GIRLS BEGIN THEIR TENNIS MEET TODAY

Dual Meet With Central High, Johnston, Frank and Cox for Minnesota

Today the much talked of girls' tennis tournament with Central High begins.

The girls have stuck to their practice faithfully and there has always been an enthusiastic audience at the trials, which showed its spirit by shouts.

The first game will be between Miss Johnston and Miss Wales, who represents Central.

The second and third places will be contested for by Misses Frank and Cox and Misses Caro Brown and Elsa Ueland.

The second match will be held on Friday, and the third on Saturday.

All three contests will be held on the girls' courts behind the law building.

U. C. A. PICNIC.

The U. C. A. picnic which was not held last Saturday on account of the inclement weather, will take place next Saturday afternoon at Como Park, St. Paul, if the weather is fine.

VARSIY ASKED FOR AN AUTHOR

Student Will Write a Financial History of Minnesota for Carnegie Institute

Some scholar of the department of Political Science is to find an interesting piece of work cut out for him.

The Carnegie Institute has undertaken an investigation of the financial history of the United States since 1789. This work is to be very extended and will include the financial history of every state and territory.

The work is in charge of Professor Gardner of Brown University. Professor Gardner has asked Dr. McVey to select a graduate student of Minnesota to undertake the work at Minnesota.

The time for the completion of the entire work is five years. The work at Minnesota is to be finished in two years. The whole, when completed will be published in a series of volumes.

DRAWING CLASSES EXHIBIT.

Art Work is Ready for Inspection at Room 20 Pillsbury Hall.

This week Mlle. Clopath's classes in drawing have on exhibit the best work of the semester, which will prove interesting to visitors. The exhibition is in Room 20 of Pillsbury Hall. There are a number of fine posters, some of which have figured in advertising Dr. Cooke's Circus.

The design class has a large and interesting collection of exhibits. The charcoal and pencil work is exceptionally good and some of the most interesting work is in charcoal, wash and water color. Some beautiful specimens of pottery are shown by the molding class.

MODERN INDUSTRIALISM.

New Textbook Will Be Published by Dr. McVey.

Some time during July or August will be published a new book by Dr. McVey. The title is "Modern Industrialism," an outline of industrial problems as seen in England, Germany, and the United States. The attitude of the state in the regulation of industry will form one of the main topics.

Next year Dr. McVey's course in this subject is to be extended to three hours a week. The new book will probably be part of the course and add much to the interest which is taken in this study.

VARSIY TENNIS TEAM SELECTED

N. O. Werner and J. Thomson will Play for Minnesota Against Nebraska Saturday

N. O. Werner and J. Thompson will be the men who meet the Nebraska tennis team Friday and Saturday of this week.

The semi-finals were played yesterday afternoon, and in the first match Werner defeated Collins 6-3, 6-3, 6-4, and in the second J. Thomson defeated Francis King in one of the closest contests played this year. Scores 6-4, 2-6, 7-5.

Luckily Mr. Werner and Mr. Thomson have been playing together, so that they have had sufficient practice to be able to make a creditable showing against Nebraska in the doubles.

In the singles the Minnesota men will undoubtedly do credit to both themselves and their University.

The tennis team leave for Lincoln tonight with the track men and on their return will play the final match of the tournament to decide the University championship.

The Iowa team will be here a week from Saturday, and while it is expected that they will be much stronger than Nebraska, still, with the additional practice they will get at Lincoln, the Minnesota players ought to stand an even chance to win out.

NEGATIVE IS CHOSEN.

Minnesota Chooses Side for Debate With Chicago.

Minnesota has chosen the negative of the following question, to be debated with Chicago: "Resolved, that the United States should continue its present policy in regard to the combination of railroads."

The debate will take place next January. The affirmative was chosen in the debate to be held with Iowa.

VARSIY SOLDIERS SHOOT.

Non-Coms of Company B Have Target Practice.

The non-commissioned officers of Co. B of the Cadet Corps indulged in an hour or two of target practice yesterday afternoon in the shooting gallery of the Armory.

Several fine records were made and the averages were all good. This would indicate that the boys can shoot some, as well as "present arms" at dress parade.

LEAVE TONIGHT FOR NEBRASKA

Track Men Leave for Dual Meet With the Cornhuskers Saturday

Coach Temple leads his squad of speedy athletes into the Cornhusker territory tonight. W. C. Deering accompanies the team as manager.

The men are in the dark as to what kind of a team they are going up against. Who the Nebraska trackmen are and what they are able to do, no one here seems to know. Coach Temple has been unable to get hold of any of their records so no comparisons can be made.

