THE UNIVERSITY OF MINNESOTA, THURSDAY, MAY 2, 1907.

NO. 135

SHIFT IN DATES OF NOTRE DAME CONTESTS

South Bend Champs Try Conclusions With Gophers Friday and Saturday.

A change in baseball dates brings Notre Dame to try conclusions with the Gophers Friday and Saturday instead of Thursday and Friday, as the games were originally scheduled.

Saturday's game will be played at the Western League baseball grounds in St. Paul. Holders of season tickets will be admitted at St. Paul. This arrangement was made on account of the Iowa-Minnesota track meet on Northrop field Saturday afternoon.

Notre Dame promises to give the Gophers a violent relief from the enforced vacation of nearly a week, but the Varsity team is braced for the shock and will make things interesting.

Last year the Gophers succeeded in breaking even with Notre Dame, each team winning once. Brown's brilliant twirling proved too fast for the visitors and it is hoped that he will again repeat his stunts with the South Bend sluggers.

The probable line-up of the two teams is:

Minn.	Notre Dame.
Grangard c	Curtis
Brown p	Dubuc
Caldwell ss	Knepping
Marshall 1b	Cooke
Kesting 2b	Boyle
M. Larson 3b	Brogan
Doane lf	Borman
Walker-Larson cf	McKee
McRae rf	Perce

Stafford won the annual track meet with California April 20, 65-57.

GO-EDS ELECT OFFICERS TODAY

List of Candidates for the Various Self-Government Positions Is Announced.

From 8:30 till 1 today the polls will be open for the election of officers and class representatives for the Self-Government Association.

At the mass meeting held Tuesday noon the list made by the nominating committee was read and accepted, with the single addition of the name of Helen Eddy for sophomore representative. The list as it stands now is as follows:

President, Alice Pope, Kate Fernin, Grace Kingsley.

Vice president, Albie Switzer, Lucy Hutchinson, Luella Woodke.

Secretary, Frances Dunning, Marion Barber, Bessie Sinclair.

Treasurer, Winifred Smith, Edith Knowlton, Edith Rockwood.

Senior representative, Leah Fliegelman, Margaret Trimble, Emily Crosby.

Junior representative, Lulu Crozier, Gertrude Hull, Mayford Briggs.

Sophomore representative, Helen Painter, May Cutler, Bess Martinale, Helen Eddy.

Each girl in college may vote for one candidate for each office and all the girls are urged to vote because those elected at this time will be the executive committee for the Self-Government Association and Shevlin Hall all next year.

SEVEN BASKET SHOOTERS GET HONORARY LETTERS

Athletic Board Grants "M's" and Arranges Several Athletic Meets.

Seven basket shooters were awarded "M's" Tuesday afternoon by the board of control. The men are: Deering, Muir, Woodrick, Pidgeon, McRae, Uzzell and Larson.

An interscholastic track meet was authorized for Saturday, June 8. All "prep" schools are eligible, including all the city high schools.

This meet is primarily to uplift the standard of high school athletics and also to concentrate the attention of high school athletes on the advantages and benefits offered by Minnesota to those athletically inclined.

The baseball trip to Fargo and Grand Forks on May 10 and 11 to play North Dakota Agricultural College and University, was also authorized.

A tennis meet with Chicago was scheduled for May 25, when Minnesota will also meet the Maroons in baseball.

The Northwestern Interscholastic Athletic Association, the high school conference, was given the privilege of using Northrop field for their annual field meet June 1.

The contract with Dr. Williams for next year was authorized under the present terms.

MADISON, ORATORICAL MECCA

Final Intercollegiate Contest in Northern League Tomorrow Night.

Forensic stars, past and present, are wending their way to Madison, Wis., where the northern oratorical contest will be held tomorrow evening.

Vivian Colgrove, who won first place in the recent Pillsbury contest, is Minnesota's representative. Her oration, "The Power of the Press," won much favorable comment at the time of the contest, and Minnesota will be worthily represented.

Honorary Society Convention.

On the same day the Delta Sigma Rho honorary society will hold its first annual convention since its national organization. The society is composed of alumni and undergraduates who have represented their college in an inter-collegiate contest, and the object of the convention is to insist on a high standard of debate and oratory, and to determine also what institutions are to be admitted into the conference.

