IRISH STEW GIVEN HONOR PLACE AT ERIN'S FEAST

John McGovern Appoints Committees to Prepare Banquet for Emigrants from Ireland.

Real Irish stew will have the important place on the menu of the Irish banquet if Johnny McGovern and Polly Fitzsimmons have their way.

The Agricultural students have caught the spirit and have sent for a list of eligibility requirements. Only those with Irish blood in their veins will be admitted. If your mother's maiden name was Murphy, O'Hara or Flannigan, and you can prove it, you are eligible. Red hair in itself is not enough to establish your identity as an Irishman.

Over one hundred "sons of Erin" attended the meeting, yesterday and many novel "stunts" were planned. John McGovern, who is in charge of the arrangements appointed the following committees: Menu—Tom Collins, Laura Paddock, Marie Dineen.

Ticket and Campaign Committee: James Dorsey, chairman; Ruth MacNamee, Mose Brown, Bess Shannon, Tom Graham, Anne Ferguson.

Advertising: Ward Cosgrove, Chalie Shannon.

Announcements and Features: Polly Fitzsimmons, Louise Strong, Frank Bibb.

Program: Ed. Coughlan, Vivian Reilly, Professor Thomas.

Souvenir: Nora McKeon John Egan, Lucille Collins, Cora Dorsey.

COUNCIL FOR MINNESOTA?

Seniors in Meeting Today Will Discuss Advisability of Forming Student Council at College.

The establishment of a student council, with the power of recommendation, to act as intermediary between the students and faculty, and to crystallize student sentiment and support college traditions is the question to be discussed by the senior class at their meeting today.

Such institutions exist at Yale, Wisconsin and Chicago and have been successful. At Yale the council was organized by Dean Jones. It consists of nine members of the senior class and makes rules governing breaches of student conduct.

At Wisconsin, the council consists of sixty members, representatives of every society and class. It is very strong and has changed the ruling of the faculty in important cases, such as that of "Keckie" Moll, who, tho barred by the faculty was reinstated at the recommendation of the council.

The Chicago council is very similar to these, consisting of representatives from the senior and junior divisions.

NORTHROP TRIBUTE BUTON Will Make its Appearance Monday.

SAINT PAUL CONTRALTO PLEASES CHAPEL GOERS

Frank Bibb Comments on Mrs. Frank O'Meara's Singing in Chapel Yesterday.

"Mrs. Frank O'Meara's singing in chapel yesterday morning was an unusual treat. Since the first Daily announcement she was to sing, those most interested in music at the University had looked forward with pleasant anticipation.

Her rendering of the Aria from "Samson and Delilah," showed the artist to great advantage and the second number, Mrs. Beach's "The Year's at the Spring," elicited even more enthusiasm from the student body. Mrs. O'Meara graciously responded with an exquisite encore, "The Day is Gone," which, with its pianissimo effects, made an unusual appeal. To say that her singing was enjoyed is putting it mildly.

Mrs. O'Meara prefers to do little public work so we were particularly honored, She is soloist at the Peoples' Church in St. Paul.

No little credit is due Mrs. Harry W. Crandall who presided at the piano, as accompanist."

LAWS TO BE EXAMINED.

Examinations in the Law school will take place as follows: Finals in Damages, Saturday morning, March 19th; Public Corporations, night class, Friday evening, March 11th; Chattel Mortgages, Monday, March 28th.

MANDALINAS GET LEADER

Frances Collier Wins Baton for Girl Musicians—Club Still Welcomes New Members.

Frances Collier, a member of the University Orchestra, has been secured as leader of the Girls' Mandolin Club. The Club is to play at the Woman's League mass meeting in Chapel, Friday, March 18.

All girls who play mandolin, violin or guitar are urged to come to rehearsal today at 4 P. M. in Shevlin.

APRIL EIGHTH FOR PILLSBURY CONTEST.

Friday night, April 8, has been decided upon as the date for the Pillsbury Oratorical Contest. Much interest is being shown in this as the contestants are all well known and have proved their ability in former contests. William Ervine, Castalian, has been a winner in the Freshman-Sophomore Oratorical Contests for the last two years. C. L. Nichols, Law Literary, has debated on his society team for two years and this year he was also the alternate on the intercollegiate debating team. John Chase, last year. Edwin McKeon, Shakopean Forum, was in the Dunwoody debate team, took part in the Freshman-Sophomore Oratorical Contests both years and has debated for the Shakopean society. Haddon Ostlund, Forum, was a winner in the Freshman-Sophomore contest last year, and this year he alternated on the Intercollegiate debating team. Rhoda Dickerson is a member of Minerva.

NEW PLANT TO PROVIDE GREAT HEAT AND NO SMOKE

Engineering Professors Draw up Plans for Heating System to be Built back of Mines Building.

