Number 152

MANY ATTRACTIONS WILL FEATURE THE "U" EXTENSION TRIP

Travelling University Supported by Various Dramatic, Musical and Debating Clubs.

TWENTY-FOUR TOWNS WILL BE VISITED IN TWO WEEKS

Long List of Faculty Will Deliver Lectures—Each Town to Get Six Daily Programs.

Faculty men, students, student dramatic, musical and debating societies, and Twin City people of musical and dramatic talent all are to have a part in this year's Weeks, and the Extension Division believes that this year's attractions surpass all previous years. The "travelling university" opens June 1st in twelve towns of Southeastern and Southwestern Minnesota; then after a stay of one week it moves to the Northern and western part of the state. Each town is given six complete daily programs, and the participants in each daily program are treated as a program group and are routed from town to town so that each town has them, but, of course, on different days.

Faculty men are to have a large part in this year's program; about twenty-four men, having been signed for a lectures along their own particular line. A number of the lectures will be illustrated by lantern slides. Among some of the speakers are: Prof. Gesell, Prof. Young, Dr. Sigerfoos, Prof. Lehnerts, Prof. Rarig, Prof. Chesnut, Prof. Storm, Prof. Fletcher, Prof. Maria Sanford, Dr. Beard, Dr. Young, Dr. Newkirk, Prof. Ebersole, Prof. Jager, Dean Wulling, Prof. Morse, Prof. Case, Dr. Anna Phelan, Prof. Washburn, Dr. Erikson, and many other speakers of note who are not connected with the university.

Two debate squads will be sent out to present the question of the Initiative and Referendum and a number of dramatic readings are on the program. In the southwest and western circuits the Players will present "Sweet Lavender" and in the southeast and northern circuits the Masquers will present "The Professor's Love Story."

Twenty-four towns are to be visited. For the twenty-four towns two circuits are arranged, with twelve towns to each circuit. The towns as selected are as follows: New Ulm, Glencoe, Le Sueur Center, St. James, Windom, Springfield, Plainview, West Concord, St. Charles, New Prague, Chaska, Waseca, Melrose, Monticello, Fergus Falls, Pelican Rapids, Perham, Long Prairie, Herman, Bird Island, Minnesota, Sacred Heart, Graceville and Hancock.

Cadets Parade Saturday

University Regiment and Battery to March in Memorial Day Exercises.

The Cadet Corps of the University of Minnesota will participate in the Annual Memorial Day parade Saturday afternoon. The militia and the University Cadets will assemble at 8th street and 3rd avenue South, march across to Nicollet, down Nicollet to Washington, to Hennepin and up Hennepin to the starting place. The Cadets will assemble on the University drill grounds at 12:55 and take special cars to the parade's starting point.

Officers Elected by Ag. Club.

At a special meeting of the Agricultural Club held yesterday noon the following officers were elected to serve next year. President, Charles Kellehan; vice president, Tom Wilson; secretary, Francis Cobb; treasurer, Leslie Lathrop. Paul Kingsley was elected as representative to the Ag. Students Council.

SMITH ELECTED TENNIS CAPTAIN

"Sully" is Chosen to Head Next Year's Racket Wielders.

At a meeting of the tennis team held last night, Selden Smith, Ac. '15, was elected captain of next year's team. Mr. Smith made a splendid record in Twin-City high school circles, being one of the players of the Central High School team of Minneapolis. He is third man on this year's team and by the way he is handling the racket this year, bids fair to outclass his former playing.

Inter-Fraternity Baseball Finals Billed For To-day

S. A. E. Will Play Phi Delta Theta For Inter-Fraternity Championship.

Both Teams Are Very Heavy Hitters—Silver Loving Cup Will Go to Victors.

Finals in the Inter-Fraternity Baseball league are to be played off this afternoon at 4:00 o'clock. The game is to be between the S. A. E. and the Phi Deltas. Phi Delta, by decisively defeating the Betas last Friday proved themselves players of exceptional ability; and the S. A. E. team won their right to play in the finals by defeating the Phi Pals. The winners of the contest will become the possessors of the cup won by the Phi Pals last year. The cup becomes the permanent possession of the team winning it two years in succession and so it is expected that today's game will be hard fought. Both teams are noted for their heavy hitting and both have experienced pitchers.

