Lamoreaux's Plans Are Accepted For Union

RECEIVED UNANIMOUS VOTE

Plans To Be Shown At Big Banquet—Building a Beautiful Creation.

The plans of Lowell A. Lamoreaux of Minneapolis were last night chosen for the prospective home of the Minnesota Union. In competition with another of the most prominent architects of the Northwest, Mr. Lamoreaux's plans received the unanimous vote of the Board of Governors.

Mr. Lamoreaux was for years associated with Cass Gilbert, whose ideas for the new campus are perhaps the most favored by the Board of Regents.

Plans in Detail.

The building is in the Renaissance style and the specification suggest that the material be either a light cream stone or a veneered brick of the same color, with the preference on the stone as by far the more durable, and the more artistic.

The front of the building is to be two hundred and fourteen feet in length. It is three stories in height with a well-lighted basement. The artistic attraction of the building is the beautiful centre or main portion, distinguished by a superb arcade of pillars, behind which three windows in art glass, two stories high, make a magnificent setting. The entrance and portico is much the same as that of the library, except the area before the steps is not to be quite so extensive and is to be bounded by seats much like the Pillsbury monument.

Supporting this, are two wings of simple design, thus taking nothing away from the striking beauty of the main portion. This centre section runs straight back to a depth of one hundred feet.

The Interior.

The University Commons, with the adjoining private and ladies' dining room for the center feature of the main floor. It will accommodate over one thousand people at one time with absolutely no crowding. Various check rooms and administration offices take up the remaining space of the wings.

The Theatre.

The theatre is to be the pride of the campus. Its main floor corresponds to the second of the building and entrance is obtained by the grand staircase or by elevator thru a beautiful foyer into an auditorium of some seven or eight hundred seating capacity, with a stage but two feet narrower than that of the Minneapolis Metropolitan. The balcony of the theatre corresponds to the third floor of the Union and opens into two small galleries overlooking the foyer and thru which one goes to the visitor's gallery in the living room, and the ladies' rooms in the left wing.

The Hall.

The foyer before the theatre is to be fitted with the finest wood mosaic, making an incomparable dancing floor of some seventy-five by fifty feet.

FRATERNITY WARRIORS DO POOR EXECUTION

Neither Alpha Delt Nor Deke Scoring Machines in Working Order. Game Ends in a Tie.

Struggling valiantly on a field that resembled a swamp more than a gridiron, the mighty football warriors of the Alpha Delt and Deke fought to a standstill yesterday afternoon with the final score 0 to 0.

The men took to the mud like ducks and kept the spectators on their feet by their thrilling dives. Taylor for the Deks distinguished himself by making a wonderful dive into the muddy center of the field sprinkling the referee from head to toe, but was nearly ruled out of the game for his trouble.

The best ground gainer for the Deks was the inside kick, which was successful in a great part because they proved to be the best swimmers.

Taylor, Jumper, Schuster and Eichorn starred for the Deks, Taylor and Eichorn getting down under punts and tackling with deadly accuracy, Jumper got off his punts in good shape using good headwork at all times.

Woodard for the Alpha Delt was the bright particular star, his return of punts being phenomenal.

POOR PEN PUSHERS TRIP LIGHT FANTASTIC.

All ye scribes and fair reporters held their nightly revels in Shevlin Hall last evening, when the girls of the Daily staff entertained the men at a dancing party. The pouring rain did not dampen the exuberant spirits of the Daily people: the cheer within Shevlin was all the brighter for the blasts outside.

About twenty couples danced and made merry until a late hour. Mr. and Mrs. Baker and Dr. and Mrs. Phelan were the chaperons.

DEBATERS AT DES MOINES.

The Minnesota Debating Board will send Max Lowenthal and C. A. Carlson to Des Moines to study the commission form of municipal government.

The question for the Intercollegiate debates this year is The Commission form of City Government and Des Moines has most nearly perfected this system.

These men who represent the negative and affirmative debate teams leave this morning and will be able to gather much valuable material at Des Moines.

LACKS LEADING LADY.

Miss Marguerette E. Walle who was to have taken the part of "Miss Richland" leading lady in the Dramatic Club's play, The Good Natured Man, has accepted a position as instructor of elocution in the School of Expression in Boston.

As yet no one has been chosen to fill her part.

Track Men Competed In First Cross-Country Run

BASKETBALL SEASON OPENS DECEMBER 1ST

Squad Ordered To Report For Practice Next Tuesday.—Outlook Bright for Good Team.