Professors Zelner and Bass of the engineering department are drawing up plans for a new heating plant for the University. The old plant has reached the limit of its capacity as is shown by the immense quantities of smoke emitted. A new smokeless plant, more in keeping with the position of the University as head of engineering instruction in the state, will be large enough to heat all the buildings of the greater campus. It will be located just northeast of the school of mines where there is at present an abandoned quarry.

Trackage facilities will be provided so that the fuel can be dumped from the cars directly into the hoppers and thus save hauling.

The tunnels for distributing the heat will be much deeper than the present ones which are very near the surface. It is planned to run them thru the sand rock which underlies the top layer of limestone.

The new tunnels may also be used for the wiring system of the University, electric and telephone. They will be six feet wide and seven feet high, thus easily accessible for repairing.

Messrs. Zellner and Bass are to present interviewing the city engineers of Minneapolis and St. Paul as to the difficulties and cost of sinking the tunnels.

BAND GIVES CONCERT

Will Start Forty-five Strong on Trip to Small Minnesota Towns.

The Band is to give a concert in Chapel, Friday evening, March 18. Half of the proceeds will be given to the fund for the Northrop Tribute. A program of twelve numbers will be given, and Mr. Hutzell, the composer of the Minnesota Rouser, will sing the Rouser with the band. Tickets are 25 cents.

Forty-five band men, Mr. Rose and Mr. Hutzell, will leave Minneapolis in a special car over the Great Northern for Benson, Monday morning, March 21. They will give a concert there Monday night, and one in Willmar on March 22, in Granite Falls, March 23; in Marshall, March 24, and in Pipestone, March 25. They will return the Saturday before Easter. Half of the proceeds of this trip also will be given to the Northrop Fund.

COMMERCE CLUB MEETS.

All members of the University Commerce Club. Are requested to be present this evening at 7:30 in room 205 Library. Amendments to the constitution and other important business is to be discussed.

At 8 o'clock P. M., W. L. Harris, president of the Publicity Club, will address the club.

Mr. Harris is a man of wide business experience and knows his subject thoroughly. Friends of the members and others are invited. Re-member to be present at 7:30.

WELL-KNOWN SPEAKER AT VESPER SERVICE SUNDAY

U. L. A. Brings Harvard Favorite, Doctor Crothers, to Speak in Chapel.

Rev. Samuel McChord Crothers, D. D., of Cambridge, Mass., will speak at the vesper service in Chapel next Sunday at four o'clock, under the auspices of the University Liberal Association. Doctor Crothers is one of the most popular speakers in the East, where he is in great demand for commencement and other addresses. He was at one time pastor of the Unitarian Church in St. Paul, and while there was appointed one of the Harvard preachers. In 1894, at the solicitation of President Eliot, he went to Cambridge to take the pastorate of the First Unitarian Church, which is attended by President Eliot and by a large number of the Harvard faculty. He is a close personal friend of Doctor Eliot's and is a great favorite with the Harvard students. Doctor Crothers is widely known as a humorist and essayist, and is one of the leading men in American literature of the present day. He is a frequent contributor to the Atlantic Monthly and other magazines, and is the author of "The Gentle Reader," "The Pardoner's Wallet," "Miss Muffet's Christmas Party," and other essays, among them "The Land of the Large and Charitable Air," based on his life in the West. Mr. Crothers comes to the Twin Cities at this time to deliver addresses before the St. Paul Institute of Arts and Sciences and the Minneapolis Women's Club. He will also speak in chapel at the University Saturday morning. The Sunday afternoon service is open to the public, and every one is cordially invited.

GLOSS FINISH WEARS OUT CLOTHES

Gloss finish is hard upon your linen. To obtain a gloss finish the goods are ironed upon a machine which runs them between two rolls. One of these rolls runs faster than the other, thus producing a friction, which with pressure and heat, shines the starched goods. Domestic finish—our finish—requires no friction, in fact if there is any friction the domestic finish cannot be obtained.

Thus our finish not only looks better but also prolongs the life of your clothes.

As to who deserves Phi Beta Kappa, we have no especial interest beyond a desire to True Standards know and congratulate those who have deservingly won it.

Phi Beta Kappa is and has been an honorary distinction conferred for high scholarship. It should be so. To him who strives for position in college activities remains the consciousness of what ever good he has accomplished, together with that hollow honor which such positions carry with them.

If those who have participated in such dissipating activities have erred in judgment, as to the thing worth while in college, it is not reasonable that they should demand recognition from those who have placed above all else, scholarship.

At best this discussion of a matter so private is unseemly. What decision the present chapter may come to will be the best in their own judgment. A student body can hardly hope to direct their choice.

EDUCATORS LEARN ABOUT VENTILATION.

Evil effects of bad ventilation result from lack of moisture instead of lack of oxygen according to a paper read by Dr. Gulick of the Sage Foundation at the meeting of the National Educational Association in Indianapolis, March 1 to 4. Dean James and Professor Rankin and Swift, who have just returned from the convention, declare that many other interesting papers, in addition to Dr. Gulick's, were read at the meeting. Minnesota was found to be the best represented state, having thirty-one school superintendents and other educators present.

