Students' Meeting Today in Chapel

STUDENT COUNCIL TO HOLD OPEN MEETING

To Clear Up Misunderstandings Regarding Policies and Work of Council.

President Vincent will preside at the meeting today in chapel for the purpose of familiarizing the students with the aims and work of the student council. Alice Anderson will speak on the work of the woman's council, Stanley Gillam on that of the men's council and Will Hodson on the future policies.

After these speeches an open meeting will be declared to make questions and discussion in order.

Members of the council hope that this will help clear up any misunderstandings which may exist.

SENIOR ELECTION DATE ANNOUNCED BY COUNCIL

Elections To Be Held October 14—Two Candidates For Presidency.

Senior class elections will be held on Saturday, October 14th, according to the Student Council which met to determine this date and for other business yesterday. The nominations will be closed October 11th. To become a candidate it is necessary to hand a petition with twenty signatures to Box 2192.

According to campus rumor there are two candidates now running for the presidency, John Egan and W. Marc Frazer. During his three years in college Mr. Egan has been chiefly interested in the Daily. Mr. Frazer was successful in oratory last year.

No candidates have as yet declared themselves for any of the other offices. Generally these offices are for life, as the class seldom elects after the senior year.

CRAIG ELECTED PRESIDENT

Professor Craig of English Department Chosen to Head Faculty Club.

At the meeting Tuesday evening, the Faculty Club elected as directors for this year, Professors Craig, Robinson, J. B. Johnston, Sigerfoos, Willis, Bussey, and Dr. Mullin. The directors have since elected as their officers: President, Prof. Craig; vice president, Prof. Willis, secretary, Dr. J. B. Johnston, and treasurer Prof. Sigerfoos. Librarian Gerould is chairman of the House Committee. The club has as yet made no definite plans for the year.

ALUMNI DO SOCIAL WORK

Herb. Nelson and Bess Shannon Head Boys' Club—Pattern Paper After Daily.

Two members of the graduating class of last year, Miss Bess Shannon and Herbert U. Nelson, are prominent in the field of social labor in Minneapolis.

Mr. Nelson is superintendent of the Boys' Club, with Miss Shannon as his secretary. The club is made up of seven hundred bootblacks and newsboys. The newsboys weekly, published by the boys, is patterned after the Minnesota Daily under the supervision of Mr. Nelson, who was sporting editor, and Miss Shannon, a former women's editor.

This club is financed by the Woman's Clubs of Minneapolis and subscriptions from the prominent business men. The weekly is self-supporting.

Many prominent alumni and students of the University have been busy for the past week getting subscriptions for the club.

SATISFACTION PROMISED TO ACADEMICS BY PAGE

Academic-Law Seniors Assured Program Which Will Allow Them To Graduate.

This year's academic seniors will not be required to take more than double their law work to finish their academic-law courses in six years. Such was a statement given out Thursday by Acting Dean Page of the college of law.

Professor Page said that the change would be made so as to be satisfactory to every academic senior law student. He could not say when the change would be made, as the matter was before the curriculum committee.

The securing of this change was due to the action taken by the students' council last Monday afternoon, and the students drew up resolutions asking that the present system be continued. They stated that as the bulletin had made such an announcement, it was a virtual contract on the part of the University.

HOLT RE-ELECTED COACH

At Masquer Meeting—Corrinne O'Dell Elected Secretary—Caste Printed Saturday.

At a meeting of the Masquers held Wednesday noon, Charles M. Holt was re-elected dramatic coach and Corrinne Odell was elected secretary, to take the place of Miss Works who is not in the University this year. The other officers will continue as elected last spring.

Tryouts have been held for several days for the caste of "The Magistrate" which will be given by the Masquers sometime in the near future. A list of the successful candidates will be printed in Saturday's Daily.

GIRLS DANCE IN ARMORY

Freshmen Girls To Be Feted By Upper Class W. L. Members.

Freshmen girls will be entertained by the Woman's League at an informal party in the Armory from half past three to six o'clock. The first part of the afternoon will be devoted to an informal reception followed by short talks by Miss Comstock, Mrs. Ladd, and Dorothy Loyhed. After the football game the University band will play a program of dances, and dancing will be the chief feature of entertainment for the remainder of the afternoon.

Every upper class girl is expected to escort a Freshman girl to the party. A list of the Freshmen girls will be kept on the table in Shevlin Hall to-day and the upper class girls are requested to strike off the names of the Freshmen they are to take.

STEVENS WITHDRAWS FROM BOARD OF CONTROL RACE

Twelve Ballot Boxes In Various Colleges Tomorrow From 9:00 to 12:30.

Louis Stevens withdrew his candidacy for the position of secretary on the Board of Athletic Control yesterday afternoon. This leaves three candidates for this position and, as before two for engineering representatives.

