NEWS COMES FROM PREXY

Dr. Northrop is Enjoying Balm Air.—Will Speak at Centennial

Word received from President Northrop states that he is at Colombia, S. C., where he will attend the Centennial Exercises of the South Carolina College. The exercises will be held from Jan. 8th to 10th. President Northrop has been asked to respond to a toast, "Universities and Colleges of the United States."

After leaving South Carolina President Northrop will proceed to the Florida coast, and from there set sail for Wassan, on the Bahama Islands.

WOMAN'S MAGAZINE COMING.

Yesterday a session of the council and officers of the woman's league was held. Representatives of the Minnesota Magazine conferred with the girls and while nothing definite has yet been given out, it is quite certain that the precedent of last year will be followed and that a woman's magazine will be issued next spring.

This scheme will, of course, be in the interest of the Woman's Building fund.

STARETT OUT FOR MANAGER

New Candidate for Managing Editor of '07 Annual—Three-Cornered Fight

Contrary to rumor, the contest for managing editor of the '07 annual is a triangular one. In addition to Monte Brown, it appears that Rossman remains in the race and that Edward Starett, sophomore academic and instructor in chemistry, has announced his candidacy. This makes gopher politics promise more interesting developments, as Starett's friends regard his chances as good.

AN ALUMNUS HONORED.

Son of Dr. Folwell Given Honorable Position at Snelling.

Capt. Wm. Folwell, a former student of the University, and the son of Dr. Folwell, has been honored with a position of great importance at Fort Snelling. His duties correspond to those of a municipal judge, as he conducts a military court for offenses not demanding a court martial.

During the past six years he has risen from the position of adjutant general of the University battalion to the rank of captain in the United States army. At the opening of the Spanish war he went to Cuba as second lieutenant and at the close of the war was appointed deputy collector of customs.

Captain Folwell will soon leave for Leavenworth, Kansas, to rejoin his regiment which is coming home from the Philippines.

NOTICE CADETS!

All officers and non-coms be at officers' school at 1:10 Friday in orderly room.

Meeting of the Sophomore class at chapel time today in McClump's room.

Important business will be transacted.

By order of the president,
Dan Smith.

TAKE TWO.

Freshies Will Shine in '06 Book.

At a Freshman class meeting yesterday, the class decided to take two pages in the '06 gopher and to appropriate \$15 to that end.

It was decided to assess each member of the class the sum of ten cents to meet that appropriation.

The question of class colors came up next and it was decided to adopt scarlet and white to represent the class of '08.

President Farnam appointed a committee to select a drawing to grace the first class page in the Gopher.

The committee wishes all freshmen who can draw to hand in drawings, to be selected, within a week.

NEW MEN OUT FOR '07 GOPHER

Strong Candidates Complicate Politics—Sophomore Meeting Today Sets Date of Election

Today at chapel time the sophomore class will meet in Prof. McClump's room to decide upon the date and details of the Gopher election and to elect a

New Class Treasurer.

The name of R. T. Griggs has been suggested for the position and he will no doubt be elected if he can be persuaded to enter the race.

The Gopher Election will be conducted according to the Australian Ballot system and will be held some day next week.

The new candidates have caused quite a stir among the political deponents, and the opinion prevails that there are several "dark horses" holding in for the final stretch.

Will Hubbard, Ed. Hall, J. Louis Engdahl and Carroll K. Michener are the names of four new candidates whose experience on the Daily will no doubt prove a

Strong Factor

in the election. Contrary to previous announcements Claude Rossman has declined to enter the race for Managing Editor in spite of assurances of success by many of his supporters. This leaves Monte Brown in the field alone.

REGISTRATION ERROR CORRECTED.

Money and Banking Will be Offered at Third Hour.

The announcement in yesterday's Daily that Money and Banking, III hour, would be dropped next semester was an error. This course will be given as before but advanced Economics will be dropped for this year.

A change in the department of Pedagogy allows students to take Philosophy of Education before they have taken History of Education. This will be of advantage to Juniors, allowing them to get in the three semesters of Pedagogy required.

Some changes in drawing and Botany will also be made and will be presently announced.

