

THE MINNESOTA DAILY

VOL. IX. NUMBER 22. THE UNIVERSITY OF MINNESOTA, WEDNESDAY, OCT. 16, 1907. FIVE CENTS THE COPY

GEORGE CASE AND YOUNG ARE ELIGIBLE

Minnesota's Tackles, Remade Conditions, Will Play in Saturday's Game.

* * * * *
 Bobby Marshall's Freshmen and Christopherson's Sophomores will meet in formal battle array on Saturday, October 26, on Northrop Field. This is the open date between the Nebraska and Chicago games.

* * * * *
 Case and Young will play the tackles in the Nebraska game.

Just what this means to the team may hardly be appreciated by those who have not been watching its progress closely, but the aspect for next Saturday looks at least fifty per cent better with these two men as stumbling blocks for the Nebraska offense on Minnesota's line.

Case is not in tip top shape, but he has been doing considerable training during the last week and is carrying little superfluous flesh at present. George never could be lean, however, and he will have full 200 pounds to hurl at the Nebraska interference Saturday.

Young divided honors with Kjelland on the line Saturday and is a good man on both offense and defense.

Case took his "con" exam yesterday morning and the result was announced half an hour later to the delight of all of those who had been watching the Gopher line.

JOHNSON TO BE IN CHAPEL

Students in Economics and Political Science to Receive Rare Treat.

Dean Joseph French Johnson, of the School of Commerce, Accounting and Finance of New York University, will deliver an address in the University Chapel on Thursday, October 17, at 9:30 a. m., on the subject of Business Education.

The address is a public one, open without charge to all who may be interested, but will be of special interest to students in the Departments of Economics and Political Science, History and Sociology.

One of the most striking developments in American university life in the last generation has been the establishment of a greater variety of courses in accounting, business law and other matters relating to business life. Dean Johnson will explain the significance of this movement, and need for the establishment of business courses in this and all other first class universities.

Maud Johnson, '05, was seen on the campus Monday.

A CHAPEL HOUR TALK WITH RICHARD BURTON

Head of English Department Talks About College Journalism.

"The one danger that all students who intend to make a career of journalism should avoid, is to disregard the individual about whom they write in an attempt to attract attention to their article."

This was the advice given yesterday to newspaper aspirants by Dr. Burton in a chapel hour talk with a Daily reporter.

"To turn a story out of its true importance by giving it large headlines, when the actual facts and circumstances do not warrant it, is a species of newspaper lying," continued the professor.

"A good reporter can make truth more interesting and attractive than any amount of 'padding' or striving for effect."

Florence Neal, '09, who has been taking work at Oberlin during the past year, is visiting in the city and will be about college this week.

WILL CLASS OF 1911 RECEIVE LEMON?

Freshmen Politics Running High—New Men Out for Vice-President.

Will the 1911 class get a Lemon? That is the question paramount among the Freshmen. Gutterson and his adherents emphatically say, "No!" Tomorrow at chapel time it will be decided.

A new candidate for the vice-presidency, J. Fleming from St. Paul Central, has announced himself. F. H. Sturdevant of Detroit City is also out for the office.

As yet Miss Flora Lester and Frank Totten have no opponents for the offices of secretary and treasurer.

E. W. McKeen has announced himself for sergeant-at-arms against W. A. Nash.

HIGH JINKS FOR QUILLS

Club of Girl Journalists Will Take Plenty of Time for Initiations.

The initiation of the new members of the Quill will be held tonight at Alice Shevlin Hall. After the initiation the new members will be royally banqueted. The initiates are Mary Toomey, Gertrude Hull, Camelia Waite, Marian Barber. As both the present organization and the number of new members are small, plenty of time will be devoted to the initiation of each aspirant. The old members are walking about with mysterious and gleeful faces, so high jinks are to be expected.

THREE DAYS ONLY UNTIL SEN. LAFOLLETTE COMES

Ex-Gov. Van Sant Will Introduce the Orator—Orchestra Will Play.

The students of the university will be offered one of the greatest treats of the year Friday night in the speech on "Representative Government" given by Senator Robert La Follette.

