## MERCER, MAGNETIC LEADER TO HEAD Y.M.C.A. CAMPAIGN

Prominent Fraternity and College Man—His Life a Message For College Men.

"Believe me, fellows, for I've played the game." These are the words of E. C. Mercer, the religious campaign speaker who is to arrive on the campus to-morrow. And if ever a man speaks truth concerning himself, Mercer does. A member of one of Georgia's most prominent families, and a nephew of Chester A. Arthur; a college man prominent in athletics and a fraternity man; a socially inclined fellow who drank himself "down and out," such is a brief resumé of his early career. A confirmed drunkard, despondent, penniless, finding his way into the Jerry McAuley Mission on Water street, and then changing his life for a better, such is the beginning of his career as a worker among men who are faced the wrong way morally.

"Mr. Mercer is a young man, thirty seven years old, pleasing, clean-cut personality,—an earnest speaker with a very practical message, devoid of all that is sensational, but fascinating in its interest;" this is what they say of him at Columbia. He is coming to Minnesota from a campaign tour through Illinois, Yale, Princeton, University of Pennsylvania, Nebraska, Northwestern and Chicago. In Chicago he spoke to a large meeting with Coach Stagg presiding.

## DEAN JAMES TO SPEAK

"The City and the Schools"—To Be Delivered To-Morrow at the Handicraft.

Dean James of the Educational department will deliver a lecture on "The City and the Schools," at the Handicraft Guild Hall, Wednesday, February 9th at 4 P. M. This is the second of a series which Dean James is delivering under the auspices of the Minneapolis Teacher's Club. His first lecture on "The State and Education" was enthusiastically received by a large audience.

## FIRST JOURNALISM LECTURE MISS CUTLER ON FIELD

"The Sources of News" the Title—Dr. Thomas Plans to Have Lecture Every Week.

Dr. Caryl B. Storrs, dramatic and music critic of the Minneapolis Tribune, will give the first of the series of lectures on Journalism, which the rhetoric department has arranged to-morrow afternoon at four o'clock in Room 311, Folwell Hall. The subject of the lecture will be "The Sources of News," and Dr. Storrs will give an analysis of a paper showing the sources of every article of reading matter, the means employed by the paper to obtain it, and some general idea of the other news available, which has not been used.

These lectures will be a part of the regular work for the class in Journalism but anyone interested in the subject is invited to attend them.

Prof. Thomas expects to have a lecture each week. These lectures will cover every phase of the subject. The general public is invited to all of the lectures.

## MISSOURIANS RESOLVED TO RETAIN DR. HILL

Students, Alumni, Women's Clubs Newspapers Combine in Effort to keep Dr. Hill.

All Missouri is roused in an endeavor to keep President Hill at the head of their University. More than 200 telegrams and letters from Minnesota faculty, alumni and students have been sent to him, urging him to accept Minnesota's presidency.

Women of the Fortnightly and Tuesday Clubs of Columbia have adopted resolutions to arouse interest in the University and the St. Louis Alumni sent urgent resolutions to Dr. Hill himself. All the Missouri papers are commenting on the affair, and all condemn the lack of legislative support given the University.

This from the St. Louis Republic shows the demand for "more support."

"It is not the fact that the Gopher State school has more than twice the number of students now in attendance at Columbia that is attracting Doctor Hill; he is not the kind of man that believes that size is everything. The thing that threatens the community of his service to the higher culture of the state's young men and women is the legislature's niggardly treatment of the university.

"Doctor Hill has the enthusiasm for university development in his soul. The work itself is hard enough. When in addition to its natural difficulty is added the ball-and-chain of legislative opposition it would be no wonder if the Minnesota hills appeared green afar off to the Columbia educator.

"Even the regular appropriation bills passed the legislature with difficulty at its last session, while the new plans were mostly hung up, to await a more convenient season. Meanwhile Missouri young people continue to grow up, new families to move into the state and institutions elsewhere to enlarge and extend their facilities."

Y. W. C. A. National Director Arrives. Starts Preliminary Work.—Success of Banquet Assured.

Already, nearly two hundred tickets have been sold, out of the total three hundred and fifty offered, for the college woman's banquet which comes on the first night of the campaign, Feb. 15.

