

Bell to Return; Griggs Out as Terms Expire

Virginia Man Named New Regents Nominee

State Senate and House of Representatives members from the third congressional yesterday endorsed James F. Bell for re-election to the Board of Regents. Mr. Bell is one of the four Regents whose terms will end February 1, the others being G. W. Lawson, Richard L. Griggs and Ray J. Quinlivan.

Plans were made for caucuses in the other congressional districts to determine the men to be approved for the three remaining seats which will open this year on the Board of Regents. These caucuses were planned to take place before the joint meeting Thursday of the Senate University committee and the House Education committee. Men previously endorsed by the caucuses who are approved at this meeting may be elected by the State legislature Tuesday.

Emil Erickson, faculty member of Virginia Teachers college, was nominated in an eighth district caucus yesterday to succeed Mr. Griggs. Mr. Erickson was nominated after 20 legislators had left the meeting when George Finlayson, Duluth, was refused as Mr. Griggs' successor.

Anti-Draft Group Meets to Discuss New Constitution

By Politicus

Somewhat subdued by the Senate's refusal to grant recognition last week, members of the Committee for Opposition to Peacetime Conscription met yesterday in the YMCA to discuss revisions in the constitution.

Principal objection was the article providing for community activities supporting anti-conscription sentiment, Mary Muedeking, graduate student and temporary chairman, said.

Phyllis Thayer, Arts sophomore, was appointed to work with Miss Muedeking on revisions. An article stating how the group expects to get money was requested.

It was suggested that the committee solicit individual donations and apply for membership in the Campus Chest.

Committee members were advised to work on suggestions for an alternate name for the committee which would be positive instead of negative in its approach. Educational Committee on Peacetime Conscription was the only name submitted at the meeting.

During the meeting Miss Muedeking asked to be relieved of the chairmanship, but her request was not accepted. The meeting was adjourned until 7 p.m. Monday when the revised constitution will be presented for approval.

U and Union Officials Meet With Thyse Today

By Helen Wenberg

Representatives of the University and Public Building Service Employees' Union, 113, AFL, will meet with Governor Edward Thyse today in his office.

The meeting will probably bring up the results of the Public Administration Service survey of wages and hours recently made at the University. Among the recommendations

Newsreels to Portray Both Fronts Today

Blasting of Jap emplacements on Luzon and the latest rush films from the Western front are the chief attractions of the newsreel to be shown at 1:30 a.m. and 12:30 p.m. today.

Films of the launching of the March of Dimes campaign are also included in the program. A humorous monologue by Stephen Leacock will be presented by Marguerite Rush, Arts junior, between the two showings of the program.

A five-minute recorded broadcast by E. W. Ziebarth, manager of WLB, will be played after each screening of the newsreels.

"Flicker Flashback" and "To My Unborn Son" are the short subjects scheduled. "Booby Hatched," story of a young duckling with a new moral twist, is the cartoon.

Horowitz to Play Czerny Variation At Artist Course

Vladimir Horowitz, noted Russian-American pianist, will play a recital at 8:30 p.m. today in Northrop auditorium as the third guest on this year's Artists Course. Well-known to Minneapolis audiences, Mr. Horowitz played with the Symphony orchestra last year.

At his recital tonight he will play the Czerny "Variations on the Aria, 'La Ricordanza'." Czerny is noted for his books of exercises for piano technique, and the "Variations" is one of the many compositions with which the public is not familiar. Mr. Horowitz will also play the Sonata in C Major, Opus 53, the "Waldstein," by Beethoven. It includes the movements, Allegro con brio, Introduzione adagio molto, and Ronde Allegretto moderato.

Then he will play the Rachmaninoff Etudes in C minor, E-flat minor, and D Major in Opus 39, and the Etude C Major from Opus 33, "Funerailles" and "Au bord d'une source" by Liszt and the Etudes in E Major, Opus 10 and A minor, Opus 25 by Chopin.

Mr. Horowitz will conclude his program with a Twin Cities premiere of the suite, "Excursions," Opus 20 by the young American composer Samuel Barber. It includes an Un poco allegro, in slow blues tempo, and Allegretto molto, and the march, "Stars and Stripes" by Sousa as transcribed for piano by Horowitz.

Cast Begins Work

Members of the University Theater staff began work on "The Taming of the Shrew" last week, although the production will not open until April 11. With casting already completed, Dr. Frank Whiting, Theater director, has scheduled rehearsals to begin after the completion of "Huckleberry Finn," which is now underway.

Arthur Peterson, special student, will play the role of Baptista, with Minnie Brill, Theater publicity director, playing opposite him as Bianca.

in the preliminary report of this organization was an increase of wage payments to University non-academic employees on an average of 11.8 per cent or \$16.50, (some employees to receive more than this amount, some less) and standardization of basic work week between 40 and 44 hours.

Ray J. Quinlivan, Regent from St. Cloud, presented the Regents' stand at a meeting held yesterday by a special committee of the House of Representatives to obtain information about the University labor situation.

The Regents' refusal to recognize Local 113 as sole representative of the employees in the service group was explained by Mr. Quinlivan. He said that it was in accordance with state policy by which no agency of this state is at present granting this kind of recognition to a union. Any change in policy, he said, could not be made by the Regents but would have to come from the legislature.

