## LAWRENCE GAME AUGURS GOOD YEAR FOR MINNESOTA

Back Field Shows up Strong in Initial Contest.—Much Development Needed to Beat Iowa.

"The boys played well for so early in the season, but will have to show a big improvement to beat Iowa." Further than this Dr. Williams would not commit himself. Capt. McGovern and Lyle Johnston were of the same opinion.

For the first game of the season the Lawrence game was all that could be expected. The team showed dash at times which ought to be a matter of habit by the end of the season. The work of Johnston and McGovern back of the line was snappy and scrappy and they should make a great team. Pickering's long return of a kick-off indicates that his usefulness will extend beyond straight line plunging. His work in that department was fair though rather ineffective in the first part of the play. Stevens showed a decided keenness for getting into every play and was pretty generally there in the interference. On the whole the back field work was good.

The line looks like the material for a genuine stone wall though rather light in spots. The center trio are a good beefy lot and with the charging perfected, will worry even the fastest of backfields in "getting away."

All attempts to open up the play showed a still present weakness in that department, but time and work will clear this up; too Peijohn was not in the game.

## SEASON TICKETS TODAY

On Sale at Cashier Bren's Office. Not Transferable and Subject to Forfeiture if Transferred.

Student's season foot ball tickets are on sale in the office of Mr. J. D. Bren, the University of Minnesota Treasurer. This season's ticket will admit the purchaser to the following games: Iowa vs. Minnesota, October 2; Ames vs. Minnesota, Oct. 9; Chicago vs. Minnesota, Oct. 30; and the Michigan-Minnesota, November 20 games. The price of these tickets is \$2.50 for all the games, fifty cents of which will be returned to the purchaser, if the ticket cover is properly returned.

These tickets are not transferable, and if the ticket is presented at the gate by any one other than the purchaser, such ticket is subject to forfeiture to the University Athletic Association. If, when the ticket is purchased, the purchaser does not desire to attend all the games, fifty cents will be deducted from the original price, for every game which it will be impossible for the purchaser to attend. If, after the ticket has been purchased the buyer finds that it will not be possible to attend any one of the games, fifty cents will be returned to the purchaser for every game he does not attend, provided the ticket, undetached, is presented to J. D. Bren, Treasurer, within three days after the game unattended.

Delta Gamma has issued invitations for a reception and house warming for Wednesday night at the new chapter house, on Sixth street.

## CANE RUSH TO BE BIG FEATURE OF CARNIVAL

Big Underclass Mill Postponed Until October 23—Will Give Opportunity to Line up Strong Men.

The 1909 cane rush has been postponed until Saturday, October 23rd. This important decision was reached late yesterday by a conference of the underclass leaders with Dr. Cooke and the executive committee of the Union Carnival.

Dr. Cook when seen would give no reason other than that he was tired of seeing the freshmen being walloped nearly every year for the simple lack of organization. He said in short that this postponed date would give him time to line up the 1913 strong men, and to make the cane rush something more than a mere prize fight. Besides Northrop field gives all sorts of seating capacity thus providing the spectators a seat far enough away from the action to make it comfortable. And then the entire benefits are to go into the Carnival Fund, towards the Men's Building.

The Carnival Committee would have nothing to say as to the proposition except that Northrop Field bleachers certainly seemed a lot more comfortable than the usual mud of the parade.

## LITERARY SOCIETY PLANS COLLEGIATE DEBATES

"Shaks" Schedule Debates with Hamline and St. Olaf—Out for Jacobs' Cup.

Shakopean Literary Society is planning a great extension in debate for the coming year. A schedule of debates with outside colleges has been settled upon, two debates with St. Olaf, and Hamline University coming at the last of November and the first of December.

Questions are being submitted by "Shak" to both colleges and it is hoped that the three can mutually agree upon a subject thus giving the society teams a chance for intra-society debating on the question.

President Sigurd Peterson plans than work, he says: "To arouse more interest in literary society work and especially within our society, as they are to make an especially hard fight for the inter-society championship this year."

In the past two years "Shak" has carried off the Jacobs' Cup and another winning team gives them permanent ownership.

## THURSDAY MUSICALS IN CHAPEL TO BE REVIVED.

Thursday musicals during chapel hour will be continued this year as last; also the custom of singing Hail Minnesota will be kept up. The best talent of the Twin Cities will be secured in vocal, piano, cello and violin selections and the weekly musical session holds forth promise of greater pleasure even than last year's program.