Ex-Gov. Samuel R. Van Sant will introduce the famous orator to the audience.

The University Orchestra of thirty pieces will render several selections. This will be the first appearance of the orchestra.

University students may take in this treat for fifty cents. There will be one thousand seats offered at this price.

Senator La Follette's speech will be an exceedingly interesting one. He is noted for "cutting loose" from his subject and telling what he thinks of local politicians. He has been announced as a presidential candidate and may say something of national importance at the armory Friday night.

OR WILL CITRON BE LEFT FOR SMITH

Twin City Freshmen Resent Slight and Form Separate Ticket.

Freshmen who live in Minneapolis and St. Paul do not like the line-up of candidates as listed in the adjoining column and have formed a ticket of their own.

In the two tickets announced in yesterday's issue of the Daily only one Twin City man was listed and that man to be a candidate for one of the minor offices.

If the present aspirants for the honors think they can put aside the Twin City students with one paltry office, they have made a serious mistake.

We ask support for the following ticket: President, Arthur Smith; vice-president, W. Elliott; secretary, Katherine Pond; treasurer, Carlyle Wash.

FRATERNITIES BUSY AT WORK

LARGE NUMBER FRESHMEN HAVE BEEN PLEDGED.

Four more fraternities announce pledgings:

D. K. E.'s—Edmund Eichorn, John Kensel, George Bailey of Minneapolis, William Allen, Cloquet, Orvall Tipper, Spokane, Wash., and Carl Schuster, Rochester.

Alpha Tau Omega—George Lawton Frank Slyde, Inness Adams, Lee Smiley, Bert Benoit, Walter Nuessle, and Harry Horwitz.

Theta Delta Chi—Arthur Bracon, Alexandria; Arthur Green, Minneapolis, and Arthur Block, St. Paul.

CIVILS UNCIVIL TO ELECTRICALS IN FOOTBALL

Furber Plays Sensational Game—McKree Taken from Field.

Senior Civils, 6; Senior Electricals, 5. Such was the result of a brilliant contest on Northrop Field yesterday.

After Williams proteges had been put thru a snappy practice, the field was cleared for the Engineers. These two teams have been rounding into shape all fall for this contest. The Electricals scored in the first and the Civils in the second. The Electricals failed to kick goal.

Early in the game the Civils lost their best linesman when McKree suffered a sprained ankle. Furber won the game for the Civils.

The line up of the two teams:

Civils—Houston and Comstock, left end; McKree and King, left tackle; Houston and Comstock, left guard; Norelius, center; Longfellow, right guard; Schlattman, right tackle; Gage, right end; Furber, quarter; Walker, left half; Lang (Capt.), right half; Dallimore, fullback.

Electricals—Currie, left end; Sperry, left tackle; Sturtervant, left guard; Livanstrom, left guard; Frahm, right guard; Weibeler, right tackle; Svendsen, right end; Swenningsen, quarter; Pancratz, left half; Prentice, right half; Scobie, fullback.

Referee—Vita, Empire, Woodchick. Field Judge—Mowery. Time Keeper—Widell. Time of halves, 30 minutes.

SOPHOMORE ENGINEERS OVER-RUN PRECEDENT

They Break a Long-Established Custom in Their Election.

The Sophomore Engineers have broken a precedent.

At their annual election yesterday they did not elect the retiring president. J. R. Buffington, sergeant-at-arms, J. C. Bush, was elected to the position.

R. J. Miner, was elected president by five votes over Chris Hansen.

The other officers are vice-president, W. E. Conley; secretary W. D. Timperly; treasurer, R. R. Phelps;

"PEGGY" HAS GREAT HOPE.

"Peggy" Woodrick, the quite severely injured in Saturday's mix-up with Ames, expects to be back in the game soon. Minnesota needs him and he will not let a little thing like a dislocated shoulder keep him out of the game. He is improving rapidly, tho bandaged as it is, he doesn't have the appearance of a sound man. However, he is going to be in the game with Chicago, and before, if he possibly can.

