, in which he speaks of the long felt want of a Song Book by the University.

The book was compiled and edited by William Wellington Norton, A. B. '09, A. M. '10, and now Director of Music at the University of North Dakota. The publication and sale was made possible by the class of 1911 and the book has been adopted by them as a memorial.

The book is divided into five parts. The first part contains Minnesota songs, such as "Hail! Minnesota" and "An Ode to Minnesota." The second part contains football songs, such as the "U of M Rouser" and others. In this section there are eleven songs. The third section contains class songs. A very prominent feature of this section is the Senior Engineer's song of 31 verses in which all of the familiar Professors and students of the Engineering college are characterized. In this part also appears the new class song for the class of 1911 called "Our Commencement Pledge." A toast to President Vincent and several of the familiar class songs are featured in this section.

The fourth section contains songs from Minnesota Operas and in this part appear the familiar songs which formed a part of Edgar Allen's opera, "The Prof. and Princess." The last section contains songs which are popular at Minnesota and this section many of the favorite college songs appear.

The book will be on sale until next Friday.

ANTI-OSCULATION SOCIETY SEARCHING FOR MEMBERS

Eligibility Of Applicants Source Of Worry To Petitioners Of Nu Beta Kapa.

Nu Beta Kappa, an anti-kissing society which has been started at Northwestern, has aroused a strong sympathetic movement at Minnesota.

To be eligible it is necessary to be at least sixteen years old and to have been kissed only by members of the applicant's family.

Among the applications received up to date are those of "Chief" West, Margaret Scott, Jo Schaller, Harry Wilk, Abie Kaplan, John Fabian and others. Further applications should be handed in to Dave West, chairman of the eligibility committee or to Ted Anderson secretary of the committee of the organization applying for the charter.

One of the most Y. M. C. A. like members signed the petition and when it was noised abroad that he intended to join, four good looking girls hurried into the Daily office to protest in the names of their friends, not for themselves. Far be it from such!

Another prospective member signed the petition at nine in the morning and reported at four in the afternoon that he was no longer eligible, but refused to give any reason for his change of attitude.

A prominent young lady, when asked to explain her reasons for not wishing to sign, said that it could only be due to the fact that she was too young and for no other she wanted it "distinctly understood."

When told that cousins were included in the "family," the waiting applicants struck up that old refrain "He's a cousin of mine."

Faculty applications had not been received up to a late hour last night, partly due to the fact that many did not whether or not wives are included as "family." They are.

Fiancees, unless subsequently married by the applicant, are a source of ineligibility.

ARRIVAL OF MRS. VINCENT ADDS NEW IMPETUS TO FETE

Capt. Butts Arranges For Guards—List of Patrons And Patronesses Announced.

At twelve o'clock, noon, Thursday, the cadets will start at the Harvard street bridge and with a long line covering from University avenue to the railroad they will sweep the campus, empty and lock all the buildings between University avenue and the railroad, Harvard street and the railroad at Fourteenth avenue. No one will be allowed on the campus after this time with out a ticket unless specially provided for by some member of the committee.

Mrs. Vincent is here with the most elaborate costume imaginable and is working enthusiastically—more so than ever before, if such a thing is possible—to make the Fete a rousing success.

"The Arraignment of Paris" will be given on the knoll before the library at three o'clock and again at four thirty. "Robin Hood" will be given on the Observatory lawn at four o'clock and at a quarter past five, while "Abraham and Isaac" will be the diversion at three o'clock and at five fifteen on the knoll before the lawn tennis courts.

Every student with true Minnesota spirit is getting out and taking part with an enthusiasm never shown before. As an example of the interest being shown by overtown people in the Fete the staff of the Bellman publishing company have postponed their regular Thursday evening meeting in order that the entire staff may attend the Fete—an unprecedented happening.