Gustavus Loewenger will be the delegate from Minnesota's chapter.

IOWA TRYS CONCLUSIONS WITH GOPHERS SATURDAY ON CINDER PATH.

The University track meet which was to have been held Wednesday afternoon has been postponed indefinitely.

Dr. Williams' proteges on the cinder path meet Iowa next Saturday afternoon, and for this reason, it was thought inadvisable to have two meets within the same week.

Iowa held tryouts last week. The fastest time was made by Captain Riley, who ran a mile in 4 minutes and 33 seconds.

Minnesota has not met Iowa in track athletics for several years, consequently it is difficult to determine the comparative strength of the teams.

In spite of the late spring, inclement weather and scarcity of men, Minnesota will have a strong team this year. It is expected that in the meet next Saturday records in several events will be broken.

Legislative Appropriations are Up for Final Apportionment

Orators Must Do Spring Work in Hamilton Contest

The Hamilton oratorical preliminaries to choose Minnesota's representative, will be held hereafter in the spring instead of the autumn. June 8 is the date set, at which time all contestants must hand their orations to Stanley Houck, secretary of the Debate and Oratorical Association.

From the orations submitted at this time three or five will be chosen. These five will be delivered October 1, at which time the Minnesota representative will be chosen.

Professor McDermott has decided upon this plan in order that the contestants may spend the summer in practising delivery and polishing up their orations.

Those likely to submit orations are William Davis, Harold Deering, A. N. Gilbertson, Zenas Potter, Dagny Knutson, Vivian Colgrove and Max Lowenthal.

The final contest is held at Chicago in January under the auspices of the Hamilton Club. There are two prizes, \$100 and \$50. Nine universities submit orations for the finals.

Five are chosen by the club to deliver their orations. All of the contestants succeeding in making one of the five places are given honorary memberships in the Hamilton Club with all privileges, but liable to no assessments for dues.

FRANKFORTER'S LITTLE JOKE

Tale of Jilted Lover and the Diamond to Be Burned Told Once More.

This is what the reporter wrote:

"Love figures in various subjects, but it is not often that it enters the chemistry department. However, it was the means by which Professor Frankforter made a costly demonstration for his class Tuesday afternoon.

"A young man having been jilted by his fiance, wished the diamond to be used for scientific purposes. So said Professor Frankforter, and the students were amazed and interested beyond measure."

This is what a voice from the past said, and the spell was broken.

"Bulletin—Love has aided Professor Frankforter in precisely the same manner for innumerable and uncountable years. Always a jilted lover, eternally the same diamond from the perpetual engagement ring. The pages of history ring with the old sad story.

MANY MATTERS OCCUPY REGENTS' ATTENTION TODAY

Increase in Salaries and Campus Extension Will Occupy Center of Consideration.

How to put the additional state funds at their disposal to the best possible use, is the problem which confronts the board of regents in the regular quarterly meeting today. The report of the salary committee will open the consideration and the manner of utilizing the money will be definitely decided.

From the attitude of members of the salary committee it is believed that the regents will adopt the middle course and divide the appropriation between making additions to the teaching force and raising the salaries of the present members of the University faculty. While it is recognized that the present salary scale is low and needs a substantial "boost," the regents think that an equally pressing necessity is an addition to the teaching force in many departments.

The report of the salary committee is not yet in shape to be made public, but it is stated on authoritative grounds that it embodies both the above-mentioned features.

The amount of the current expense appropriation authorized by the legislature will make the double object aimed at by the committee easily feasible.

Want All for Salaries.

University alumni strongly favor the use of the entire \$270,000 increase available during the next two years.

(Continued on third page)

"23" FOR THESMOPHORIA

Only "13" for Those Who Are Not Roped in—Seats on Sale Saturday.

"Thesmophoriazuse" tickets will be on sale Saturday. Only 500 have been printed, selling at six sesterces (23 cents) each.

Admittance to the part of chapel that is not roped off will be 3½ sesterces (13 cents) and will be paid at the door.

Eight girls of the societies dressed like Greek maidens, will act as ushers and will sell Greek dainties between the curtain raiser and the play proper.

