MORTAR BOARD TO GIVE VAUDEVILLE FOR COTTAGE FUND

Three Main Acts of Program Will Be "In the Zone" By Garrick Club.

PAINT AND PATCHES PRESENT "THE RESCUE"

Wax Works Directed by Dean Ladd—Song and Dance Company Rest of Program.

Under the direction of Mortar Board, a five-act vaudeville program will be presented for the benefit of the permanent co-operative cottage fund, at 8 o'clock Friday night, December 10, in the Little Theatre.

The three main acts of the program are: "In the Zone," by Eugene O'Neill, which the Garrick Club will present; "Mrs. Jarley's Wax Works," which Dean Jessie S. Ladd is directing; and "The Rescue," by Rita Creighton Smith, presented by Paint and Patches, dramatic club.

The cast for "In the Zone" is: Smitty—William Freng Davis—Wendel Warner Swanson—Robert Fuller Scotty—Robert Clark Ivan—Clarence Conner Paul—Alan Shearer Jack—David Sperry Driscoll—Norris Darrell Cockey—Archie McDonald

Play Directed by Hartwell. The play is directed by Arthur Hartwell, honorary member of the Garrick club and formerly a member of the Princeton Triangle club.

The cast for "Mrs. Jarley's Wax Works" is: Mrs. Jarley—Dr. Anna Norris Little Nell—Greta Miller Captain Kidd—Lillian Cohen Li Heng Chang—Mrs. M. E. Staples Mary, Queen of Scots—Hermione Dealy Queen Elizabeth—Caroline Helmick Trilby—Mrs. Jessie S. Ladd Noah—Valeria Ladd Blue Beard—Gladys Gibbons Pharaoh's Daughter—Winnifred Bailey

Old Lady Who Died of Dancing—Helen Garrigue Sir Walter Raleigh—Roberta Hostetter Napoleon—Bergliot Nissen George Washington—Minna Schick "The Rescue" cast is: Mrs. Elmira Warden—Charlotte Keyes Anna Warden—Bernice Marsolais Kate, a maid—Alice Durham Marion Jones has coached the sketch.

Song and Dance Number. Other features of the program are: A song and dance act, and a song act, with Caroline George at the piano.

Edith Miller is in charge of the program. The patrons and patronesses are: Dean and Mrs. J. B. Johanson, Dr. and Mrs. John Sundwall, Dean and Mrs. E. E. Nicholson, Professor and Mrs. S. J. Bugk, Professor and Mrs. Norman Milde, and Mrs. Anna Woodcock.

Blanche Martin has charge of the ticket sale, assisted by Helen Hauser, Carolyn Wolfe, Bergliot Nissen, Harriet Thompson, Hester McLean, Betty Anderson, Sophia Holzeid, Isabel Rising, and Florence Rush.

Officers Elected by Scabbard and Blade

Scabbard and Blade, national honorary military fraternity, elected officers for the remainder of the year at a meeting in the Armory, Tuesday night.

George Schurr, major in the Reserve Officer's Training Corps, was elected captain of Company-B of the First Regiment, which is the chapter at Minnesota. The other officers elected were William Graham, first lieutenant, Lisle Swenson, second lieutenant, and John Prins, first sergeant.

Plans were outlined for the expansion of the organization during the remainder of the year. The social plans of the fraternity were also decided upon at the meeting.

Dean Walling of the College of Pharmacy leaves for the east tonight to get additional members for his staff.

While in the east he expects to attend the meeting of the "Association of Urban Universities" at Philadelphia.

It is not definitely known how long Dean Walling expects to be gone.

Will French Cabaret be Frenchy Enough to Include "Vin Rouge"?

Does regulation French cabaret style demand a "bottle on the hip?" Students who have purchased tickets for the French cabaret in Shevlin Saturday evening are debating this question.

The promoters of the entertainment, however, guarantee plenty of "vin rouge" to take the place of private bottle stock. Music, refreshments, and a chalk talk by Hugh Hutton will fill up the evening.

There will be dancing between tables to the music of a three-piece orchestra. Tickets can be secured from members of the Cercle Francais.

125 Attendance at Y Banquet in Union

Oss, MacLean, Taylor, Timmerman Speakers—Entertainment Furnished.

One hundred and twenty-five were present at a dinner of all the Y. M. C. A. members at the Minnesota Union last night.

Arnold Oss, the first speaker, spoke on the Y in athletics. "It is the responsibility of every man on athletic teams to uphold the morals of the whole team," he said. "One of the things I have always believed in is the power of seeking higher aid before any athletic contest. Clean speech is essential in athletics because the purpose of athletics is in training temper," he concluded.

William MacLean spoke on the Y members in college journalism and reflects a Christian spirit in their editorials," he remarked. "All the members of the editorial staff and many of the reporters of the daily are members of the Y. We always try to play up the better side of every question."

Speaking of college politics, he said, "I believe in clean, live politics. If the rules are abided by, the best man will always win. It is the Y member's job to find out which man is the best fitted for the position."

Ed Taylor, speaking of the social activities, said: "Every social program should be constructive. It is one of the duties of every Y member to get acquainted with as many as he can on the campus."

Donald Timmerman, former Y president, advised every man to go the second mile. "Everybody goes the first mile," he said. "That is the mile they have to go. It is up to the Y members to go the second mile, the mile that they are not forced to travel."

Entertainment was furnished by Alstrom and Olson, who gave several piano numbers. The Phi Kappa Sigma orchestra played.

