GOPHERS OFF FOR BADGER FIGHT

ROOTERS GAVE PLAYERS A ROUSING SEND-OFF

Team Goes Expecting Hard Fight—Badgers Will put up Strong Game as of Old.

King at Work—"Jelly" only Gopher Not in Shape.

At 10:20 last night, with the best wishes of a large crowd of loyal rooters, whose pocket-books alone kept them from going along, the gophers warriors left to meet their old rivals the Badgers.

While the team feels confident that it can beat the Badgers, the men are not overconfident. Somehow the old game of 1902 comes up before their view when Minnesota, with an unbeatable team, all six-footers went down to Madison. The odds were 10 to 1 and more on Minnesota. No Wisconsin money was in sight. The score was 17 to 0 the other way. Minnesota is never sure of beating Wisconsin till the game is over.

According to the dope it should be a slaughter of the innocents, but as Schuknecht remarked in the mass meeting Wednesday night Wisconsin when she plays Minnesota is a different team than when she plays any other university. The Cardinal, either on account of inferior coaching, too much faculty supervision, or lack of interest and enthusiasm, but not from any lack of material, has been trailed in the dust this season and has won with difficulty from inferior teams.

But tomorrow it is different. A victory would more than wipe out the rather discreditable record which the Cardinal has made so far this year. Phil King is "visiting" in Madison and any time King hangs around the Badger university when Wisconsin is getting ready for Minnesota, you may be sure trouble is brewing.

What King may do is a question. The team will give him a respect and obedience which they have at no time extended either to Hutchins or McCarthy and a complete transformation of spirit and method may become evident when the teams line up tomorrow. Beef and brawn Wisconsin has. Science and spirit King knows how to instill into the team. Time is the only element lacking and King may make up for this in hard work during this week. Minnesota showed her full hand in the Carlisle game when Coach McCarthy was on the sidelines.

During the week attention has been given chiefly to keeping Minnesota's team in shape to play the game they did against the Indians. A slight slump in condition probably cannot be avoided but the work of the last week has reduced this to a minimum and those who have been watching the work of the bunch during the week are confident that the drop will be so small as to be barely noticeable. Minnesota will probably line up about the same as last week. Kjelland's head can be bandaged so as to give very little trouble. The other men are all in good shape.

BASKETBALL SCHEDULE RAPIDLY TAKING FORM

Game With Columbia Possibility—Coaches Meet to Make Schedule Next Week.

Next week the coaches and managers of the Big Five basket-ball teams will meet in Chicago to make the schedule of games. That Minnesota will meet all of the Big Five teams, Chicago, Wisconsin, Purdue, and Illinois is certain. Nebraska will also be included in the schedule.

Columbia will make a western trip this year and if they come this far, they will certainly meet the Gophers. All things considered Minnesota should have the best schedule she has had since her last tour of the East. Most of the games will be played on the home floor. One trip will be taken.

The men are hard at work and a team should be developed capable of winning at the least, most of the games on the schedule.

MEDICS GET BIDS TO BIG DINNER AT SHEVLIN

Bone Sawers Investigate and Get Lemon—Girls Plan Big Feed—All Girls Invited.

"You are cordially invited to attend a Thanksgiving dinner given by the Woman's League in Alice Shevlin Hall." Such were the invitations received by two medics yesterday. Seizing upon their opportunity to leave their social seclusion they made inquiries and were told that the affair was for girls only.

Resident, as well as non-resident co-eds are invited. Girls living in the city will help with the preparations and serving, and will do their best to give the out of town girls a good time in the afternoon.

Arrangements are in the hands of the following girls: Ruth Colter, Genevieve Wales, Marie Brown, Mabelle Hudson, Monica Keeting, Anna Doyle, Francis Dunning, Beth Yerxa and Catherine Rittenhouse.

Out of town girls who have not received invitations should consider themselves invited and hand in their names by next Monday.

ENGINEERS PLAN LECTURES.

Since the announcement of the donation of \$250 by the Board of Regents for an Engineering lecture course Professor Flather, assisted by the program committee of the Engineer's Society has been busy arranging for a strong course of lectures to be given by prominent engineers thru the winter. The first lecture will come off early next month when a gas engine man of prominence will deliver two consecutive talks on the design and manufacture of gas and gasoline engines. Juniors and seniors will be required to attend these lectures; sophomores and freshmen may attend if they so desire.

SOPHOMORES WIN BY VOTE OF TWO TO ONE

Duff Strong in Rebuttal—Much Promising Material for Future Inter-collegiate Teams.

In one of the best underclass debates ever held at Minnesota the sophomores defeated the freshmen for the Peavy prize of \$75 last night.

Both teams handled their material skillfully and showed careful preparation. H. B. Duff shone for the sophomores in his rebuttal. Schroeder and Gutterson did particularly fine work for the freshmen. The question was that congress should establish an income tax. The freshmen maintained the affirmative.

The judges were James Peterson, Waldron Jerome and F. J. E. Meyers. The decision was two to one.

ROOTERS FEW IN NUMBERS BUT STRONG IN SPIRIT

Band Taken at Big Expense—Stay at homes Will See Game Thru "Trib" and Journal.

