No. 22.

## FAVORS TECHNICAL SCHOOLS

**Prof. Triggs Thinks Modern College Course Is Radically Wrong**

Perhaps no graduate of this University ever received more free advertising, much of it of an undesirable character, than Oscar L. Triggs, '89, and a member of the faculty of the University of Chicago. In a recent address before the graduates of the Jewish Training Schools, Mr. Triggs advocated a radical change in college methods. His contention being that the culture acquired by an ordinary college education can be effective only in a state of comparative idleness and that the time has come for the establishment of new standards. He claims that the new culture is dynamic and is represented by the man of affairs subduing nature to his use. From the practical point of view he holds that college methods are fundamentally wrong and he upholds employers in their claims that technical schools give their graduates better equipment for the duties of an active business life, than an ordinary college education.

Mr. Triggs is a man intensely in earnest and a careful student of social conditions; his radical views are the result of his own deep convictions that he is right. Newspaper reports and comments are very unfair to Mr. Triggs. Most of the reports published are garbled or mutilated and since his views are fresh and startling they furnish material for striking headlines and the newspapers make the most of their opportunity.

Mr. Triggs is doing a good work in promulgating his views concerning things upon which he has spent much thought and we honor his fearlessness and honesty of purpose even though we may not always be able to follow his lead and reach his conclusions.

### Dental Department

The State Board of Dental examiners are in session at the Dental college. There are twenty-six applicants for licenses to practice in this state.

Mr. Floyd Tift, of last year's Senior class was seen about the building yesterday. He is now located at Hutchinson, Minn.

The Juniors had their pictures taken yesterday in front of the Anatomy building.

A course in electricity has been added to the Senior schedule for this semester.

The Juniors begin their course in Materia Medica next Friday.

### Sophomores Ducked

On Monday occurred the annual clash rush at the University of Wisconsin between the Sophs and Freshmen and the '05's appear to have suffered most in the deal. The freshmen not only captured their flag but about a hundred of the sophomores were swashed in chilly lake Mendota.

### YWCA

Regular devotional meeting of the Y. W. C. A. will be held to-day at 12:40. Miss Emily Bonwell will talk on "Porto Rico, Past Present, and Future." This is the meeting that was postponed from last week, and a large attendance is expected. All women are invited.

## SONG FOR THE MORNING

Rock of Ages, cleft for me!  
Let me hide myself in thee;  
Let the water and the blood,  
From thy wounded side that flowed,  
Be of sin the perfect cure;  
Save me, Lord! and make me pure.

Should my tears forever flow,  
Should my zeal no languor know,  
This for sin could not atone,  
Thou must save and thou alone:  
In my hand no price I bring;  
Simply to thy cross I cling.

## MAKING VERY HOT FINISH

**Werner Defeats Newhall in Hottest Match on Record—Result in Doubt**

The second match in the round robin has been played. Werner won from Newhall after a hard fought match.

The game was characterized by sure and accurate court shots. Both men staid well back in the court, neither taking the net. Werner won the first set 10-8. Newhall then took a brace and won two following sets 6-3, 6-4. Then after having the fourth set, 6-5, and love forty, Werner won his serve making it 6-6. Each won his serve for four games which made it 8 all. Werner won the next two and the set by a score of 10-8. By this time quite a number of friends of both players had gathered, lining up on all sides of the court. In the fifth set Newhall took a decided brace and began to play a swifter game, but Werner braced up accordingly and had Newhall 5-5. Each lost his serve for two games and the score was 7-7. Then Werner by careful placing and steady strokes won out 9-7.

The final scores were 10-8, 3-6, 4-6, 10-8, 9-7.

Werner will play Northrop sometime this week and if successful will play Payne for the Championship of the University.

### At Other Colleges

The Seniors of Pennsylvania have adopted a resolution urging that a distinctive cap be established for each year of the college course. This custom prevails at 11 the German universities and has many good points.

The University of Texas began its year's work the first of this month.

Coach Stagg, Dr. Thatcher and a bunch of reporters had a narrow escape from spending the night on the gridiron. It seems that while Stagg and Dr. Thatcher were being cross-examined by the press representatives, some one locked the gates. Fortunately a ladder was discovered and the party escaped in time for supper, a little damaged however, in regard to clothes and dignity by contact with the barb wire on the top of the fence.