New Regulations for Library Made

After Dec. 31, 1920, the following regulations will be enforced at the Library.

All overnight books taken from the "Reserves" must be returned at 8:30 the following morning. If not returned, at that hour a fine of 25 cents will be imposed; and an additional ten cents will be charged for every hour or fraction of an hour thereafter that the book is retained.

Books issued during the day for reading room use must be returned within two hours. If not returned promptly a fine of twenty-five cents for the first hour and ten cents additional for every hour or fraction of an hour thereafter that the book is overdue will be charged. The two hour limit will not be enforced between 6 p. m. and 10 p. m.

The person signing the card will be held responsible for the payment of the fine.

Junior Dents are to Dance Friday Evening

Junior Dents will give a dance, Friday, December 10, in the Minnesota Union ball room. Shepard's six-piece orchestra will start the jazz at 9 p. m.

Pep and punch are promised all comers by J. E. Seth, who is making general arrangements. Tickets may be purchased at the door.

Kappa Delta sorority announces the pledging of Inez Campbell of Minneapolis.

Shak's Elect Dillan Presiding Officer at Quarterly Meeting

New Leader Played Central Part in Last Year's Shakopean Debating Team—Banquet and Installation of Officers Next Tuesday.

Ingolf Dillan was chosen president of the Shakopean debating society at the quarterly meeting of officers held in the Minnesota Union Tuesday night.

The complete roster of new officers is as follows: Ingolf Dillan, president; Basil Maine, vice president; Vernon Miller, secretary; John Peters, treasurer; Maurice Olsen, sergeant-at-arms; Lincoln D. Holmes, chaplain; LeRoy Matson, society joke.

The new president is a senior and is identified with many student welfare activities on the campus. He was the central figure in the Shakopean debate team last year and has been selected to represent the society this year on the forensic committee of campus debating societies.

The meeting of the society next Tuesday will be devoted to a banquet and installation of officers. Every Shak and retired Shak is urged to attend. Reservations should be made with Vernon Miller, secretary.

Plans Drawn for Y Building on Campus

Architects Submit Drawings for Three Prizes of \$50, \$35, \$25 Each

Winners in the university Y. M. C. A. building plans contest were announced yesterday by a committee of judges which included Prof. Mann, of the architectural department, and Cyrus P. Barnum, secretary of the student Y. M. C. A.

The architectural department used the proposed "Y" building as a problem and the Y. M. C. A. offers prizes for the first three plans approved. Stanley Hahn took the first prize of \$50. Olaf Thorshov won the \$35 second prize, and A. R. Melander won the third prize of \$25.

The plans call for a large social room containing a reading corner, a stage, and a writing room. The game room will be adjacent to a kitchen which will furnish service for men who bring their lunches.

The site for the building has not been secured but officials of the Y. M. C. A. predict that building operations will begin in the near future.

The plans submitted are on exhibition on the third floor of the main engineering building.

R.O.T.C. Officers Meet at Noon Today

Talks by Colonel Sturtevant and Major Goodwin, will feature the first meeting of the R. O. T. C. Officers club at 12:25 today in the Union. Officers will be elected.

"The purpose of the club," said cadet colonel Lisle B. Swenson, "will be to acquaint officers with each other, to standardize all companies through the officers, and to so work with the men in the ranks that Minnesota's R. O. T. C. corps will win the distinguished college designation next spring."

The club plans to hold monthly business meetings and to promote social functions during the year.

Sigma Delta Chi Initiate Tuesday

Initiation of ten pledges to Sigma Delta Chi, journalistic fraternity, will take place at a banquet Tuesday night at the West Hotel at 6 o'clock. The dinner will be \$1.50 a plate.

French Professor's Double is Chummy With Belgian King

There are mighty few people, especially professors, who can claim the honor of having their pictures taken with Albert, King of Belgium. Such an honor befell a well known professor of our French department, Professor Frelin. Only it was a joke.

A student, having run across a picture of the king of Belgium and a man, who has a strange likeness to Professor Frelin, promptly brought it to the professor, expecting to hear the gentleman confess that it was he.

And peculiar as it is, the resemblance was so striking that Prof. Frelin scarcely knew whether it was himself or not. Everyone insisted that it was he, but as "Le Professeur" had not even been in the same vicinity with his majesty it was scarcely possible.

Former Dean Talks to Civil Engineers

Great Lakes, Ocean Connection Predicted for 1930 by Francis Shenehon

"That the Great Lakes will be connected with the ocean is inevitable, and I will go so far as to predict that by 1930 ships flying the flags of all nations will be seen in the harbors of Duluth and Superior," was a statement made by Mr. Francis C. Shenehon, hydraulic engineer and former Dean of the Engineering college, in an address before the student chapter of the Civil Engineering society last night.

Mr. Shenehon's subject was "The Great Lakes-St. Lawrence Tidewater Project." Mr. Shenehon stated that he is not a proponent of the scheme, but from years of observation and study as an engineer, as a member of the International Committee on the project, and as chairman of the Minneapolis Chamber of Commerce committee investigating the value of direct ocean connections to the northwest, Mr. Shenehon believes that the scheme for connecting the Great Lakes and the Atlantic by way of the St. Lawrence is not only feasible, but inevitable.

Under the present plan, Canada and the U. S. are to complete the project jointly, as existing treaties with Great Britain give British and American vessels equal rights on the Great Lakes and border waters.

The economic advantages of a canalized St. Lawrence would be numerous. In this connection, Mr. Shenehon quoted Herbert Hoover to the effect that the completed project would mean a further profit of five cents a bushel of grain to northwest farmers.