Phi Delta	S. A. E.

BOARDS SEEK MISSIONARIES.

Graduates Wanted for Years Work in Mission Fields.

Foreign missionary boards have offered through the local Christian Associations positions for graduates as missionaries under their new One Year Plan. Teachers, secretaries, kindergartners, music teachers, physical training directors, and other capable leaders are the kind of people sought. The expenses of the journeys to the foreign field are in most cases covered by the salaries paid, and most of the other fixed charges are provided for. The plan of the new arrangement is to offer opportunities for travel, and at the same time to bring college graduates, out of college for the first year, the chance to aid in an important and helpful work. Information as to the plan may be obtained through box 1194.

AGGIE COLLEGE PLANS BOAT RIDE FOR TOMORROW

The Ag College will give its annual boat ride down the Mississippi tomorrow, the boat leaving the dock at the foot of Jackson street, St. Paul, promptly at 9:15 A. M. One of the largest boats on the river has been chartered to accommodate the crowd expected and an orchestra engaged to furnish music for the dancers. The concessions have been given to two of the college men who will furnish the joy-riders with the necessary refreshments. The tickets will be \$1.00, but those wishing to go should secure their tickets beforehand as an extra charge of 50c will be made to anyone buying at the boat. Tickets are on sale at the Ag. Post Office.

"SEE MINNESOTA FIRST" TOUR TO BE GIVEN AGAIN

University Gives Credits for New Travel Courses During Vacation.

EXPENSES OF TRIP ARE REDUCED TO THE MINIMUM

Excursions to Points of Interest in State, Yellowstone and Glacier Parks.

Under the direction of the General Extension Division, two travel courses are to be given during the summer vacation. The most popular of these courses is the "See Minnesota First" tour which begins June 15th and ends July 25th. Excursions will be made to the most interesting and instructive places in Minnesota.

Yellowstone and Glacier National Parks are included in the itinerary of another tour, which will be made in July and August.

Since university credits are given for these courses, it is expected that a large number of students will enroll and take advantage of the opportunities for education and recreation that are offered.

The expenses of the tours have been materially reduced by careful planning and early arrangements for the care and comfort of the parties. Detailed information can be obtained from the Registrar's office or from Prof. E. M. Lehnerts of the General Extension Division.

Ag Men Judge Stock

Juniors and Seniors in Competition Visit Farmington and Moskrietz.

The Junior and Senior animal husbandry men of the Agricultural College visited Farmington Tuesday when they judged beef cattle and hogs in the stock judging contest for the trophy offered by the Minnesota Live Stock Breeders' Association. Yesterday the contestants visited Moskrietz to judge dairy cattle. This makes the third and last trip which the men were scheduled to take and the winners in the contest will be announced soon.

In each class of stock three rings were brought out and the men given fifteen minutes to judge each ring. After that they appeared individually before the committee and were allowed two minutes in which to place the animals and give their reasons orally.

The winner of the contest will have his name inscribed on the cup, as the best student judge of live-stock for the year. This plan will be continued and each year the names of the best judge will be inscribed on the cup and placed on exhibition in the Ag. College Library.

TRAILERS ELECT MEMBERS.

Nineteen Taken into Girls Walking Club.

The Trailers Club announces the election of the following members at their last meeting:

K. Leahy, Celia Joach, Dorothy Waterman, Emma Waterman, Francis Strzemielska, Esther McBride, Edith Williams, Esther Johnson, Barbara Green, Ida Blehert, Ethelyn Olsen, Harriet Buck, Freda Schaefer, Priscilla Hough, Mary E. Geblin, Henrietta Dodge, Angie Hermanson, Adeline Fram, Hannah McClusky.