According to the Greek custom, there will be no curtain. The action begins with the entrance of Bacchus and his slave Xanthias, who rides a donkey. In the absurdities of Bacchus's descent to Hades and his weighing of the poet's verses, there is said to be satire on the tragedies of Euripides and Aeschylus as well as on the relation of Greek slaves to their masters. However, the American audience will find little but drollery in these short scenes from "Frogs."

"Thesmophoriazuse," the play proper, is of quite another nature and has a decidedly modern twang for a play written 2,300 years ago.

BUSINESS MANAGER'S CHAT.

The business management would call attention to the advertisers who appear in this paper.

That they do appear is evidence that they are not only business men and women who have something that we want and know how best to introduce themselves to us.

They are the right sort of people, the kind that we like to deal with—they are friends of us, of the University.

The point is that you should, if necessary, go out of your way to meet our advertisers and tell them where you saw their name. You will get attention and service and you will, besides, be helping the Daily while you are helping yourself.

The state board of pharmacy has just concluded its ten days of examinations at the college of pharmacy of applicants for the right to practice pharmacy in Minnesota. All of the pharmacy students of the college of pharmacy of the University of Minnesota who took the examination were successful. The names are: J. A. Knapp, J. F. Bolton, O. H. Brede, G. A. Holmgren, W. E. Mead, H. G. Egbert, B. H. Day, A. E. Lovdahl, Robert North, A. B. Kellam, B. A. Deterling, C. A. Thomson.

FOR THE "ALSO RAN."

Banquet for Mechanicals Who Did Not Make Sigma Xi.

The mechanical engineers recently elected to Sigma Xi will banquet their less fortunate brothers in the senior class Saturday, May 4, at the Plaza. Unusual preparations are being made in the line of decorations and music. The banquet this year is the continuation of a custom set in previous years. A program of toasts will be rendered.

WILT BANK TO SPEAK.

Will Discuss Much-Mooted Theory of Evolution.

"Evolution and Christianity. Are they antagonistic?" is the subject of Rev. Wiltbank's lecture, which will be given tomorrow afternoon at 4 o'clock. The sermon last Sunday evening, preached by Dr. Riley, which was in entire opposition to the theory of evolution, has caused a good deal of doubt and discussion among University students, and Dr. Wiltbank has agreed to attempt to reconcile the idea of Christianity and evolution in this lecture. All are cordially invited.

Stanford, California, and Missouri have been invited by the management committee of the Big Nine conference to participate in the seventh annual field meet of the conference, to be held June 1 on Marshall field.

SPRING CLOTHES SUGGESTIONS

For those who, seeking the best in apparel, ask the reasons Why, our answer is found in all our clothing.

Our facilities for manufacturing are exceptional and the workshops in our New York Factory are wholly removed from any contamination of the sweat shop system.

Exclusiveness in patterns is secured by our control of the piece goods made for us from our own designs.

No other house shows as many different models of Suits as we make.

Under the personal direction of our own designer, every new tendency in dress is submitted to skillful consideration and so modified as to meet the exactions of the best taste.

We cut all patterns in Regular and Half-sizes, in order to meet perfectly every requirement as to fit.

BROWNING, KING & CO.
415-19 NICOLLET

Boundless Wealth of Novelties

FOR spring wear ready for your inspection. We like to show them. There's no question of style we cannot fully answer. There's no "perhaps" about our tailoring—we work to a certainty. You will find our price such as you will willingly pay. 10 per cent discount to students.

F. E. Tallant, 38 South Third Street

TALKS ON SOUTH AMERICA.

E. Jean Batty, Missionary, Shows the Opportunity for Religious Work There.

Minnesota and Penn. Y. W. C. A.'s have as a representative in South America E. Jean Batty, toward whose support the University Y. W. C. A. pays a hundred dollars.

In speaking of South America, she says: "South America is a neglected continent, without religion. Not more than one-third of the population can read and not one in 5,000 has a copy of the Scripture.

"Many villages have no teacher, priest, or preacher. It is practically a whole continent of one speech, and such a field was never presented to the church before."

AT THE THEATERS.

Metropolitan—Isabel Irving is a delightful comedienne. Her play was written by Jerome K. Jerome.

Bijou—If you want to know what will happen when no mother guides her go to the Bijou this week.

Lyceum—The Frawleys are indulging in the ancient standby, "Uncle Tom's Cabin."