Senator LaFollette at Minnesota Armory, 8 p. m., Friday, October 18th

WHAT DOES MINNESOTA MEAN TO YOU?

A man who is spending a great deal of his life trying in an humble way to purify politics once said to the writer, "If every lawyer would refuse to sell himself to the large corporations and railroads, politics would be purified in a fortnight."

It is because men of brains and natural power sell their ability to the highest cash bidder that a great share of the misery and wrong in the world exists.

If one is endowed with better ears in his community, it shows that the creator meant him to be a leader. The only purposes for which leaders are born is to raise the people to a higher and better existence.

A real leader recognizes no masters except justice, truth and faith in his kind. He will never sell himself to do the bidding of the servants of civilization—wealth, money and office. The true leader never turns traitor to right, not even to be president.

Students who come to a great university like Minnesota, show by their ambition to acquire a higher education that they are born with some of the qualities of leadership.

How are you preparing to develop these qualities? Is it with the idea of enabling yourself to get merely a better living, to set yourself above the common herd, to gratify pride?

If this is all of your aim, you had better quit college now.

No one belongs to himself alone. You are indissolubly linked with the rest of the world by the ties of sympathy and better opportunities for

you. You owe a debt to the founders and sustainers of the University of Minnesota. If you live a self-centered life, you live an abnormal life. You break a sacred obligation.

If you do not discover this truth or have it driven deeper home to you at the university, your college course will mean much to you.

If, because of the inspiration received at college to live a generous, magnanimous life, you win a place in your community as a man or woman whom people admire for firm steadfastness to right and justice, and for unselfish conduct toward your friends and neighbors, then "Minnesota" will mean more to you than can be measured by money.

WOMAN'S LEAGUE UP IN ARMS

The Woman's League Council wishes to defend itself concerning the freshman party on last Saturday. The girls of the council were just as unwilling to interfere with the football schedule as any one else.

After careful discussion it was decided that this was the only day open until after football season, which would be too late in the year. On account of other social proceedings it was impossible to set an earlier date.

FIFTY PEOPLE PER MINUTE.

A Few Minutes at Folwell's North Door—An Actual Count at Chapel Hour.

If you wish to avoid ill-tempered people do not use the north basement door of Folwell Hall.

If you wish to hear some nice things said about that single, narrow, sharp-edged doorway, stand in the vestibule and hear the ejaculations of those waiting to go through, those who are going through, and those who have gone through.

Yesterday morning at chapel time, by actual count, 500 students were jostled thru that door in exactly seven minutes and a half. Surely this has come up to the expectations of the architect.

In exactly ten minutes more, 318 were crowded thru, making a total of 818 shoved thru in approximately 18 minutes.

The actual time one occupies in passing through the inside door, the vestibule and the outside door, when the passageway is not crowded, is two seconds.

Accordingly, in the seven and one-half minutes the first 500 came thru, the actual number to come thru should have been 275—little more than half the actual number.

However, by dint of hard shoving, jostling and jerking, 225 more were pulled thru in the same time.

If it was the desire of the architect

General Belief and Private Opinion

Agree that our Garments have Beauty, Style, Comfort, and Value. All the new colorings on our tables. 10 discount to students.

F. E. Tallant, 38 South Third Street.

You're Invited

to visit the new shoe store; which by the way, is the finest in America.

No University student, who desires good style and exceptional quality can afford to buy elsewhere.

SHOEMART
The Place to buy shoes
623-625 NICOLLET AV.

of this building to make that door the scene of much confusion, jostling, shoving and pulling, he has succeeded.

Trusting to the magnanimity of that far-sighted architect, we make an appeal for some kind of rectification of this long-delayed error.

"Minnesota Daily," a Help to Both Faculty and Students.

Following are some opinions on the Daily given by members of the faculty:

Prof. West says, "I am quite satisfied and consider the Daily an excellent college sheet."

Prof. Beach expresses himself thus: "The Daily represents faculty and student and criticism, unless definite and well-advised, should not be permitted by the editors."

Prof. Gray says, "It certainly helps one to keep track and is a good thing."

Prof. Phelan says, "Minnesota compares very favorably with other college papers."