An immense advantage this project would have over Panama is that the water power developed would pay back both interest and original investment, Mr. Shenehon said.

In conclusion, Mr. Shenehon said that he wished to impress the fact that this is no visionary scheme. Canada has already started a hundred million dollar link in the chain of dams and locks necessary, and if the U. S. does not work jointly with her, Canada will undoubtedly finish alone.

Honor System Made Clear to Freshmen

Sixty four girls elected from freshman rhetoric sections met representatives of the All U Council at a luncheon yesterday in Shevlin hall. Mr. E. B. Pierce explained the Honor system to the freshmen women who will in turn carry the message to their classmates. Another such luncheon for freshmen men representatives will be held Friday in the Minnesota Union.

Col. Sturtevant Explains Value of R.O.T.C. Training

Distinction Between Old and New System of Instruction Not Understood, Says Head of Military Department

"Failure to appreciate the difference between the aim of the R. O. T. C. instruction and that in vogue during former years in so-called military colleges accounts for the lack of appreciation by college students of the importance of R. O. T. C. instruction," asserted Colonel Girard Sturtevant, head of the military department yesterday.

Prior to the establishment of the R. O. T. C., a few military exercises, consisting of little more than marching in close order were the only instructions given. The object of the R. O. T. C., however, is more far-reaching in its scope. It aims first, to qualify the youth of the country for the rapid acquirement of a fundamental knowledge of military duties; second, to qualify selected students as non-commissioned officers in case of need; and finally, to qualify certain students as Reserve officers.

In order to have an adequate military force, either a large army must be maintained or provision must be made for the immediate expansion of a small force. The R. O. T. C. is intended to furnish the means of expansion.

"In addition to the strictly military advantages of the R. O. T. C.," said Colonel Sturtevant, "the course is one that has other advantages for those who can receive the training. The R. O. T. C. is expected to add to the educational resources of schools and colleges by contributing new problems, new applications of science and the arts, and new equipment, thus adding novel and vitalizing elements to the course of study."

"The extent to which the co-operation of the universities, colleges and high schools enables the object of the R. O. T. C. to be realized by making available, in the future, a large number of educated men, physically and mentally fit for this important work, will be the measure of the success of the Reserve Officer's Training Corps, and it is earnestly to be hoped that its raison d'etre will soon become more generally understood by the public as this will mean an increase of interest in it by those eligible for membership which must be the foundation of its success."

Miller Gives Last of Two Talks in Chapel

Rev. S. H. Miller, dean of the Lutheran Bible Institute of St. Paul, delivered the second and last of two addresses to university students at chapel exercises yesterday at 10:30 o'clock "The Bible and the Student."

Dean Miller said that the Christian experience is the evidence of the truth of the Christian message. There is great joy and happiness in being a son of God. "His word comes back to us, 'It's all right,'" the speaker declared.

"When we have the love of God in our hearts we can say we have a conviction of our sin and are consoled by the thought of God as our Father," said Mr. Miller. One of the things that kept the boys in the war from sin was the power of the word of God; it keeps you clean and true. On every hand we see what happens to people when they are not products of the words of God."

Three Xmas Parties to Take Place in Shevlin

Three Christmas parties will be given in Shevlin during the next two weeks. Saturday, Dec. 11, the Alumnae will give a party from 3:00 o'clock until 6:00 in honor of the old and new members. The only requisite is that everyone bring a ten cent toy and a new member.

The W. S. G. A., W. A. A., and Y. W. C. A. are entertaining together in giving a children's party Thursday, Dec. 16. They will have a Christmas tree with presents for the children from the settlement houses and ice cream, and cookies, will be served.

The annual German party will also be given in Shevlin, Saturday, December 18.

DEBATERS CLASH IN PRELIMINARY ON JAP QUESTION

Winning Team Meets Illinois Next Friday in Bible College.

NEGATIVE SIDE TO GO TO IOWA CITY

Coach Satisfied With Showing Made—Big Audience for Friday Expected.

As a preliminary to Friday's debates with Iowa and Illinois, the Minnesota inter-collegiate debaters clashed last night at the Tuttle school before an audience of 150 people on the question of Japanese exclusion from the United States.

Argument Lively. The two-to-one vote awarding the decision to the affirmative team is indicative of the lively argument presented by both sides.

Last night's winning team, composed of Gibson, Nygard, and Righ, with Fuller as alternate, meets the Illinois debaters here on Friday at 8:00 p. m. in the Bible college auditorium. The negative team, Aas, Shapiro, and Greenburg, with Briggs as alternate, contends with the Iowans in Iowa City the same night. Illness of one of the regular members somewhat handicapped the negative team last night, though Harold Briggs made an admirable showing as alternate.

Coach Lindsley, who presided at last night's meeting, is very much gratified at the showing made by the two teams, and feels the successful practice will draw out a big audience for Friday night.

Judges for last night were J. H. Hay, deputy state commissioner of agriculture; Mrs. Blanch La Due, a Minneapolis attorney who was active in the last republican campaign; and Donald G. Hughes, a 1913 graduate of the university law school.

After the debate, the judges and debaters were entertained at a luncheon by the domestic science department of the Tuttle school.

W. S. G. A. Plan to Double Membership

Sororities Strive for 100 Per Cent—Every Student Nurse Joins

The membership of the Women's Self Government association will be more than doubled within a week if the plans of the follow-up campaigns are fulfilled. At least 1200 members are desired, which is an increase of 650 over the present roll.

