Submitted for publication August 1, 1949

4M-12-49

CONTENTS

	Page
Introduction	3
Review of Literature	4
Pre-emergence treatment of field crops	4
Methods for determining the presence and persistence of 2,4-D in soil	5
Materials and Methods	5
Pre-emergence treatment with 2,4-D on corn.....	6
Experimental Results and Discussion	9
Pre-emergence treatment with 2,4-D on corn	9
Experiment 1. Effects of dosage and depth of planting	9
Experiments 2 and 3. Effects of time of treatment and rates of application of water	11
Regrowth of corn cut off in Experiments 1, 2, and 3....	16
Experiment 4. Effects of soil types	17
Experiment 5. Effects of soil properties	18
Penetration and persistence of 2,4-D in the soil.....	20
Summary and discussion for pre-emergence treatments on corn	21
Pre-emergence treatment of soybeans with TCA	23
Persistence of TCA in the soil	25
Summary	25
Literature Cited	26
