## DEBATING BOARD EXPLAINS ATTITUDE

**Faculty Members Interviewed on Pillsbury Investigation Question.**

A Daily reporter yesterday sought out the different members of the Debating Board and interviewed them in regard to their attitude on the Jones investigation. The exact intention of the board has been a debatable question ever since the investigation was first mentioned and the members have been criticised for what seemed an unpardonable delay and a most unsatisfactory conduct of the whole business.

It was an explanation of their position that was sought yesterday.

Prof. White said to our representative: "The board has been ready to prosecute an investigation upon the presentation of proper evidence. Last year Mr. Jones was suspected of plagiarism, but an investigation, conducted by Profs. Sanford and McDermott revealed no cause for procedure. A week ago Tuesday the matter was brought up before the Board and it was understood that if the contestants would present and back up their evidence an investigation would be held. A great deal of criticism has been aroused by the statement that the faculty members of the board are too busy to play detective. That is true and it is the duty of the student members to obtain the evidence. The board has been hampered by the absence of Professors McDermott and Schaper and by the absence of Mr. Veldey. Mr. Wells has been following up the clues for the past few days and I have done so myself to some extent."

Mr. E. B. Johnson who was one of the judges said: "In Mr. Jones' oration and in its delivery, there was absolutely nothing to indicate plagiarism. When the charge was brought there was no definite evidence and no one to stand behind the accusation. However, if Jones demands an investigation it should be sifted to the bottom; if he does not, let it drop, but as far as I can see the only thing for Jones to do, innocent or guilty, is to demand an investigation."

Prof. Sanford, who, from the first has favored an investigation, said: "There will be a meeting to-night at the home of Professor McDermott when the matter will be fully investigated. I have favored an investigation right along. In regard to the matter last spring, while there were some isolated facts which looked ugly, there was by no means sufficient evidence to warrant an accusation. The board had no idea there was anything wrong this year until it was brought up last Tuesday. I sincerely hope that the matter may be cleared up satisfactorily."

### NOTICE

The second quarterly payment of Miss Morrison's expenses, which was due March first, is being withheld, in order to send the full amount due, on March 15th. This can only be done if all those in arrears will attend to the matter at once. Payments may be made at the Y. W. C. A. Office.

## CO-EDS. WRANGLE OVER BASKET BALL

**Varsity Agrees to Play Freshmen After Much Preliminary Negotiation.**

The rumor circulated yesterday that the Varsity girls' basket ball team and the Freshmen had agreed upon a date for a game has been confirmed.

The game will be played in the Armory on Wednesday evening, March 16. The admission is to be 25 cents.

### Interesting Details.

Incidentally some interesting details of the negotiations between the fair rivals has leaked out.

It will be remembered that before the interclass tournament the girls agreed that the winning team should give a spread to the vanquished. After the tournament the Freshman team found themselves confronted with the problem, of how to give a spread to fifteen hungry basket ball players on a bank account of 37 cents.

After numerous consultations they finally decided that to play the Varsity would be the quickest and most con-

## PETITION FACULTY BOARD OF HEALTH

**Step Taken Toward Formation of Sick Benefit Association.**

The suggestion of a students' sick benefit fund which last week met with approval is likely soon to materialize in an association of some kind.

Yesterday a number of students circulated a petition addressed to the Faculty Health Committee and setting forth the plan as formulated by Dr. McVey. The petition met with ready signatures and is now in active circulation.

As stated last week the plan is to have fifty cents of the semester's fees set aside as a fund to pay expenses of students' illness. Dr. Folwell has suggested that this fifty cents might be taken from the present fee, which is already large, instead of being added to the present stipend.

The Faculty Health Committee are asked to consider the plan, and to recommend it to the Regents for adoption.

The question of employing a consul-

## MAG CONTINUES CLOSE CORPORATION

**Meeting of Subscribers Yesterday Developed no Controversies of Note.**

Well attended and interesting was the meeting held at the second hour yesterday by the subscribers to the Minnesota Magazine, for the purpose of considering the manner of election of next year's board.

According to the agreement made last year the manner of election was to be left to the subscribers and the board elected would conduct the magazine as seemed fit to them. There had been some talk of opposition to the present mode of election and some interesting discussions were expected. However the opposition failed to materialize to any great extent and the meeting was rather quiet.

