STUDENT FULBRIGHT PROGRAMS-----The Institute of International Education announced that the official opening of the 1979-80 competition for grants for graduate study or research abroad in academic fields and for professional training in the creative and performing arts is scheduled for May 1, 1978.

Applicants must be U.S. citizens at the time of application, who will generally hold a bachelor's degree or its equivalent before the beginning date of the grant and, in most cases, will be proficient in the language of the host country. Except for certain specific awards, candidates may not hold the Ph.D. at the time of application. Candidates for 1979-80 are ineligible for a grant to a country if they have been doing graduate work or conducting research in that country for six months or more during the academic year 1978-79.

Creative and performing artists are not required to have a bachelor's degree, but they must have four years of professional study or equivalent experience. Social work applicants must have at least two years of professional experience after the Master of Social Work degree; candidates in medicine must have an M.D. at the time of application.

Interested students should contact the campus Fulbright Program Adviser, Thomas Chamberlin, 308SS, 726-7295, for further information and application material. The campus deadline for filing 1979-80 applications will be October 4, 1978. (T. Chamberlin)

NATIONAL SCIENCE FOUNDATION GRANT-----Six stipends for undergraduate research are being offered this summer by the UMD Chemistry Department. The stipends, paying \$900.00 per student, will allow full-time research for ten weeks under direct supervision of a UMD faculty member. Applications are invited from chemistry majors and minors who are completing their junior year of college. The funds are provided by a grant from the National Science Foundation. Additional information may be obtained from Vincent Magnuson, 7591.
