Classes meeting 2, 3 or more hours a day are expected to use the period assigned for the first hour at which the class meets. The period for the second hour that the class meets may also be used if desired. Classes meeting four or more days per week shall be examined at the time set for Monday, Wednesday, Friday classes.

Conflicts in examinations should be referred to the schedule committee of the college concerned.

Attention is called to the fact that while the final examination schedule lists examination periods for Monday, Wednesday, Friday classes and for Tuesday, Thursday, Saturday classes, it is intended that classes meeting four or more days per week shall be examined at the time set for Monday, Wednesday, Friday classes.

For example: A class meeting sixth hour on Monday, Tuesday, Wednesday, Thursday and Friday, should report for final examination on Wednesday, June 14, 9:00-12:00, at the time scheduled for sixth hour Monday, Wednesday, Friday classes and not at the time scheduled for the sixth hour Tuesday, Thursday classes.

All instructors are asked to observe this principle in order to avoid concentration of examinations and conflicts.

R. M. West, Chairman All-University Schedule Committee
