## Mass Meeting in Chapel To-day at Noon

### INAUGURATION FESTIVITIES COME TO BRILLIANT CLOSE

President and Mrs. Vincent Receive  
Delegates and Members of the  
University.

### BANQUET WEDNESDAY EVE

1,500 People Served to Farm Dinner  
at College of Agriculture  
After Inauguration.

The festivities attending the inauguration of President Vincent came to a brilliant close last evening with the reception in the Armory held by President and Mrs. Vincent for the official guests and delegates at the ceremonies of the faculty, alumni and students.

Receiving with the president and his wife were ex-Governor and Mrs. Lind, Governor and Mrs. Eberhart, President Emeritus and Mrs. Northrop and President and Mrs. Judson of Chicago.

The effective decorations arranged for Wednesday remained with some additions, and the presence of the cadet officers in full dress uniforms added to the beauty of the scene.

### Entertained at Farm School.

Wednesday evening at the College of Agriculture between 1,200 and 1,500 people were treated to a real farm dinner. Everything was served in country style and no French words were visible on the bill-of-fare.

President Vincent presided at the exercises held in the chapel after the dinner.

Among the fifteen speakers were, Dr. Thomas Franklin Kane, President of the University of Washington, President John G. Bowman, of the University of Iowa, President Harry B. Hutchins, of the University of Michigan, and President Edmund J. James, of the University of Illinois.

### CASS GILBERT PLANS SHOWN

Water Colors and Ground Plans of  
the Greater Campus Are Ex-  
hibited For Visitors.

For the benefit of the visitors on the campus during the last week, the Cass Gilbert plans for the new campus were posted on the walls in the Library Building. They are wash drawings, showing the intended extension, including elevations and plans. These plans will be moved to the reading room of the Library.

The Medical and Engineering groups are under way and it is expected that they will be completed for the opening of next term. This will cause a shift in the departments of Dentistry and Pharmacy.

The appropriations has been raised for the Chemistry groups and it is expected that work will be commenced upon them next year.

The new campus will be completed, as shown on the Cass Gilbert plans, except for a few minor details, in about forty or fifty years.

Tam O'Shanter will give a spread for junior girls in Shevlin Oct. 30.

### SONGS AND SPEECHES TO ENLIVEN MASS MEETING

Program Includes Enthusiastic Foot-  
ball Supporters—McGovern  
Will Speak.

The second big mass meeting will be held this noon in Chapel. George Gamble will preside and the program which has been arranged includes many of the most enthusiastic football supporters.

The words, "We must beat Nebraska," are the slogan. The band will start the meeting with a new piece. The bugle corps, which has been playing with the band, will be on hand. Minnesota Rouser will be sung, led by the University chorus, which now has a membership of ninety. Ralph Johnson and Ted Anderson will lead the rooting. Everybody is urged to yell and not do as some, sit back and hear the others. Another new selection will be played by the band. Edgar Allen's football song, led by the chorus, is next on the program. All-American quarter-back John McGovern is to give an address, after which the band will again play. McGovern has been out to a good many practices since his return from abroad, but has not, as yet, given any statement as to his opinion of this year's team's strength.

A speech will be made by Dr. Burton and no doubt he will give his views as to our chances with Nebraska and a comparison of the strength of the teams.

Assistant Manager of Athletics Harold Hull has something which he wishes to say to the students. The meeting will close with the singing of "Minnesota."

### MASQUERS REHEARSING PLAY

Mr. Holt, the Coach, Is Enthusiastic  
Over Latest Vehicle of the  
Dramatic Club.

Rehearsals of "The Magistrate," the Masquers' latest production, are well under way.

Mr. Holt, the coach of the club, when interviewed in regard to the play, waxed enthusiastic over the prospects. "Mr. Pinero is at his best in 'The Magistrate,'" he said. "The dialogue fairly sparkles with wit and satire. The characters are all well drawn, the scenes are admirably realistic, and all in all this face-comedy represents the best in Pinero's worshipful art of play building."

It is expected that the play will be put on before the Thanksgiving vacation. As yet no theater has been secured, but the production will make its appearance at one of the big downtown play houses.

All contributions for the Minnesota Magazine should be put in Box 2619.

Girls who have signed up for tennis will be given a last opportunity to play first rounds today. Second rounds must be played by Tuesday night. This is positively the last chance.

### CORNHUSKERS ARRIVE WITH GREAT SCORING MACHINE

Nebraska Students Confident of  
Victory—Give Team a Rousing  
Send-off.

### LARGE SQUAD MAKES TRIP

Backfield Strong on Offense—Line  
Is Fast and Heavy—Game Will  
Be Hard Fought.

By Doermann.

"We want everybody to know that we have a real football team, a remarkable football team, and that we are going to beat Minnesota." Such is the sentiment at the Cornhusker institution, as voiced by the Daily Nebraskan in a recent issue.

Last night the Nebraska students gave a rousing send-off to the best team that has ever been sent to Northrop Field. Down at Lincoln everyone expects Coach "Jumbo" Stiehm to bring back a bunch of victorious Cornhuskers. The twenty-one warriors who arrived with their coaches this morning, are as confident as a football team dare be and with the Nebraska slogan, "We must beat Minnesota," re-echoing all the way from Lincoln, the Scarlet and Cream cohorts will enter the war tomorrow imbued with a fighting spirit which will make our Gophers hurry.