KIDS HAVE THEIR WAY.

The men stationed at the gates to take tickets the day of the Ames game have been unceremoniously "canned." After the game was well under way a crowd of small boys attempted to swarm over the west wall, and one of the gates was opened to admit them. This procedure did not meet with Prof. Paige's approval, and he notified all the gate-keepers that their services were no longer desired. Let's keep "the kids" out, by all means.

THEATERS.

Metropolitan—Ethel Barrymore opened a half week engagement at the Metropolitan last evening. Her present vehicle is "Her Sister," a trite title play, polished up by Clyde Fitch.

Bijou—David Higgins in "His Last Dollar," a breezy, clean cut, exciting melodrama, with a fine race scene.

Lyceum—The stock company in that splendid old military drama, "The Girl I Left Behind Me."

Orpheum—An ordinary bill. Mason and Keeler, Chinko and Minnie Kaufman please, but the other acts are commonplace.

FRESHMEN CO-EDS DISCUSS HEART.

The course of lectures which the physical culture department is giving with their course for the girls is quite popular. Walking over the campus almost any time you will come upon groups of freshmen co-eds delving deep into unknown and awful mysteries of the heart—wondering what connection the aorta has to do with it.

They say they understand the part about the heart all right but they can't quite comprehend all that other "stuff" about lungs and other internal machinery.

Registration at the University of Iowa this year is 2,164.

MISS BURTON ENTERTAINED

Members of Faculty Present—Decorations in Autumn Leaves.

A most delightful social event took place Monday afternoon at the home of Mrs. H. T. Eddy, on Sixth street. The Advisory Committee of the Y. W. C. A. gave a reception to welcome Miss Margaret Burton, the new general secretary.

In the receiving line were Mrs. H. T. Eddy, Miss Margaret Burton, Mrs. Bell, Mrs. C. Northrop, Mrs. A. E. Jenks, and Miss Laura Robb.

The house was tastily decorated with autumn leaves, so suggestive of the season, and in harmony with the beauty of the day. Miss Eddy and Miss Robb presided at the punch bowls during the afternoon.

Many of the faculty ladies were present, as well as the students, and the reception was in every way a success.

FRESHMEN CO-ED IN DOUBT

A week ago Monday a freshman co-ed left a brown leather bag for only a few moments at the end of the third hour in Mr. Frelin's class room, No. 227. Returning after only a few minutes' absence the bag was not there, and despite much worry and time it has not yet turned up. The bag itself was not a valuable one, but it contained an amount of money, which is not very convenient for the most of us to lose. Such ought not to happen in the middle of Folwell Hall, where there are no corners or crevices for things to fall into.

Following are the Y. W. C. A. delegates to the convention at Mankato: Juanita Day, Anna French, Ruth Fuller, Marion Gould, Ethel Lambie, Alice Meloney, Miss Sly, Abbie Sturtevant, Elsa Switzer, Jean Sinclair, Irma Todd, Helen Mooney, Beatrice Williams, Hope Stegner, Georgia Sterling, Miss Webster, Miss Burton.

PROF. GRAY AS DELEGATE

Prof. John H. Gray of the Economics Department, has been appointed by Governor Johnson, delegate to the Trust Conference at Chicago, to be held October 22-25, under the auspices of the National Civic Federation.

NOTICE

Mrs. B. A. Shuman, president of the Y. W. C. A., in Buenos Ayres, will lead the regular weekly meeting of the Y. W. C. A. today at 1:15 o'clock in Alice Shevlin Hall.

BRILLIANT FRESHMEN.

Fine Understanding of Human Body Displayed.

If the answers made by the students of a gymnasium class are to be taken as a criterion, students in general know as much about their bodies as a hod carrier knows about physiology.

Dr. Cooke has in his possession the best of these answers. To say that they are brilliant would not be giving credit where credit is due. The best of them follow:

- Q. What is blood?
A. Blood is corpuscles, which is worms.
- Q. What is the purpose of blood?
A. To keep the cheeks pink, and the lips red.
- Q. How many times does the heart beat in a minute?
A. One time.