PRESS CLUB.

Gopher picture at Lee Bros. Sunday, Jan 8, at 10 a. m.

All Gopher pictures must be in within one week.

President Bell of Drake university, has made it clear to the students and public that no gambling on any athletic contest will be allowed and that perfect order must be maintained at all games.

BOX PARTY FOR FOOTBALL MEN

"M" Men See "Strongheart" as Guests of Manager Scott of Metropolitan

Last night the "M" football men in a body attended the play "Strongheart" at the Metropolitan.

Manager Scott had reserved three boxes for the boys and had designated the event as

"Minnesota Football Night."

Not only were the men greatly pleased with their treatment at the hands of the management but the gallery was crowded with loyal supporters who saw in this their last chance to

Greet the Team

as a body and their only chance to give the "Championship" eleven of 1904 a fitting farewell.

The play is a typical college production; the plot being laid at the Columbia institution.

One act is in the training quarters where the team is being lectured by the discouraged coach who is lecturing the men for their poor work.

At the conclusion of the play an unofficial glorification was indulged in by the boys.

GIRLS' JUNIOR SOCIETY FORMED

Sigma Alpha Delta Selects New Members from Girls of Junior Class

Wednesday night the initiation of Sigma Alpha Delta, the girls' junior society, was held at the home of Helen Fish.

The initiation was followed by a banquet.

The new members are Alice Brackett, Helen Smith, Sidnee Pattee, Grace Grygla, Hattie Van Bergen and Eva Blaisdell.

The society will give a party in honor of the initiates next Friday night at Lois Tennant's house.

SCHEDULE NEARING COMPLETION.

Basketball Team Looking Forward to Fine Eastern Trip.

Manager Reed is busy at the present time arranging his basketball schedule, but as yet very little can be said with certainty as to the extent of the trip the team will make, though about twenty telegrams were sent out yesterday in an effort to secure games.

As the schedule stands now, three games have been booked: Iowa, Jan. 13th; Nebraska, Jan. 20th and 21st; all three games being played here.

The last two games should be close and hotly contested, as Nebraska put out a good team last year and are working hard to be in first class shape for their two games with Minnesota the 20th and 21st.

Games have also been secured with Ohio State and Columbia, though no dates have been set for either. Negotiations are on with Wisconsin and Northwestern and games with these two teams will undoubtedly be definitely announced within the next few days.

Manager Reed has not as yet received answers to the numerous telegrams sent out yesterday, but within a very short time he expects to hear from them and have his schedule completed, and prospects now seem good for a fine trip east.

MORE FUSSING.

Gopher Board Takes An Enforced Vacation.

Work on the '06 Gopher is at a standstill.

The forms containing the literary and artistic features of the book have already gone to press, but nothing can be done with the Junior Album at present.

Members of the class have been unusually slow in reporting at the official photographers and as nothing can be done on the album without their pictures the members of the board are taking a much needed rest and can again be seen in their accustomed chapel and corridor haunts.

CAMP'S LATEST FOOTBALL FARGE

Eastern Critic Picks Fearfully Wonderful "All-Middle" Team At Long Range

Here is Walter Camp's "All-Middle" team:

Left End—Buss, Wisconsin.

Left Tackle—Curtis, Michigan.

Left Guard—Thorpe, Minnesota.

Center—Remp, Wisconsin.

Right Guard—Fairweather, Illinois.

Right Tackle—Bertke, Wisconsin.

Right End—Rothgeb, Illinois.

Quarter—Eckman, Chicago.

Left Half—Heston, Michigan.

Right Half—Vanderboom, Wisconsin.

Fullback—Besdek, Chicago.

This stellar aggregation is so strong that it speaks and what it says is, "Back to the east, Walter."

Camp may be a great critic, but he is not going to add to his prestige by standing godfather to an extravaganza like this. Possibly he knows a football player when one bumps into him, but from the evidence at hand it seems pretty apparent that he is not gifted above other men in forming opinions without knowledge of the facts.

Chicago and Wisconsin have been licked all over the western gridiron and yet this long-range authority serenely gives them six places on his "team," as against three to Minnesota and Michigan, who stand at the head of western football.