Sororities are striving for 100 per cent membership. Mellie Palmer, W. S. G. A. representative from the school of nurses, announced yesterday that every student nurse has joined the organization.

Teams composing 40 girls have been engaged to secure members by personal solicitation. The fee of 50 cents supports the activities of the women of the campus as represented in the organization.

The work of the W. S. G. A. includes Big Sisters, the book store, sunlight dances, Friday social hours, Sunday parties, and the furnishing of the rest rooms for women. Part of its funds go toward the financing of various campaigns.

Sophs Registering for Winter Quarter

The sophomores are registering now, and will be until Dec. 18. After that time, a fee will be exacted for late registration. The freshman registration will begin Dec. 18. Most of the freshmen need not have appointments but will receive notes from their advisors informing them to continue the same subjects at the same hours. Flunking and changing of courses, will, of course, call for appointments.

The junior and senior registration is taking place only for those who desire to change their courses. It is well under way and will be completed by Dec. 18.

Dr. A. C. Strachauer will head the department of surgery of the Medical school instead of Dr. Conrad Jacobson, as stated in yesterday's Daily. Dr. Jacobson will be in charge of the surgical research laboratory.

Introducing Minnesota

Number 15. The University of Minnesota was first represented by a basketball team in 1897, when games were played with various teams about the Twin Cities.

In 1902 Minnesota won the national championship by defeating Yale University. The same year the schedule was completed with victories over Minneapolis and St. Paul high schools. Previous to this time the schools of agriculture had produced winning teams.

Doctor Cooke has been the basketball coach at this institution since the first practice was held in the name of the university. He has produced four championship teams and three teams which have tied for the conference championship.

WHY MEN LEAVE SCHOOL.

Men are leaving the University of Minnesota every day. Did you ever ask yourself why?
Did you ever stop to think that you could help them, could be the means of keeping them in school? Did you ever consider that you by a little thought might be able to mould their whole lives?
The vacant seat next to you in class was occupied yesterday by a Spartan student. He said nothing about the struggle he was having to stay. He did not bemoan the fact that the high cost of living was forcing his back to the wall. He did not complain because he saw the finish of his university hopes today.
You were engrossed in your own interests. You were more fortunate. You had a good position to help you through school. Your parents were able to help you without sacrifice. Your obligation to them and to the university was fulfilled, you thought, when you attended classes.
But you have failed society. A university education is primarily democratic. You have not done all in your power to keep it so. Through thoughtlessness you have permitted your classmates to drop out.
They have gone because you did not think to pass on that job offered you which you did not need or want. They have gone because you failed to help them over the rocks scholastically. They have gone because you did not offer your friendship and they could not stand the lonesomeness of their lives here.
More students must follow those who have already gone unless you awake to your opportunity today.

CLEAN UP POLITICS.

The announcement yesterday by the All-University council of the date for the first of the annual elections recalls to mind the misunderstandings and electioneering of last spring.
The All-University council outlined rules for the contests and then failed to properly notify the candidates of them. The rules consequently were disobeyed or ignored. Misunderstanding resulted. In one case a new election had to be called for.
This year there is an opportunity to profit by past mistakes. The key to the situation rests with the All-University council, the highest student governing body. They must publish the rules of the election. They must stand squarely by the rules they publish.
Men equipped and fitted to head student organizations will obey those rules and student politics will automatically become cleaner.

College Clippings

The renewal of Michigan's participation in eastern athletic events is being strongly advocated by members of the New England club. The club has started an extensive campaign to this end by requesting Michigan alumni in the east to personally express their views on the subject by letter before the meeting of the Board in Control of Athletics, Dec. 15.

At the University of Michigan, a new way to commemorate the men who died in the world war has been in practice. Before each football game, the band marches to a position in front of the flagpole and plays the Star Spangled Banner. While the national anthem is played, all stand with heads uncovered, and at the close the flag is lowered to half mast and one verse of the university song is played.

There are now ten university papers which receive the regular service of the Associated Press. Among these are The Daily Princetonian, the first to take this service, Cornell Daily Sun, The Daily Illini, The Michigan Daily, and The Dartmouth.

Iowa—Who is the typical Iowa woman? A woman who dances, dates, takes part in athletics, and extra-curricular activities and still finds time to be a student? . . . a woman who epitomizes all the impressions that come to mind when we hear, "She's a University of Iowa woman?" If there is, the Des Moines Register wants to find her.—Daily Iowan.

Blackburn College, Illinois, has every available space filled and the authorities were forced to turn away 175 prospective students.

Beethoven Composes Evening's Program

Offering of Three Sonatas Unusual—Players Give Remarkable Interpretation

Three characteristic Beethoven sonatas were presented to the university public, Tuesday evening by Donald Ferguson, pianist, and Abe Pepinski, violinist.
To have offered an entire evening of Beethoven sonatas was, to say the least, decidedly unusual; to have presented each number in such a manner, however, as to completely captivate the audience was, indeed, a veritable triumph.

The players were deeply imbued with reverence for the greatest of masters and their interpretations proved their intimate understanding of his work. In the Adagios, the swinging tone of the violin, especially, brought out the full harmony of which the theme of the composer suggested. The piano rendering was also perfect.

The ensemble was beautiful. There seemed to be a similar feeling of interpretation on the part of both players. The result was one of which to be proud.

General opinion states that only five per cent of the students in the universities of Holland are total abstainers. In spite of that several strong anti-alcohol societies are to be found in the different universities. The club at the University of Amsterdam, the "Academia," is making itself felt in both educational and social activities.

