PROF. JENKS TO LECTURE.

Sociologist Returns From Conference At Lake Mohonk.

Professor Jenks returned Monday evening from Lake Mohonk, New York, where he attended the annual conference of Friends of the Dependent Peoples, delivering an address on the "Peoples of the Philippines." There were present conferees from Alaska, Hawaii, Porto Rico, Cuba, Philippines, Hati, Venezuela, Nicaragua, Peru and China, as well as from many Indian Reservations in the United States, and the Provinces of Canada.

Dr. Jenks was there invited to deliver four addresses this winter in New York city, in the Public Lecture course provided by the Board of Education, on the subject of the Philippines. Before coming to the University of Minnesota Dr. Jenks was Chief of the Ethnological Survey of the Philippine Islands.

GIRLS TO EXPRESS CHOICE FOR NATION'S EXECUTIVE

University Women to Decide Destinies of the Country on Saturday Morning

Rumors of Corruption and Bribery Afloat—Military Authorities to Preserve Peace

Dissatisfied by the lack of interest which they believe is being manifested by the men of the University, in the rapidly nearing presidential election, the ladies have decided to take a hand in shaping the destinies of the country themselves. On next Saturday the library building will be thrown into prominence by being the polling place where a straw vote will be taken. The promoters of the affair wish it to be understood that the men have no voice in the vote and they are not to use their influence in any way. Not only will the suffragette be eligible to vote but all the women students in the University are urged to express their preference.

Campaign headquarters are being established all over the campus to forward the interests of the three candidates for the office of chief executive and by Saturday the excitement is expected to become intense. Soon the post-office and Shevlin Hall will be guarded by designing political sentinels.

Already the Roosevelt forces have accused the Taft managers of bribery. They allege that they have secured evidence which will prove that certain members of the Taft organization approached four freshmen and offered two boxes of Hylers and a pound of Smith's if they would swing their votes.

It is to be sincerely hoped that perfect order will prevail on Saturday, but to relieve all uneasiness a special squad will be detailed by the military authorities to keep the voters under control.

Dr. John W. Powell.

The religious work director of the university will speak in the Y. M. C. A. building to-day at 12 o'clock on "Responsibility." A meeting is held weekly at this hour to which all men of the university are invited.

STUDENT PLOWMAN IS HERO OF ANNUAL MEET

Le Sueur Farmer, Agricultural School Senior, Wins \$45 "Sulky" and His Class the Event.

Miss Wilcox Proves Best Girl Carpenter—Annual Contest Goes to Upper Classmen.

For the first time in agricultural history, plowing of the soil was made the subject of a competitive contest in skill, and a senior of the University farm school yesterday guided a shining plowshare through the resistant earth so successfully that he won a \$45 sulky plow and enough points to give his class the winning place in the annual field day meet. C. Jones of Le Sueur, was the champion at breaking up the ground, and was awarded the honors by five judges after completing the tract with a percentage score of 91.

E. Larson, a junior, was second in the contest with a mark of 87 and A. Boraas, a freshman, was third. First place for assembling or setting up a plow was won by A. G. Storvick, a senior; E. M. Johnson, a junior, was second, and E. N. Zanz, a freshman, third. Storvick set up the plow in one hour and eight and a half minutes.

Miss Florence Wilcox of St. Anthony Park, a senior co-ed, took the first honors in the girls' nail-driving contest, wielding a hammer on the ten-penny nails with the dexterity of a veteran carpenter. Miss Wilcox, who won first place last year, imbedded the twelve nails in the pine timber in just one minute and ten seconds, far in the lead of her competitors. Ida Chapman, a junior, was second, and Olga Bolstad, a freshman, was third.

The seniors won the field day meet and the cup offered by Dean A. F. Woods from the freshmen by a score of 63 to 37. The juniors scored 31 points. William Larson starred for the seniors in the track events, winning four firsts and twenty-three points for his class.

The results in the events follow, the winners named in the order of finish with the record or time indicated.

100-yard dash—Larson, senior; Smith, freshman; Boyer, senior; time 11 seconds.

220-yard dash—Larson, senior; Smith, freshman; Mingay, junior; 24 and 1-5 seconds.

Half-mile—Magnusson, freshman; H. Johnson, senior; W. E. Dibble, junior; 2 minutes 15 2-5 seconds.

Mile run—W. E. Dibble, junior; S. Hanson, freshman; Magnusson, freshman; 5 minutes 16 4-5 seconds.

Shot-put—Larson, senior; Winkjer, freshman; Borgeson, freshman; 43 feet 9 1-2 inches.