Miss Cutler, the national director of the Y. W. C. A., who will speak at the banquet, is already here, and will engage in preliminary work, such as conducting bible classes and meeting the members of different girl's organizations around college before the campaign opens.

Bible classes will be held on Tuesday, Wednesday, Thursday, and Friday at fifth hour, and may be registered for in the Association office.

Dr. Bushnell will address the weekly Y. W. C. A. meeting to-morrow.

## SECOND JACOBS CUP DEBATE

Minneapolis Gas Franchise Question To Be Argued by Forums and Law Lits.

The second of this year's contests among the University literary societies, for possession of the Jacob's Cup, will take place Monday evening February 14, in chapel. The Forums, represented by Frank Goodman, Eloi Bauers and Henry Paddock, will oppose the Law Lits., whose representatives are Nelson, Nichols and Patterson. The question under discussion is the advisability of Municipal ownership of the Gas plant in Minneapolis. This problem is before the city at the present time and the contest will be up to the minute, for both sides are thoroughly acquainted with local conditions.

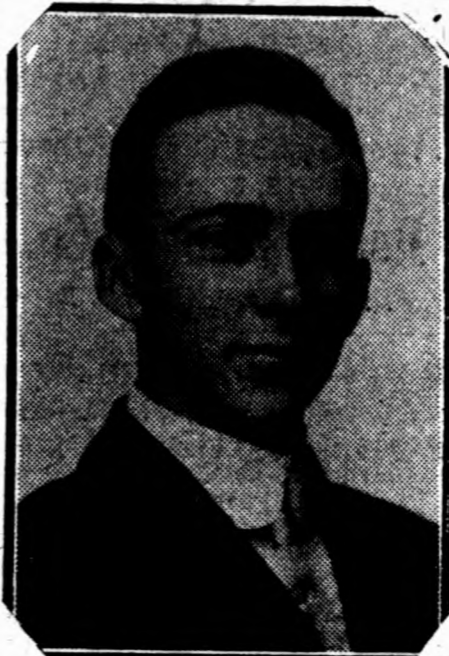

The history of the cup for which the teams are striving is as interesting as it is varied. The condition under which permanent possession of the trophy may be obtained is that it must be won three times in succession by one society. No organization has been able to do this, thus far, with the result that the cup, which was donated by the Jacob's Jewelry company of this city, has been changing hands for more than ten years. The Shakopeans won it in 1907 and in 1908 but lost their first contest this year and thereby gave up possession of the prize. In view of the long standing traditions surrounding these inter-literary debates, the contest next Monday evening should prove interesting as well as spirited.

## 1912 MEDICS BANQUET.

At their fourth annual banquet, the 1912 Medics were hosts to Drs. Beard, Scott, Robertson and Mullin. The collation was served at Donaldson's Tea Rooms last Saturday evening and was followed by a program of toasts and music.

Paul Wilson, W. B. Baker and Adolph Passer responded to toasts. Musical numbers were given by Carl Drake, Andrew Flomb and Melvin Borgman.

Cherine Paine has pledged Alpha Gamma Delta.

Who Takes Leading Role in Tonight's Production.

## "YOU NEVER CAN TELL" ON BOARDS TONIGHT

Masquer's First Production Elaborately Staged.—Important Social Event.—Ushers in full dress.

Special scenery and furniture have been lavishly procured for the performance of "You Never Can Tell," tonight. Some of the scenery has been painted especially for this performance, and furniture, in harmony with the time and setting, has been secured.

The University dental department, thru the kindness of Dean Owre, has consented to furnish entire, the equipment necessary in the first act.

For the past several days the cast has been rehearsing almost continually on the theatre stage, so unfamiliarity of surroundings will not mar their acting. This, to professional managers, means much, and gives further guarantee of a good production. The seat sale has been wonderfully good for a college attraction, nearly the entire house having been sold out in advance, and from present indications the "Standing room only," sign, will be out before the curtain rises.

Expense and effort have not been spared to make this a performance of which the University may well be proud and one which, without doubt, should raise the standard of the club, and insure first class future productions.

This is an event of social importance. Many of the faculty, a large number of the sororities and fraternities, and many prominent people of the city will be present.

Great attention has been given to costuming, some of the players having had gowns and suits made especially for this occasion. Ushers, who will all be University men, will be in full dress.