Conference basketball season opens Tuesday, Dec. 1st, and Dr. Cooke has ordered the squad to report for practice on that day. Three "M" men, Hanson, Anderson, and Critchfield are back in school and prospects are bright for one of the best years Minnesota ever had.

With this trio as a nucleus and the promising material in last year's squad we should again turn out a championship team.

Among last season's freshmen who will be eligible this year are Kaiser, Walker and Lemon. These men have all made good and should put up a hard fight for positions on the varsity.

Minnesota has a hard schedule this year and much work will have to be done in preparation for the opening game. The team was defeated last year by both Wisconsin and Chicago, but will have a chance to retrieve itself this winter.

TURKEY IN SHEVLIN.

Seventy girls have accepted the Women's League invitation for Thanksgiving dinner to be given in Shevlin Hall on Thursday evening at six o'clock. The menu includes all the usual good old fashioned Thanksgiving dishes, Mary Toomey, Marie Browne and Virginia Dellinger are the committee to provide amusements. Dancing will be a feature of the evening besides fortune-telling and plenty of games in which about sixty men will join.

The chaperones are Miss Comstock, Miss Chapman, Professor and Mrs. Leavenworth and Professor and Mrs. Bass.

NEXT REHEARSAL FRIDAY.

The next rehearsal for the "Good-natured Man" will be held next Friday morning at 8:30 and all members of the cast who do not leave town are requested to be present. Prof. Clure asks that the members of the cast keep all evenings free from now until the play is presented, so as not to interfere with rehearsals.

CHEMISTS ELECT.

The Minnesota branch of the National Chemical Society met last Friday evening. Several important topics were discussed and officers were elected. The officers elected are as follows:

Pres. Dean G. B. Frankforter.
Sec. Francis Frary.
Treas. Prof. C. Sidener.

All students should turn in the covers of their football tickets to Mr. Bren before Dec. 1, otherwise no rebate will be secured.

CLARK WINS IN 31:17

Course Five Miles in Length.—Run Will Be Annual Affair.—Twenty-Three Entered.

The first championship cross country event ever held at Minnesota was run yesterday afternoon over a five-mile course from the Armory to Franklin avenue, back to the river drive across Church street, down university to third avenue and up fifth street to fourteenth avenue and finished in front of the Pillsbury Hall.

Enthusiasm over this race has run high and despite the bad weather conditions a goodly crowd was gathered at the finish.

Details of the Race.

The start was made at three o'clock from the Armory. The winners were well bunched at the Franklin Ave. bridge but the pace commenced to tell and on the way back they were beginning to string out. As they crossed the campus and ran down University, the leaders again became well bunched with Tydeman setting the pace. The position were about the same at fifth street, with Sturtevant leading. As they entered the campus on the home stretch, Tydeman leading with Clark close on his trail, but in the sprint he could not stand the pace and M. D. Clark, Academic, '12 gained a big lead to the tape with John Connelly, Law, '11, winning second by a few feet. F. E. Tydeman was third, Sturtevant, fourth, Ferguson, fifth, Ronan, sixth, and Beddall, seventh. The time was 31:17 minutes.

Clark is Champion.

In winning this race, Clark wins the title of cross-country champion and the gold medal voted by the University Athletic Board of Control. Every year there is to be a race over this same course and after next year a championship medal will be given and retained by a man as long as he holds the course record.

There were twentythree entries and of these all but four finished. This is a remarkably large entry list for a cross country run and it is this spirit of grit and loyalty which will win for Minnesota the position in track athletics that she now enjoys in other forms of intercollegiate sport.

Credit for Coach Grant.

Much credit is due to Coach Dick Grant for his new form of athletics at Minnesota. He has had the men out every day over this course and has developed much track material which has never appeared at the University before.

The weather was very bad for the race, the footing being slippery and the men ran most of the way in the face of a driving rain.

The race was marred by no accidents and the men finished in exceptionally good condition, which only goes to show what a good track coach can do at Minnesota.

Coach Grant says, "The time, tho not exceptionally fast, was very good

The cross-country run yesterday
afternoon is an innovation in athletic
circles at the University. It is a
good one and brings us a step nearer
to the realization of a commendable
track team in the spring.

If we don't want "Pop" Warner to
coach, lets negotiate with him to act
as field general for a few football
games. We hear he has recently
specialized in that line.