Wages and hours, Mr. Quinlivan explained, have been investigated by an independent survey system, Public Administration Service, in accord with a recommendation from Frank T. Gallagher, the Governor's independent investigator. PAS' recommendations on wages and hours were published in a preliminary report.

At subsequent meetings the committee, headed by Lawrence Hall of St. Cloud, speaker of the House, will question union representatives and other interested parties.

4-Fs to Stay At U, Says Draft Head

Students who are now classified 4-F by their draft boards are under no necessity of withdrawing from the University to enter employment in a war industry, according to a communication received yesterday by Malcolm M. Willey, vice president of academic administration.

"We have no authority," said Colonel Norman D. Dean of the state selective service headquarters in a letter to Mr. Willey, "to cause 4-F students to move into another activity."

"Our authority as it is now established applies only to so-called 'job hoppers' and regularly enrolled 4-F students do not fall into this class."

Although the situation may change as a result of future legislation, Col. Dean said that according to present regulations, there is no occasion for a student to leave school to enter a war plant.

The same interpretation applies with respect to any members of instructional staff who are classified 4-F, Col. Dean said.

300 Couples Seen for Navy's 'Dream Drag' Dance Saturday

Three hundred couples will be welcomed aboard at the Radisson by the officer of the day at 8:30 p.m. Saturday when the Sixth Annual navy dance swings under way.

High point of the evening will be the selection of the "Dream Drag" by a committee of five naval ROTC men. The committee will circulate among the crowd during the evening to select candidates for the "drag" from among the coeds.

John Dablow, master of ceremonies and battalion adjutant, will preside over the ceremony naming the "Dream Drag." The "drag" selected for the honor will be escorted to the stage by Robert Larson, skipper of Anchor and Chain.

The couple will proceed down a double line of "plebes." At the head of the double line, battalion staff and commanders will draw swords to form the traditional arch of swords.

The officer of the day will be dressed in regulation peacetime full dress naval uniform complete with fore and aft cap and gold braid. Each dance will be a cruise and will be so indicated with numerical navy signal flags.

To facilitate the exchange of dances, signal flags from A to Z will be hung around the ballroom. Each program will have a space for each cruise in which the flags may be colored by the dancers,

thus showing under which letter to meet.

Each man will fill out his "drags" program so that it will spell her name or express some sentiment according to navy ball tradition.

During the intermission the NROTC glee club, consisting of 30 voices, will sing Fred Waring arrangements of popular songs.

Greece Needs Help To Survive—Aris

By Pat McNary

"Conditions in Greece are every bit as desperate as they are pictured," Dr. Demetriades D. Aris, Minneapolis dentist who was born and reared on the island of Cyprus, said yesterday.

"The cities and seaports have been hit the hardest," he said, "and Athens particularly has suffered. The villages up in the mountains and the homes of the farmers have been destroyed by guerilla fighting. These people have been forced to go to the cities in great numbers and, the result is overcrowding of such places as Athens."

Dr. Aris said that the clothing problem in Greece has reached a crucial point. Mentioning

Chain at the ball will be the officers of the University NROTC unit and officers from the Twin Cities area.

Rohland H. Thomssen, battalion commander, is general chairman for the ball. He will be assisted by a committee of NROTC students.

Music for the ball will be furnished by the V-12 band of the University navy V-12 unit.

shoes as an example, he stated that most Greeks had not been able to get a pair of new shoes since Greece was first invaded by Axis powers five years ago. Factories were taken over and their entire output used for the Axis nations.

"Winter in the mountain regions of Greece is cold," he said, "although not as extreme as here. Clothing sent from this country means a great deal. It is distributed upon arrival by Swiss and Swedish delegations through the American embassy."

of Greece. "Greece needs to be adopted by every great country. It's like a child that has lost its father and mother."

Dr. Aris knows the problems of Greece through personal observation. He came to the United States in 1930 and is a graduate of the University. His last trip to Greece was in 1935 when, he says, signs of war were already becoming evident. He spent two and a half years in the United States army on hospital duty.

Greek war relief is sponsored throughout the country by alumnae of Smith college. There are indications that the Minneapolis group will break the record nationally with the excellent response, according to Dr. Aris.

Red Cross Course Registration Opens Today in Union, Folwell

Registration for Red Cross activities opens today and continue through Friday at tables in the Union, Folwell hall and the Ag Union.

Three Red Cross courses will be taught in the Union for 10 weeks beginning the first week in February. A Nutrition class will be given Tuesdays, home nursing Wednesdays, and first aid Thursdays. The courses are from 3:30 to 5:30 p.m.

Home nursing is training in keeping well and in recognizing symptoms of disease. It is planned to teach the average person to release the call on trained nurses and physicians for minor illnesses.

First aid is the standard course set up by the Red Cross, and a certificate valid for three years is received at the conclusion of the training.

Students interested in Red Cross projects may register for

appointments at the blood donor center. The goal is 100 per cent registration from everyone who is able to give blood.