The list of patrons and patronesses were announced today and includes, Dr. and Mrs. Northrop and President and Mrs. Vincent as guests of honor. The Minneapolis list is comprised of Mr. John S. Bradstreet, Mr. and Mrs. Elbert Carpenter, Mr. and Mrs. William Y. Chute, Mr. and Mrs. William C. Edgar, Mr. and Mrs. Edward C. Gale, Mr. and Mrs. J. B. Gilfillan, Mr. and Mrs. C. J. Goodrich, Mr. Theodore H. Keane, Mr. and Mrs. John Lind, Mr. and Mrs. B. F. Nelson, Mrs. and Mrs. Charles Smith, Mr. and Mrs. Andreas Ueland Mr. and Mrs. Thomas Winter, and Mrs. James T. Wyman. The St. Paul list includes Governor and Mrs. A. O. Eberhart, Mr. and Mrs. C. W. Ames, Mr. and Mrs. J. H. Bishop, Mr. and Mrs. Pierce Butler, Mr. and Mrs. Louis Hill, Mrs. Mary Newport, Mr. and Mrs. C. G. Schulz, Mr. and Mrs. Charles L. Sommers, and Mr. and Mrs. George Squires.

The election of members of the Board of Managers of the 1913 Gopher will be held Wednesday, May 17, from 9 a. m. to 3 p. m. One managing editor will be elected at large, two members of the board, one man and one woman will be elected from the Academic college, one member from the colleges of Engineering, Mines, and Chemistry, acting jointly, one member from the college of Law, one from the colleges of Medicine and Dentistry, acting jointly, one from the colleges of Agriculture and Forestry, acting jointly.

In the Academic college, every person voting will vote for two persons: one man and one woman representative. Booths will be placed at convenient places about the campus and members of the council, except sophomore representatives, will be in charge.

The council understands that the candidates for managing editor have agreed that each college will be represented on the literary staff of the Gopher by at least one member appointed from each college.

Pres. Men's Council.

Each of the two candidates for managing editor of the Gopher agrees that in the event of his election, he will appoint a representative from each college in the University as a member of the Gopher staff to take charge of the literary work of the particular college that he represents. The constitution, Sec. 2 of Article VII says, "The staff shall consist of an editor in chief, etc., and such other associates as shall be necessary." We believe that this clause will permit the above stated action.

Some of the candidate for positions on the Gopher for next year have announced their disapproval of the practice of electioneering, so prevalent in this institution. This is not the first time that the custom has been deplored. There has long been a great deal of dissatisfaction in regard to it, and there are undoubtedly many evils connected with it.

But, on the other hand it seems that the system is almost necessary at such an institution as this. Many members of the student body who are entitled to a vote, take very little interest in the elections, and unless some one gets hold of them and stirs them up, they would probably not use their privilege. There are already too many who stay out of student politics, of all kinds create a disinterested element which has a very bad effect on student activities.

The worst effect of the old system has been that the electioneering has often been carried out on personalities. It has often caused a great deal of hard feeling between the opposing factions. But to put a stop to this abuse does not make it necessary to abolish all forms of vote soliciting. At the present time, the worse parts of the system have become well enough recognized so that those who employ them are nearly always rendered ineffective in their electioneering. Purged of the abuses, the custom is one that tends to awaken interest in the offices and the candidates, and is one of the elements that creates the proper spirit of competition.

Why Use A Teachers' Agency

No one will deny that the teachers' agencies are filling very many of the best positions. Another certain fact is that every established teachers' agency has regular patrons who give the agency the preference in the selection of teachers. It is further true that no single individual, agency, or college faculty, can cover the whole field. The Northwest is a big place and filled with countless opportunities. No one claims that all, or even a tithe, of these chances can be presented to university students by any means whatever. This agency handles some hundreds of vacancies every season that are in a way exclusive, places where our recommendations are accepted and which we are sure to fill if we find the right candidates. To register with this agency, then, is the common sense thing to do if one wishes to "look around" and get the best available position. The agency fees cut no figure. A slight increase in salary above the amount fixed by the teacher as a minimum will pay our fees and leave a profit. Under the special terms of registry, usually accorded to members of graduating classes, the applicant cannot possibly lose, and stands an excellent chance to gain handsomely. Our offices at Spokane, Wash., and Denver, Col., are an immense help in securing western appointments. Our Spokane managers are J. F. Saylor and L. W. Fike. Mr. Saylor was city superintendent at Spokane and is one of the best known school men in Washington. Mr. Fike was a teacher in western normal schools, etc. Registry with our Minneapolis office will carry membership in both western offices if desired. Phone, write, or call, for blank.