Any student or professor in the University, man or woman, may vote for secretary, but only engineers are permitted to vote for their representative. Those who have announced themselves as candidates for membership on the Board of Control are:

* * * * *
* For Secretary—Neil Beaton, *
* Eugene Bibb, Joe Carroll. *
* For Engineering Representative, *
* Fay Knox, Kirk Hillman. *
* * * * *

Neil Beaton for the past two years has written the baseball stories for the Daily. He is a senior law student, and has always been a close follower of sport in the university.

Eugene Bibb has been a member of the track team and prominent in many college activities. Joe Carroll is a senior law.

Fay Knox, who is running for engineering representative, is a senior miner. He has been on the football squad for the last two years. Kirk Hillman is a senior electrical and is on the swimming team.

The polls will be open from nine to twelve thirty.

Ballot boxes will be placed as follows: Academics, in the library rotunda; Engineers, in physics buildings; Medics, in Millard hall; Laws in law building, and Aggies at the University farm.

Y. W. MOUNTING LADDER

Flags On Ladder Indicate Progress of Membership Campaign—150 More Needed.

A small ladder, decorated with tiny American flags, is attracting attention in Shevlin. Beneath the ladder is the slogan "Watch us Climb. Boost!" It marks the progress of the membership campaign of the Y. W. C. A. For every 25 new names a flag is placed at either end of a rung. Twelve flags are now in evidence, thus indicating that the 150 mark has been passed. Since 250 is the aim, there remain ten empty rounds. One Freshman has distinguished herself by obtaining 23 new members.

The campaign closes with Tag Day October tenth, followed by the membership banquet on Thursday, October twelfth.

Truma Brockway chairman of the committee, says "with such response on the part of the Freshmen the 250 mark will soon be passed."

The early part of the nineteenth
century, convulsed as it was with the
oppressiveness of an old regime try-
ing to suppress the
Learning and eruptive movement for
Politics personal freedom,
seemed to bring out
a large field of usefulness for uni-
versity students. While the direction
of their activities were turned into
somewhat indiscreet channels at times
the oppressors of the day learned to
fear them and modern students of
the period can trace a vital influence
for liberty from their activities.

There is not, of course, the same
situation today. But if there should
be anything the matter with the poli-
tical institutions of this country,
would the colleges be apt to be cen-
ters of liberal action? Some might
object to having the state pay for
the education of men and women
to have them turn around and be dis-
satisfied with the state. But that is
obviously a short-sighted view of the
matter, and one better adapted to sel-
fish individuals than to the state in
its true sense, the commonwealth.

Such a place as the university
should be a breeding place for men
of advanced political faith. Besides
providing for better doctors, better
engineers, better farmers, better
wives and better teachers, the state
expects the university which it sup-
ports to provide and train the men
who are to guide its political destiny.

It ought not to be left for the
men who expect to be active poli-
ticians to make a slight investiga-
tion of the conditions in our coun-
try. No man has a right to call him-
self a college man who does not
know about the theory and the prac-
tice and the tendencies in modern
politics and instead of leaving col-
lege with a perfect complacency in
that regard, the students ought to be
preparing themselves to act in mat-
ters of politics, and to act progres-
sively.

The paint in the right wing of the
Armory is finally dry and the strong
and strapping men of the University
may now disport themselves therein.

Although regular gymnasium exer-
cise for freshmen does not start until
the completion of the series of lec-
tures on personal hygiene, they can
now look the gymnasium over.

COMMUNICATIONS

To the Editor of the Daily:—

The Athletic Board of Control
should be doubly representative. In
addition to the students of the col-
lege being represented, each of the
major sports should have an advoca-
te on the board.

Equal representation from the vari-
ous colleges is guaranteed by the
mode of election, but it rests with
the students themselves whether a
fair representation shall be given to
each branch of athletics. There are
on the present board representatives
from football, basketball and track
squad, but there is not a single
member who is in any way connect-
ed with the baseball team. If the
problems of the baseball situation
are to be dealt with intelligently it
would seem the part of wisdom to
elect a baseball man to the board,
rather than another track man or a
man who does not follow athletics
at all.

Neil Beaton, while not a player
himself, understands the baseball sit-
uation at Minnesota fully as well as
any of the players. Under the name
of "Boogles" he has reported the
games for the Daily for the past two
years, and has occupied a place on
the bench as regularly as the coach
himself.

We consider that he would be an
ideal man, not only to look after
the interests of the ball team on the
board of control, but also to repre-
sent the other sports, for he is a
close follower of football, basketball
and track.

NO MORE MILITARY HOPS.

Discontinued Because of Lack of
Interest Last
Year.

There will be no military hops this
year because of the lack of patronage
last year. Lieutenant Colonel E. M.
Bill made the following statement:

"Last year we had such an unsuc-
cessful season that it would be the
very height of folly to attempt to
give military hops with the same
conditions prevailing. It seems that
the dances were attended only by a
few officers."