Pole vault—Borgeson, freshman; York, freshman; Vancura, senior; 8 feet 9 inches.

Running broad jump—Larson, senior; York, freshman; Brookless, junior; distance, 20 feet 10 1-2 inches.

High jump—Mingay, junior; Larson, senior; York, freshman.

One-half mile relay—Seniors, juniors, freshmen.

GIRLS INSPECT DINING CARS.

Members of Household Art Class Are Taught to Economize.

Fifty girls of the household art class at the College of Agriculture were allowed to inspect the dining cars and kitchens of the Great Northern railway, last week, at St. Paul, to "get pointers on" the practical utility of space in a kitchen. Professor Margaret Blair of the domestic art department had charge of the class. The visit was made to change the idea of the student about the size of the kitchen as a practical solution of one of the difficulties of housekeeping.

Mrs. Blair says: "One of the great difficulties of the laboratory work at the school is to get the student used to small space to do her work. The modern dining car and kitchen is the most practical demonstration of what can be done in small space."

UNIVERSITY GLEE CLUB RENDERS FIRST CONCERT

Organization Made its Initial Appearance at Calvary Baptist Church Last Night.

Prof. Carlyle Scott Again Directs The Work—Eligibility Becomes Handicap.

At a benefit given last night at the Calvary Baptist Church the university glee club gave its initial concert of the year. Under the direction of Carlyle Scott the club has made rapid strides and although handicapped by the ineligibility of several of the best men the club responded very well to the numerous rounds of applause received.

The following is the program rendered:

Songs, Glee Club—
"Over the Fields" Geibel
"All through the Night" Kjeruli
"Coppal Moon" Shelley
Songs for Soprano—
"Spirit Song" Campbell-Tyston
"At Dawning" Cadman
"Morning Hymn" Henschel
Martha Butler

Quartet Songs
"Heidelberg"
"Just a Song at Twilight"
"Annie Laurie"

"Cello Solo, Spanish Dance" Popper
Karl Kirk Smith
Aria, Balero from Licilian Vespers

"Friendship" Haesche
"Hark! The Trumpet!" Buck

Shevlin Girls Fail as Operators.

During the past week several outsiders have complained of the reception they received when telephoning to Shevlin. There is no person designated by S. G. A. to answer the phone but each girl is supposed to be a committee of one to take any message which might come while she was near the phone. Because of the discourtesy S. G. A. may place a clause in the constitution requiring each girl to report any message received.

STUDENTS WITNESS FIRST SOCCER GAME

Exhibition Contest Is Staged On Northrop Field—Sport Gains In Favor.

Practice To Be Held Daily On Parade Grounds—Opportunities for Many.

Last Saturday afternoon, following the Minnesota-Iowa game, a soccer football contest was held on Northrop field between expert opponents of the game playing under the colors of Albion and of St. George. The game, which was played in two 20 minute halves, was won by the Albians, the final score being two to nothing. Although many of the football patrons remained and saw the new sport, and a larger crowd than was expected looked on, the number who watched Saturday's game can not be taken as indicative of the future popularity of this sport, which bids fair to take a prominent part in our "U" athletics. The soccer game, of course, was handicapped, in being put on after the patrons had been satiated with the 58 to 7 football score.

In taking up this novel game Minnesota is not taking the initiative in a new untried sport. Soccer football has long been played and is fast gaining a very prominent place in the college world of sports. Yale, Harvard, Princeton, Pennsylvania, Cornell, Haverford, Chicago, Illinois, California and Leland Stanford, are a few who have adopted it. The championship of the intercollegiate league composed of the above institutions, was won by Haverford.

On the Pacific coast, where there is a California league, the game is especially flourishing, as is also the case in Canada where the championship was won by the University of Toronto. In the colleges where it is played vies with rugby for popularity without detracting any of the interest taken in the latter, experience having shown that there is plenty of room for both.

Although soccer has been taken up by teams of lesser schools and outside of school, its future depends on the scholastic teams, and as the game grows a higher standard of play will be seen throughout the country.

Dr. Cooke is enthusiastic about it and says to get into the game once is to become a devoted follower of the sport. Practice will be held on the campus every afternoon between 4 and 6 o'clock except drill and football days. Portable goals will be used; allowing two teams or forty-four players to participate.

Girls Complete Tennis Tournament.