### Mass Meeting in Chapel.

In the two games played this season the scoring machine developed by Coach Stiehm has run up the immense total of 176 points. It is true that the Nebraska opponents have not been especially strong, but a team which can pile up 117 scores in four periods of play can certainly not be considered lightly. In the Frank brothers, Owen and Ernest, Nebraska has two clever and speedy halfbacks. Purdy at full and either Warner or Potter at quarter, complete a back-field which for offensive play is said to be by far the superior of anything Nebraska has ever produced. The line contains such men as Shonka, a two hundred pound tackle; Chauner, 187 pounds of speed, at end, and Harrison, another, fast scrappy tackle. The coaches at Nebraska have been especially well pleased with the showing made by the line. The Cornhusker forwards will outweigh the Gopher linemen and have had considerably more football experience than most of the Minnesota forwards.

### Come to the Mass Meeting.

Tomorrow's game is sure to prove a bitterly fought contest. Minnesota is fast developing into a smooth running machine, but has not reached its highest efficiency as yet. Nebraska, on the other hand, has been primed for the Minnesota game and with a safe degree of confidence behind them, will make going hard for Captain Pickering and his squad of Gophers.

Wisconsin is going to have a Harvest Pageant and Hallowe'an Festival.

The great question before those who are trying to form an all-University student council is that of student support. Whatever perfection might be obtained in the council's organization, however excellent the personnel chosen to constitute it; however worthy its actions after it was formed, it would have little usefulness without student support.

The object of such a council is to represent the students of the whole University, and to be a binding for the scattered colleges. How hollow a function, if the students will not recognize the representation; how destitute the council without a frank acceptance and the goodwill of its constituents.

The essential life-giving element is, the most part merely a passive support. It is the interest of the student body which the council will crave. At times, if some important matter is being taken up, a more active co-operation is necessary. Elections to this board demand an activity on the part of the students.

Student officers in this institution have depreciated in the public opinion. Membership and franchise rights are lightly thought of here. But in this all-University council—composed of real representatives of every student—there lies the basis of a revival of interest. Only the best fitted could demand and keep our faith. For this reason—that we shall all want our choice in the election—the council should hold the interest of the student body. Interest in the officers begets interest in the office.

### JUNIOR CLASS ELECTS.

The Junior class held a meeting yesterday for the purpose of electing officers. The following officers were elected: President, Bernard Vaughan; vice president, Elizabeth Piatt; secretary, Charlotte Stockwell; treasurer, Ray Brown; sergeant-at-arms, Carroll Nelson; chaplain, Morris Baker.

### MR. PAULSON WILL READ SWEDISH MASTERPIECES

Mr. Arvid Paulson who appears this week in the musical comedy "The 3 Twins," at one of the local playhouses, will come to the university this afternoon and read selections from Swedish literature. Mr. Paulson is a reader of great power and as he will present some of the finest masterpieces of writers like Tegner and Frodig those who understand Swedish should make an effort to be present that they may hear him. The meeting is set for 2:00 o'clock in Folwell 206.

Nebraska has a girl's rooting squad.

# **SYMPHONY ORCHESTRA INAUGURATES SEASON**

Friday will witness another inauguration in Minneapolis, that of the "Symphony Season," for on that evening, at 8:15, within the portals of the Minneapolis Auditorium Mr. Oberhoffer, with his magic wand, will set in motion that vast musical instrument, The Minneapolis Symphony Orchestra.

And again the Inauguration will have as its central figure a great man, one to whom honor and reverence is paid the world over—BEETHOVEN—the man among men, the musician among musicians, the composer among composers, the genius whose works will continue to live when all others are forgotten.

His third Symphony has been chosen for the inaugural address and the subject will be "Eroica," for it was a hero who gave the inspiration for this sublime work.

Mr. Oberhoffer had this in mind when making his program and elected this way to pay his tribute to the man in whose hands has been entrusted the upbuilding of Minnesota's future greatness through her native sons.

The Inter Collegiate Prohibition Association of the University of Minnesota will meet at the Y. M. C. A. parlors, to elect officers and outline the policy for the ensuing year, next Saturday at 12 o'clock M. Very efficient work in the study of the liquor problem has been done by the Association in the past. Its chief function, however, is to promote the interest in its oratorical contests, which are the most elaborate of any in the United States. Last year Mr. Burgstahler won the first prize of fifty dollars and represented the state of Minnesota at the interstate contest held at Greenville, Texas. It is expected that this year will bring out a larger number of contestants than any previous year. All students at all interested are urged to attend whether members or not.

### ALUMNI BUY SONG BOOK

Minnesota Collection of Songs Contains Class Songs, Football Songs and Others.

The alumni are back in full force to attend the inauguration exercises and to see the many changes and improvements since their day at their Alma Mater. A need long felt by many of them has been a Minnesota Song Book which the class of 1911 had the honor to present the University in the way of a memorial. Every Alumnus should get a copy before he or she returns home. It contains the old class songs, the football songs, the songs of the Minnesota Operas, "Hail Minnesota" and other endeared to the hearts of our students. The volume was gotten out at a great expense and the undertaking has proven financial gain to no one. The great influence in developing and fostering a better college spirit brings its own compensation. It might be mentioned that even the consideration received by the book stores for selling them does not even cover the expense of handling. Every Alumnus wants a copy. Every Alumnus needs a copy. Every Alumnus will have a copy.

### ROADS WILL BE GRAVELED.