The following officers were also chosen: President, Helen Hardy; vice president, Lucile Brown; treasurer, Celia Joach; corresponding secretary, Emma Waterman; recording secretary, Adeline Train; Path Finder Dorothy Dollenmeyer.

SUSPEND CLASS WORK FRIDAY.

No Classes in Academic College on Friday Afternoon.

Notice of the suspension of class work in the Academic College on Friday afternoon was issued by Registrar Pierce yesterday. The notice as issued reads:

"There will be no class work in the College of Science, Literature and the Arts Friday afternoon, May 29th. All classes held at two o'clock on Tuesdays and Thursdays will take their final examinations at that time."

Arrangements Complete For 'Prep.' School Meet

Preparatory School Stars to Compete in Invitation Track Meet Tomorrow.

"M" Club Men Instrumental in Promoting Meet—Banquet For Winners.

All entries for the Sixth Annual Track and Field Meet for preparatory and high schools to be held at Northrop Field tomorrow afternoon are in. A total of 176 men will participate. The meet is open to preparatory school teams in the states of Minnesota, Wisconsin, Iowa, North Dakota, South Dakota, and Illinois. As the athletes that will be seen on the track next Friday are the best in the Central and Northwestern states. Coach Frank predicts several shattered records.

Among the teams that are expected to make a strong showing is the Keewatin Academy team of Prairie du Chien, Wis., the Brookings High School, the Mechanic Arts High School, team of St. Paul, and Minneapolis Central.

Of the out of town stars, Goelitz and Robinson of Keewatin look like winners. Goelitz was individual star of the Chicago Inter-scholastic last year while Robinson has a record for the 440 under 50 seconds.

The "M" Club is instrumental in handling the meet and has taken charge of nearly all the arrangements.

Each winner of a place, in the meet will be escorted around the campus by an "M" man after the meet, following which they will adjourn to Shevlin Hall, where a banquet will await them.

Y. W. PUSHES SUMMER CLUBS.

"Eight-Week" Clubs Receiving Attention of Workers.

All efforts in the Y. W. are now being expended to further the plans for the Eight-Week Club in small towns. The idea is to get out-of-town University girls to sign up as leaders of groups of younger girls in their home towns. A definite line of work, or study is then chosen, such as athletics or Home Economics, and followed up. About twenty-five girls have signed up so far, and double the number is hoped for. More complete information may be gotten from Alice Anderson, Blanch Oswald or any other member of the cabinet.

2600 STUDENTS ASK BLANKET ATHLETIC TAX

Following a monster mass meeting of the students of the Ohio State University, petitions were circulated last week asking that a blanket tax of five dollars be assessed each student beginning with next year to cover expenses of athletics at the University.

If this tax is granted the athletic board promises greatly increased facilities for athletics, including new baseball diamonds, forty tennis courts and new bleachers for the athletic grounds. Attracted by these promises, practically every student of the University is boosting for the tax.

MAGAZINE EDITOR COMMEDES WORK OF THE "PLAYERS"

Pinero's "Sweet Lavender" Well Received at Chapel Last Night.

POTENTIALITY OF YOUNGER PLAYERS MARKS PRODUCTION

Cast Preserves Well Balanced Effect in Interpretation of Roles.

By Harold Rypins.

The performance of Arthur Wing Pinero's well known comedy, "Sweet Lavender" at the St. Paul Central High School on Tuesday evening and again last evening in the University chapel was one of the most finished productions ever staged by any dramatic club in the University of Minnesota. The play itself is too well known to need elucidation; suffice that its slight but well knit structure served as an excellent vehicle for the various talents of the players.

While excellent individual work was displayed in the interpretation of several parts, the most conspicuous excellence was in the even working together of the several players to produce a unified impression. While most of the parts were portrayed with splendid individuality, all were subservient to the total effect, a commendable trait not often found in amateur productions.

