FACULTY WIELDS AXE ON MAGAZINE BOARD

Newly Elected Members Excluded From Service Next Year—Competitors Take Places.

Three members of the recently elected Minnesota Magazine board have received official notice from the students' work committee that they are below grade in their work and hence are ineligible to hold office. This action is the result of the ruling made recently by the faculty that students who hold official positions on college publications must have a clear record during the current year as well as for the year preceding.

Shortly after the disqualifying and later reinstatement of Edwin McKeen, winner of the oratorical contest, the faculty met and passed eligibility rules to cover several kinds of student activities such as oratory and debate, membership on boards of student publications and dramatic club membership. In the first and the last named cases students must be above grade for the current year; in the other case they must be above also for the year previous.

Although the action already shows that the faculty intends to enforce the new ruling, at the time of its passage it was also stated that "Exceptions to these rules may be made by the consent of the students' work committee." Thus it is possible in exceptional cases to suspend the rule, but that any such action will be taken in the cases already named seems doubtful. All positions made vacant by the above ruling will be filled by those who received the next highest number of votes at the recent election to the Magazine board.

TWO AFRICANS AT MINNESOTA

Taking Graduate Work in Preparation for Missionary Work in Native Countries.

Eugene Rovtiar from Madagascar, and Christopher L. Faye from Zululand, are two African students enrolled at the University. Both received their earliest education in Mission schools conducted by the Norwegian Mission Society, where they acquired a complete mastery of the Norwegian language. They were both sent by the same society to study in this country, the former to St. Olaf College, and from there to the U. C. Seminary, and the latter to the Hamline Divinity School, and are now pursuing post graduate courses at the University. They are both students of theology and expect to return to their native homes as missionaries.

GOPHER DOPE IN DEMAND

Board Forced to Secure Sole Rights of Publishing Annual—Fears for Prize Contributions.

A special copyright has been received by the Gopher Board for the 1911 annual. There was no provision under the copyright law for the protecting of a college annual, therefore a special ruling had to be secured from the Secretary of the Interior to assure the class that their book would not be abused.

It was at the instigation of a prominent magazine publisher that the Board went to this extent to protect their publication. This man chanced to do some of the color drawings which are to be used in the annual and suggested that they would very likely be used by the other colleges were they not copyrighted.

Mr. Chamberlain was the first promoter of the newspaper course in the University and is interested in the present work. He is on the Journal staff and is at present acting as dramatic critic.

DR. COULTER TO TAKE OFFER OF GOVERNMENT

Accepts Position of Statistician in Washington Next Year—Regents Haven't Acted as Yet.

Dr. John Lee Coulter of the Economics Department has tendered his resignation in order to accept a position under the Government. Dr. Coulter was offered a position as statistician in Washington, D. C., last year but the regents increased his salary and gave him two assistants in order to keep him. The authorities at Washington have made a flattering advancement in their former offer to Dr. Coulter which he has accepted. The resignation has not yet been acted on by the regents and it is possible that Dr. Coulter may be granted a two years' leave of absence without pay instead of his resignation.

HARLAN SPEAKS IN CHAPEL

Says College Men Must Purify City Politics to Show Loyalty—Governor Eberhardt Speaks.

"Municipal Patriotism," was the subject upon which Dr. Richard D. Harlan; "President of George Washington University addressed the students and faculty in Chapel Saturday. Dr. Harlan's views upon the versatility of some public men, in living a pure private life and a corrupt public life were clearly expressed. Dr. Harlan said, that a lie was a lie where ever found, and that University students must combat the theory of personal honesty and public graft.

"We stand," he said, "on the shoulders of generations, which like the builders of the coral reefs, have pushed us upward to higher ideals and a nobler life."

Governor Eberhardt also talked for a few minutes, on the relation of the University to the State.

MAGAZINE OUT FRIDAY

April Number. Appears in Spirit of Spring—Poems, Stories, and Essays Make up Contents.

Though poetry and Spring come together, less poetry than usual will appear in the Minnesota Magazine for April. That which will be published shows the influence of the season somewhat. Helen Painter writes a sonnet depicting the effect of April weather. R. Warner Bost contributes a poem undoubtedly produced in river-banking weather called "Not all the Way."

"The Modern Realist," and when "Poetry Comes to Town," written by Earl Janet, Davies show great contrast, one being a light bit of rhyme and the other an incursion into blank verse. "To a Lady with a Chrysanthemum," is a short verse by Mary B. Kolars.