A freshman debating society has been formed at Columbia. It affords the first year men an excellent opportunity to actively engage in forensics.

The secret is out. After many nights of sleepless thought, ye col. ed. is ready to expose a scandal comparable to the coup de etat pulled by the Foolsap on "Academic Freedom" last year.

After being the recipient of three D's in Econ, ye virtuous and studious col. ed. decided that such a condition must result from a corrupt system of graft within the dept. Hence the following expose.

It was discovered that following Econ quizzes one of the profs., blindfolded and sworn to secrecy, was placed at the head of the third story steps in M. A. On a solemn signal from the Dean, said prof. grasping all the quiz papers, threw them into the air and down the stairs.

All those papers landing on the top step received an A, those falling to the bottom flunked, and the other grades were given according to their relative positions on the stairs.

Now, this system may have its merits—but not for a col. ed.

Dear Lyre:

Here is an answer to J. E. C. who in your issue of Dec. 3, serenaded the football player with his odiferous little ode to "The Flowers that Bloom in Spring 'Tra La."
THE FLOWERS THAT BLOOM FOR YOU
The player who plays on the football team is there, tra-la, yes there!
He isn't the kind that grafts and spouts—hot air, tra la, hot air!
You admit he got by and wasn't barred
And then made the team and fought and starred
Well, if he lacks brains then you're his "pard"
And logic's naught with you.

The flowers that bloom in the spring, dear friend are yours, tra-la, yes yours!
So save your wit or we'll save a grave for you, tra-la, for you—Perhaps you are the Star of the class
And of course all quizzes you can pass
So preserve your health and save your sass
Pipe down! Tra-la, Adieu.
P. C. H.

Optimistic Lie No. 1
The "prof" is an old pal of mine.
Optimistic Lie No. 2
Well, boys, I'm sure of a C.
Optimistic Lie No. 3
I'll feel more like writing that English theme tomorrow morning when I'm fresh from sleep.
Optimistic Lie No. 4
I pulled a good one in Economics today. N. B. This is the preliminary statement to any tale of a class room blunder. It is intended to create in the listener's mind the impression that the story is told only for his benefit, and that the narrator has no feeling or interest in the matter. We all know from personal experience how the contrary is true.

Somebody asked us yesterday if, in the event you were dead from the neck up, would your hat be a tombstone?
"Fraternity Men to Have Bridge Tournament Soon," heads the Chicago Maroon.
Now, boys, three cheers for the team. Not too loud and boisterous, but with sufficient energy to make manifest your enthusiasm.

Dear Lyre:
Proving that the shimmy has a practical value, watch the fair sex remove her coat in the Lib.
Rob Binn.
P. S.—Join the Union (fine).

Remember girls:
Just because a man wears an army overcoat is no sign he was ever in the army.

The new student, eating at the Men's Union, sniffed the contents of his coffee cup and set it down.
"Well," queried the hardened engineer sitting opposite, "have you anything to say against the coffee?"
"Not a word," he answered. "I never speak ill of the absent."

The man who laughs last laughs best unless he happens to be laughing at a funny story.
H. A.

Yours in pain.

Nance O'Neill Advises Campus Dramatic Clubs to Write Own Plays

"Passion Flower" Portrays Remarkable Variety of Emotions—Drama Being Written by Spanish Author For Starring Actress

By J. D. Holtzermann
"The best in the theatre needs the earnest support of the rising generation, of which the university group should be the integral part." Whoever has seen "The Passion Flower," now playing in St. Paul, will agree that the opinions of such eminent artists as Miss Nance O'Neill and her husband, Alfred Hickman, are well worth listening to.

In an interview, they expressed great interest in the dramatic activities of our various clubs. Miss O'Neill was very pleased to hear that university plays were of such high calibre as those of Shaw, Wilde and others unquestionably are. In this day and age, when trivial musical comedies and lingerie farces are so very popular, it was gratifying to her to know that university students were setting such a high standard in presenting plays of artistic merit and sound intellectual substance.

Mr. Hickman said, "I believe university students should write their own plays and then produce them, no matter how crude they may be. This will aid them in getting a thorough and deep-seated knowledge of play-producing, and will instill in those taking part the intense interest which always accompanies one's own handiwork." If our campus devotees of the drama hesitate to present to the public something of doubtful worth, then let them do so for the benefit of their clubs and for others sufficiently interested to give their time and money. Besides, if there are any promising playwrights among the students, a new field of endeavor will be opened—this can hinder nothing and has the possibility of contributing to campus life in a manner similar to that of the newspaper, magazine, and other activities.

As for Miss O'Neill's play, it cannot escape mention. "The Passion Flower" is astounding. This remarkable creation of Benavente's portrays a variety of human emotions seldom attempted. It is an unusually fine example of dramatic technique. Not a word is wasted, every action bears directly upon the carefully woven plot, which is gripping to say the least. A rarity to Minneapolisians is the cast of stars. In this play each character has been exceptionally well placed. Their range of voices is delightfully pleasing to the ear and this is not the least effective element in the production. Miss O'Neill and Mr. Hickman, though they have never seen the original Spanish production, have achieved an almost exact replica, according to the translator, Mr. Underhill, who has seen both. Benavente, whom Miss O'Neill considers the greatest living playwright, is going to write a play for her, a truly great tribute to one of America's most distinguished actresses. To see "The Passion Flower" is pleasure in the form of an intellectual stimulus, which, I daresay will never be forgotten.