VARSITY TOSSERS DEFEATED FAST IOWA NINE SATURDAY

Game Was Pitcher's Battle With Sutton Bringing Home The Bacon—The Score.

BY BOOGLES.

In the best played game of the season Minnesota triumphed over Iowa last Saturday. Score 2 to 0. The game was a pitcher's battle in every sense of the term with Sutton having a clear edge on Gittinis. Sutton's work was gilt edged, bound in morocco. He allowed but three hits, struck out eleven Hawkeyes, didn't give a base on balls nor hit a batsman and only thirty men faced him in the full nine innings. Besides pitching in tip top form, he got two hits and fielded his position in perfect shape. Gittinis for Iowa also showed a lot. He let the Varsity down with six hits, and struck out seven, but gave four passes and hit a batsman. In the pinches he worked splendidly, particularly in fifth when he struck out Knox with the bases loaded.

Minnesota threatened in the third but didn't score until the fourth. After Anderson had struck out, Knox singled and went to third when Loudin erred on Flynn's attempted sacrifice. He scored when Johnston went out short to first. Hartnett's men couldn't get the clout necessary to ring the bell.

Minnesota's other run came in the eighth. Marsh, first up, drew a pass and was sacrificed to second. Knox was hit by Gittinis. A well played double steal moved up both runners and "Lefty" counted when Flynn laid down a perfect bunt. That finished the scoring.

RINGLES BY "BOOGLES."

Aside from the work of the pitchers, Hessian's playing was the feature of the game. In four trips to the plate he got two hits and drew a pass. His fielding was high class, the best of it being his grab of Johnston's and Knox's bum pegs.

Anderson plays the second sack in good shape. He gets everything that comes his way and steadies the infield in great shape.

The freshman traveled to Shattuck, Saturday and trimmed the Shads in a ragged game. Rush and Panlischus, were at the points for 1914. There is a wealth of material among this year's Frosh and with good coaching should give us a fine Varsity team next year.

THRILLING RELAY WINS DUAL MEET FOR GOPHERS

Final Event Gives Deciding Points To Grants Men In Nebraska Meet.

With the score 57 to 55 in Minnesota's favor and the last event the mile relay race, counting five points for the winner, to be run off, enthusiasm came to a grand climax on Northrop Field Saturday at the Nebraska-Minnesota dual meet. Nelson, Vanstrum, Ted Anderson and Hill made up the Varsity team, While Gibson, Burrs, Amherston and Reid ran for Nebraska. Nelson took the first quarter for Minnesota and although beaten by Gibson, put up a game fight and is deserving of great credit. Vanstrum and Ted Anderson soon evened up the race, and Hill won for Minnesota on the last quarter by a margin of 10 yards.

Ted Anderson sprang a surprise when he clipped a fifth from the Varsity record in the half mile, making it in 1:59.

ARMSTRONG WINS IN SINGLES

Defeats John Adams By Default—Drawings For Consolations.

Joe Armstrong won the title of University champion in single last Saturday by defeating John Adams by default. As both of the men were in a hurry to get away in the evening for their eastern trip, they did not stop to finish their matches. The match was decided by flipping a coin for the honors.

Adams and Armstrong defaulted in the same manner in the doubles. The championship in doubles will now rest on the match between Poucher and Pierce against Hawke and Stellwagen. This match will be played early this week.

The drawings for the consolation singles are: Dahleen vs. L. Reer; Northrop vs. Jensen; Bruchholz vs. Poucher; Bailey vs. Edwards; O'Gordon vs. Bakalyan; Clark vs. Gallagher; Bellows vs. Vanstrum; Ives vs. Hennessey; South vs. Goodrich. The first round must be played off immediately as the tourney will close this week.

"MAKE CAMPUS BEAUTIFUL IS SLOGAN OF AGGIES."

"Help make the campus beautiful" are the signs on all parts of the Agricultural college campus. Until lately the students picked the flowers for Botany and threw paper around but now all the clubs have passed resolutions on keeping campus free from waste papers, walking only on sidewalks and not picking the flowers for any purpose whatever. The faculty and students combined are helping to keep these rules to make the campus beautiful.