Mr. E. B. Johnson was elected chairman and presided over the meeting. After some discussion, the motion was made that the present board continue in its old policy and elect new members as before. A couple of amendments were proposed but they were both voted down and the original motion went through with scarcely a dissenting voice.

The present board will elect before long so that the next year's board can get well organized before taking up their work.

### WILL CLOSE WITH DANCING

**Saturday Evening's Contest Will End Basket Ball Season.**

Informal dancing, helped along by the Minnesota University Orchestra and the U. Band will bring the basket ball season to a successful finish, Saturday night, after the West Side Y. M. C. A. game.

The basket ball team will then disband for the season. The men are beginning to get tired of indoor work and many of them wish to turn their energies to the spring sports.

The game will be a fitting climax to the season for both teams.

The West Side Y. M. C. A. held the western championship last year, have had a notably successful career this year and have shown their ability to make it exceeding hot for the Minnesota men.

On the other hand the Varsity players have acquired a national reputation and are eager to try conclusions a second time with the team that beat them in Chicago.

Prices have been fixed at thirty-five and fifty cents. A large advance sale of tickets is reported. A row of seats at reserved seat prices will be placed on the floor the same as at the Nebraska game.

### GLEE CLUB MEETS

At the Glee and Mandolin Club's meeting Wednesday afternoon, the reports for the season's work, up to date were read and accepted. A deficit was shown and several concerts will be given in the twin cities to clear up the finances. The Minneapolis annual concert will be given in the East High School Auditorium in about a month.

### "MAG" BOARD IN SUIT

**University Publication May Become Passive Party in Law Suit.**

The Minnesota Magazine of the state university is likely to be made a passive party to a prosecution brought by the department of justice against J. L. Graham of Memphis, Tenn.

Mr. Graham has been conducting a swindle, it is charged, in the southern state and is now under arrest. He owes a large amount of money for advertising. Part of this is owed to the Minnesota Magazine.

George Randolph, United States attorney, has demanded of the board whatever correspondence and evidence it may have.

### NEWS OF McCLEARN

REYNOLDS & McCLEARN

Attorneys at Law

Duluth, Minnesota, 1904.

Such is the letter head received yesterday by a member of the faculty from the Junior partner of the above firm. Last June, Mr. McClearn graduated from the law school and went at once, as an understudy, into the offices of Mitchell and Reynolds, one of the best known law firms of Duluth.

Recently this firm was dissolved and Mr. Reynolds at once formed a partnership with Mr. McClearn.

"Mac's" friends and admirers at the University, and they are a legion, will be pleased to learn of his advancement.

Mr. Hull, a senior law student of the University of Wisconsin, visited our law department yesterday.

### STANLEY HALL TONIGHT

**Girls' Basket Ball team to Defend their Title.**

The Varsity girls play Stanley Hall at the Armory tonight.

Those who know anything of the respective merits of the two teams predict a close game.

The Stanley Hall girls beat the South Side High Girls last week and that fact boomed their stock considerably.

The playing in the basket ball tournament showed that the Varsity team is an aggregation of stars. Tickets 25 and 35 cents.

### PRESS CLUB FEED

The Press Club will hold its regular meeting and feed in the Banquet Room of the National Hotel, Washington avenue and 2d avenue South, at 8:30 to-night. Go to the entrance on 2d ave. and go up stairs. All members who desire to go will notify J. G. Holm or C. L. Gilman, or sign the list in the Daily office.

### LECTURES ON INSURANCE

The lectures on insurance by Mr. Jackson of New York are well attended by students and others. Mr. Jackson has already given two of the lectures in which much interest has been shown by those who attend. The place of delivery is Dr. McClumpha's room at the 7th hour on next Tuesday and Wednesday the two remaining lectures of the course will be given. Every one is at liberty to attend.

**CHEMISTS NEED SUPPLIES**

From the chemistry department the usual mid-year complaint is heard in regard to a scarcity of supplies.

Work in the quantitative laboratory is practically suspended. At first thought one might consider this a very desirable state of affairs and some of the freshman miners hail the news with delight. Juniors and seniors, however, think with concern of the long hours which must be spent when final examinations and the river bank occupy the attention of others. The fixed amount of work which must be done will be more thoroughly accomplished if done at the proper time.

Wherever the blame may be placed, it is but simple justice that students receive value for their laboratory fees which are sufficient to cover the cost of all materials used.

