VISUAL AIDS TO INSTRUCTION

By a happy combination of circumstances the Summer Session will have a number of opportunities during the next month for teachers generally to become acquainted with different sorts of visual aids to instruction. Such aids are in constant use in some schools, have never been heard of in others. Many schools now have apparatus and equipment which has scanty use; others might well secure such equipment. Perhaps the greatest reason that the use of visual aids is not actually universal is the fact that teachers generally, and supervisors in particular, have not been sufficiently advised in the matter. It is our hope that thru the several demonstrations and lectures that will be announced from time to time every person in the Summer Session membership may have an opportunity to get some acquaintance with the materials and techniques which they might use.

Two of these opportunities will be available next week.

CONFERENCES ON YALE CHRONICLES OF AMERICA

Wm. H. Dudley, of Yale University, Head of the Bureau of Visual Instruction, University of Wisconsin, will have open meetings for all interested in the Yale Chronicles of America Photoplays during the week of July 2-7 (Fourth of July excepted), in Room 237 Electrical Engineering Building, Main Campus, 10 to 12 A. M. and 2 to 4 P. M.

One of the Chronicle films will be shown at each meeting. Besides that, Mr. Dudley will speak on the educational aspects of these films. Meetings will be informal. All teachers interested in these films, or any educational films, are cordially invited to attend these meetings. Bring your friends.

DEMONSTRATION OF EASTMAN TEACHING FILMS

One of the developments of the past year has been that of the Eastman Teaching Films, Inc., under the leadership of Dr. Thomas E. Finegan. A large number of one-reel films have now been produced, and these are ready for viewing. Afternoon demonstrations of these films will be given in 237 Electrical Engineering Building from 4 to 6 P. M., on July 3, 5, and 6. In addition there will be a public evening demonstration on Monday, July 2, in the Music Auditorium. All interested are cordially invited.

NOTICE TO ALL SUMMER SESSION STUDENTS

No credit can be given for work completed in the summer session unless the student has registered for the work on the original registration blank that was turned in at the Registrar's office, or unless the course was added to the student's program, by petition, which petition was approved by the Students' Work Committee of the college concerned. In all cases where the registration for a course has been completed, the instructor of the course should have a class card for the student. **IF THE INSTRUCTOR HAS NO CLASS CARD THE STUDENT SHOULD CALL AT ONCE AT THE REGISTRAR'S OFFICE, TO ASCERTAIN THE REASON FOR HAVING NO CLASS CARD.**

Students who decide to cancel a course, after having registered for the same, can only do so by having a petition approved by the Student's Work Committee of the college concerned. Ceasing to attend class does not cancel the registration for that class. **IF A STUDENT STOPS ATTENDING A CLASS FOR WHICH HE HAS BEEN REGISTERED WITHOUT AN OFFICIAL CANCELLATION THE GRADE OF FAIL WILL BE RECORDED FOR THE COURSE.**

Students should consult with the record clerks at the college windows of the Registrar's office, about all matters pertaining to their records. SECOND DRAMATIC PRESENTATION

"WITCH," produced by Minnesota Masquers under the direction of the Theater Workshop, is the most pretentious and radical attempt ever presented on this campus. Despite objections and numerous technical difficulties, "Witch" was given its northwest premier during the spring quarter, and acclaimed as the finest production ever done by Masquers. Both campus and downtown critics agreed with audiences in their praise, and the success warranted repeated showings. The original cast, the special scenery and lighting effects, musical interpretations, and stage effects are in readiness for the presentations Thursday and Friday at 8:00 p.m. Tickets will be on sale afternoons in the Music Building.

Y. W. C. A. NOTICE

Tea will be served after the program in the Y.W.C.A. parlor.

CRAM TALKS ON MODERN ITALY

Professor Robert V. Cram, of the Department of Latin, spent the year of 1927-28 in Europe, much of the time residing in Rome. It would be but natural for a teacher of the classics, full of the history of the times when Rome was ruling the world, to view the modern tendencies of government, industry, and other matters now under Fascist control, with a classical perspective. The results of such a viewing will be presented in lecture on Thursday afternoon at 4:30 in the Music Auditorium. Professor Cram does not aim to present any didactic discussion of the political theory behind Fascism, nor a critical evaluation of its operation; but will give a survey of the present situation as it appealed to him.

EXCURSION TO STILLWATER

The party scheduled for today has filled to a point where it is undesirable to add further members, taxing the facilities for adequate guiding. Accordingly no more tickets can be sold. Another excursion will be announced in about two weeks.