Bandage rollers will be sought during the drive. The Red Cross bandage rolling rooms are on the third floor of the Union and are open at all times during the day.

Students who like to knit may sign up for Red Cross knitting projects which may be done during

leisure time. Instruction will be available for both beginners and advanced knitters.

"We are seeking 100 per cent registration in this Red Cross drive," Lyla Mae Anderson, president of SWECC, said yesterday. "Both men and women students are wanted in any of the projects. Each student should be responsible for registering and participating in at least one of these war effort programs."

U Drive Nets 36,000 Bandages For Red Cross

The campus Red Cross report released yesterday revealed 675 student workers put in 1,338 hours of service during fall quarter.

Elizabeth Sadley, director of the campus Red Cross unit, pointed out that this was a decrease over spring quarter of last year. During spring quarter 85 more workers reported for 273 hours of service, increasing the number of bandages rolled by 47,968.

"There is an immediate need for more bandage rollers in the work room. We hope to recruit many more workers during the present Red Cross campaign," Miss Sadley said.

Wesley Trips Alpha Phi, 29-23

SAEs Overpower Phi Deltas, Win, 29-17

Hermesen, Rucke After Morris' Scoring Lead

By Bob Park

In one of the fastest games of the season, Wesley foundation proved themselves the better team, taking Alpha Phi Omega by a score of 29-23 in last night's I-M basketball game at Cooke hall.

Starting with a five-man lineup, Wesley dropped a man because of injuries and the Alpha Phis played the game as a four-man match.

The game had not proceeded far until the Alpha Phis were forced to drop a man, and the teams played the game out with a three-man lineup each.

The half found the Wesley trio in the lead, 23-13. In the second half, the Alpha Phis retaliated and narrowed the margin down to 26-21.

The fourth quarter found both teams matched evenly and Wesley took the honors as the game ended 29-23.

Although the Alpha Phis were far the better team in size and rebound efficiency, the Wesleys were too fast for them.

High point men were Johnson, with 14 for the Alpha Phis, and Fujioka, of the Foundation with eight.

Beta Theta Cracks Alpha Delta, 28-19; Slipstickers Win

Beta Theta Pi trounced Alpha Delta Phi, 28-19, last night at Cooke hall in one of the 13 intramural cage games. The Betas started the game sinking the first two baskets and maintained that lead throughout the first quarter.

The first period ended showing the Betas the better team by a score of 9-4. But the second quarter proved better for the Alpha Deltas, and, in a spurge of fast play and excellent shooting, they brought the score up to their favor, 15-12, as the first half ended.

The third quarter left the Alpha Deltas scoreless and the markers mounted to 20-15 for the Betas. The fourth quarter moved faster and, while the Alpha Deltas bettered their score by four points, the Betas increased their lead with two more buckets, and the game ended in the latter's favor, 28-19.

In the Independent league, the Slipstickers whipped the Chateau House, 34-21.

Sigma Alpha Mu forfeited to Phi Kappa Psi, Theta Chi forfeited to Delta Upsilon, Chi Psi forfeited to Sigma Chi and Phi Epsilon Pi forfeited to Sigma Nu. Fifth Monarchy and 7-Ups Aces were postponed.

Wilson, Anderson Strengthen Nets

Intensive practice continued yesterday for the Gopher pucksters in preparation for two weekend tangles with a strong team from Fort William, Ontario.

Gopher reserves were strengthened by goalie Tommy Wilson's return to the fold. Wilson has been on the sick list, but stood up well in his second practice game. With both he and Pixie Anderson ready

to step into the net to replace Red McCabe, the Minnesota goal is well cared for.

The Maroons beat the Golds by a narrow margin with a hard drive by Paul Wild on the blue line, winning the practice game, 5-4. With the two fastest wingmen on the team, Wild and Bill Klatt, and with Brad Thompson at center, the Maroons showed only a slight edge on their opposition, headed by John Adams at center, Bob Carley and Bob Graiziger on the wings.

Dick Metz and Howard Johnson proved to be a strong defense pair for the Maroon roster.

Coach Larry Armstrong predicts the biggest crowd of the season when the Gophers meet the Fort William Columbians at 8:15 p.m. Friday and Saturday on the Minneapolis Arena ice. Fans should see one of the season's best games, too, because the Canadian team comes the closest to matching the Gophers in strength of any yet to meet them.

ROTC 1, V-12 7, 15 Score I-M Basketball Wins

Only one of the scheduled two games in the intra-mural NROTC basketball league were played last night at Cooke hall as Team 1 whipped Team 6, 47-21, and Team 3 forfeited to Team 7.

Byrd paced the Number 1 team, collecting 18 points for the evening.

In the V-12 league, Team 15 soundly thumped Team 1, 41-26, and Team 7 stopped Team 3 in a low-scoring battle, 23-12.

With the exception of Byrd, who was high scorer for the evening, there were no cagers who managed to break into double column figures in the scoring department.

Track Managers Wanted

There is a need for student managers to take care of the track equipment during the winter quarter meets and practices. Any man interested in becoming a manager should see track Coach Jim Kelly any afternoon, 3:30 to 5:30 p.m., from Monday through Friday in the Field house.