This travesty needs no further comment.

FRESHMAN FLAG TOO PREVIOUS.

Upper Classmen May Order It Down. Conflicts With Semester Exams.

The lack of sense shown by the Freshmen in indulging in conduct calculated to cause class war during and immediately before the semester exams has called forth no little unfavorable comment in upper class circles.

In the past the raising of a Freshman flag has always been the signal for a fierce and prolonged war between the two under classes and in spite of the present inactivity of the Sophomores the feeling prevails that the Freshman banner on the chimney means trouble.

The upper classmen feel that this is no time for such frivolity and are severe in their condemnation.

Many prominent seniors and juniors have expressed themselves as favoring some action in the matter. This agitation may result in the formation of a University Council, temporary at least.

If such a body is convened it will probably order the Freshmen to remove their sign until after exams.

Alpha Tau Omega recently installed a chapter at Purdue university.

DEAN JONES IS NEUTRAL

Gives Sophs Problem of Keeping Rules While Removing Banner.—Can They Do It?

Dean Jones was interviewed in regard to the Freshman steple chasing expedition which occurred on Monday night and far from being indignant at the audacious Freshman he said sternly that

No Lawlessness

on the part of the Sophomores should be tolerated.

He said he did not quite see just how the Freshmen got in the building, but his manner indicated that he did not care very much, as no property was destroyed in the operation.

The general opinion of the student body is: that inasmuch as

No Smoking is Allowed

on the campus, and inasmuch as no Soph. can go up the inside before June without going through that operation, said Soph. will have to "shinney" up 105 feet of cold, cold bricks before the offensive challenger is torn from its rivets.

Snappy work, Freshies!

VARSITY QUINT WILL PLAY IOWA

Men's Basketball Team Lines Up Against Iowa on January 13

The next game to be played by the men's basket ball team will be held in the Armory, on the evening of January 13th. The lineup is not yet complete but will probably be as follows: Center, Tuck; forward, Varco; forward, McRae; right guard, Kiefers; left guard, Leach. A number of substitutes will be played to determine who should go on the eastern trip.

FORUM NOTICE

The Forum Literary Society will meet tonight in the Law lecture room tonight at 8 o'clock sharp. All members be present. Visitors welcome.

MANDOLIN CLUB

The mandolin club picture will be taken Friday at 1 p. m., at Skage Bros., 3rd st and Nicollet.

All members be sure to be present and bring your instruments.

Edward C. J. Condon, Law, candidate for vice president board of control, is strongly in favor of baseball.

The executive committee of the University of California granted a Varsity football "C" to Larry O'Toole of Hastings Law College. O'Toole is the first man in the history of California football to receive this honor without playing in an intercollegiate contest. He has, however, played on the second eleven for seven years and has always been a consistent worker on the squad.

As the Gopher election draws near it is customary to appeal to wire pullers and candidates to use at least one of the best political devices. Whether or not the Daily's urgent exhortations are effective, results alone tell. There is, however, another means of securing clean politics and worthy candidates. The Daily columns are open to a representation of the merits of all candidates. Disinterested and unbiased Sophomores will note what particular qualifications are set forth for candidates for such literary work as a good Gopher annual should represent.
 Often athletic prowess, brilliant classwork and general popularity are openly urged as qualification for authorship of a book representing Minnesota University's literary taste and talent. This should be appreciated as the joke it is. Evidence of some literary ability should appear in the names of the candidates.
 Since the resumption of work, after the holidays a former much-felt need has again made its appearance. This is the need of an eating club for the girls.
 The several such clubs for men students are very well known and popular and there seems no reason why such a venture by the girls should not be equally successful. Owing to various reasons a large number of girl students are anxious for the formation of such a club. Any one with plans for or knowledge of such a venture will doubtless meet with ready response to an advertisement in the Daily's pages.
 Recent reports state that about half the Freshmen are to be dropped at the close of this semester. This sounds too bad to be true. But remembering the statement recently made in chapel showing a lamentable deficiency in grade for students in general, there is room for even an upper classmen to tremble.
 It should be remembered, however, that there is a reasonable excuse for the unusual deficiency in grade. The new system giving opportunity to take several desired subjects resulted, in many cases, in overwork, as the result of inevitable inexperience in choice. Students found that they must either take several "snaps," which they did not want, or dissipate effort hopelessly on five or more valuable but heavy subjects.
 Many students cannot afford to pay