The Varsity men are all in good condition.

Those who will be taken to the meet are Hunter, Redman, Christy, Haroldson, Murphy, Bedford, Colburn, Hasbrook, Ostvig, Pattee, Thorpe, Klefer, Mattson, Francis, Shedd, Smith, and Jensen.

All the entries are well filled, except the mile and two mile. Colburn has no running mate for the mile, and Temple has not yet decided who will take care of the two mile.

E. E. Pierce will not be able to go, which will leave Jensen alone at the pole vault.

SENIORS PREPARE FOR GREAT PROM.

Social Event to be Held in the Armory will Surpass Them All

From the strenuous efforts which the seniors are making to end their college career in a blaze of glory, the Senior Prom. promises to eclipse all former ones.

The New Store has the contract for decorations.

The color scheme will be in green, with a subdued tinge of red and white, the class colors.

Japanese effect will be given by the use of many colored paper lanterns.

The left wing in which refreshments will be served, will be decorated with colored lanterns and fixed up with rustic furniture so as to resemble a porch.

The refreshments will be served by Dorsett.

The programs will be of unique nature, tan leather cover with a burnt monogram.

The music will be furnished by the Fort Snelling full military band under the leadership of Graves.

About half the program will be given up to waltzes. A concert program will precede the dancing.

The gallery will be open to the public.

JUDGES FOR WYMAN PRIZE.

Prof. James Paige of the Law Department, Mr. Joseph Chapman, cashier of the Northwestern National Bank, and Prof. William Hayes of the Agricultural College, have been chosen as judges for the Wyman Prize Contest. The subject of the essays for this prize is "The Labor Problem in Agricultural Communities."

MORE CAPS APPEAR.

Freshmen Academics Appeared in Class Caps Yesterday.

The latest to appear in the line of class headgear are the Freshmen Academic caps, which straggled onto the campus yesterday from Buck's bookstore.

They are a neat white skull cap with the letters "A '07" in green.

The Sophomores are so busy getting ready for Junior-dom (perhaps for "con"-dom) that they try not to notice their younger brothers so gaily blossomed forth, and no trouble is expected.

FRESHMAN BASE BALL CONTINUES

Freshmen and Fraternity Base Ball Teams Play the Final Games of Schedule

The freshmen inter-department baseball games that were scheduled to be finished this week, will not be completed before next.

The Engineers are still unbeaten, but have not played all their games upon the schedule. A game will be played between the Engineers and Laws this afternoon. If Northrop Field can be secured, the game will be played and an admission of 15 cents will be charged. Play will be called at 2. The Laws are next to the Engineers in the number of games won and the championship will undoubtedly be decided between them.

Academics Still At It.

The Academics will play Crystal Lake on Friday and Winnebago on Saturday. They are also trying to arrange for a double header with the Engineers on next Wednesday.

Frats Play Finals Today.

This afternoon at 4:30 on Northrop Field, the final game of the inter-fraternity base ball league will be played. The game is between the Alpha Delta Phi and Alpha Kappa Kappa teams.

In the semi-finals the Alpha Deltas defeated the S. A. E.'s in an exceedingly well played game, by a score of 7-5. The Alpha Kappa's were to have met the Kappa Sig's in the semi-finals also, but the latter defaulted, leaving the Alpha Deltas and the Alpha Kappa's to decide the championship between them.

Middlemen vs. Freshmen.

The freshman and middle laws played seven vociferous innings of baseball on the campus yesterday afternoon. The score is in dispute.

Both parties agree that the freshmen brought in 7 runs and the middlemen allege that they crossed home plate 9 times.

The freshmen deny this allegation and assert in reply that the middlemen have only five runs. The weight of testimony seems to be with the second year men.

Batteries—Middle: Houska, p. Echolt, c. Fresh.: Mc Hugh and Condon, p., and Cutting, c.
Umpires—Hagenson and T. Collins.

MORE CO-EDS ELECTED

Three new Theta Epsilon elections took place yesterday. The girls elected were Clara Bearnes, Ruth Wilson, and Margaret Ryan.

Today's issue edited by—
J. L. Engdahl.

The Daily will not be issued after Saturday and we suggest that all persons who have notices for publication hand them in as soon as possible.

We can not promise to publish notices handed in after Friday noon.

In Saturday's issue we will publish a complete calendar of all University events between Saturday, May 21, and Thursday, June 2, inclusive. All who have notices of a public or semi-public character are requested to mark them "calendar," in order that they may find a place in this article. By doing so they will render a service to the Daily and to the public.

In regard to that law baseball game—we suggest the Hague Tribunal.