**BIOLOGICAL MYSTERY**

The splendid specimen of a deer which has been lying behind the Pillsbury Hall for several weeks, was stolen sometime Wednesday night.

It is not known who perpetrated the theft. No clue can be found.

The members of the Zoological department are greatly stirred up over the outrage and declare their intention of discovering the offender and bringing him to justice.

The deer formerly belonged to Minnehaha Park. About two months ago it died and was brought to the University for zoological purposes. The carcass which was to be skinned and the hide stuffed, and deposited behind the Pillsbury Hall and has since lain there until last night.

The deer was an almost perfect specimen and would have made an invaluable addition to the museum.

The faculty is wrought up over the affair.

Whether some students with a taste for decorative art appropriated it as a trophy to decorate their room or whether some junk dealer got it, is not known.

Had the theft appeared a week earlier it is certain that Dr. Cooke would have been strongly suspected, in the meantime the Daily's staff reporter will take the case in hand.

**GYMNASTS' MEETING**

This evening at 7:30 in the Armory there will be a meeting of all candidates for the gymnastic team. The Captain will also be elected.

venient way to enlarge the surplus in their treasury.

**Fond Hopes Blasted.**

But alas for the fond hopes. The Varsity weren't in the least anxious to play the Freshies, and hinted that the latter better go and make a reputation before they asked for a game.

**Freshmen Angry.**

This aroused the freshmen's ire, for they rightly considered that they were entitled to some consideration after the showing they made in the tournament and besides, it is a well-known fact that several members of the Freshmen team are of Varsity calibre, and would stand a good show of making the first team, if there were able to get out for practice.

After being treated in this crushing manner the Freshmen threatened to publicly challenge the Varsity through the Daily and in fact handed in the challenge to the Editor. This had the desired effect of bringing the Varsity to terms, and immediately after it had accomplished its purpose one of the Freshmen visited the Daily office and demanded the challenge back again.

**Editor was Submissive.**

In order to avoid a personal encounter of a serious nature, the editor complied with the lady's request.

**Squabble over the cash.**

Events quickly proved however, that the Varsity still had another card up its sleeve, for when the two teams came to arrange for the division of the gate receipts, the Varsity bobbed up with a demand for 80 per cent of the entire proceeds.

The Freshmen claimed that this was merely another way of getting out of the game and insisted on a fairer division. But the Varsity were obdurate and much against their will the Freshmen were compelled to accept their terms.

Both sides are now working like Trojans for the approaching contest, and the game will undoubtedly be one of the fiercest ever played at the armory.

ting physician is also referred to the committee.

It is hoped that the plan may be so far perfected this spring that the beginning of next year may see the definite organization of this association either as a students' co-operative plan or under authority of the University.

The interest taken in the movement is evidenced by the fact that the local Red Cross Society has asked the Daily for consideration of its plan to establish a branch society at the University.

### UNIVERSITY ORCHESTRA

A University Orchestra is assured. The Y. M. C. A. orchestra is going to unite with the orchestra in the University Band to make a new University Orchestra. There is no reason why we cannot have a good orchestra in the University which will play at all University functions. There is plenty of good material, and under the leadership of Mr. Chas. Pehoushek, the new orchestra will rehearse next Thursday, 7:30 o'clock in the Armory, and Mr. Pehoushek desires all old members and new candidates to be present with their instruments at that time.

#### COLLEGE EDITORS SUED

The Michigan Daily, Owned by the Faculty, Dabbled in Reform.

A wild tale comes from Ann Arbor. The editors of the college daily have been sued for libel.

This unfortunate state of affairs, we are informed, is a direct result of faculty control.

It is a well-known fact that the faculty after expelling students for writing alleged inaccurate stories bought the Michigan Daily five months ago "To inculcate anti-sensational principles."

Last week the paper dabbled in reform, misrepresenting their own identity to secure "facts" from prominent men and then charging the health of office and a boarding house with "criminal carelessness" in serving poisoned veal.

They charged that 60 students had suffered from the effects of eating the meat and that it was still being served. The facts were that only four had been affected and that the poison in the meat was very soon discovered and its use was discontinued.

The paper immediately offered a profuse apology but the injured business men were not satisfied and have sued the editors of the paper. As the faculty is running the publication, they will have to dig up and the incident will be an everlasting argument against faculty control of college publications.