However, one cannot resist the temptation to speak a word of praise in several individual cases. Walter Hughes made much of the naturally "fat" part of Richard Phenyl, commendably resisting the temptation to fall into burlesque. Lillian Seyfried as Lavender and Alice McCoy as Ruth Holt also displayed sufficient restraint to save their parts from sentimentality and give them a most sympathetic interpretation. George McGearly barely escaped playing the matinee idol here, but his evident seriousness saved him before the evening was over. All the character parts were taken well, Lucile Babcock as the young English Lady, Joseph Nolan as the Doctor, and Robert Kennicott as Mr. Breen, the American, deserving special commendation. Miss Babcock especially distinguished herself; and had Mr. Nolan had the same control over the lower portions of his anatomy as the upper he would have made much of a small part. The part of Mrs. Gillilan naturally lends itself to exaggeration, and Miss Schaffner in the part barely escaped caricature. Floyd Fuller, Rex Lambert and Roger Countryman did their little parts well.

Two things stand out in commenting upon this performance, the potentiality displayed in the younger members of the club, and the consistency with which the various leading members subdued their well-interpreted parts to make a pleasing and unified whole. So excellent a production proves beyond a doubt that there is plenty of potential dramatic material in the University, and that competition is the best means of realizing it.

Union Pledges Due May 30

Board of Governors Set Date for Payment of First Installments.

At a meeting of the Board of Governors of the Men's Union yesterday, a resolution was passed setting May 30 as the final day on which the first installments of the subscription fund should be paid. Students may pay these pledges most conveniently at Registrar Pierce's Office.

In addition, the Board passed a vote of thanks for Regent Charles Sumner's subscription of \$100. A vote was also passed thanking the Daily Board for cancelling a bill of \$20 against the Men's Union.

THESIS WRITING.

In the last Official Register of Harvard University a professor of the college treats of the subject of thesis writing in a candid way that will bear some reiteration. The report says that "each year the Board is called upon to deal with cases of varying gravity * * * of dishonesty in written work, —thesis, themes, or other exercises copied from those of other students, or from books, or purchased from unscrupulous tutors. * * * The Faculty may well consider, however, whether it is not in part responsible for the evil. The weight of this writing has in late years rapidly and greatly increased. By far the greater part of our courses above the most elementary now demand at least one thesis; many require two or three theses; some ask four. Naturally, the instructor knows that he shall receive a better thesis if it is written toward the end of the half year, and human nature on the part of the writer is likely to postpone the performance still later. As a result the burden, especially upon upper classmen, toward the end of each half year is almost intolerable."

The evil pointed out by the writer is one that exists not only in Harvard, although perhaps there in a greater degree than elsewhere, but in practically every institution where this sort of work is required. It may be reasonably questioned whether the harm such a system works is not greater than the good it entails. These are required in the hope that the student may set down in them the knowledge which he gains from research or general study and to serve as media for forcing such study. But the student knows, and the wiser of the professors know, that where a student has several of these papers or theses due, all to be handed in during the last week or so of the college year, that his thesis will not represent any profound study or will it be the means of forcing him into learning something he could not otherwise be taught. Instead the thesis represents opinions gleaned from the most accessible source, thrown together with but rough regard for structure and with but little regard for minute accuracy or for strict truth. Too often they represent

but the barest amount of study and the most one-sided investigation. The real lover of education knows that such cursory study is demoralizing to the student that thus fools himself into believing that the professor accepts his work as a "special study" and worthy to be marked as such. Such a system breeds inaccuracy, scouts scientific investigation, lessens respect for research in its elementary form, and overloads the student without making him wiser or better. The remedy lies in fewer theses, and the reservation of them to the more advanced courses, and the requirement of them there only in cases where a personal investigation by the instructor convinces him that the student is in such a position with regard to his other work that he can afford to spend the required amount of time and study on such an enterprise, and that he or she will undertake the work with serious intent. Slipshod work never pays in the University or out of it. Why then should the University foster a system that in too many instances results in careless and poor work due to the overburdened condition of the student at a critical period of the year.