OHIO STATE STARTS FRESHMAN MAGAZINE

The dreams of the freshman literary artists are about to come true at Ohio State University. The first number of the proposed freshman magazine is to appear the middle of this month. A staff is to be chosen by a first year committee and this staff will only serve until the end of this semester.

Northwestern Bans Class Dances

Ordinances issued by the faculty of Northwestern university, placing a ban on dancing at all class functions, have invoked the wrath of the class of '23, who are putting forth a strenuous complaint.

Tentative plans are being made to establish a fisheries college at Harvard. Boston is the largest Atlantic fishing port and would be greatly benefited by the school.—Ex.

Christmas Greeting Cards and Booklets

Somebody thinks of some one
Each minute of each day;
And somebody prays for some one
Who is miles and miles away;
And something draws them nearer,
Until they are side by side;
It is the magic of friendship,
And the charm of Christmastide.
SUCH bright, cheery Christmas cards and booklets we have. So many different sizes and kinds. Some with holly, some with Santa Claus, some with pretty winter landscape scenes. Some for the home folks, some for grown folks, some for the little friends. Prices are from 3c apiece to 25c. Better come in early while the selections are many. We are open till 5:30 each evening.
Yours for Merry Christmas Greetings
Minnesota Co-op
University at 14th

**What's Happening
On The Campus**

Thursday, December 9, 1920
 10:15 a. m. College Assembly, Department of Agriculture.

**Gopher Organization
of Material Started**

All Organizations Should Sign Their Contracts Now—No Pictures Until Dec. 15

Work upon the organization of material for the 1922 Gopher is well under way. The staff wishes to get as much of this done as is possible before the holidays.

All organizations desiring places should attend to the signing of their contracts immediately. Pictures will be taken on the library steps and it is expected that this work will be started sometime next week. This work on organizations can be done now just as well as later, so all should assist the staff in getting it out of the way.

No more pictures for the album section can be taken until after Dec. 15. All those who have appointments before then should make arrangements for a later date.

**Last of Y-Ed Trips
to Pillsbury Mills**

The series of Y-Ed trips for this quarter will close with a visit to the Pillsbury "A" mill.

The Pillsbury Flour mills are the largest and most completely equipped mills in the world. Arrangements have been made at the mill for special guides so that any number of students can be accommodated.

Since it is desirable to know in advance the number in the party, those who plan to attend are asked to sign up at the Y office, before 4 p. m. Friday. All university men are invited.

The party will leave the Y office Saturday at 1:15 p. m.

**Minnesota Budget is
More Than Michigan's**

A tentative budget reaching the total of \$11,492,250 recently submitted by President Lotus D. Coffman, of the University of Minnesota, to the regents of that institution and the request made by President Birge of the University of Wisconsin for \$15,350,000 for the coming biennium of 1921-23 afford an interesting comparison with the budget of \$8,690,000 which President Marion L. Burton and the Board of Regents placed before the Michigan state budget commission for the same period.

Out of a possible 452 points, eight students made a grade of more than 275 in the journalism aptitude tests given recently to all students in the department who had not taken the test previously.—Daily Iltini.

**Large Increase in
Universities Noted
in Last Two Years**

For some time past the Intercollegiate News Service has been conducting an investigation of the number of students in American colleges and universities, and the trend in attendance as compared with two years ago and with one year ago. Correspondence was carried on with the 175 leading institutions of the country, out of which number 136 furnished adequate statistics.

The per cent of gain is much smaller for 1920 over 1919 than it is for the gain of 1919 over 1918. The eastern colleges show the smallest gains except the women's colleges and southern colleges, which are the only groups to show a decrease. In the women's colleges, the decrease was not confined to any one section, but was marked alike in eastern, southern and western institutions.

In noting the figures of the individual institutions we find that the schools showing the largest gain this year over the attendance last year are:

- Kansas State University — 96%
- Otterbein College, Ohio — 87%
- Pennsylvania State College — 33%
- Wake Forest College, North Carolina — 32%
- University of California — 28%

It was interesting to note the steady decrease in attendance at such institutions as Yale and Tulane Universities and at Trinity, Butler, Hamline, and Roanoke Colleges.

Institutions having over five thousand students are: Columbia, 23,793; California, 16,379; New York, 9,861; Illinois, 8,291; Boston U., 7,866; Minnesota, 7,437; Ohio State, 7,156; Wisconsin, 7,004; Northwestern U., 6,380; Chicago, 5,728; Harvard, 5,597; Washington State U., 5,191; and Cornell, 5,174.

**FROTH ACTIVITY
BUTTONS AWARDED**

Johns Hopkins is following the example of Columbia in its system of awarding a freshman activity button to every first year man who responds to the call of extra-curricular work. This button serves to distinguish the freshman with college spirit from their inactive classmates.

**Fall Graduates Will
Get Typed Diplomas**

A meeting of the seniors that receive their degrees at the end of this quarter was held last night at the Minnesota Union, at which plans for commencement were discussed. They have decided to wear caps and gowns at the commencement program, which will be held at the armory Thursday, Dec. 16.

Owing to a temporary shortage of "sheepskins" at the registrar's office, a novelty is being introduced in the line of diplomas. Each graduate will be presented with a typewritten certificate of his degree and a "sheepskin" will be mailed to him as soon as a supply can be secured.

**Improvements Made
in Girls' Rest-Room**

The rest rooms furnished by the W. S. G. A. are being well fitted up this year. New wool blankets were recently purchased for Shevlin, and an extra screen will be placed there within a few days.