"Prexy" will probably not be here
this morning to wish us his annual
hearty farewell, and advise us not to
consume too much of the turkey.
We have missed Dr. Northrop and
his daily chapel talks.

Money will be rather loose when
you are at home this week. Maybe
you can grab off a little and pay up
your subscriptions to "the representa-
tive student publications."

Well, who but the Juniors are qual-
ified to act as chaperones? We com-
mend their "Chaperone" society. It
does very well; for juniors.

When you homeward wend your
weary way, please dont forget us,
financially embarrassed ones, who
must devour the festive turkey over
a strange board and then file to Alice
Shevlin to act as official escorts for
the girls on their homeward flight.

"The swimming pool at last a real-
ization" reads the startling headlines.
Wonder just how often we have seen
those words before? Until we feel
the water of the tank surrounding us,
and see the springboard with our
own eyes, the fact will be hard to
grasp.

It would be a safe gamble to say
that the date of the Junior Ball is al-
ready recorded in books of the dress
suit purveyors, and that the loan
business is already on the increase in
Minneapolis.

"BIB AND TUCKER" IT IS.

"What's in a name" quoth Shakes-
peare. The freshman girls decided
that there was something in a name
however, and at their meeting yester-
day, dubbed their organization.
Names, names and then names were
suggested and considered but the fi-
nal choice rested on "Bib and Tuck-
er" and upper-class girls have com-
mended their choice.

The constitutional committee con-
sisting of Marjorie Dellinger, chair-
man; Dorothy Pattee, Marjery
Spalding and Mary Mory has met
but as yet has drawn up no constitu-
tion.

The first spread will be given in
Shevlin Hall on Dec. 9, and a gay
time is promised.

Up to this time only two Fresh-
men have shown signs of rebellion
and they were dealt with in a sum-
mary manner.

The clothes we make a man with
the special features agreeable to him
are as individual to himself as his
thoughts are.

DIRECTORY OUT SOON

Book for Alumni Will be in Hands of Subscribers Monday. Contains 6,200 Names.

The Alumni directory, containing the names of over 6,000 University of Minnesota Alumni, will be out Monday.

This is the largest directory or publication of its kind that has ever appeared at Minnesota. It will be bound in maroon and gold, will contain one hundred and sixty pages, and will be sent to every living alumnus of the university.

In the front of the book will be two issues of the Alumni Weekly, and after that will be the names of all the alumni of all the departments from the class of 1873 to 1908, together with their occupations and classes and department graduated once in two years, and all the important and interesting events of the last two years will be published. The directory will be free to alumni and may be obtained by others for the small sum of one dollar.

At The Theaters

METROPOLITAN.

The last performances of "Rip Van Winkle" will be given to-day. Starting tomorrow afternoon with a special Thanksgiving matinee, "The Man of the Hour" will play its third local engagement. Broadhursts' piece by reason of its timely theme makes a broad appeal to the American play-going public. Clever, but at the same time conventional and artificial in construction, it makes splendid entertainment for the average person, who overlooks its manifold improbabilities and numerous faults.

LYRIC.

"Janice Meredith" is a pleasing combination of romanticism and melodrama, and large audiences are being attracted nightly to the Lyric. This is the final week of Herschell Mayell with the company, he leaving next week to join the Pike Company at Cincinnati.

BIJOU.

"The Boy Detective" is the most strenuous melodrama ever seen at the Bijou. There is something doing all the time, and thrills are sent through the spines of the audience at the rate of ten a second. Despite the fact that this is the second performance of the play here, the largest crowds of the season are being attracted to the Washington Avenue house.

NEXT WEEK'S ATTRACTIONS.

Lyric—"The New York Idea"
Bijou—"Lena Rivers"

MEN'S UNION PLANS.

(Continued from first page)

Four stately marble pillars support the galleries on either side, and long French windows open on to long outdoor promenades.

The Living Room.

The center of the life of the Union is of course to be the Living room. It is of two story construction with twelve foot panelled walls, and a beautiful raftered ceiling. Two great fire-places are at either end of the room, amply supported by great settles. The room is lighted by the three art windows which, two stories in height will make the room the most beautiful place in the building. In the remaining space, as much again, the various rooms to home the various organizations are planned for, and game rooms, reading rooms, and everything necessary are found somewhere in the great pile. But the eleven alley bowling room in the basement must not be forgotten nor the twelve-table billiard room. Eight suites are provided for varsity guests
