# Who Killed President Kennedy? A Review of Evidence

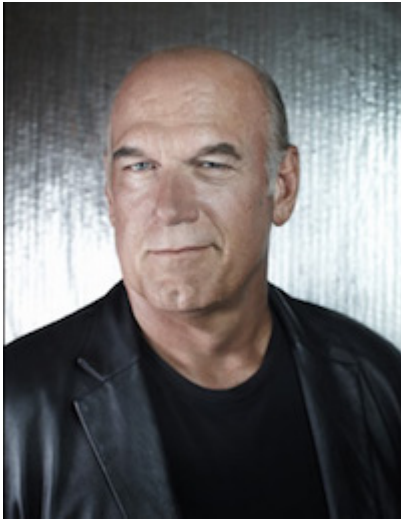

November 22nd marks the 48th anniversary of President John Kennedy's assassination, a topic of continuing intense interest. Recently, the government opened up its files from the CIA and FBI on what it discovered about the assassination. Judge John Tunheim chaired that declassification effort and is one of the premier experts on the evidence regarding Kennedy's assassination. Another Minnesotan, former Governor Ventura, has extensively studied the events associated with the Kennedy assassination and is one of the leading proponents of the view that the CIA was behind the assassination.

Join us for a lively discussion as Judge Tunheim and Governor Ventura review the evidence and try to settle who killed the President and how. The forum will be moderated by Professor Larry Jacobs.