## SHEVLIN TO GROW SOON.

Bids on the addition to Shevlin have been asked for, and the contracts are soon to be let. Mrs Ladd and Miss Long have been inspecting the Donaldson and Hotel Radisson kitchens in order to gain some idea of the equipment and management of up-to-date cuisines.

### Collars and Cuffs That You'll Like To Wear

You'll like to wear the collars and cuffs we launder. They are given a pure white color, are starched to just the stiffness that makes them hold their shape yet be pliable, are ironed with a perfect domestic finish,—and shaped just exactly as they were designed to be by the makers.

Collars we have laundered all have smooth, velvet-like edges.

### WHOSE WHAT AND WHERE.

William Wellington Norton is the campus financier whose claims to distinction lie in his bristling hat, black cigars, worn for advertisement, and subterranean voice. He is very versatile; his various enterprises are running a cigar store, teaching psychology and music, attending college, fusing, and managing a Chataqua orchestra. In appearance he is made distinguished by his passionate eyes and hair.

Our next celebrity will be one of his accomplices in the orchestra and his confederate at college, James Mikesh.

### CULLED CLIPPINGS

All members of the sophomore class at the University of Washington, who did not take part in the underclass scrap three weeks ago, are to be ducked in the lake by the members of their own class.

An honorary journalistic fraternity has been organized at Syracuse. The requirement for membership is two years' service on a college daily.

Fraternities at Kansas have been put on probation.

Football has been abolished at Susquehanna University.

A Michigan professor says that the East is thirty-six years behind the West in college oratory.

### AVIATION SPREADING AMONG THE COLLEGES.

At Cornell, an aero club has been in existence for sometime. They already have a "floater" and are expecting to add an aeroplane to their equipment shortly. A number of flights have been made already with the "floater."

Columbia, Harvard, Amherst and Pennsylvania are making arrangements for an intercollegiate aviation meet next June. Columbia issued a general challenge, which was immediately accepted by the aero clubs of the several universities.

Pennsylvania and Harvard are particularly enthusiastic. Pennsylvania has a machine which will take its first flight within the coming month, and Harvard has completed plans for an aeroplane. The Harvard machine will be built by the Harvard engineering and scientific departments.

All the large eastern universities have organized aero clubs, which have taken an active part in promoting the interests of aviation. The students at Pennsylvania have watched with interest the building of their aeroplane, and daily watch for the expected flight, which has been delayed for some time.

At the University of Oregon the Engineering department is considering the establishment of a course in aeronautics.

**RACHIE SPEAKS IN CHAPEL**

Mr. Elias Rachie, of Willmar Minnesota, a member of the anti-saloon League, whose headquarters are in the St. Paul, spoke before the students in chapel last Saturday.

Mr. Rachie is much interested in the County Option question, and he is trying to arouse interest in the Mass Meeting to be held in the St. Paul Auditorium on Mar. 2.

In his speech in chapel he emphasized the necessity of college men taking a definite stand on points of political issue.

Popular Pastor Added to List of Distinguished Speakers at Y. M. C. A. Banquet.

Andrew Gillies, the well known "student pastor" has just been secured as one of the speakers at the annual Y. M. C. A. banquet, on Tuesday night, February the fifteenth, which opens the series of religious meetings at the University. Mr Gillies is undoubtedly the favorite preacher among the great majority of the students. His talks are always logical, straight to the point and without partiality. The Hennepin Avenue church is filled Sunday evenings with Minnesota men and women.

Plates for the banquet are going fast eleven teams of five men each are in the fight and if you want a reservation you should come across quick. One man has already called upon the banquet chairman for his fourth bunch of ten tickets. With such men as Northrop, Eberhart, Gillies, Carter and Cooper on the program every college man will show his appreciation by making this the largest annual banquet Minnesota has ever had. Tickets may be secured from the postmaster or at the association building.

**DAILY AMENDMENTS.**

At a meeting of the Board of Publishers last evening the following amendments to the constitution were drawn up to be put before the association of Daily subscribers to be held in Library 20, Monday, Feb. 14, at 4 o'clock.

Following are the amendments:  
Sec. 8 shall be amended to read as follows:

"Any vacancy in the Board of Publishers shall be filled by a special election called by the President or the Board. In case the subscribers fail to elect, the Board shall make an appointment to fill the vacancy.