RAINCOATS IN the latest models; the long 82 inch sweep. Elegant new fabrics, made in the best Hart, Schaffner & Marx style; we sell them at \$18; every man who buys one makes more on the transaction than we do. We make a profit too.

Have You a Mug?

We have several--shaving mugs. We give them away. They're thoroughly modern in every respect, also gilt edged. Bring your laundry down to the Ski-U-Mah barber shop; save your laundry slips until you get five dollars worth and the mug is yours. You can get one in advance by depositing fifty cents which will be refunded when you get five dollars worth of slips. Come down and see about it.

THE SKI-U-MAH BARBER SHOP

REGENTS TO CONSIDER APPROPRIATIONS TODAY.
(Continued from front page)

in raising the salaries of the teaching force, and will urge this proposition before the regents thru a committee appointed by the directors of the alumni association. Aside from the new funds voted by the legislature, they propose to use an additional fund of \$20,000 from the surplus revenue in the University coffers, which will probably amount to nearly \$90,000 at the close of the present year. The position vacated by the resignation of Professor McVey and the coming retirement of Professor Folwell, will probably be filled today, as well as the new office of woman's dean.

The matter of campus extension is also slated for this meeting of the regents, and a consideration of the most available and desirable tract of land will occupy a large place in the attention of the regents. It is thought that the session may of necessity cover two days.

Students of the law college are said to be making arrangements to send a committee before the regents for the purpose of asking a reduction in the tuition required for law students. The addition of several new lecturers to the law college faculty is one of the many plans that the regents will have up for consideration during the present session, and it is probable that the faculty additions will be made. A reduction in tuition, however, is considered improbable.

FORMER PROFESSOR DEAD.

Charles H. Hinton, Inventor of Baseball Pitching Machine, Dies in Washington.

Chas. H. Hinton, formerly a professor of mathematics at the University of Minnesota, died suddenly in Washington, D. C., Tuesday night. Death occurred shortly after he had delivered a lecture in the Y. M. C. A. building, and was due to cerebral hemorrhage. He was assistant examiner of the patent office at the time of his death.

While at the University Professor Hinton invented a patent baseball pitching machine which he used in demonstrating mathematical principles. It was patterned after an ordinary gun but could be gauged to throw various curves.

DR. ROBERTS ON BIRDS.

Ornithologist to Speak Before Graduate Club.

Dr. Thomas L. Roberts of the medical department will give an illustrated lecture on ornithology under the auspices of the graduate club Friday evening, May 3, in the chemistry lecture room.

Dr. Roberts has made the study of birds a life work and is an authority on his subject.

Some eight hundred slides to illustrate the lecture are at his disposal, many of which have been tinted by Morita, the famous Japanese animal painter. So valuable are these slides that they, with Dr. Robert's notes, are soon to become a part of the state survey.

Because of the interest in ornithology in this state and because of Dr. Robert's recognition as an authority on this subject, the club has decided to make this an open lecture and the public is cordially invited.

Dr. Nachtrieb urges that every one attend the lecture, recommending it especially to the Academy of Science.

REFRESHING.

May-Day and May Magazine Appeal to Students.

With the appearance of the Women's Magazine in its cover of gay daffodils, on May day morning, few have resisted the appeal to their sense of beauty.

The number of pledged subscriptions stands at 524, and altho nearly 90 copies were printed the board anticipates difficulty in holding enough to fill the list, and advises subscribers to come and cancel their names at once.

In spite of the great demand upon the purses of students because of so many college affairs, the first of the month seems to have replenished them and the Woman's Magazine is first on the market.

McVEY BECOMES CHAIRMAN.

Economics Professor Will Superintend Tax Commission's Work.

By virtue of the two-year term position falling to him in the lots drawn to determine the matter of term lengths for the three commissioners, Dr. McVey has become chairman of the tax commission.

The law establishing the tax commission provides that each member in the last two years of his term shall be chairman of the body. To make the election of one commissioner possible every two years, it was necessary that the first three incumbents have terms of different lengths.

Dr. Samuel Plantz, president of Lawrence University, announces that a gift of \$15,000 has been received towards the \$150,000 which must be raised to meet the conditions of the general education board, which offers \$50,000 to the Appleton institution.