Minnesota will not be represented at Madison in numbers but she will be represented in spirit. The Athletic Board of Control sent the band down, altho the cost will be over six hundred dollars. About fifty or seventy-five enthusiastic and wealthy rooters will be there to represent the yelling department. The high rates have checked the numbers but not the spirit we will send.

There will be a good chance for all rooters who stay at home to follow the game. The Tribune has invited the student body to watch the turns on the street in front of their building. They will have a direct wire to the Wisconsin field. The Journal have also made arrangements to announce the game.

Rooter Captain Dretchko will lead the rooting at home.

DEAN MARTIN, PRESIDENT.

East High "Grad" Heads Freshman Frat Organization.

Dean Martin, Delta Tau Delta and a graduate of East High, was elected president of the Freshman Interfraternity league Wednesday night. Beryl Osborne, Phi Delta Theta, was elected vice-president. J. B. Faegre, Beta Theta Pi, was chosen secretary. Will Allen D. K. E., will keep the money and Damon Du Toit and J. Hare will preserve order. No name was decided upon.

TWILIGHT TEA AT SHEVLIN.

A "Twilight Tea," will be given on Monday, Nov. 25, from 4 to 6, in the Y. W. C. A. parlor at Shevlin Hall. Mrs. J. B. Gilfillan will give a short talk along culture girls. All girls are invited.

WISCONSIN SENDS OUT BIG BLACK BEAR STORY

Con Squad Plows Thru Varsity—Cunningham Badger Star—Big Attendance Expected.

Odds Are 10 to 1 on Minnesota—Big Mass Meeting Held.

Special to the Daily:

Madison, Wis., Nov. 19.—Football practise on Camp Randall this afternoon was not all that could be wished. A few stars on the con squad with the aid of the scrubs were able to plow thru the varsity, using Minnesota formations, much to the disgust of Assistant Coach McCarthy, who says that the line men are loafing. Osthoff and Fucik are still resting from the effects of Saturday's game, but Ditman was playing with the regulars again to-night. Cunningham, the snappy little quarter, is doing better work than heretofore, and his good headwork in the Purdue game has inspired the student body with confidence. The coaches expect to play the same team against Minnesota that was used with Purdue.

Assistant Manager Leach of Minnesota stopped in Madison for a few hours to-day and secured 100 additional tickets to be sold at the Gopher institution. The Milwaukee alumni of the university have already called for 100 seats, and with the seat sale now at the 2500 mark, the managers believe they are justified in predicting an enormous attendance at the game.

Wisconsin rooters have been wary about taking very much money on their team. Reports are current that large amounts have been offered on Minnesota at 10 to 1 odds, but very little has been taken.

A monster mass meeting was held at the Young Men's Christian Association hall Wednesday evening, when the main floor of the building was turned over to the student body for their management and use.

Discontent with the athletic situation in the university as well as with the paternal spirit maintained by the faculty towards all student activities in the past three years has led to a great protest from the alumni of the university especially in Milwaukee. Thursday night an alumni meeting will be held in Milwaukee to arouse enthusiasm, and a trainload of the old boys is expected for the game Saturday. Following the game, the alumni in conjunction with the students will hold a mass meeting at which the universal sentiment against the faculty will be voiced and resolutions of condemnation adopted.

POWER OF MUSIC.

Miss Anne Yorke of the Euterpean Club provided the second of the weekly musical treats in chapel yesterday morning. Miss Yorke's two selections were much enjoyed. The large crowd which filled the chapel demonstrated that music at least has power to swell attendance there.

The Minnesota Daily
Official Paper of the University

Entered as second class matter at the post office at Minneapolis, Minn., under act of Congress of March 3rd, 1879. Published daily, except Sunday and Monday, at the University of Minnesota. Subscription price, \$2.25 or \$2.00 if paid before December 1.

William Shakespeare and John Milton

SCHOOL OF MUSIC.

Since the Musical Federation has commenced its active campaign toward recognition of music as an educational factor, much has been accomplished. The aim is all toward the establishment of a College of Music in which all work done may receive credit as part of a collegiate course. Such a college always pays for itself and so is no expense to the State.

Students engaged in such work as the Glee and Mandolin Clubs, Enterpean Club, Orchestra, etc., are regarded by some, as doing too much outside of their regular college course.

In reality it ought to be an important part of such a course. If it could be so regarded without credit for the work and be an entirely spontaneous matter for which time was allowed all well and good; but in order to legitimize it in the eyes of some instructors it must receive credit.

The desire for such credit upon the part of students thus engaged is not held in a commercial spirit of not wanting to do anything unless paid for it, but simply that music be given its proper place here at Minnesota as elsewhere.

A College of Music with instructors authorized by the Board of Regents will accomplish this result. No school of music in the Twin Cities can serve the purpose or place of our own, since no other is affiliated with a Collegiate institution where broadening work is taken in connection with the music studied.

With credit for music our other work could be adjusted with it, instead of each hindering the other as now. Just as in other courses, those desiring to take the work would have to show sufficient previous preparation. The standard of the various organizations would be raised.