Sec. 10 G. To elect a Managing Editor who shall not be permitted to engage in any other student activity except with permission of the Board of Publishers.

Art. V. Sec. 1. Strike out, "except Managing Editor."  
Substitute for Sec. 2, the following two sections:

Sec. 2. The term of office of the Managing Editor and of the Editorial and News Staff shall begin on the first Tuesday in May following their election and continue for (1) one year.

Sec. 3. The term of office of the Business Manager shall coincide with the college year.

## Varsity Athletics

### GOPHERS BREAK EVEN WHILE ON THEIR TRIP

Dr. Cooke Satisfied—Preparations Under Way For Chicago.

Minnesota's basketball bouncers had an even break on the two games of their trip, and returned from Madison Sunday. "The jumps were long," said Dr. Cooke, "and our players were a little fagged by the time we arrived at Madison. We're pretty well satisfied with the treatment we received, but at both Iowa and Wisconsin the playing courts were far from what they should be."

The Gophers still hold second place in the conference race, and next Saturday night when they meet Chicago at home, the fight between the two leaders will do much toward deciding the western championship. Preparation for this contest began last night in the form of light scrimmage and a talk by the coach. During the week Capt. Hansen's men will be kept on the jump, and by Saturday will have been brought to the finest kind of an edge.

The varsity freshmen were taken into camp at St. John's Saturday night; Coach Foster attributes their defeat to the fact that the Minnesota men were obliged to play under A. A. U. basketball rules, to which they are not accustomed.

### BAT-BUSTERS WORK IN CAGE

Batting And Running Practice The Order of the Day.—Eight "U" Men Back.

Walter Wilnot, veteran of the diamond and just now Baseball Coach at the "U", issued his first call for indoor practice yesterday. About 40 prospective bat-busters answered the call and proceeded gingerly to warm up the long unused throwing muscles. Wilnot started his men at once at batting practice, so that long before the outdoor game begins his men will have discovered their "eye."

His system of training will also include some sprinting on the armory track, which practice will enable his men to fairly burn up the parched runaways and pilfer bases with nonchalant ease.

Captain Lyle Pettijohn was out, looking over, with knowing eye, the material, and predicts a successful season if the outlook at the present is any indication of future scores.

McGovern, Johnson, Stockland, Victor, George, Green, Hughes and Captain Pettijohn are the "vets" hanging over from last year. Perkins, Ernst, McCarthy, and Rand are lost to the team by graduation. Sutton, Peterson, Graff, and "Lefty" Marsh are some of the new material, and are out for places with a vengeance.

Should the present material remain eligible nothing but the Western Intercollegiate Championship title will satisfy them this year.

available idea should be considered. The contest closes a week from tomorrow Feb. 16, and every one intending to submit a design should get in quickly. The title, Prof and the Princess should appear on the design sign.

Two new candidates appeared on the political horizon yesterday in the persons of Harold Hull and "Lefty" Marsh. Both are out to land the job of secretary, and with Al Victor also aspiring to this place, the three-cornered contest for the official athletic pen-pusher's chair promises to be interesting.

Harold Hull is captain of the varsity track team, and since he is the only man on the slate who is connected with this branch of athletics, he has behind him the solid support of all the cinder-path enthusiasts in the university. Track men say that they mean to have at least one man on the board who will represent the interests of their sport, and that they are going to concentrate all their efforts on Hull's election. He has however, two strong opponents in Al Victor and "Lefty" Marsh, who is also a varsity baseball pitcher.

In an interview yesterday "Rube" Rosenwald, the Medic candidate, denied emphatically all rumors to the effect that he intended to withdraw in favor of Warner Workman. He stated that he is still in the race and intends to stay until the cows come home.

The Agricultural College is showing a lively interest in politics this year, and promises to come to the Armory Friday night three hundred strong in an effort to put thru their amendment which provides for a representative on the Board.

### RUNNERS ON BOARD WALK.

These balmy summer days are giving track candidates a chance to stretch their limbs on the hundred yard board walk outdoors. Joe, the guardian of Northrop field, has cleared it of ice and slush, and as a result the popping of Dick Grant's pistol each day indicates the starts the candidates are making.

The air inside is warm and devitalized so it is a treat for the runners to get out doors again.