President Northrop will leave Minneapolis about the 13th for a two weeks' trip. He will go first to Oberlin, Ohio, to the meeting of the American Board which will convene in that city on the 16th. He will then return to Chicago and attend the inauguration of President James of Northwestern University and also the inauguration of President George of the Chicago Theological Seminary. From Chicago he will go to Princeton to attend the inauguration of Woodrow Wilson as president of that University. As usual he will be called upon to do his full share of speech making.

## DISCUSS IN DARKNESS

**Board of Park Commissioners Compelled to Adjourn When Lights Go Out**

The Board of Park Commissioners met Monday night to discuss the recent misunderstanding between the University students and the Park Policemen.

Commissioner Jones opened the discussion by stating the trouble and asserting that it was the duty of the board to back up its officers in their efforts to enforce the park laws. President Fellwell thought the better plan would be to take no notice of the affair and let the matter drop as it arose out of a misunderstanding by the students. Commissioner Jones and Supt. Berry were obdurate and after plaintively telling the board how the poor, helpless policemen had been rushed by the students, commissioner Jones offered the following resolution:

Whereas, this board has been informed that certain members of its police force have been maltreated while in the performance of their duties;

Resolved, That the superintendent be, and is hereby instructed to protect park policemen while on duty, and see that the ordinances of the board are enforced.

Just as Commissioner Jones rose to read his resolution, the lights went out. Other members of the board were in favor of letting the matter drop, and a motion to adjourn was made. After some wrangling, this was done, and so until the next meeting of the board, we are safe from the terrible effects those august resolutions would have on us.

### Foot Ball Notes

Saturday's games were filled with surprises and show clearly that much hard and consistent work must be done before any of the leading teams reach championship form. The Wisconsin-Hyde Park game came as a distinct surprise to all followers of the game. It is time that Hyde Park scored on what might be called a fluke, but the score at the end of the first half shows that Wisconsin must have been "soldiering."

Michigan seems to be piling up high scores again this year as her 48 points against Case demonstrates. Michigan has a heavy line this year and this coupled with her speedy backs will make her a most formidable team this season. Weight and speed combined is something that is not often found on a foot-ball field.

Chicago had a close, hard fought battle with Knox College. The score, 6 to 0 in favor of the Maroons seems to indicate that Stagg has to make some changes in his line before the heavy games come on.

Beloit and the Chicago Dental College

Continued on Page 2.

## VERY BRILLIANT AFFAIR

**Reception Will Be Given Saturday Night in Honor of Mr. and Mrs. G. S. Phelps**

There are not many of our alumni who have left more satisfactory records here than did Miss Mary Ward, and G. S. Phelps. Both were active in student enterprises—Miss Ward was on the Gopher Board, President of the Y. W. C. A. and a Phi Beta Kappa. Phelps was a Shakopean, three years treasurer of the Y. M. C. A., assistant business manager of the Ariel, Managing editor of the Bachelors' Ariel and during his senior year was Foot Ball Manager.

Since their graduation they have been engaged in Christian work; Miss Ward resigned her position as State Secretary of the Minnesota Y. W. C. A. a year ago and has since been at her home in Hillsdale, Michigan. Mr. Phelps has made an enviable record as Y. M. C. A. Secretary at Wisconsin. They were married at Hillsdale, September 3rd, and will sail for Japan next November. Their home will be in Kyoto where Mr. Phelps will promote the association idea among the several colleges of that great city in the position of Secretary of the International Committee of the Y. M. C. A.

Mr. and Mrs. Phelps will be here the last of this week and a reception in their honor will be given at the home of B. F. Nelson 1125, 5th St., S. E. While a large number of invitations have been sent out, it is urged that all who are interested in these people or their work in Japan will feel free to attend the reception.

Sunday afternoon, Mrs. Phelps, will speak to the ladies in Mrs. Potter's room and Mr. Phelps will be at the Y. M. C. A. Building.

### Middle Laws Elect

The Middle laws elected the following officers; Pres., Wood; 1st Vice-President, A. Fowler; 2nd Vice-President, Beagle; Sec'y, Miss Kirtcher; Treasurer, Appenheimer.

### EXCHANGES

Wisconsin will have a band of thirty pieces this year.

President Draper was welcomed back to Champaign by a large and enthusiastic crowd of students, headed by the three companies of the battalion who turned out in uniform to meet him at the depot.

### Law Lit. Program, Oct. 13

Speech, Linsey; Current Events, Newcomb; Impromptu, Carman; Speech, Brady; Oration, O'Donnell; Impromptu Schultz; Parliamentary practice led by Green; Debate, Resolved, That, under the primary election law, the best candidates are not selected, Affirmative, Hinsel, Carroll; Negative, Ellefson, Beagle.