## NOTICE.

Meeting of Euterpean Club in Shevlin, Thursday at 4 P. M.

## DR. SHAPER RETURNS FROM CONFERENCE ON TAXATION

Governor Wilson of Kentucky Presided—Delegates Attend from All Schools.

Dr. Schaper of the department of economics and political science, has just returned from Louisville, Kentucky, where he represented the University at the Third International Conference on state and local taxation. Meetings were held from September 21st to 24th. Delegates are appointed by the presidents of American and Canadian universities, by the governors of states, and premiers of the Canadian provinces.

Among the delegates were well known authorities on taxation, and some very interesting subjects were discussed. The income tax, and the new federal corporation tax aroused special interest, and the conference split upon these subjects and referred them to the coming conference of governors at Washington for consideration.

The meetings were presided over by Governor Wilson, of Kentucky, and in his absence, by Governor Noel, of Missouri.

On the road to Louisville, the Minnesota delegates first heard the sad news of the death of Governor Johnston. Some of the members immediately returned to attend the funeral services. Dr. Schaper says the people of the south lament the death of the Governor as deeply as do the people in this state. Appropriate resolutions were adopted by the conference at the first session.

Those desiring to join the class are requested to notify Professor Clure; prompt action is necessary as only a limited number can be accommodated. A membership of fifteen or twenty being desired.

## IS FIRE PROTECTION LAW BROKEN DAILY AT CHAPEL?

Code Says that Doors of Places Used for Meetings Shall not be Fastened.

Chapel doors are fastened on the inside regularly during chapel meetings, by Dean Downey's order. It is impossible to get from the rotunda into chapel during this time. It is possible to get from chapel into the rotunda by stepping on a catch and so unlocking the door on the inside. This could be done in case of fire, if the janitor happened to be standing there ready to do it, if some student should be on hand who knew of the catch and how to work it, or if the crowd could be induced to stand back calmly and wait till the doors were thrown open, instead of jamming fiercely toward the resisting doors and crushing several people against them.

Law 5179 of the Revised Code of 1905, states:—

"The doors of all theaters, opera houses, public halls, or places used for public entertainments, exhibitions or meetings, which are used exclusively, or in part for admission to, or egress from, the same shall be so hung and arranged as to open outwardly, and during any exhibition, entertainment or meeting therein, shall be kept unlocked and unfastened, and in such condition that, in case of danger or necessity, immediate escape from such building shall not be prevented or delayed."

Dean Downey said: "The doors are not locked in the sense of locking them and taking away the key. Any one who knows of the catch can open them from the inside at any time, and in case of fire, none from the outside would want to get into chapel."

Dignity and quiet during the religious meeting is impossible if students come straggling in constantly, as they do if the doors are left open. When important speakers are present, the doors are never locked."

## RAISE CHICKENS ON FARM

\$5,000 Appropriated for Model Henery.—Seven Acres of Land to be Utilized.

A model poultry farm is being established at the University Farm, one that will be equipped with all the latest devices in use for poultry-raising, and one that will serve as an object lesson to farmers throughout the state. \$5,000 was the appropriation for this—\$2,500 each year for 2 years.

So far the seven acres of land to be used have been fenced and two new buildings started; there will be several others erected later and all will be models of the egg-producers art. All will be different in size and design and will be made of different material. One in the course of construction at present is being made of hollow brick, another will be of ordinary frame construction, etc. All will have cement floors.

Two men will be retained by Mr. Drew, as caretakers the year round.

## MUSICIANS NOTICE.

The University orchestra will rehearse in Chapel at 7:30 this evening. All students interested in orchestra work both men and women, are urged to be present.

Come Saturday.

What promises to be one of the most hotly contested tennis tournaments in the history of University tennis, started yesterday, on the courts of the law building. These men are all back and a new star has appeared in Joe Armstrong, last year's high school crack and Twin City champion, who will be a contestant for first honors in the tournament.

There are twenty-five entries in the singles and twelve teams are entered in the doubles. All those who are contesting are registered to play their matches off as quickly as possible, as the finals will occur Saturday. The first round of the doubles will be finished Wednesday and the consolation matches in both singles and doubles will be started as quickly as possible.