INTER COLLEGIATE NEWS COLUMN

What the College Papers Tell of College and University Life and Work

Maryville, Tenn., college has received \$100,000 from the blind philanthropist, Ralph Voorheis, of New Jersey, \$15,000 are to be spent in building a chapel and assembly hall, and \$85,000 will go into the endowment fund.

Harvard News.
It is rumored in college football circles that Harvard and Princeton will sign an agreement to play a series of football games, beginning next fall. An effort is being made at Harvard to secure the establishment of a permanent annual endowment for university debating.—Williams Record

Owing to the strengthening increase of money required to maintain Harvard university, the proposition is being considered of raising the tuition fee to \$500 per annum, which amount is \$50 greater than the present fee.

The report of the graduate treasurer of Harvard athletics for the year 1905-1904 shows that Harvard's receipts for that period were \$12,262.39, as compared with \$6,090 for the previous year. The expenses were \$78,204.63, leaving a credit balance of \$23,067.51. Football, as usual, was the most profitable sport, netting \$78,569 against \$87,799, the previous year. Baseball followed, with earnings of \$18,674, the track team with \$5,965, and the lawn tennis courts with \$2,613.60. The expenses of rowing exceeded the receipts as did also those of basketball, the tennis team, cricket, fencing, gymnastic and the lacrosse teams.

The University of Illinois is much stirred up over the action of their football team. The members of the team have been circulating a petition asking the students to vote for a certain man for manager. Some of the students claim this is against all precedent and are using the circular to defeat the man.

President Shurman of Cornell, in an address before a crowded house at Cooper Union, New York, placed a warning before the American public that the military spirit of this country is growing to enormous proportions. His subject was "How the Republic at Rome Became an Empire."

BOARD POLITICS ARE UNEXCITING

Candidates Continue to Come Forward with Dignity and to Behave Themselves

The board of control campaign is not developing with any degree of rapidity. The only new candidate to announce himself yesterday was Clayton, '06. He is out for the vice-presidency. Hunky Davies has been frequently mentioned in connection with this office and a large number of votes have apparently been holding off, awaiting some announcement from him. Seen by a Daily man yesterday, Davies said that he did not expect to be back next year and consequently would not enter the race. Strathern still holds the center of the stage in the role of presidential candidate and as yet no one has man-

ifested any desire to play opposite to him. Funke and Mitchell are still out for the law support for the vice-presidency. The middle laws will probably hold a meeting in a short time to decide which one shall receive their endorsement. The middle law endorsement carries with it the vote of the college. In the race for department representative E. L. Webber, Eng. '06, is the latest entry. Garber is the only other man who has expressed a willingness to represent the Academic and Engineering departments on the board. Nothing has been heard from the Medics so far. For Law representative Pryor, Huntington, Linde and Oyar are still running in a bunch. So far the campaign has not shown any signs of expert manipulation, but has proceeded along the line of least resistance. The real politicians are not all dead or exposed by any means, however, and the next ten days promise all sorts of developments.

WATERMAN IDEAL PEN. THIRTY JER CENT OFF—WILDEY.

Dr. Charles H. Rieber, assistant professor of logic at the University of California, is at work on a machine which he says will eliminate all errors in the consideration of syllogistic propositions and show at a glance what conclusions may be drawn from a given premise. Ask the machine any question that can be represented by certain set formulas used in logic and it will turn out the correct answer.

A Word About Bargains

Nowadays you read a great deal about so-called Clothing Bargains. It's a matter of common knowledge that The Misfit celebrated \$10 suits and overcoats are thoroly dependable bench made garments that are as good as most \$15 values at the other stores. Others at \$12, \$15, \$18 to \$20, and in any purchase you save almost half and in addition we alter to fit, press and repair free of charge for one year.