Semi-finals in the consolation matches of the girls' tennis tournament were completed yesterday when Catherine Cates defeated Ruth Magnuson by a score of 6-2, 4-6, 6-4, and Mildred Tourtellot defeated Olive Fletcher 6-3, 6-4. The winners will play the championship match this morning in order to receive a prize at the Women's Athletic Association tea, this afternoon at 4 o'clock.

ON DRESS.

"When women are perpetually dazzling one another's imagination, and filling their heads with nothing but colors, it is no wonder that they are more attentive to the superficial parts of life than the solid and substantial blessings of it. In a word the lace and ribands, silver and gold gowns, with the like glittering gew-gaws, are so many lures to women of weak minds or low education, and when artificially displayed are able to fetch down the most airy coquette from the wildest of fights and rambles."—The Spectator.

How woman has changed since Addison's time! His criticism would hardly be called just when applied to the girls of this university, for we never see a woman walk up the hall in a new creation, wearing a huge picture hat, a blue silk dress, and suede shoes. Our girls never put diamond combs in their hair or bustle up to class in long, snowy-white cloaks. Good for them! If they wore other than their sailor suits or shirt waists and black skirts, we should feel that we were in a society parade or a debutantes' recital. What a splendid example our college women set for the unsophisticated freshmen—for the non-university-girls!

We sincerely hope that the simplicity of dress for both our university men and women will continue as long as this institution lives.

CHORUS SINGS IN CHAPEL

Girl's Club Renders Pilgrim's Chorus From Tannhauser—Dr. Powell Spoke on "Leadership."

The University Girl's Chorus made its initial appearance in chapel yesterday in the Pilgrim's Chorus from Tannhauser. Mr. Scott has made very good progress in training the group of eighteen voices and the students look forward to hearing them many times during the year.

Following the musical number, Dr. John W. Powell, the religious work director of the University Y. M. C. A. gave a very convincing address on the subject of "Leadership." He emphasized the fact that, "There are four essential qualities for good leadership: knowledge, vision, which is the ability to see possibilities in things, personality, and moral force.

The best of armies can do nothing without good leaders, but good leaders can make good armies out of poor material. A most vital need in this world is men and women who believe tremendously in something. A man

losses, however, when he allows his personality and ambitions to overshadow that thing in which he was primarily interested."

Y. W. SUPPORTS MISSIONARY

Minnesota First University in United States to Support Foreign Missionary.

Y. W. C. A. girls are working hard during campaign week which ends Friday, in order to raise the three hundred dollars which they wish to obtain for the partial support of a foreign secretary.

Miss Catherine King, the daughter of President King, of Pekin University, who will sail November 9th, to become a missionary in China, will be supported by the contributions of the girls of three colleges, one of which is Minnesota. It is hoped that Miss King will be able to come here Friday, to address the Y. W. C. A. meeting.

About one hundred and ninety dollars has been pledged already. This money is procured thru pledges which have been distributed in the girl's post office. It is hoped that any girls who wish to make a contribution will fill out the blanks and leave them in box-307, or in the association office before Friday.

Mission Study classes which are arranged for by the Y. W. C. A. for any girls in college who wish to attend them, are beginning this week. Girls may sign up for the classes on the big bulletin in the doorway of the association office in Shevlin. The classes are conducted by prominent men and women of the Twin Cities and will be held in the Literary Society room of Shevlin.

SUNLIGHT DANCE SATURDAY

Most Popular Man In School to be Chosen from Among Those Present

The Sunlight Dance of the Woman's League will be held in the Armory November ninth. It is expected that this will be the big affair of the year and elaborate preparations are being made for the occasion. The membership of the league is larger this year than ever before and a large attendance will be provided for. Many have not as yet signified their intention of being present and all are urged to leave their own name and the name of the man whom they expect to ask in Box 1063 as soon as possible.

Great excitement is expected when the most popular man is selected from those present. A vote will be taken during the dance and the lucky winner will receive a suitable memento of his popularity with the ladies.

The dance music will be furnished by the University Band. Twenty old members of the League have been appointed to act as a reception committee to introduce the new members.

WALLINGFORDS AT SANFORD

J. Rufus Schemes Give Dormitory Girls Monetary Forms Of Income.

Dark tales come from Sanford Hall of the financial ventures of its occupants. A girl buys an expensive hat and decides she does not like it. Such things are easily disposed of. Within the confines of the sacred walls a sale is advertised, and the articles are disposed of for fifteen cents a chance. If the hat happens to be unbecoming to the lucky winner, she in turn disposes of it.

But these are only temporary matters, other girls have more permanent sources of income. Fraternity pins bring good prices when rented by the day, week or month, and one fortunate possessor of a good looking man's photograph earns all her pin money by renting it to the eager maidens who make their reservations for it weeks ahead.