The chemistry building has a new rest-room on the second floor this year, furnished with a cot, table, rug, and chairs.

The magazine fund of \$32 is now practically complete, according to members of the Shevlin board. A supply of magazines has been ordered which will furnish the girls with entertaining reading for their spare hours.

The Minneapolis Tribune will be on the tables in Shevlin every morning throughout the year.

**Red Cross Drive to
Fight Tuberculosis**

Membership in the American Red Cross will be solicited on the campus Thursday, Friday and Saturday this week under the auspices of the W. S. G. A. Tables will be placed in the Union, the Engineering building, the Dentistry building, Millard hall, and Shevlin.

Red Cross seals, the proceeds from which are used in the fight against tuberculosis, will be sold at the same time.

The campaign will be a silent one. Ruth Jones, a student in the pharmacy college, has charge of the tables today.

We earnestly request that all societies at Minnesota expecting to entertain during December will allow us ample time to deliver all program, favor and invitation orders. We always endeavor to give as prompt service as possible, consistent with good workmanship, but during the Holiday season we have to require considerably more time.

Donaldson's

**Charmingly Distinctive Blouses
for Gracious Christmas Gifts
in Ravishing Array
at Donaldson's**

Illuminated by the hosts of wondrous Blouses displayed, the Donaldson Blouse Section is a veritable blaze of color these days.

There are daring creations of brilliant blue or henna, with contrasting beads forming gay traceries; piquant, chic little affairs, in darker shades, with just a touch of brilliant color at throat and cuffs; saucy, sparkling Blouses, with shining rows of iridescent beads racing over them; and oh—so many others that one becomes fairly dizzy with delight and wonder.

**Especially Appropriate for a Christmas Gift
his Interesting Blouse
at \$8.95**

Blue and red stitching, combined with pipings of henna, form the unique trimmings on an unusually attractive Blouse of navy Georgette. The neck square, and the Blouse is made in the "tuck-in" style that women never tire of.

Fine Blouses, very special at \$3.95

This large group of splendid Blouses includes all colors, in Georgette and Crepe de Chine, with decorations of beads and embroidery.

A few tailored models are included. Regularly \$5.95, offered very specially at \$3.95.

Blouses at \$12.95

At this moderate price are shown many alluringly youthful models in new Over Blouses, which have gained favor so rapidly in fashion centers of late.

They may be had in Georgette or Satin, in navy or brown, with novel, attractive decorations of beads, embroidery or pipings.

Designed for Skating and Sports Wear

There is a group of jaunty challis Blouses, made in the severe tailored fashion, and offered at special prices for Tuesday.

All colors are represented, in various smart striped and dotted effects.

The regular price of these Blouses is \$10.50, and they are offered at the sale price, \$6.95.

Exquisite New Blouses

The favored Net Blouses are shown in a pleasing assemblage of styles, at prices ranging from \$6.95 to \$15.00. These are worn by many smartly dressed women at afternoon affairs, and are considered excellent for many other occasions, as well.

Laces and insertions in many dainty and exquisite patterns fashion these Blouses, which make such happy gifts. Donaldson's Blouse Section—Second Floor.

DON'T take a fellow's pipe. Take some other possession. Because wrapped up in his pipe is a fellow's peace of mind, his relaxation, his contentment. This is more than true if it's a WDC Pipe, because then a good smoke is multiplied many times over. Our special seasoning process takes care of this by bringing out all the sweetness and mellowness of the genuine French briar. Just you go to any good dealer and select several good shapes. Put them in your rack. Smoke a cool one every time, and you'll be well on your way to pipe-happiness.

GOPHER SPORTS

GOPHERS TACKLE ST. OLAF QUINT IN FIRST SCRAP

Oles Base Hopes on Five Returned Veterans—Have Stiff Training.

DOC COOKE HAS MANY GOOD POSSIBILITIES

Forward Combination of Oss and Arntson Develop Old-Time Form.

The Gophers will meet their first opponents of the basketball season next Saturday evening, when the St. Olaf quint from Northfield will invade the armory.

The Oles have based their hopes on five returned veterans, who have been put through a stiff pre-season training.

Doc Cooke has been fast moulding into form his material and has a number of possibilities on the string. Arnie Oss, 1919 all-conference forward, has been reporting for practice regularly and is developing his old time form. With Neal Arntson, the probable other half of the forward combination, rounding into shape this unit looks taken care of. McMillan has shown good stuff at his position and may be counted on as a first class second string man. Fogleburg and Johnson are not out of the question however. The circle position is likely to be occupied by Koivuniemi, as Becker, Fletcher, and Grimes have fallen victims to the eligibility board. Koivuniemi has shown good floor work and is a fair basket shot. Kearney and Forsell are the probable defense makeup, with Hultkrans and Enke alternates. Hultkrans is the cream of the defense material, while Sullivan has shown class. Enke was kept from securing his letter last year by his injuries received in scrimmage. Forsell is a reliable guard as well as able to take the ball down the floor.

R. W. Smith will referee.

Admission to the game may be secured through the student season book coupon number five, or by paying the general admission fee, fifty cents.

More Jobs Demanded as Christmas Nears

The nearness of Christmas vacation has caused a demand for more positions through the University Employment office.

Students living too far away to go home are looking for work during vacation in order to keep their pocket-books inflated to the same pressure.

In order to keep the scale of supply and demand even, it is necessary that the students co-operate with the employment office in securing positions.