Communications

The Minnesota Daily:—
 In Tuesday's Daily there appeared an article under the caption "Juniors Must Meet Deficit" in which the writer starts out by saying that the Junior Ball association still has a deficit of \$110.00, and ends up by referring to it as a class deficit. Furthermore he says that it concerns every Junior man in the University and those who do not come to a class meeting and dissent are thereby consenting to a prop-

Attractions for Students
 You will wish to make a few purchases before the University closes for the summer vacation.
 A University Woman or Man naturally desires the best.
 The average student naturally is so situated that a favorable price is much appreciated.
 You probably know or have assumed from appearances that Donaldson's is the largest Department Store in the Twin Cities.
 A very logical deduction from the fact just stated is that the size, the capital, the world-wide connections of Donaldson's enable them to spread before you a greater range of merchandise than can be carried elsewhere.
 Therefore, it is highly probable that you can secure maximum value at minimum cost in this store with the big buying power.
 You take no chances here, for we sell subject to your satisfaction.
 Some of our Departments invite the special consideration of students:—
 The Tea Rooms, for Class and Fraternity Banquets or smaller groups;
 The Books and Stationery, for graduation gifts and announcements;
 The Outer Apparel for Women,—which has doubled its sales this spring on the merit of the merchandise;
 The Cut Flowers, delivered to your order;
 The Confectionery,—about to occupy enlarged and improved quarters at Marquette Ave. and Sixth St.;
 The Pictures and Picture Framing,—get your Diploma framed;
 The Haberdashery for Men who know.
 Meet your friends down town in our spacious rest rooms, and enjoy their free comfort, whether you wish to shop or not.

COMMUNICATION.

(Continued from page 2)
 member of the J. B. A. Now if that be so why is it ever necessary to form a J. B. A. by election? If it be a class affair why could not the class officers take control? I do not think it can be assumed that every member of the Junior class is a member of the J. B. A. The majority of Juniors did not participate in the election of the J. B. A. officers. They never intended to become and never did become members of the J. B. A. They could not and did not attend the social function. It may be said that the Junior men should not hesitate to pay such a small amount in order that it may not be said that the Juniors haven't paid their debts. Disregarding the insignificance of the amount and looking at the matter as a question of fairness why should not the members of the J. B. A. who attended the function pay the deficit? The names of all Junior men who attended were published. The J. B. A. has their names. If there must be an assessment why not assess each one a proportionate share of the deficit. They were able to attend in the first place and the small amount they would now be asked to contribute would be as insignificant to them as 25 cents to those who could not attend. In conclusion I wish to vigorously dissent from a proposition whereby those who could not attend such a function and never had anything to do with it should be asked to help pay a deficit created by those who did attend and enjoyed its benefits. It would seem that the time has come when no function should be held until a sufficient number of tickets have been sold to make the receipts commensurate with the expenditures. A Junior.

Northwestern: In one of the Greek clubs at Evanston, where Northwestern Bible Students dined together and where attempts were made to do things decently and in order, the men gathered in their places one noon and the master of ceremonies called on one to ask the blessing. Just at that moment two unregenerate freshmen who had rushed into the house eagerly discussing some question, arrived at their chairs. "Will you ask the blessing Mr. —" said the Master of ceremonies. "Why this has been blessed once," shouted the first young freshman as he looked at the big dish of hash on the table. Quick as a flash the man next to the freshman said, "Shut up. Don't you know that this is a Methodist school, and that we believe in a second blessing?"

Northwestern: The students of Northwestern are still laughing about a young chemistry student whose voice had not yet found its permanent resting place. He walked up behind Dr. Shaw who was busy at his desk. "I'd like some common salt" the student said in a deep, gruff voice; and then in a piping treble added, "and I'd like a test-tube." "Just a moment," said Dr. Shaw, "I can't attend to you both at once."