BIBLE STUDY POPULAR.

Classes Greatly Enlarged as Result of Recent Campaign.

The success of the Bible and Mission study classes of past years is attested by the large number that have already registered for the work this year. The total number of girls who registered during the recent campaign is one hundred and forty-five. The class in City Problems, to be under the direction of Miss Schain, appears to be scheduled for the most advantageous hour, as forty-three girls have already signed up for it. New names are being handed in daily, so that the total registration, not including the Dormitory classes, will probably reach the two-hundred mark before the end of the week.

Signal Corps to be Inspected.

The signal corps of the cadets started long distance work yesterday when the squad divided into two parts, one of which took up a position on Bald Head hill about three miles away from the University while the other remained in the grandstand at Northrop field. Large ten-foot flags were used for this work and telescopes were used for receiving. The signalling was very successful. The corps is to be inspected by a former chief of the U. S. Signal Corps next week.

Dr. Burton Offers New Course.

A practical course in short story writing, consisting of fifteen weeks, has recently been instituted by Professor R. Burton of the rhetoric department. The purpose of the course is to give a practical working knowledge of all matters relating to the composition of short stories.

The first meeting was held Tuesday evening, in Folwell Hall, and had an attendance of about fifty; but Professor Burton expects seventy-five or one hundred next time.

The class is open to all who care to pay the entrance fee of five dollars. Future meetings will be held in Central High school, Tuesday evenings at 7:30.

Dr. Northrop Unable to Meet Taft.

On account of slight ill health, Dr. Cyrus Northrop is confined to his home and unable to accompany the Taft special train, as was reported in the local papers yesterday. Dr. Northrop was to have taken a leading part in advocating the re-election of President Taft, with other prominent Republican candidates who are touring the state this week.

Sociology Class to do Lab. Work.

Mr. Reep's Class in sociology is making social studies at the present time, which bring the students into close relation with active social problems. Mr. Reep says, "The cities of Minneapolis and St. Paul, in particular, are an excellent sociological laboratory. I think we should use our laboratory as well as the science students use their laboratories."

Library Courses Will Continue.

The library lectures which students of the Rhetoric I were required to attend have now ceased. Mr. Gerould will soon begin a short course of six lectures for those who wish to continue the study of library reference work.

Prof. Reep Delivers Address.

Mr. S. N. Reep, of the department of Sociology and Anthropology, delivered an address on "Social Service Past and Present" at Austin, Minn., last Friday evening. The address was given under the auspices of the State Conference of Charities and Corrections.

ELIGIBLES ARE ANNOUNCED

Nine Cross Country Men Favorably Passed on by Eligibility Committee.

Prof. Paige, chairman of the eligibility committee, gave out the list yesterday of the eligible cross country men. The following candidates are eligible for the cross country team: Joseph Anderson, C. R. Beddall, H. E. Karnofsky, George Lindberg, H. G. Merdink, A. Moore, G. T. McKeon, A. St. Marie, and K. F. Wuerst.

The try-outs will be held later on when the Carling Cup race is run. The annual hare and hound race will be run Thursday at 4 p. m. when each sororities' colors will be borne by a team of three.

Chicago—Coach Stagg characterized the work of his men in the Iowa game as "pretty poor." Poor tackling and defensive work were especially censured by him.

Grinnell—Several soccer teams have been organized at Grinnell, and a tournament has been arranged to last thru November.

Wisconsin—Five hundred new members have been added to the Y. M. C. A. at Wisconsin this year. A great many Bible classes have been organized.

Wisconsin—Dog wagons within a short radius of the University are very popular at Wisconsin. At one popular dog wagon the hamburger sandwiches alone require thirty-five pounds of meat and fifty loaves of bread daily.

University of California—Hazing of freshmen at the University of California includes the sweeping off of the bleachers before the football games. While the men of the freshmen class did the work sixty girls sang songs.

Missouri—A 'darning agency' has been established at the Y. W. C. A. offices at Missouri. Girls who are working their way through college are darning stockings at five cents per pair.

Harvard—Many students at Harvard have attempted to register for the presidential election but have been unable to do so. It is the ruling of the registrars that no student even though he is twenty-one years or more of age can vote unless he is self-supporting.

Washington—The Washington university faculty is contemplating the division of the college of arts and science into two schools.

Illinois—Letters are being sent to 6,000 graduates of Illinois University asking them to return to the university for the third home-coming to be held this November.
