Smoking in Main Building

There is increasing evidence that a few students have ignored the "No Smoking" regulation as it applies to Main Building. This is especially true after school, evening meetings, and after performances. I have asked O.S.P.S. to combat this practice and to call before the Discipline Committee any violators. Staff members observing disregard for this rule are asked to help O.S.P.S. in every way possible. (R. W. Darland)