DARTMOUTH TO HAVE NEW FRATERNITY RULE

To guard against the possibility of artificial standards of living amongst the students which might result from elaborate buildings, the trustees of Dartmouth College have voted that hereafter permission must be obtained by fraternities before starting construction on new chapter houses.

Together with a request a statement of location and complete plans must be submitted to the trustees. The action was taken, the trustees state, to prevent needless splurging on the part of fraternities and the maintenance of a standard of simplicity in life and living conditions in the college.—Intercollegiate Service.

NO DANCING AT MISSISSIPPI

The University of Mississippi recently placed a ban on dancing. The students did not approve of the rule and proceeded to express their disgust by burning in effigy the governor of the state, who is chairman of the University's board of trustees.

A radio club is being organized by a group of ardent wireless devotees at Western Reserve. The organizers are trying to interest the faculty and University Student Council in the project, and believe that with their help Western Reserve can have a radio club as successful as any in other schools. Miami, Ohio Wesleyan, Columbia, Ohio State, Carnegie Tech, Michigan, Cornell, and Case all have radio clubs. These schools keep in touch with each other and exchange football scores by wireless.

Curious Speculate on Next Football Leader

As the football banquet draws near, the question of next year's grid captain begins to be the important item. Oss, Gruye, Regnier, Ekberg, and Trig' Johnson are all eligible. Although Trig' is not in school at the present time, it is certain that he will return next fall, and therefore he can be counted on as a likely leader.

Eddie Ruben would be eligible for the captaincy if he were in school, but at the present time is unable to state definitely regarding his actions next year.

The banquet will be held next Wednesday evening in the ball room of the Minnesota Union. A dance will be given for the football men immediately after the dinner. The Upperclassmen's association has charge of the evening.

Penn to Have Varsity Boxing Team.

Boxing will figure as an intercollegiate sport at the University of Pennsylvania this winter if the plans announced by Robert Ward, university representative on the executive committee of the intercollegiate board, are put into effect.

MICHIGAN PRESS CLUB IN SESSION

"Americans are exaggerationists. We are liars—we like to tell how much bigger our mountains are than they really are, how much deeper our ravines," said Rev. Lloyd Douglas at the banquet at the Union which concluded the three day convention of the University Press Club, the first gathering since its organization a year ago.

"I think we have had a splendid program. I regret only that more newspaper men could not have profited by it," was the comment on the convention of Prof. John L. Brumm, retiring president of the club.

The Japan Review, the organ of the Japanese students in America, has recently announced prizes for the best essays on the subject of prohibition. Two prizes are to be awarded, and the contest is open to all Japanese students in the United States and Canada. The contest closes March 1, 1921.

Oss Eligible for 1921 Grid Season

Don McClintock and Enke to be Lost—Tierney's Return in Doubt

Arnold Oss received official notice last Tuesday that he will be permitted to compete in conference football next year. Minnesota athletic authorities have considered that he is eligible inasmuch as 1918 grid work did not count in the Big Ten rules. The matter was brought to the attention of conference mentors who met at Chicago last Saturday. 'Arnie' said last night that he would be on hand for the first call next season.

With the news that Minnesota's phenomenal half-back would return next year, comes some other news that has a heavy bearing on the Gopher squad for 1921. Donald McClintock will leave school at the end of this quarter. He will go to his home town in Alabama, at which place he will have charge of high school athletics.

Fred Enke will be graduated in June, and will therefore be lost to the football squad. Enke was a center of ability, and his absence next fall will leave a large hole in the line. Clements will be back next year and 'Doc' Williams also has a powerful pivot man in Oliver Aas, a member of the 1920 freshman squad.

Festus Tierney, Minnesota's All-Conference guard is still in doubt. Tierney is eligible for another year of football, but does not know whether he will return for the 1921 grid squad.

GIRL INJURED BY POST OFFICE CROWD

Owing to the usual P. O. jam yesterday an accident occurred. A girl jostled by the noisy rabble, was pushed against the glass covering the P. O. box numbers. The glass, not used to such delicate treatment, fell out, cutting the girl's foot badly. Mrs. Staples, of the housing bureau, dressed the wound. The patient is now in no great pain.

Of 62 captains of college football teams in this section of the country 39 are line men.

Dance in Ag Gym to be Given Saturday

A dance at the Ag Skule? Wal, I swan! Guess I'll grab my gal; we'll sure be goin'!

Yep! Dancing for everybody Saturday night in the agricultural college gymnasium!

And that's not all. There's to be a prize waltz, with a box of candy for the winners. Better ask your girl and start practicing tonight.

More yet! Gadbois' seven-piece orchestra will pound out the pep.

Dancing starts promptly at nine o'clock.

CALIFORNIA TO MEET OHIOAN TEAM

Formal acceptance of the invitation requesting the football team of the University of California to meet a team from an Ohio university at Tournament park off New Year's day, in the annual game between East and West, was telegraphed from Berkeley today by Dr. David P. Barrows, president of the University of California.

PRESS ASSOCIATION PERMANENT

That the State Intercollegiate Press association will be a permanent factor in upholding the best interests of college publications of the state is the opinion of Wisconsin delegates who attended the second annual convention held in Milwaukee.

Delegates were entertained jointly by Marquette university and Milwaukee-Downer college. Institutions represented were, Milwaukee College of Engineering, Marquette university, Milwaukee-Downer, Milwaukee normal, St. Mary's college, Beloit, Lawrence, Carroll, Ripon, St. Clara Northland and Campion.

If none of us made any mistakes there would be no pencils with rubber ends.