ENGINEERING NOTES.

The Junior civil engineers will make a relocation of the Minneapolis & St. Louis Railroad, between St. Louis Park and Minnetonka Mills under the direction of Prof. Cutler.

Prof. Bass has just completed a test of the municipal water filter at Chisholm, on the Mesabi Range. He has been invited to address the Minneapolis Engineers' Club on Municipal Engineering in Minnesota.

This year's civil engineers' class is the largest in the history of the college, 30 members being enrolled.

The Kettle River Quarry Company will donate about \$450 worth of paving blocks for testing.

C. K. Michener, former managing editor of the Minnesota Daily, is now in Duluth, working for the Duluth News-Tribune.

FUSSERS IN LIMELIGHT

Faculty Member Sanctions River Banking—Registration for Campus Courses Will Be Large.

There has long been a popular student tradition to the effect that fussing was looked at rather askance by the faculty. A course in campus or river-banking was one for which no credit was given. Fussing did not court prominence.

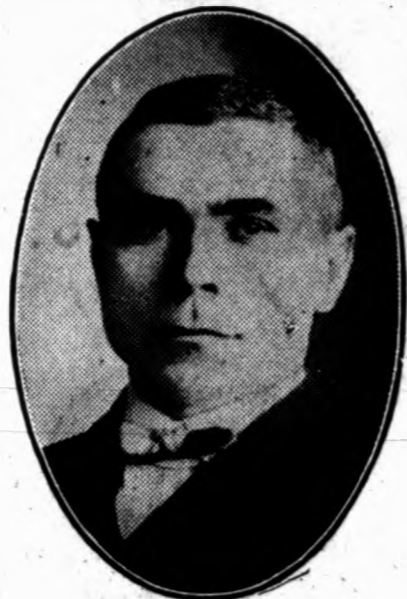

But the other day unexpected support and sanction was received from no less an authority than Professor Potter of the English department. In Milton she advocated dreaming, provided one had something to dream about, and also said that she thought students were wise to take time off and sit on the campus or by the river bank.

Every word made the heart of the fusser beat with joy. No longer must he timidly retreat to some shady nook or hastily put a campus oak between him and an approaching professor. Neither need he remark to aforesaid professor what a fine place the river bank is in which to pursue botanical research. No, he can come forward now "sans peur et sans reproche." He can rejoice, take heart and fuss openly.

HARRY MITCHELL'S EDITORIAL

POWER OF \$20.00.

Read this and I'll put you wise to what 20 of the "hard to get" are really worth in Minneapolis, Saturday.

This is a direct proposition to the man who spends \$20.00 for hand-me-down clothes, and it is also for the man in the habit of going against the high priced tailors' game and paying \$35.00 and \$40.00 for clothes.

If you have any idea of buying a ready-made suit or overcoat tomorrow, don't—I want you to come into my store and let me show you that there isn't a ready-made suit or overcoat in town worth \$20.00 while this sale is on.

During this sale I am as a "red rag to a bull" with the high-priced tailors, because you will recognize in the swell fabrics I offer their \$35.00 and \$40.00 goods. You will agree that all these high-priced tailors are money stretchers—but they stretch funny.

Further—I am willing to bet money that nine-tenths of the ready-made clothes in town have been on the shelf over a year, and I don't need to tell you that they are out of date now.

I am cutting clothes different than I did last year, because I keep up to the minute; styles change with me the same as with the high-priced tailors.

If you order a suit or overcoat of me Saturday, at \$20.00, you will get style right down to date—October 12, 1907—and I defy any man to find store clothes at any price that will equal the style, fit or material of my \$20.00 suits and overcoats, made to order.

I am going to put the finest linings and trimmings into these suits and overcoats—do my best work on them—and guarantee a perfect fit and complete satisfaction or no sale. They will cost \$35.00 or \$40.00 at any other tailor, and my price will be only \$20.00.

Come in early Saturday morning, if you can, and avoid the rush of the afternoon and evening crowds.

Yours truly,
HARRY MITCHELL,
310 Nicollet Ave.