No steps, as yet, have been taken
to revive the interest of the students
in military hops and according to
Col. Bill none will be taken.

Miss Brucholz has posted her office
hours on the door of the Associa-
tion office. They read, "From 11:00
-3:00." Special appointments may
be made for any time.

May Be Mass Meeting Today.

A committee is completing
arrangements for an enthusiasm
meeting. There will be speeches
and the football team will come
over from practice.

Further announcements will
be made today.

MINERS URGED TO HELP

The Dean Exhorts Them to Co-oper-
ate With Other Colleges—Build-
ing Will Be Open Nights.

Dean Appelby of the Mining col-
lege addressed the freshmen yester-
day, and urged them to follow the
suggestion of President Vincent in
more generous co-operation with the
other colleges of the University. He
asked that they do as much as they
could and still keep up with their
work.

He also announced that the min-
ing building will be open every night
but Saturday and Sunday until 10:30,
to permit night work for those who
wish it.

Meeting of the Bishop Gilbert Soci-
ety Friday evening at 703 4th St.

FIRST VESPER SERVICE.

Vesper service will be held in chapel for the first time this year at 4 o'clock next Sunday.

The speaker will be a Mr. Raymond Robbins. Mr. Robbins began life as a coal miner in the West Virginia coal fields. He made his fortune in the Alaskan gold mines and for the last twelve years has devoted himself to aiding laboring classes. He made the Labor Day speech at Los Angeles this year. This will be remembered as the place where the McNamara agitation and trial is in progress.

Y. M. C. A. Trying to Secure Prominent Speaker For Moral Campaign.

Efforts are being made by the Y. M. C. A. to secure the services of Mr. Hugh Black of the Union Theological Seminary of N. Y., as the opening speaker for the proposed moral campaign. Thomas Graham says: "Mr. Black is a very entertaining and successful speaker. All should hear him who can possibly come. He is also a noted author, having written 'Friendship,' and other works."

JEAN RUSSELL RESIGNS.

Jean Russell has been obliged to resign from the cabinet of the Christian Association. Truma Brockway, who has been treasurer, has been appointed to take her place as chairman of the Meetings committee. Winifred Tunell is to be the new treasurer.

The officers of the Engineering Society, the staff of the Minnesota Engineer, and members of the faculty met in the office of Dean Shenahon and discussed plans and arranged for large mass meeting to be held Thursday next.

Two college girls, both of New York, have started a walking trip which will encircle the globe.

PROFESSORS IN POLITICS

Two Members of Economic Department Actively Engaged In Civic Politics.

From Economics and politics in the class-room to those of the Minneapolis municipal government is the step taken by Prof. E. V. Robinson of the Economics department. Professor Robinson is serving on the Tax Levy Board which is at present engaged in making out a budget for the City and County. Professor Robinson represents the Commercial club on this board, which has two advisory members, one from the Real Estate board and the other from the Commercial club.

Another of this department, Professor Gray, is also actively engaged in civic affairs. Prof. Gray, who is head of the department of economics, is a member of the National Civic Federation, the Social Service club, and is on the executive board of the National Committee for the Regulation of Municipal Utilities. He is also a member of other boards of like nature.

CIVIL SERVICE PLACES OPEN TO BRIGHT STUDENTS

Civil service examinations will be given on October 18th and 19th, 1911, in the following subjects: Agronomy, dairying, entomology, farm management, forage crops, horticulture, library science, physiology and nutrition of man, plant breeding, plant pathology, pomology, seed testing, soil surveying, soil bacteriology and animal husbandry.

These are the annual fall examinations for positions in the U. S. department of agriculture. Further details may be obtained by communicating with the Civil Service Commission, Washington, D. C.

The annual reception for the freshmen will be given tonight at the agricultural college by the upper classmen. As this is the first opportunity for the students and faculty to get together, many are expected to come to join in the games and amusements.

WHAT IS WAITRESS' PAY?

Conditions In and About University Being Investigated By Economics Class.

Conditions of the working woman in the various departments of the University are being investigated by fifteen students of Dr. Phelan's class in Labor Problems. The two book stores are also under investigation, including the Index Press and the Wilson Publishing company.

The only masculine member of the class willingly undertook the investigation of the conditions under which the waitresses of the College Inn and the Varsity Lunch are laboring.

The sophomore class at Wisconsin has abolished hazing, although it has heretofore been considered as a college tradition.

400 ALREADY REGISTERED AT UNIVERSITY FARM

About four hundred students have been enrolled at the Agricultural college, eighty-five of whom are girls. These have registered for the first year home economics. There are fifteen freshmen foresters, and sixty-five new agriculturalists. Although the normal course in the home economics department has been dropped nearly twice as many girls have registered for the four-year course as last year.