Dr. Gulick's paper on ventilation was one of the features of the meeting and excited much comment. It was based upon a number of experiments which have been recently made by several noted German scientists.

What would it be worth to you to own a Fountain Pen that you could carry around in your pocket or bag in any position with the positive assurance that it wouldn't leak? In Moore's Non-Leakable there is no way in which the ink can possibly leak out. This pen is always ready for instant use, and the moment it touches the paper, writes, without any preliminary shaking whatever. Furthermore, it will carry all grades of inks, including Copying and India inks. There are many different kinds of Fountain Pens on the market, but there is only one that is absolutely satisfactory, and that is Moore's Non-Leakable.

Sterling Fountain Pens

We recommend them as being clean, perfect writing pens of improved construction. We guarantee them.

Its Advantages

The non-leakable middle ink joint does not come into contact with the hand—prevents inky fingers and makes a clean pen when in use. The Flange Mouth is a "dead line" between the ink and the finger grasp. Fits snugly into cap and prevents accumulation of ink on holder. Guarantees a clean pen when not in use.

CURFEW AT WELLESLEY.

Curfew for the college girls has been decreed by the Student Government board at Wellesley. The custom of taking long evening walks has been so abused since the advent of the long, spring twilights that the board, a purely student organization, has decreed that no Wellesley girl shall be outside of the college grounds after eight o'clock in summer and seven-thirty in winter.

ALUMNUS RECEIVES BOOST.

V. R. Manning, '08, College of Education, who is at present assistant secretary of the Minneapolis Associated Charities will leave on the 15 of March to accept the position of general secretary of the Associated Charities of Jacksonville, Florida.

Mr. Manning has been in social work but two years and it is considered remarkable that he should so soon receive a position of such responsibility.

CLEMENTS SAVES LIVES.

"Mushroom Poisonous and Edible," is the subject of Professor Clements' new booklet. It is designed as a guide for students in their field work.

As Minnesota abounds in mushroom rooms, and several cases of mushroom poisoning prove fatal every year, the book will give valuable information. The different varieties of mushrooms are carefully described and illustrated.

The book contains about one hundred and fifty pages and will be used by all the botany students in their spring work.

LYRIC

"A Little Brother of the Rich," the offering for the fourth week of the new Lyric Stock Company, raised such a sensation when it was played here early in the season, that Manager Charles Emerson Cook, promptly secured it for his company. This new drama, by Joseph Medill Patterson, whose book of the same title created such a stir throughout the country a year ago, jabs at the whims and foibles of High Society with a pointedness that makes it wince.

Young Mr. Patterson has his million, but he isn't ashamed to work with his head and hands, and to work hard. He practices everything he preaches, and in his powerful play, he hits society some hard raps. Don't miss it. It created a sensation in Chicago, where it was first produced, and another in New York. Mr. Cook is proud to offer this capital play to his patrons, not only as another promise redeemed, but as another step in the forward march of his new policy.

For the week of March 20, Manager Cook announces, for the first time in stock, Eugene Walter's powerful play "The Wolf."

ALL-UNIVERSITY TRACK MEET TO BE WEDNESDAY

High Schools and Fraternities to Participate in Events—Medals Offered as Prizes.

Wednesday evening the annual All-University indoor track meet will be held in the Armory. For some time the date for this meet has been uncertain but at yesterday's meeting of the Board of Control the day was definitely decided upon. The meet will be Inter-scholastic as well as all-University, in that the high schools of the Twin Cities will be invited to compete in the dashes and in the high-school relay. The regular University events will be run, the 100 and 220 dashes, the quarter and half mile and the mile and two mile. The regular field events will also be offered. There will be a half mile inter-fraternity relay.

The prizes for each event will consist of first, a gold medal; second, a silver medal; and third, a bronze medal.

BASKET BALL SITUATION

Minnesota Still Leads Conference—Championship to be Decided To-morrow Night.

Minnesota's defeat of Illinois, night before last practically saved their bacon, for by winning this game they are still in the running with Chicago for championship honors. A great deal of uneasiness was felt here last night lest Illinois might win this game and thus put our men out of the race. Saturday night at Chicago there should be the classiest and fiercest exhibition the West has ever seen, for the conference championship will there be contested for. The Gophers had a close call with the Standard Oil boys even here on their home floor and whether our men can beat them at home is causing much worry over theampus.

Coach Grant has inserted the above notice in order to get his men together to hear practical talks on training and physical condition. Meetings were held at night during the cross country season, and seemed so beneficial that Dr. Grant has determined to renew them. All men are asked to be present if they desire to understand the principles of getting themselves into condition. The warm days are affording all the men a chance to work outdoors, and a few days more will leave the cinder path itself in condition for work.
