NOTICE TO ALL INSTRUCTORS

Instructors are reminded that absence reports for the past week are due today. Those on the main campus should be sent to Dean Nicholson; at the University Farm, to Mr. West.

INFLUENZA PREVENTIONS

Keep your hands clean.

Don't shake hands.

Keep your handkerchief handy whenever you have to sneeze or cough, and use it to cover your mouth and nose.

Spend your evenings at home, rather than at an overcrowded or overheated place of public assembly.

Keep yourself warmly clad; avoid fatigue, chills and cold drafts.

Get all the fresh air and sunlight you can, both in your work place and in your home.

Keep your feet dry and warm.

Walk to your work, if not too far. The air in the street is better than you'll get in the overcrowded, illsmelling street cars.

Finally, if in spite of observing all these precautions you begin to feel "rocky" or ill, call the University Health Service or your physician and stay at home until you are assured that you are all right and ready for work again.

DR. JOHN SUNDWALL

MEDICAL FACULTY NOTICE

General Noble, of the Surgeon Generals Office, requests that all members of our faculty send reprints of articles which they have published or may hereafter publish to the Library of the Surgeon General's office, as they wish to have as complete a file as possible of all medical dissertations issued by students or teachers in medical colleges in this country.