A box of imported cigars is the first substantial compliment the two chiefs of the Gopher have so far received.

The smoke in the Gopher Hole has now assumed a dignified air.

The Cardinal places the Minnesota baseball team fourth in the Big Nine Conference.

Were we sure that this is not a deeply veiled sarcasm we would withdraw all the unkind things we have said about the Cardinal's sporting editor.

Yesterday we offered some of our abundant sympathy to the business manager of the Gopher. He said he needed it. After working a year to produce the greatest Gopher on record, he is confronted by a man who offers him fifty cents for a volume of the greatest publication ever brought upon the campus.

Three Gopher athletic teams will soon be far away from the University seeking glory for the maroon and gold. The baseball team has already begun its trip, while the track and tennis teams leave for Nebraska tonight.

The diamond artists have not been very successful thus far this season, so that a few games won away from home would no doubt be received with joy by the faithful fans on the campus.

The track team has yet to meet its defeat this season. It has done well thus far, and should make an excellent showing against the Cornhuskers.

The tennis team is an untried quantity, but as with the two other teams, the hearty encouragement and the good wishes of the entire student body will follow it wherever it goes, and wish them success from afar if they cannot be present in person.

FRESHMAN-SOPHOMORE DEBATE.

Professor Sanford Outlines Work for Next Year.

The following is the program for the Freshman-Sophomore debates of next year:

There will first be a "free for all" for each class. That of the Freshman class will be held the first week in September. That of the Sophomore class the fourth week. Twelve men will be chosen from each class and these men will be pitted against each other three and three. The first Freshman team will debate in the first week of October, the first Sophomore team the second week, the second Freshman team the third week, and the second Sophomore team the fourth.

Each of the six Freshmen who win will receive a handsome set of William Shakespeare's works, each of the six Sophomores, a fine set of Geo. Elliott. From these twelve men the judges will select the Freshman and the Sophomore teams to contest in the second week of January for the Peavey prizes. These prizes are \$25 each for the members of the winning team.

In the first week of November there will be another Sophomore "free for all" from which will be chosen the six men who are to constitute the inter-Sophomore teams to contest for the Dunwoody prizes of \$25 each for the winning teams. This contest will be held in the second week of December.

The question for debate in all the contests for places on these Freshman and Sophomore and inter-Sophomore teams will be the one debated in the high schools the past year—Municipal ownership of public utilities. For the Peavey and Dunwoody prizes other questions will be given.

It will be wise for men who wish to secure these places to prepare during the summer on both sides of this municipal ownership question, for the man who comes fully prepared will stand a good chance to win.

—Maria L. Sanford.

EDITION NEARLY SOLD.

'05 Gopher Has Had Unprecedented Sale.

The '05 Gopher has certainly got the disappearance act done up to a finish. Out of an edition of nearly 1,500 only about fifty remain.

The careful plans which had been made to place the Gopher on sale in other cities, were made for nothing, as the supply will no doubt be used to cover the demand at the University.

The cost of printing the book this year assumed such large proportions that the business manager is beginning to wonder how the financial situation will turn out. The rest of the board has ceased to labor, and look upon the result of their work with proud satisfaction.

SUBSCRIBERS NOTICE.

All Gopher Annuals will be on sale today for \$1.50. No more books will be held for subscribers.

AMATEURS AT WORK.

Journalists Turn Out Paper at Chicago with Success.

The class in journalism at the University of Chicago, recently went thru the entire performance of getting out a great metropolitan daily.

The paper was not printed, but every part of the work of making a newspaper was gone through, except the actual composition and printing.

The various members of the class were given assignments, all parts of the city being covered. Two scoops were achieved by the cub reporters, a drowning story, and a south side diamond robbery.

The Chicago Tribune aided the amateur journalists in the form of tips and special assignments. The Inter Ocean printed some of the work produced.

President Strathern and Secretary Hanson reappeared on the campus yesterday afternoon after a week's absence in attendance upon the national Y. M. C. A. Convention at Buffalo. Prof. Haynes returned on Tuesday.

MORE FOOTBALL MEN.

Assistant Coach Dobie "Discovers" Linnehan and Young Rogers.

A good man for next year's football team was discovered the other day by assistant coach Dobie in the person of Linnehan, the well-known base ball player. Dobie was investigating the records of some of the Varsity athletes, when he discovered that Linnehan had played quarterback on a high school team in Wisconsin for five years. He was known at that time as an extremely heady player and all round speedy man. He has been persuaded to get out and try for the team next year and ought to make a very promising candidate.

It is also rumored that a brother of Ed Rogers intends to come to school and try for quarterback next year.