Esther Chapman will publish an article called "Food for Thought," concerning college activities and college credits. "The Penalty" by Wallace Butler, is the tale of a man, a girl and an Indian.

The Magazine will be out Friday.

GENEVA MEETING.

Enthusiasm ran riot at the Y. M. C. A. meeting for boosting the Lake Geneva Conference last Friday noon. Mr. E. W. Peck, the state secretary, emphasized the thought that not only are the men benefited individually by the conference but that the enthusiasm and inspiration received there will react upon those who did not attend. The greater the number, therefore, that go down this summer the more will the power and the sibe of the Association here be increased.

Reverend Richardson, Fred Ware, Paul Halstead and Thos. Crocker, who were there last summer, set forth the pleasure and the benefits that they had derived from the Conference.

Mr. Graham, our secretary, wants from twenty-five to thirty men to take the trip to Lake Geneva this summer.

Tomorrow night Miss Butner's gymnasium classes will repeat the evening of aesthetic gymnastics given on March 18. The net proceeds of the dances will be given to the Northrop Hall Fund.

The dancers are attracting much attention from overtown teachers. Many of them attended the first evening and found it so pleasant that they have bought seats again.

VARSITY ATHLETICS

ANOTHER TITLE WON BY GYM TEAM SATURDAY

Makes Third for Minnesota This Year—Illinois and Chicago Both Drive Our Team Hard.

A third western inter-collegiate championship was captured by Minnesota, Saturday evening, when the gym team took the honors in the 8th annual meet of the Western Inter-collegiate Gymnastic and Wrestling association held in the Armory. Previously winning the Western titles in football and debate, and running Chicago a close race for basketball honors, Minnesota is now the leader in the Western Intercollegiate contests.

Minnesota scored a total of 1164.75 points; Illinois, 1146.85; Chicago, 1135.1; Wisconsin, 645.7; and Nebraska, 490.9 points.

Minnesota got most of the first places, taking six of the ten events on the program. The team took ten medals altogether of the twenty-seven awarded. This is the third time she has won first place in the annual meets of the five she has entered.

Baker's work on the side-horse, the judges claimed to be the best they had ever seen.

Nelson's exhibition in the club swinging was one of the main features. Winning this event makes his third consecutive victory in the championship meets. Calloway was accorded much praise for his work on the rings.

Syles of Illinois won the cup in the all-round gymnastic performance with a total of 385.7 points. Baker gave him a hard chase, making 374.55 points.

The meet was considered by the judges to be of the very first rank in inter-collegiate gymnastics. Next year the meet will be held at Chicago. Minnesota's chances for a strong team next year are of first order, losing but one man of this year's team—Nelson.

Following are the results:
Horizontal bars—Calloway, Minn., first; Illinois, second and third.

Parallel bars—Illinois, first; Baker, Minn., second; Chicago, third.

Side-horse—Baker, Minn., first; Illinois, second and third.

Flying rings—Calloway, Minn., first; Fixen, Minn., second; Illinois, third.

Tumbling—Chicago, first; Illinois, second; Chicago, third.

Club swinging—Nelson, Minn., first; Illinois, second; Chicago, third.

Wrestling: Lightweight—Peterson, Minnesota.

Middleweight—Johnson, Minn.

Heavyweight—Draw between Chicago and Nebraska.

Fencing—Chicago, first; Nebraska, second; only two entered.

All-round gymnastics—Illinois, first; Baker, Minn., second; Chicago, third.

ALL UNIVERSITY MEET TO BE NEXT THURSDAY

Too Cold for Hard Work last Saturday, But Trial Meets Show up Much Good a Material.

The all-University meet which was scheduled for last Saturday afternoon was postponed until next Thursday. The weather was so cold that Dick Grant was afraid to put the men thru anything strenuous and so they were only allowed to indulge in a hard workout. In spite of this fact several first class races were pulled off.

Hill equaled the University record in the 100 yard dash when he pulled away from the fastest bunch of sprinters that has been in college for years and finished in 10 seconds flat. Connelley lead a small field in the two mile, by a large margin and finished in 10:28. A. W. Peterson gave the University record a scare when he cleared the bar at 5 feet 9 inches. There were several other good races and all point to a great meet Thursday.

The meet will be pulled off Thursday afternoon rain or shine.