 C O - O P**

Big Agricultural Land Opening

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, canteloupes, watermelons, corn, oats, cotton, hay—in fact, all staple crops grown in this fertile section as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans. Providing you are eligible under the classifications prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to a land of plenty, to which, if granted, you will hold a warranty deed and abstract. The best security on earth is the earth itself, and land is the basis of all wealth. Owners of productive lands are benefiting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent of the net profits derived from the sale of the crops, thereby allowing the grantees to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income; when statistics show that the yield of one acre of celery amounted to \$1,225.45, and that one acre of well-cared-for paper shell pecans, in full bearing, should net its owner as high as \$500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land, that they will need no further urging, and waste no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts. We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres, and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

OUR AIM IS FOR MUTUALLY BENEFICIAL RESULTS. As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold, and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have necessarily made many considerations in this liberal-minded opening, similar to those of the

presence of those registered will not be necessary at Brownstown on the opening day, unless they wish to attend, for there will be no favoritism shown anyone. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible. With the ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure. The prosperous and contented class in Europe to-day are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. You must realize that this may be your last chance to secure land in this country without a large outlay of capital, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

**SOUTHERN GEORGIA RAILROAD-LAND DEVELOPMENT BUREAU,
 COLORADO BUILDING, WASHINGTON, D. C.**

Southern Georgia Railroad-Land Development Bureau,
 Washington, D. C.
 Registration Department:

I hereby make application to register for your Fruit and Agricultural Railroad-Land Opening, and furnish you with the correct answers to the following questions:

Name City
 State Street or R. F. D. No.
 Age Married or Single Widowed, or Orphan Occupation

Nationality Do you now own over ten acres of land in the United States?

If my application for registration is accepted, please send me, without obligation, further and complete information and particulars, including maps of the land, showing its exact location on the Atlanta, Birmingham and Atlantic Railroad, its transportation facilities, agricultural, fruit and nut-growing possibilities, etc.
 Very truly yours,

Notice—Meeting of Education Club Thursday, May 28, at 4 P. M. Room 301 Folwell Hall.

University Players—Important meeting of the University Players in Room 306 Folwell today at 12 o'clock. Election of officers.

Notice Graduate Students! All candidates for the Masters Degree will appear on Commencement day in Bachelor's Gown, Cap and Hood. These costumes should be arranged for at once with local tailors and costumers. Only after the Masters Degree has been granted is a candidate entitled to appear with a Master's hood.
 Dean Ford.

Wesleyan: The undergraduate body of Wesleyan University is boasting a unique feature in its college year book

issued today—a letter from an old professor and football coach who is now president of the United States. President Wilson was professor of history and political economy at Wesleyan between 1888 and 1890. One of his chief claims to fame in the minds of the students is his record of having coached the Wesleyan football team that scored on both Harvard and Yale in the fall of 1890.

Theta Delta Chi fraternity will hold its annual convention in New York City from June 27 to June 30th inclusive.

TURN YOUR SHIRT TAILS INTO DRAWERS

What good is a Shirt-tail anyway?

IN OLUS

the outside shirt and underdrawers are one garment. This means that the shirt can't work out of the trousers, that there are no shirt tails to bunch in seat, that the drawers "stay put," to say nothing of the comfort and economy of saving a garment. OLUS is coat cut—opens all the way down—closed crotch, closed back. See illustration.
 For golf, tennis and field wear, we recommend the special attached collar OLUS with regular or short sleeves. Extra sizes for very tall or stout men. All shirt fabrics, in smart designs, including silks—\$1.50 to \$10.00.
 OLUS one-piece PAJAMAS for lounging, resting and comfortable sleep. Made on the same principle as OLUS Shirts—coat cut, closed back, closed crotch. No strings to tighten or come loose. \$1.50 to \$8.50.
 Ask your dealer for OLUS. Booklet on request.
 Phillips-Jones Company, Makers, Dept. C 1199 Broadway, N. Y.

Velvet

THE SMOOTHEST TOBACCO

FEW sophomores but have a smoking knowledge of Velvet—the greatest of tobacco leaf—the oldest days method of curing by aging—2 years of hanging in the warehouse under perfect conditions—a perfect seasoning—a mellowing that dispels every vestige of leaf harshness—a sweet, smooth flavor of tobacco that challenges the best smoke you ever experienced. Can't burn hot—can't bite! Smoke it as often as you will it is always the same delightful pipeful—Velvet—smooth. Today or any time you say—at all dealers.