Prof. Pike's graduate Seminar is making a translation from the original manuscript of Seneca's Moral Epistles and Stoic Philosophy at Rome. The body of notes that is being formed will be of great value as there is no annotated version of the Epistles in any modern language.

The  
**Minnesota Daily**  
Official Paper of the University

Published every day during the University year by the Minnesota Daily Corporation

Subscription price, \$2.00 per year, \$1.25 per semester. Single copies, 2c.

Grace W. Lhavayea, Society Editor

BUSINESS MANAGER,  
G. V. McLAUGHLIN  
Assistant Business Manager,  
J. A. Layne.

Office Hours: 8-9:30 a. m., 1-3 p. m.

To-day's issue edited by  
George W. Harsh.

The new piano in the Y. W. C. A. room is now an established fact. It arrived last week, and is already a center of admiration to all those who have seen it.

The plan to pay for it is that each society using the Y. W. C. A. room shall contribute as much as it feels able toward its cost. There is nothing compulsory about this contribution, but the piano is so welcome an addition to the room, and its need has been felt for so long a time, that all will, no doubt be glad to help to whatever extent they are able.

**Spare the Trees**

Several times during the past two or three years have efforts been made to prevent billposting on the oaks about the campus, and as many times have efforts failed. No one questions the fact that it mars the beauty of the campus and takes away, in a measure, the distinctive college atmosphere so much desired.

The ideal location for a university is not a large city, and even though ours is thus handicapped we can in a measure remedy the difficulty by refusing to allow this distinctive city attribute, the poster, to adorn(?) the campus trees.

Not only the advertisers for business houses, etc., but the bill posters of our own football management tack their signs around promiscuously. A move has been begun this week whereby it is hoped, the foot-ball management can be induced to use bill boards for their posters and so leave the trees alone.

Prof. Sanford, always to the fore in such worthy moves has enlisted her classes in behalf of the attempt and committees will be appointed at once who will make efforts to have the practice discontinued. It is a good move and should receive the enthusiastic support of every student.

**Chance to Broaden Culture**

The Art exhibition which is now on at the Public Library is meeting with such favorable criticism and such remarkable success throughout the city that we take this opportunity to urge all the students who have not yet attended this exhibit to avail themselves of the four remaining days and enjoy what is undoubtedly the finest and most interesting display of modern painters ever presented by the Minneapolis Society of Fine Arts. While there are paintings from artists all over the country the exhibit is of special interest to University stu-

dents for two reasons: In the first place we are all pleased to see the painting called "The Mending of the Net," by Mlle. Clopath, one of the teachers in the University Drawing Department. The painting is clear of conception and has received very favorable criticism in the east and we are all glad to hear that in the present exhibition Mlle. Clopath is receiving the credit she deserves.

Another painting of interest to those who know the University is "Great Oaks From Little Acorns Grow," a view on the University campus by Alexis J. Fournier. Mr. Fournier is considered one of the best of the living American artists, has received honors from the "Salon" and is a student whose works will live. Minnesota has been very slow to recognize the merit of this great artist who has recognized so much in the beauties of this state that when he is not in Europe he makes Minneapolis his home. In days to come we may expect to see paintings of our own beautiful lakes and woods alongside of those of scenes in Italy and Scotland and all this may be attributed to the brush of Alex Fournier.

The suggestion which has been whispered around that the University should purchase this last painting of the distinguished artist and give it a prominent place on our walls is a good one. The University could not make a more profitable investment, not only from a commercial standpoint, for the pictures of Alex. Fournier are constantly increasing in value, but as an advertisement for the college.

**Law Foot Ball Team**

Plans are under way for a foot ball team from the Law department, and in a few days we may expect to see the disciples of Blackstone cavorting around in moleskiins on Northrop Field. They will probably take hold of the matter with their customary enthusiasm which is evidence enough that their team will be a good one. It is hoped to arrange a few outside games.

Continued from Page 1.

had a hard fight on a wet ground and the score 6 to 0 in Beloit's favor is no criterion of her real scoring strength, as the score would have been probably much higher had the conditions been right.

Illinois, Nebraska and Northwestern piled up fairly respectable scores and will all undoubtedly be in the running before the last whistle blows.

Taken all in all the showing made by last Saturday's games was of a low standard and there does not appear to be the same development as was noticed in the games at this time last year.