Almost without exception all other universities of equal rank with Minnesota have their music schools and give credit for musical work. Let us at least keep up with the times in this matter as we have set the pace in some others.

Mr. Tupper of the State Board of Pharmacy will address the students of the College of Pharmacy on Pharmacy Laws about November 27th.

CLOTHES, HATS AND FURNISHINGS

The Shorter Coat

WE have a fancy that some of our esteemed contemporaries did not expect the reaction from the overgrown long coat before next season. It has been our frequent good fortune to anticipate the trend of fashion as we have done this year in the production of our new sack. There is character in this season's cut as we show it.

EVER stop to think just how indefinable and subtle are the outward manifestations of the college idea?

It's in the bright "snappy" eye, the tilt of the chin, the poise of the head, the swing of the body;—and it's no less in the choice of apparel.

Knowing this we just want to suggest that Palace Varsity Clothes breathe that spirit.

EDITORIAL.

WE SPREAD OUT.

Hereafter the Daily will attempt to report news from the department of Agriculture. The agricultural college has doubled its registration this year till now there are a hundred students in that department. Among them are many who take an active part in university affairs. The Daily has tried, with what success you may judge for yourselves, to be representative of all departments. It feels that it stands almost alone as a factor for making in fact, as well as in name one great institution out of an aggregation of a dozen different colleges. Any students who can help us in establishing this aim are urged to do so.

If enough interest is taken by the agricultural students we may be able to arrange to have the Daily delivered at the Farm School next year. The Daily will be in file in the agricultural library for the remainder of the year.

Will all girls who wish to go to the next Woman's League Party leave their names at the table which will be placed in the library rotunda Friday and Saturday, so that invitations can be sent to them.

OTTO S. LOFGREN TAILORS

We know how to make Swell Clothes. Let us make yours.

ENGINEERING BUILDING.

Preliminary plans for the new engineering building, for which money was appropriated by the last legislature, are now being drawn. The faculty committee having the matter in charge have been busy collecting and arranging data relative to the design of similar buildings at other colleges and it is their intention to have our new building include all the best features of the existing engineering buildings of the country.

FORESTRY CLUB.

The Forestry Club of the University of Minnesota will hold their next meeting at their Club Room, Horticultural Building, University Farm, Monday evening, November 25th, at seven fifteen o'clock. The program will consist of reports by the various members, followed by an address by Doctor Robinson.

"AG" COLLEGE BASKETBALL TEAM.

Basketball in the college of agriculture has had an early start and prospects for a strong department team seem bright. Those interested are promising a new departure in that the college is to have a team separate from that of the school. One lively practise has already been had. Later in the season several upperclassmen of experience will get out. A strong bunch of freshmen, including several high school stars, will make the competition for places keen.

DEAN WULLING ENTERTAINS.

Dean and Mrs. Wulling have entertained at their home the several classes of the College of Pharmacy. The young ladies at a luncheon on Thursday noon and afternoon, and the men of the junior class Thursday evening.

Saturday evening was devoted to a reception to the seniors and third-year men. About eighty were entertained in all.

ELIEL ADDRESSES PHARMACISTS.

Mr. Leo Eliel of South Bend, Indiana, President of the American Pharmaceutical Association and a pharmacist of national reputation, who has been the guest of Dean Wulling for the past several days, address the students of the College of Pharmacy on Thursday morning, the subject of his address having been "Opportunities afforded the young man by higher pharmacy."

CHRISTMAS STORY WANTED.

With the November number off their hands the Mag board will set to work on their masterpiece, the Christmas number. They are on the still hunt for a real Christmas story, not the peace-and-good-will kind, nor the happiness-in spite-of poverty, but something facinating, compelling, original.

NORTH PLAYS OAK PARK.

One of the best high-school games that has ever been played on Northrop Field will be fought to-morrow afternoon, when North High will meet the Oak Park high school of Chicago.

SPECIAL DISCOUNT AT MOREN'S 620 NICOLLET

Minnesota-Wisconsin Game Will Be Played in Front of The Tribune.

Minnesota's last football game of the season will be bulletined by The Minneapolis Tribune on its highly perfected gridiron stretched across Fourth street, between The Tribune and the Phoenix building. Great interest has been manifested in this game because of the old time rivalry between Minnesota and Wisconsin and thousands of people who are unable to be present at Randall Field, Madison, to witness the actual contest will take keen delight in watching the Tribune's graphic reproduction of the great contest. The Tribune gridiron men and megaphone operators will be in instant communication with Randall Field by telephone during the progress of the game. As accurate and rapid account of the game will be given the Minnesota enthusiasts as has been given of the games played at Northrop Field. The play starts at two o'clock at Madison and at 1:45 The Tribune service on Fourth street will begin. Direct communication with Marshall Field at Chicago will make it possible for The Tribune to announce frequently the progress of the Chicago-Carlisle game. The Megaphone operator will keep the crowd posted on all important plays between the Maroons and Indians. The North High game against Oak Park, of Chicago, at Northrop Field will also receive attention, frequent bulletins being announced. The Tribune service Saturday afternoon will thus cover the three great contests in which Minneapolis and Minnesota people are interested.
